Dear Sir / Madam,

Sub.: Annual Report of the Company for the Financial Year 2024-2025

Pursuant to Regulation 30 and Regulation 34(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed herewith, the Annual Report of the Company for the financial year 2024-2025 including the Notice of the 27th Annual General Meeting of the Members of the Company.

The Annual Report is also being made available on the Company's website at:

https://nfil.in/investor/annu_reports.html

This is for your information and record.

Thanking you,

Yours faithfully,

For **NAVIN FLUORINE INTERNATIONAL LIMITED**

Niraj B. Mankad

President Legal and Company Secretary

Forward-looking Statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise

Advancing With Purpose

Since 1967, Navin Fluorine has been at the forefront of fluorine chemistry, relentlessly pursuing innovation, operational excellence, customer satisfaction and sustainable growth.

Backed by cutting-edge manufacturing, strong R&D capabilities, advanced technology platforms and a committed team, we've continuously addressed capability gaps, responded to evolving market needs, and delivered high-performance fluorochemicals for a diverse customer base worldwide.

Our integrated business model, anchored on the 3Ps (Product, Platform and Partnerships), empowers us to diversify our portfolio, expand our market presence, deepen strategic partnerships and enhance customer experiences. This approach has solidified our presence as a globally trusted provider of diverse fluorochemical solutions while fuelling growth in a competitive landscape.

With sustainability at the core, we champion safety, compliance and integrity across our business.

Committed to financial stability, we undertake disciplined project execution and make targeted profitable investments to scale capacities, delivering impactful solutions and efficiently meeting customer demands.

With renewed vigour and focus, we are advancing with purpose – strengthening our foundation, scaling new heights of manufacturing excellence and customer centricity to create value for all stakeholders, and paving the way for sustainable growth.

About Navin Fluorine

Sustainable Business Model

With over five decades of expertise in fluorine chemistry, Navin Fluorine International Limited (Navin Fluorine) is one of the largest and most respected Indian manufacturers of specialty fluorochemicals. As part of the Padmanabh Mafatlal Group – one of India’s oldest industrial houses, we operate one of the nation’s largest integrated fluorochemical complexes. Driven by innovation, excellence and quality, we are committed to sustainable, profitable growth and creating lasting stakeholder value.

Since our inception in 1967, we have maintained a successful track record of disciplined execution, prioritising culture, controls and competence to drive operational excellence.

Pursuing customer centricity, we have become a preferred source and a partner of choice for diverse fluorochemical solutions globally. Leveraging our fluorochemicals expertise, world-class manufacturing facilities, dynamic in-house R&D, advanced technologies and competent workforce, we have developed a comprehensive and diversified portfolio, encompassing:

Specialty Chemicals

Contract Research and Development Services

High Performance Products

Championing sustainable growth, we embrace a 3P (Product, Platform, Partnerships) approach to building capacities, building scalable platforms and nurturing long-term partnerships.

As we expand our global presence, diversify revenue streams and widen our distribution, we remain dedicated to serving a global audience while sustaining our technology leadership and maximising stakeholder impact.

Advancing with purpose, we are solidifying our foundation to meet the needs of tomorrow and contribute to a sustainable ecosystem.

About Navin Fluorine

VISION

We, at Navin Fluorine, are committed to be a world-class, customer-focussed, innovative organisation in the field of fine and specialty chemicals and a partner of choice to global life science, crop science, material science and new-age industries.

MISSION

- To drive research and development as the sustenance engine of the organisation
- To build infrastructure and operate technologies in the most safe, compliant, environment-friendly and reliable manner
- To partner with our customers by providing world-class fluorochemical intermediates, products and services
- To continuously enhance stakeholder value by optimum utilisation of resources

VALUES

- Navin Fluorine leverages an enduring legacy of conducting business with the highest ethical standards.
- We are an environmentally friendly producer of chemicals and take utmost care to ensure that our manufacture, transport and storage of hazardous chemicals are conducted with the highest standards of safety
 - We follow non-discriminatory practices in our human resources and are a merit-led organisation that honours individual contribution even as it celebrates teamwork
 - We hold excellence as our minimum benchmark and promote learning to continually improve

INNOVATION AT OUR CORE

Over 50 years of rich expertise in fluorine chemistries	One of the first companies to establish a refrigerant business in India	Only Indian manufacturer of hydrofluoroolefins (HFO)	One of the most trusted global players in specialty fluorochemicals
One of India's largest Integrated Specialty Fluorochemical companies in India	One of India's largest producers of inorganic fluorides - anhydrous hydrofluoric acid (AHF) and diluted hydrofluoric acid (HF)	Amongst the world's largest BF3 manufacturers	Leading provider of advanced CDMO cGMP compliant services catering to global pharma innovators
Our upcoming state-of-the-art AHF plant with high degree of flexibility to accept key raw materials from diverse sources	One of the prominent providers of environment-friendly HFC-32	New-age technology absorption and manufacturing agreement with global major	Key partnership with global innovators access to cutting-edge technology and innovations

Building on fluorination chemistries with the experience and expertise to seamlessly scale up from research to pilot and manufacturing

Our Journey

Our Milestone Moments

Each milestone underscores our commitment to excellence, innovation and sustainability. With steadfast purpose and commitment, we continue to focus on long-term growth and mutual progress for all stakeholders.

Key Strengths

The Edge We Bring

Our unique strengths set us apart, enabling us to effectively respond to evolving customer and market dynamics. By enhancing our agility, resilience and competitiveness, we foster sustainable progress and create enduring value for all our stakeholders.

Reputed Brand

The Group is a market leader recognised for service reliability, manufacturing excellence and superior value

Mafron *Mafron*

The Group's 'Mafron brand', trusted by refrigerant gas OEMs and aftermarket customers is synonymous with integrity, ESG standards and a commitment to delivering sustainable, long-term stakeholder value.

Rich Legacy

Established in 1967, Navin Fluorine, the flagship Company of the Padmanabh Mafatlal Group, is built on a rich legacy of innovation, resilience and sustainable progress. Under the able leadership of Executive Chairman - Mr. Vishad P. Mafatlal, Managing Director - Mr. Nitin G. Kulkarni and experienced professionals, we remain firmly rooted in our core values and principles. Backed by the unwavering support and expertise of our promoters, we continue to grow, evolve and scale with purpose.

Strategic Partnerships

We have built enduring, trust partnerships with leading customers and suppliers to drive sustainable progress and maximise stakeholder value.

Committed to ESG

Championing ESG, we focus on environmental conservation, water and energy efficiency and workplace safety, while being a force for good in the communities we operate and upholding high standards of governance.

World-class Infrastructure

Navin Fluorine has made strategic investments in robust R&D, modern manufacturing facilities and cutting-edge technologies. Upholding the highest quality standards to ensure product consistency and reliability, our modern manufacturing units are in Surat (Gujarat) and Dewas (Madhya Pradesh) alongside one unit of Navin Fluorine Advanced Sciences Limited, wholly-owned subsidiary, in Dahej (Gujarat). These units are strategically located to ensure efficient import and export. Additionally, we operate a manufacturing unit in Manchester, UK.

Our proprietary R&D centre, Navin Research Innovation Centre (NRIC) in Surat collaborates with customers to develop cost effective, sustainable products, processes and technologies, maintaining our competitiveness.

We continually invest in cutting-edge technologies to enhance process and product outcomes.

Credible Certifications

At Navin Fluorine, our commitment to quality, health, safety and environmental protection is backed by key accreditations, driving excellence and enhancing stakeholder confidence.

Strong Global Presence

As a dedicated fluorination Company, we serve a diverse domestic and global customer base, with a significant portion of our products exported to North America, Europe, the Middle East and Asia Pacific.

Integrated Fluorine Provider

Navin Fluorine, a globally renowned fluorination company, is a one-stop fluorine chemistry solution provider. The Group meets diverse customer needs with niche offerings across three business verticals, ranging from gram scale to multi hundred tonne quantities.

Diversified Portfolio

With over 50 years of expertise in handling fluorine chemistries, we have established ourselves as a leader in fluorination and a trusted supplier. We are also a reliable provider of Specialty Chemicals, Refrigerants, Inorganic Chemicals and Contract Research, Development and Manufacturing Services, evidenced by an increasing and loyal customer base.

Prominent Clientele

We meet the evolving needs of marquee global clients including leading global Pharma and Agro innovators, petrochemicals giants, stainless steel manufacturing, air conditioning OEMs, specialty chemical companies and other downstream fluorochemical users, including Fortune 500 companies.

Thriving Workforce

Our market leadership is reinforced by robust team capabilities, built through selective recruitment, ongoing training and talent retention.

Accreditations

ISO 9001:2015 (quality management system)

ISO 14001:2015 (environmental management system), Gold Medal in the EcoVadis for Dewas Site

ISO 45001:2018 (occupational health and safety management system)

ISO 50001:2018 – Surat and Dewas (energy management system)

Navin Fluorine is a registered user of the recognised Responsible Care® logo

Business Model

Value-Accretive Model

Our 3P (Product, Platform and Partnerships) approach, focussed on scaling with impact is powered by an agile and growth-oriented integrated business model

MANUFACTURING

- 4 World-class Manufacturing Units
- Chemical Complex at Surat housing Refrigerant, Inorganic & Specialty Chemicals Plants
- Chemical Complex at Dahej housing new-age HFO and Fluoro intermediate facilities
- cGMP compliant CDMO facility in Dewas
- Chemical complex at Runcorn, United Kingdom

FLUORINATION

- First to manufacture Refrigerant Gases in India
- Over 50 years of Fluorine handling experience
- Deep expertise in specialty fluorine and complex chemistries

RAW MATERIAL SOURCING

- Diversified Fluorspar and key starting materials (KSM) sourcing
- Focus on indigenisation of KSM

IN-HOUSE R&D

- 3 Modern Research Centres to support product expansion and process efficiency across business units
- DSIR-approved R&D centre - Navin Research Innovation Centre (NRIC) located at Bhestan, Surat (Gujarat)
- R&D centre of Navin Molecular (CDMO division of NFIL) at Dewas (Madhya Pradesh)
- Manchester Organics Limited (UK) acquisition has augmented R&D capabilities

Chairman's Message

Shaping the Future with Innovation, Discipline and Precision

This momentum is particularly visible in the specialty chemicals sector. As global demand for fluorochemicals rises across industries like automotive, electronics, construction, agrochemicals and pharmaceuticals, India is rapidly emerging as a preferred manufacturing hub."

Dear Shareowners,

In a world of constant change, we remain true to our purpose and core values of innovation, sustainability and customer-centricity. These principles underpin our operations, enabling us to deliver enduring value for all stakeholders.

With our strong legacy and execution capabilities, we have established ourselves as a trusted partner and a pioneer in delivering complex chemical solutions globally. Our focus remains on achieving operational excellence, executing our strategies with discipline and ensuring financial strength while maintaining the highest standards of safety, compliance and efficiency.

The global economy demonstrated resilience in 2024 amid geopolitical shifts, supply chain disruptions and volatility in energy and commodity markets. India stood out, driven by infrastructure investments, digital advancements and policy reforms, positioning itself for sustained growth and expansion.

This momentum is particularly visible in the specialty chemicals sector. As global demand for fluorochemicals rises across industries like automotive, electronics, construction, agrochemicals and pharmaceuticals, India is rapidly emerging as a preferred manufacturing hub.

Throughout the year, we sharpened our focus on enhancing capabilities, aligning with evolving market shifts, and prioritising sustainable growth. Our 3P strategy – People, Partnerships and Platforms helped diversify our portfolio, expand our customer base, and improve outcomes.

Sustainability remains integral to our operations. We are dedicated to continually improving our environmental, social and governance (ESG) performance. I'm pleased to share that our Dewas facility was awarded the Gold Medal in the EcoVadis assessment, recognising our efforts in responsible business practices.

We also continue to drive meaningful impact through holistic initiatives through our focussed CSR programmes in line with our philosophy of giving back to the society and empowering social progress. We also uphold a robust governance framework ensuring adherence to ethical practices, transparency and regulatory compliance.

As we move forward, our priorities remain clear. First, we remain committed to achieving manufacturing excellence, anchored in the highest standards of HSE practices. Second, we are deepening our relationships with existing customers while exploring new partnerships to expand our reach.

Third, we are executing our projects with discipline and precision. And finally, we are pursuing growth opportunities with a strong emphasis on financial prudence. These pillars will strengthen our foundation for long-term growth and value creation.

On behalf of the Board of Directors, I extend my deepest gratitude to our stakeholders for their unwavering trust and commitment. Your support has been instrumental in our journey, driving us towards a stronger and sustainable future.

Warm Regards,
Vishad P. Mafatlal
Chairman

Managing Director's Talk

Forging the Path to Sustainable Progress

Kindly provide an overview of Navin Fluorine's performance and major developments in FY 2024-25. What were the primary contributors behind this growth?

FY 2024-25 was a defining year for Navin Fluorine. We recorded consolidated revenue from operations of ₹ 2,349 crores. Our Operating EBITDA stood at ₹ 534 crores, a 34% increase over last year, while we generated Profit after Tax of ₹ 289 crores. Our EBITDA margin also improved significantly to 22.7% over 19.3% in FY 2023-24. Primary contributors were improved realisations in our HPP segment, strong customer traction in CDMO business and a visible uptick in Specialty Chemicals from Q3 onwards. Our operating cash flow of ₹ 571 crores alongside a net debt-to-equity ratio of 0.37 further reflects our prudent financial governance.

On the operational side, we reported strong volume growth, particularly in the HPP segment, led by increased sales and utilisation of R32, R22 and HFO products. Our newly commissioned R32 capacity was ramped up swiftly, with strong domestic and export traction. Specialty Chemicals volumes rebounded sharply in the second half of the year, while CDMO growth remained steady with a rise in both repeat and new late-stage customer orders. Across all verticals, we operated our Dahej and Surat facilities at optimal levels, reflecting our capacity readiness and alignment with demand recovery.

Navin Fluorine's 3Ps strategy – Product, Platform and Partnerships – continues to be central to its growth approach. How did this focus reflect in the Company's performance in FY 2024-25, and what momentum does it create going forward?

The 3Ps framework played an important role in our strategic execution this year, shaping both our progress and long-term strategic priorities.

On the **Product** front, we expanded our portfolio across refrigerants, specialty intermediates, and pharma actives to strengthen our verticals and broaden our revenue base. In HPP, we commercialised new R32 capacity to meet rising global demand. In Specialty Chemicals, we launched new molecules and secured long-term customer supply agreements. In CDMO, we focussed on late-stage and commercial molecules with EU and U.S. clients. We forayed into advanced materials space through a strategic tie-up with Chemours and are investing in electronic-grade HF.

Our **Platforms** were scaled through new manufacturing and R&D assets at Surat, Dahej and Dewas. Notably, we successfully commissioned our agro-specialty plant at Dahej and commenced commercial despatches during the year. We also committed strategic investments in electronic-grade AHF, progressing our strategic priority of entry into high-purity advanced materials.

Under **Partnerships**, we continued to collaborate closely with global innovators and top-tier pharma and agrochemical firms, allowing us to co-create solutions, drive innovation and unlock new markets.

This integrated approach, backed by our expanded R&D, quality systems, commercial infrastructure, high standards of safety, compliance and governance, enabled us to deliver consistent value to customers and stakeholders alike.

How did the Company streamline operational efficiencies and support its customers in the fiscal year?

In FY 2024-25, we made meaningful progress in advancing our digital transformation journey by integrating key enterprise platforms such as PeopleStrong HRMS and SAP HANA. These implementations have strengthened our core operations, from workforce management to real-time business intelligence by improving transparency, efficiency and decision-making across the organisation. On the shop floor, we deployed advanced process control systems, digital dashboards and real-time quality monitoring tools to enhance plant performance, ensure compliance and streamline cycle times. Our R&D centre in Surat also played a key role by leveraging data analytics and sophisticated instrumentation to accelerate molecule development and optimise formulation workflows. Together, these technology-led initiatives have bolstered our operational agility and elevated our ability to respond swiftly and effectively to evolving customer needs, while maintaining a sharp focus on efficiency and quality.

What is Navin Fluorine's approach for FY 2025-26? What are the upcoming capex plans and strategic priorities? How well is the Company positioned to leverage emerging opportunities?

FY 2024-25 has been a pivotal year in laying the foundation for Navin Fluorine's next phase of growth.

We enter FY 2025-26 with optimism and strategic clarity backed by disciplined execution and focus on emerging opportunities. The global push for sustainability, electrification and digital infrastructure continues to create tailwinds across our key segments. The global demand for low-global-warming refrigerants continues to rise, supporting further growth in our HPP vertical. The Specialty Chemicals vertical is poised to grow further with the ramp-up of new molecules and sustained recovery in agro demand. Our CDMO vertical is expected to see significant scale-up as multiple molecules move into commercial production, supported by growing partnerships with global pharma leaders. Looking ahead, emerging trends in semiconductors, data centre cooling and green energy transition present exciting opportunities for our Advanced Materials and Electronic Grade businesses.

To support our multi-strategy growth, we continue to implement a robust capex roadmap for FY 2025-26. Key highlights include:

- The AHF plant (₹ 450 crores), scheduled for commissioning in Q2 FY 2025-26.
- The cGMP-4 facility (₹ 288 crores), with Phase 1 expected to become operational by Q3 FY 2025-26.
- The Chemours immersion cooling fluid project (₹ 120 crores), progressing well, with commercial readiness targeted for Q1 FY 2026-27.

These projects are aligned with our focus on strengthening vertical integration, capturing high-margin opportunities and diversifying into sunrise sectors.

Our strategic priorities for FY 2025-26 also include the successful commissioning of AHF and cGMP-4 projects, ramp-up of recently commercialised assets, expansion of our Specialty and CDMO portfolio and driving margin optimisation through operational excellence.

Simultaneously, we remain committed to advancing our key ESG goals while deepening our global customer engagements and strengthening our talent, digitalisation and compliance frameworks to support our long-term vision of becoming a future-ready, innovation-led global chemical enterprise.

Nitin G. Kulkarni
Managing Director

FY 2024-25 Financial Scorecard

Steady Growth Momentum

Despite external challenges, we sustained our momentum, driven by sound performance across our business verticals, delivering highest-ever annual revenue of ₹ 2,349 crores in FY 2024-25.

Growth Drivers

Strengthening Financial Resilience and Potential

At Navin Fluorine, we drive financial empowerment through robust strategies focussed on sustained growth, stability and increased visibility. By strengthening our foundation and competitive edge, we continue to seize new opportunities, evolve and scale with impact.

FOCUS ON PROFITABLE GROWTH

Our business model emphasises both revenue and profitable growth, reinforcing our competitiveness and aligning projects with strategic business priorities. Within the context of ever-increasing uncertainty and volatility, we have relentlessly focussed on controllables, securing manufacturing efficiencies, cost improvement initiatives and procurement efficiencies while optimising our product mix to secure sustainable margins and growth.

SUSTAINING MARGINS

Despite a challenging business environment in FY 2024-25, the Group reported an operating EBITDA margin of 22.7%, driven by our focus on achieving profitable growth.

ROBUST PROJECT MANAGEMENT

Disciplined project execution remains integral to the success of our projects and sustained growth focus. We continue to invest in growth projects, identifying the opportunities that align to our strategic priorities to drive growth and shareholder value in the years to come.

GLOBAL VISIBILITY

Across verticals, our modern technology development centres, contemporary manufacturing and people capabilities position us well with global majors to grow and expand our product portfolio. Though exports have moderated from 65% in FY 2023-24 to 56% in FY 2024-25 owing to external challenges, our multi-year contracts in HPP, Specialty and CDMO businesses provide us with greater visibility to enhance the Group's global presence and export earnings in the coming years.

DIVERSIFYING REVENUE STREAMS

Driving innovation with focussed investments and strategic partnerships, we are actively expanding our revenue streams by expanding and diversifying our portfolio. Committed to accelerating growth across HPP and CDMO verticals and seizing growing segment opportunities, we have achieved 14% growth in revenue in FY 2024-25.

ENHANCING REVENUE VISIBILITY

Committed to sustainable growth and long-term stakeholder value creation, the Group is building its business by strengthening relationships, trust and loyalty with both existing and new customers. We continue to expand our existing capacities, backed by offtake commitments from major customers, ensuring reliable demand for our offerings and revenue generation. Our focus on multiyear partnerships further enhances our revenue visibility, positioning us for continued success.

STRONG FINANCIALS AND LIQUIDITY

We are committed to maintaining a robust balance sheet and optimising working capital to drive sustainable growth and operational excellence. With strong cash flows, we continue to service interest, repay debt and bolster reserves.

In FY 2024-25, our Net Debt/Equity ratio of 0.37 reflects prudent financial management, with further improvements expected as newly commissioned projects reach their full revenue potential. With an improved working capital cycle of 90 days in FY 2024-25 backed by robust collection system, customer relationships and supply chain efficiency, we are poised for continued growth.

KEY BUSINESS DRIVERS

Challenges notwithstanding, we are well positioned to adapt to evolving global macro trends. Rising demand for refrigerant gases, focus on deepening multi-year partnerships and widening our product basket will accelerate growth in our HPP division. Transitioning from pharma products to agro intermediates alongside building enduring partnerships with key players will drive resilience in our Specialty business. The CDMO vertical is set for growth with the increasing demand for FDA-approved molecules containing fluorinated compounds. Through sizeable investments and leveraging our core capabilities, we are poised to capitalise on industry opportunities and progress sustainably.

Operating Environment

Leveraging Opportunities to Fuel Growth

In recent years, the Indian chemical industry has witnessed strong growth backed by robust macroeconomic drivers and rising domestic and global demand. We are well equipped to leverage these trends to drive sustainable growth and deliver optimal value for all stakeholders.

According to the Department of Chemicals and Petrochemicals, the chemical industry in India is expected to grow around US\$ 300 billion by 2025.

RAPID INDUSTRIAL EXPANSION

Key factors such as evolving customer needs, rise in investments, increased focus on digitisation and favourable government have led to increased industrial activities across sectors, including chemicals, electronics, automotive, healthcare and pharmaceuticals. This has boosted the demand for fluorochemicals and specialty chemicals both domestically and globally.

DEMOGRAPHIC ADVANTAGE

Increased focus on infrastructure development, skilled and cheap labour and cutting-edge R&D, among others, provide India a competitive edge over other emerging economies. It has led to increased collaboration with global chemical players, fuelling innovation and greater chemical demand across sectors.

ROBUST SUPPLY CHAIN

With ongoing geopolitical challenges and a volatile Chinese market, global companies are embracing the 'China plus one' strategy to tackle manufacturing and supply chain challenges. India's favourable demographics, tech advantage, raw material sourcing coupled with government support, position it as an attractive sourcing and manufacturing hub, benefiting several industries, including the chemicals sector.

Key Growth Drivers

DIGITAL TRANSFORMATION

Digital transformation is boosting the Indian fluorochemicals segment's performance through improved operational efficiency, enabling real-time data analysis and optimising production. By adopting advanced technology, the industry is driving innovation across manufacturing and R&D streamlines supply chains to deliver high quality products, fuelling growth and competitiveness.

STRONG SUSTAINABILITY FOCUS

Owing to environmental concerns, demand for eco-friendly alternatives, such as low-GWP refrigerants in India are on the rise. This growing focus has fuelled the demand for fluorochemicals, especially in emerging sectors like renewable energy and EVs. Additionally, consumers are now increasingly prioritising health and sustainability, shifting their preferences toward environmentally friendly solutions. Chemical industries are increasingly adopting sustainable practices and processes to cater to evolving customer preferences.

THRUST ON MAKE IN INDIA

With initiatives such as 'Make in India' and supporting backward integration, the government is boosting domestic economic growth and increasing exports. Additionally, policies like production-linked incentive (PLI) schemes and Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) projects are further set to boost the Indian chemical segment's growth and market competitiveness on a global scale.

Strategy

Building a Stronger and Sustainable Future

Fuelled by innovation and customer centricity, our strategies foster sustainable, profitable growth while maximising stakeholder impact. With significant investments, strategic partnerships and robust risk management, we integrate modern infrastructure, expertise and cutting-edge technologies to diversify, build lasting relationships, expand our reach and enhance our competitiveness.

OUR 3P APPROACH

Driving sustainable growth with prudent investments

Product

Diverse portfolio including fluorine-based intermediates, specialty chemicals and inorganic chemicals

Platform

- Focus on owning specific technologies and chemistries, that serve as building blocks (BB) for diverse business applications
- We leverage these capabilities to diversify the product pipeline and strengthen our technology leadership

Partnerships

- Forging multiyear partnerships to integrate within the global supply chain positioning alongside industry majors
- Harnessing their expertise and resources to expand our reach and scale with impact

3P FOCUS

Product

Platform

Partnerships

Financial Framework
– maintaining a tight financial framework to drive cash flow delivery

Growth – driving growth through a combination of product, platform and partnership play

Manufacturing Excellence – driving safe, compliant, reliable and efficient operations

Disciplined Project Execution – commissioning projects within cost and on-time

Business Verticals Overview

Delivering Value Through Strategic Execution

In recent years, client requirements have evolved, with growing emphasis on sustainable and differentiated solutions. Backed by robust manufacturing, deep R&D expertise, advanced technology, agile supply chain and a skilled workforce, we continue to expand our verticals with disciplined execution to meet changing needs and seize emerging trends while driving long term, profitable growth.

BUSINESS VERTICALS

- High Performance Products (HPP)
- Specialty Chemicals
- Contract Development and Manufacturing Organisation (CDMO)

FY 2024-25 REVENUE MIX

- High Performance Products 51%
- Specialty Chemicals 34%
- Contract Development and Manufacturing Organisation 15%

Business Verticals Overview

HPP Business

At Navin Fluorine, we have the distinction of being the first Company to introduce refrigerants in India in 1967, with the commissioning of our manufacturing plant in Surat, Gujarat. With over 50 years of expertise in fluorine chemistry and refrigerant science, we now offer a robust portfolio of safe and high-performance refrigerants for use across diverse applications, serving multiple domestic segments while expanding our export footprint across the Middle East, US and East & North Africa regions.

The Company's refrigerants are sold under the 'Mafron' brand. Over the years, the brand 'Mafron' has gained wide recognition and is trusted for its high quality, becoming a generic name for refrigerants, domestically and internationally. It has emerged as the preferred choice for leading OEMs, service technicians and equipment owners, providing efficient air-conditioning solutions for mobile and stationary applications.

Competitive Edge

- The Group introduced refrigerants in India in 1967
- First Company in India to produce R22 gas
- The Group is the first and only Indian producer of hydroflouroolefins (HFO) - the new-age refrigerant gases, with commercial production launched at the Dahej facility in FY 2022-23
- One of the leading producers of sustainable HFC-32 refrigerants, trusted by large and premium clients
- One of the largest manufacturers of inorganic fluorides in India
- Strong brand equity of 'Mafron' refrigerants, trusted by leading refrigerant gas Original Equipment Manufacturers (OEMs) and aftermarket customers
- Established backward integrated facility at Surat to manufacture core intermediates such as sulphuric and hydrofluoric acids, serving as key input for our Mafron brand of refrigerants
- Strategic partnerships with global innovators help gain access to technology and innovations
- and position us to participate in emerging technology trends
- The Group is one of the largest manufacturers of high priority inorganic fluorides (inorganic chemicals) such as ammonium bi-fluoride, potassium fluoride and sodium fluoride in India, holding a significant market share
- The Group is one of India's largest manufacturers of anhydrous hydrofluoric acid and diluted hydrofluoric acid, serving diverse sectors, including pharma, solar, electronic, steel, glass and oil and gas industries
- Commissioning a new HF plant to meet rising demand for agro and pharma intermediates and emerging renewable energy sectors such as solar and lithium batteries, solidifying our market leadership in inorganic fluorides
- Commitment to customer centricity, ongoing capacity expansion and timely delivery of products and in full have fostered long-term stakeholder relationships, strengthened trust and improved revenue visibility
- Robust domestic and overseas distribution network

Key Drivers

- Increasing demand for air-conditioners worldwide, driven by rising temperatures, is set to fuel global warming set to consistent multi-year growth for the refrigerants segment
- R32 gas division expansion is set to drive incremental segment revenues
- Long-term partnerships in the HPP segment to fuel growth prospects
- Growing demand for inorganic chemicals from sunrise sectors for manufacturing of storage batteries and electrons is set to drive the segment's growth
- Diversifying beyond fluorochemicals in the Inorganic Chemicals divisions will help tap into growth opportunities in inorganic non-fluorochemicals
- Favourable government initiatives such as Make in India and Production Linked Incentive Scheme, among others, provide an advantage to domestic manufacturers

Challenges & Responses

To address supply chain challenges, the supply reliability of fluorspar is being actively managed through strategic relationships with suppliers and diversified sourcing. Furthermore, the upcoming AHF plant at Dahej is being constructed to accept fluorspar of varied grades, enhancing sourcing flexibility and driving continued operations.

WAY AHEAD

As we move ahead, we aim to transition our HPP segment beyond a product centric business, progressing from manufacturing Hydrochlorofluorocarbons (HCFCs) to Hydrofluorocarbons (HFCs), Hydrofluoroolefins (HFOs), while aligning our capabilities with environmental regulations such as the Kigali amendment.

Business Verticals Overview

Specialty Chemicals Business

With a legacy of over 50 years in fluorine chemistry, we have built strong capabilities in producing complex, multi stage fluoro specialty chemicals. Our fully integrated Navin Innovation and Research Centre, coupled with state-of-the-art manufacturing sites, positions us to scale efficiently and provide a reliable service to our partners. By continuously adopting emerging technologies and disciplined project execution, we consistently meet our customer expectations and drive long-term value for our stakeholders.

Our strong and growing global partnerships with innovators in Crop Science, Life Sciences, and Performance Materials reflect our ability to deliver on both short- and long-term commitments – amid challenging market conditions. Customers continue to trust us for our integrated, end-to-end business model spanning research, development, scale-up and manufacturing, as well as our consistent track record of performance.

Despite a slowdown in demand in FY 2024-25, our specialty chemicals business demonstrated resilience – achieving timely deliveries of several advanced intermediates and successfully commissioning a new fluoro specialty plant. This underlines our agility, execution excellence and commitment to growth. Amid continued pricing pressures in CropScience, we continue to drive manufacturing excellence and strategic product life cycle management to enhance our competitiveness and build long-term, sustainable partnerships. Our agile operations and continuous process optimisation enable us to deliver competitive pricing and consistent quality at scale. By aligning innovation with customer needs, we create enduring value across the product journey.

KEY STRENGTHS

Strong partnership with Global Innovators across diverse segments in Specialty Chemicals	Robust R&D engagement supports co-development initiatives, accelerating innovation and customised solutions	Agile manufacturing infrastructure enabling rapid adaptation to shifting customer requirements and production scales
Swift absorption of new technology and replicating the same with precision at a commercial scale	Structured and disciplined project management ensures on-time and efficient project execution	Highly skilled and experienced large technology team enabling seamless product scale up at commercial scale
state-of-the-art Navin Research and Innovation Centre for the development and scale-up of complex and novel chemistries	Strict IP protection policies to safeguard partner innovations and ensure confidentiality during the entire product life cycle	Certified to ISO 9001, ISO 14001, and ISO 45001 standards, the Group operates an integrated management system, ensuring quality, environmental responsibility and workplace safety

Key Drivers

- Sustained order momentum supports improved visibility of long-term growth prospects
- Focussed investment strategy, underpinned by a strong product pipeline that ensures high asset utilisation and long-term value from our multi-purpose plants
- Better asset sweating through enhanced operational efficiency and optimised plant utilisation
- Focus on moving up the value chain to become a more strategic and integrated partner, delivering greater value through innovation, reliability, and long-term collaboration
- With rising fluorine-based launches, leverage our expertise to add new fluorinated molecules to our portfolio
- Focussed efforts to develop new partnerships and go deeper in existing relationship with Innovators

FY 2024-25 Key Developments

- Achieved sales of ₹ 800 crores in FY 2024-25, with sales impacted by cautious global industry demand and competitive forces
- Signed supply agreement for a patented agrochemical product catering to the Japanese market, with incremental annual revenue potential of ~₹ 20-30 crores
- Successfully commissioned the ₹ 540 crores Key Fluoro specialty chemical plant, supplies started from Q3 FY 2024-25
- Successfully commissioned ₹ 30 crores Agro Intermediate plant at Surat with supplies commencing from Q4 FY 2024-25
- Successfully debottlenecked a dedicated Agro intermediate plant, increasing capacity through process innovation while reducing operating costs

FY 2024-25 Performance Highlights

₹ 800 crores

Total Revenues

34%

of Total revenues

6%

Revenue de-growth

WAY AHEAD

With a strong pipeline of opportunities, state-of-the-art infrastructure and years of technical expertise, we are well-positioned to grow this vertical whilst navigating near term headwinds. We aim to become the preferred partner for innovation-driven companies by prioritising advanced research and developing niche capabilities while upholding the highest standards of quality and sustainability.

Business Verticals Overview

CDMO Business

OVERVIEW

Navin Molecular, our CDMO business vertical, offers contract development, scale up and manufacturing services for complex chemical syntheses of fluorinated and non-fluorinated compounds to global pharma innovators. Our UK-based subsidiary, Manchester Organics Limited (MOL), works as extended arm of Navin Molecular providing integrated research and custom synthesis services with opportunities for scaling up in Dewas manufacturing unit.

Navin Molecular accelerates innovation in early stages of API development cycle, ensuring

Safe

Compliant

Reliable

Efficient

Timely Services

Navin Molecular, a promising vertical of our Group, caters to global innovators in pharma and healthcare industry by participating from pre-clinical to commercial phase, offering advanced intermediates for innovative, patented drugs. The business assumes global significance, driven by geographical bias in favour of India, including supply chain management.

Key Pillars of Growth

- Recognised player offering comprehensive, value-added chemistry solutions backed by expertise in fluorine chemistry
- Proven track record and strong relationships with global pharma innovators – working relationships with most of the top 20 global innovators
- Demonstrated capabilities for successful scaling up from gram to multi-ton
- In-house India-based backward integration facility to sustain market and cost leadership
- Late stage / commercial pipeline complemented by a robust early stage portfolio
- Strategic capex investments to support growth aspirations

Advancing Innovation with Strategic Initiatives

- Leveraged advanced technologies like high-pressure chemistry, continuous flow chemistry and the handling of toxic and corrosive materials to develop safe and scalable processes for complex small molecule targets
- Offering tailored custom synthesis and process development solutions to meet specific client needs and transition to scale-up
- Established state-of-the-art facilities, including dedicated PR&D and kilo-labs and cGMP manufacturing plants
- Prioritised safety and quality with a right-first-time approach to ensure all processes consistently deliver high-quality products and services

FY 2024-25 Key Achievements

Strong order book visibility, including advanced stage registration formalities with leading European CDMO MSA

Delivery On-Time In-Full (OTIF) exceeding 95%

Validation of 5 Commercial Segment Molecules

cGMP4 capex for ₹ 288 crores – Phase 1 capex with an outlay of ₹ 160 crores on track for commissioning by end of Q3FY26

₹ 14 crores for R&D expansion

Extended business development portfolio to Japanese markets

In FY 2024-25, the CDMO business vertical reported a topline of ₹ 343 crores, a growth of 31% over FY 2023-24, primarily driven by late stage molecules and early development pipeline. A key focus area going into 2025 is to expand our product basket by leveraging our strong existing customer relationships.

FY 2024-25 PERFORMANCE HIGHLIGHTS

₹ 343 crores	15%
Total Revenues	of Total revenues
31%	32
Revenue growth	Customer audits undertaken

Revenue Break-up

WAY AHEAD

Capitalising on our robust relationship with global innovators, we continue to build a strong pipeline of early and late stage molecules leveraging on our state-of-the-art cGMP infrastructure and R&D capability.

Stakeholder Value Creation

Fostering Mutual Progress

Navin Fluorine is dedicated to fostering long-term stakeholder relationships and mutual growth. Operating in a dynamic environment, we cater to diverse stakeholders impacted by the Group's operations, brand, and products.

OVERVIEW

Stakeholders significantly influence an organisation's operations, performance and sustained growth. In recent years, creating integrated value for stakeholders has gained increased prominence as it evaluates both financial and non-financial aspects to generate value for various stakeholders based on priority, process and outcome. The framework considers both 'hard' and 'soft' initiatives, offering a holistic view of the organisation's efforts to create, improve and sustain value. This transparent and sustainable approach fosters stronger relationships and trust while driving sustainable growth and integrated value creation.

Acknowledging this growing need, we have adopted a strategic approach to identifying our key stakeholders.

Prioritising stakeholder interest, we actively encourage open communication to understand their needs and expectations and deliver lasting value for our stakeholders.

CREATING LASTING VALUE WITH SIX CAPITALS

VALUE CREATION FRAMEWORK

Our Capitals	→	Priority	→	Process	→	Outcome
 Human Capital		Cultivating a skilled and talented workforce to build a dynamic entity		Ongoing training and development initiatives to help employees reach their full potential		Employee retention
 Financial Capital		Robust financial framework with a healthy Balance Sheet, consistent cash flows, stable gearing and operating margins		Enhancing capital efficiency to boost Company's competitiveness through market cycles		Paid an interim dividend of ₹ 5/- per equity share. Final Dividend or ₹ 7/- per equity share recommended
 Intellectual Capital		Increased R&D focus backed by investments in equipment, infrastructure, projects and talent		Strong product portfolio with high growth potential		Expansion of Product basket and new customer acquisition
 Manufacturing Capital		Significant investments in technology, digitisation, processes and automation to fuel innovation and drive efficiency		Pursuing result-oriented projects with a backward integration strategy for sustainable manufacturing		Safe, Compliant, Reliable and Efficient manufacturing
 Social and Relationship Capital		Focussed community development programmes, benefiting more than 2.50 lakh lives, directly and indirectly		Board-approved CSR policy for undertaking various CSR initiatives		Spent ₹ 7.95 crores towards CSR activities in FY 2024-25
 Natural Capital		Structured policy aimed at reducing the Company's carbon emissions		Emphasise on renewable energy, reduction in water consumption; undertaken recycling of process water and process waste		Journey towards sustainability targets

Manufacturing Capabilities

Strengthening Manufacturing Expertise

Since inception, we have strategically invested in modern, continuous and batch manufacturing technologies to ensure seamless and environmentally compliant processes. This commitment enables us to deliver innovative, high quality products, uphold operational excellence and sustain customer trust while seizing new opportunities for long-term sustainable growth.

OVERVIEW

As leaders in handling fluorine chemistries, we prioritise disciplined project execution, integrating innovation, safety, compliance and operational integrity across our world-class manufacturing facilities. Committed to excellence, we optimise capacity and leverage technological advancements to enhance efficiencies to deliver superior products, drive sustainable growth and foster enduring customer relationships.

As one of the fastest growing entities, the Group further strengthened its manufacturing expertise in FY 2024-25 through strategic capex investments, aligned with global benchmarks. We focussed on capacity-led growth, cutting-edge technology platforms, expanding existing capacities and building multipurpose plants. This approach allows us to efficiently meet evolving customer needs and stay ahead of the competition.

WORLD-CLASS MANUFACTURING UNITS

Map not to scale. For illustrative purposes only.

MANUFACTURING PROWESS

Prominent Brand symbolising market leadership, service reliability, manufacturing excellence, superior price-value proposition and enduring trust

Modern Manufacturing and Control Technologies drive process and product outcomes

Boosting Capacity with ownership of one of India's largest fluorination facilities

Backward Integration of key products to basic feedstock through strategic, reliable, cost effective, offering a China-free alternative with minimal import dependency

Rich Experience, with decades of operational expertise, the Group is a pioneer in Indian Fluorine chemistry, establishing itself as a trusted supplier

One-Stop Fluorine Provider, with the Group serving diverse customer needs, from gram-scale to multi-hundred-tonne quantities

Accredited Certifications bolster the Group's commitment to enhancing stakeholder confidence and enduring value creation

Nurturing a Competent Team through selective recruitment, training and talent retention, reinforcing the Group's expertise and market leadership in fluorination technologies and products

Prioritising Safety by managing hazardous chemicals like bromine and hydrofluoric acid, supported by an in-house process safety test lab

Strategic Location of all manufacturing units near multi-modal logistical options (ports, roads and railways) enhances connectivity with vendors and customers

Adopting Sustainable Practices to drive environmental protection, water/energy conservation and workplace safety

Key Certifications

ISO 9001:2015 (quality management system); ISO 14001:2015 (environmental management system), Gold Medal in the EcoVadis for Dewas Site.

ISO 45001:2018 (occupational health and safety management system); ISO 50001:2018 – Surat and Dewas (energy management system)

Navin Fluorine is a registered user of the recognised Responsible Care® logo

Challenges and Responses

- 1

Driving greater assurance on safety through increasing automation and digitalisation of controls
- 2

Talent management through structured people-centric initiatives
- 3

Cost competitiveness through product life cycle management – driving continuous improvement in process improvements and efficiencies
- 4

Adoption of newer technology platforms for greener capabilities
- 5

Indigenous supply chain development for key raw materials through deeper and new partnerships
- 6

Enhanced analytical infrastructure to meet high end specifications of new emerging products on a perpetual basis to drive zero quality complaints

Summary of New Capex Programmes

- SURAT**

- Establishing an additional CaCl2 capacity to treat increased HCL generation following the commissioning of new R32 plant
 - Investment in fluoro intermediate to support MSA production
 - Implementation of various small debottlenecking, sustainable and energy saving capex initiatives
- DEWAS**

- Various small investments towards debottlenecking and improving sustainability
- DAHEJ**

- Conversion of existing extraction cum condensing turbine into back pressure turbine
 - Investment in black start DG to improve power reliability
 - Investment in fluoro intermediate to support MSA production
 - Investment in various energy saving initiatives
 - Small capex investments aimed at debottlenecking and enhancing sustainability

₹ 94.43 crores
Total Capex in FY 2024-25

Research and Development

Enhancing R&D Competencies

By harnessing our in-house R&D competencies, we craft innovative solutions, exceeding customer expectations and boosting their competitiveness. Our ongoing investments in advanced research and technology enable us to stay ahead of industry trends, sustain our market leadership and drive impactful growth.

Over the years, Navin Research & Innovation Centre has successfully demonstrated its commercial scale capabilities in both fluorination and non-fluorinated chemistries.

OVERVIEW

Navin Fluorine operates in the niche fluorination segment, a highly competitive industry dominated by a few major players. We recognise that investing in robust research capabilities is crucial to meet evolving market demand and maintain cost and market leadership. Furthermore, the rising demand for sustainable solutions and processes has intensified the need for cutting-edge research.

For over 15 years, Navin Fluorine has consistently delivered challenging commercial molecules for our customers. As leaders in technological advancement, we continue to allocate resources to acquire

modern equipment and technology, advancing our research capabilities to deliver breakthrough, innovative and sustainable solutions.

STATE-OF-THE-ART R&D CENTRES

Navin Fluorine operates three research and development (R&D) centres, each designed with unique business model to manage distinct and diversified portfolios, from ideation to commercialisation of molecules.

Navin Research & Innovation Centre, Surat, Gujarat

Our Navin Research and Innovation Centre in Surat focusses on developing and expanding fluorinated

specialty chemicals beyond traditional verticals, extending our capabilities to participate in new-age emerging products. Continued R&D investments have helped establish core infrastructure, enabling the development of new-age products from gram to multi-tonne scale, backed by state-of-the-art analytical equipment.

The R&D Centre is home to 150+ chemists and 50+ engineers in technology and design (T&D) team who collectively work to develop a robust pipeline for HPP and Specialty businesses.

Navin Molecular R&D Centre, Dewas, Madhya Pradesh and Runcorn, Manchester

The Navin Molecular R&D Centre at Dewas and Runcorn specialise in contract development and technology transfer of predominantly preclinical and clinical candidates by partnering with global pharmaceutical and biotech companies. The centre has 100+ team members, engaged in R&D, analytical and technology transfer, delivering timely end-to-end solutions, right from concept to commercial scale.

Driving research-based culture to develop complex KSMs for global pharma and biotech innovators

Backward integration into high end fluorine reagents bringing cost-effective KSM developments and enabling deeper relationships with global pharma and biotech innovators

Over five decades of experience in fluorine chemistry coupled with technology platforms allowing us to cater multi-step complex, value-added products for our partners

Synergistic collaboration with customers and technology teams allows for timely and efficient delivery of commitments in an industry where time bound deliverables are key to success

Robust management commitment towards R&D investment based on emerging trends, leading to enhanced portfolio

KEY R&D HIGHLIGHTS FY 2024-25

₹ 54.69 crores

Total R&D spend in FY 2024-25

Navin Molecular R&D Centre has successfully delivered phase driven projects from pre-clinical to Phase III and commercial molecule to customers, positioning itself as a leading CDMO player in India.

WAY AHEAD

We continue to relentlessly augment our R&D capability to drive our strategic priorities to foray into higher value-added products across all verticals and maturing our early stage innovations into commercial scale operations.

Agile Supply Chain

Powering Growth with Robust Supply Chain

As a leading specialty chemicals manufacturer, we recognise that a resilient supply chain is key to ensuring reliable supplies, cost efficiency and long-term sustainability. Backed by an agile, tech-enabled supply chain, key partnerships and future-ready strategies, we continue to enhance customer satisfaction and drive consistent growth.

STRATEGIC FOUNDATION: OUR SUPPLY CHAIN VISION

Navin Fluorine's supply chain strategy transcends traditional resilience. By integrating innovation with sustainability, we have transformed disruptions into opportunities for long-term value creation.

Over the decades, Navin Fluorine has built a diversified global network through trusted partnerships and technology-driven processes. Through strategic sourcing, advanced IT systems and shared growth models, we ensure operational agility and

environmental stewardship. Today, this foundation enables proactive adaptation – deepening supplier collaboration, balancing cost resilience and securing supply continuity.

RISK TO RESILIENCE: ADAPTIVE STRATEGIES

SUPPLY CHAIN EXCELLENCE: OUR DIFFERENTIATORS

01

DRIVING SUSTAINABILITY

Sustainable Raw Material Sourcing

- Raw Material Traceability System to track input from source to transport, ensuring quality and minimising environmental and social impact
- Forging Multiple Long-term Partnerships to ensure raw material quality and stability while promoting environmental and social goals

02

Sustainable Supply Chain Strategy

- Leveraging Logistics Efficiency to cut transportation energy use and adopting advanced technologies for cost optimisation
- Supplier Sustainability Training to enhance their environmental and social responsibility capabilities
- Vigilant Supply Chain Safeguards to identify and monitor supply chain risks and proactively handle potential disruptions

03

Carbon Emissions and Climate Change

- Energy Management and Optimisation through energy-saving measures in logistics and production to reduce waste
- Increased Renewable Energy utilisation with solar photovoltaic systems to power supply chain operations
- Carbon Footprint Accounting and Disclosure to track and disclose carbon emissions from supply chain activities and develop targeted reduction strategies

INTERNATIONAL SUPPLY CHAIN MATURATION

Navin Fluorine's China subsidiary, established over a decade ago, continues to play an increasingly strategic role in enhancing our supply chain agility through real-time procurement optimisation and APAC market mastery. The subsidiary's local expertise fuels adaptive resilience while sustained investments solidify Navin Fluorine's leadership in operational excellence and regional growth.

OUTLOOK: ADVANCING LEADERSHIP, AMPLIFYING IMPACT

Looking ahead, we will deepen supply chain management, boost resilience via innovation and advance green growth for long-term success. Leveraging our EcoVadis-recognised, we will continue to pioneer sustainable supply chain innovation and aim to:

Through this vision, we aim to deliver enduring value for stakeholders while shaping a more sustainable industrial landscape.

Technology

Propelling Innovation and Efficiency with Advanced Technologies

At Navin Fluorine, we harness cutting-edge technologies to fuel innovation, automation and operational efficiencies. Through various technology-driven initiatives, we strive to enrich customer experiences, shape a resilient future and maintain our technology leadership.

OVERVIEW

The chemical industry is embracing digital transformation, improving supply chain management (SCM), customer engagement, SMART manufacturing processes and R&D by leveraging cutting-edge technologies. Key trends include advanced analytics, cloud computing, big data, artificial intelligence (AI), machine learning (ML), internet of things (IoT) and data-driven product development.

At Navin Fluorine, we have undertaken various initiatives in digitalisation, IT security and data privacy, improving our efficiency and contributing to a sustainable ecosystem.

CORE DIGITAL FOCUS

Adopted digitisation and automation to streamline processes, enhancing operational efficiency and productivity

Utilised data analysis and optimisation in supply chain management and inventory control to make informed strategic decisions, driving better business outcomes

Leveraging digital measures to support sustainability efforts, optimising resource usage and reducing environmental impact

KEY DIGITAL INITIATIVES

Software Adoption to Digitise Processes

We have adopted various software systems and applications to digitalise processes across operations, including Finance & Treasury, SCM, R&D, Training & Development, Quality Control, Projects, Manufacturing, Human Resources and Admin.

Streamlining Supply Chain

Adopting high end software applications has streamlined our supply chain by enabling strategic raw material sourcing, negotiating favourable contracts and minimising inventory and logistical costs.

Digitalisation in Manufacturing Process

At Navin Fluorine, we are steadily transitioning from traditional manufacturing to a complex interconnected, data-driven agile ecosystem, fuelled by the rapid expansion of digital technology. By embracing visibility and integration as building blocks of our efficient manufacturing approach, we have installed state-of-the-art Distributed Controlled System (DCS) technology across all our manufacturing facilities. The seamless integration and implementation of the DCS system reinforces Navin Fluorine's commitment to utilising advanced technologies for continuous improvement.

DCS System

- Enables feed and reflux flows
- Allows temperature and pressure settings
- Reduces manual interventions

35+

Software systems and applications

Optimising Efficiencies with SRM Application

Technology is a driving force for enhancing operational efficiency, reducing costs and improving overall productivity through process optimisation and automation.

Implementing SCM solutions enables

- Bridging critical gaps between supply chain execution and planning
- Seamless integration with sourcing and procurement processes
- Connecting data, processes, and partners across the entire supply chain network

By adopting the SRM digital tool, we analyse, optimise and streamline our SCM processes, driving efficiency and innovation through strategic SCM and continuous improvement, ensuring competitive production costs without compromising quality.

Implementation of SAP S/4 HANA

By adopting a green field implementation approach, we have initiated migrating our existing SAP ERP to SAP S/4 HANA RISE on a

private cloud. This transformation has refined our processes across functionalities, enhancing operational efficiencies, streamlining processes and reducing costs. It has also strengthened our resource planning and decision-making, optimising our operational capabilities and reinforcing our customer-centric commitments.

Digital Learning Management System (LMS)

We have implemented digital LMS as part of our commitment to supporting our employees' professional growth, upskilling and development, enhancing Navin Fluorine's capabilities while contributing to our collective growth and success.

Integrating Digital Tools for Sustainability

We have deployed digital reporting tools to enhance accessibility and allow stakeholders to interact effectively with sustainability data. These tools help generate sustainability reports aligned with global reporting standards (GRI, TCFD, SASB), ensuring transparency and credibility in presenting relevant data on environmental impact, social responsibility, and governance practices. Additionally, they provide a robust analysis of Navin Fluorine's sustainability performance, in line with our mission to advance with purpose.

Technology

Data and Cyber Security in the Digital Transformation Era

In today's digital-first era, the importance of cybersecurity in safeguarding data and ensuring operational continuity cannot be underestimated.

Navin Fluorine is at the forefront of integrating robust cybersecurity practices to protect data integrity, ensure operational stability and mitigate emerging risks. We have implemented a dynamic framework for enhancing cyber security and data protection.

DYNAMIC CYBERSECURITY AND DATA PROTECTION FRAMEWORK

Strategic Priorities

As we navigate rapid technological advancements, our top priority is to strengthen cybersecurity frameworks in line with digital transformation.

Key Focus Areas

- 📍 Cybersecurity Infrastructure for Business Continuity Planning
- 📍 Employee Cybersecurity Awareness
- 📍 Adherence to Compliance and Regulatory Standards
- 📍 Incident Response through Digital Forensics and Incident Response (DFIR) Playbook

Strategic Cybersecurity Enhancements for Business Continuity

Our commitment to business continuity involves regular backups, redundancy measures, disaster recovery strategies, mock drills, regular training sessions, awareness campaigns and conducting compliance audits and assessments supported by advanced technology investments and a comprehensive strategy. Our Security Operation Centre (SOC) also plays a pivotal role, continuously monitoring and responding to threats, ensuring our defences are both proactive and reactive.

Nurturing a Security-conscious Workforce

Employee awareness is the foundation of our cybersecurity strategy. With ongoing training and awareness initiatives, we equip our employees with knowledge of best practices and emerging threats. This proactive approach helps foster a security-first culture, empowering our workforce to act as the primary defence against cyber threats, including sophisticated phishing and social engineering attacks.

Incident Response

We believe preparedness is key to managing cyber incidents. Towards this, we have established a holistic incident response protocol, featuring streamlined communication strategies and a systematic approach to containment, investigation and recovery.

Introduced DFIR Playbooks

Our DFIR playbooks have been carefully designed to align with industry best practices and specific security requirements, ensuring quick recovery and compliance.

Commitment to Compliance and Standards

Adherence to compliance and regulatory standards is a fundamental aspect of our cybersecurity agenda. We consistently align our operations with the latest data protection regulations, privacy laws and cybersecurity frameworks. Regular audits and assessments help us stay compliant and refine our strategies to meet evolving legal and ethical obligations.

Environmental, Social and Governance

Leading with ESG in Action

Prioritising accountability, transparency and sustainable value creation, we have integrated Environment, Social and Governance ('ESG') principles into every facet of our operations and business. This focus empowers us to lead with purpose, driving transformative change to shape an agile and forward-thinking enterprise.

We empower sustainability through responsible corporate management and strategic implementation. Our robust systems and processes are designed to effectively meet stakeholder needs and deliver enhanced value. Our ESG team oversees matters related to sustainability, with fortnightly reviews conducted by the ESG Committee, headed by the Chairman. By setting clear ESG goals and providing stakeholders with annual progress reports, we ensure transparency in our business performance and reinforce our commitment to fulfilling our ESG objectives.

Navin Fluorine's ESG commitment is evident in our EcoVadis assessment, which evaluates 21 sustainability criteria across four themes:

Environment

Labour & Human Rights

Ethics

Sustainable Procurement

Gold Top 5%
(95+ percentile)
EcoVadis Rating

Dewas Site awarded
Gold Medal in the
EcoVadis Business
Sustainability Rating
in 2024

Environmental, Social and Governance

Environmental

The ‘E’ in ESG signifies our dedication to environmental sustainability, integral our operations and ethos. Through various environmental efforts, we drive energy efficiency, renewable energy, value to waste, recycled materials, waste management, resource usage and preservation of biodiversity.

ENVIRONMENTAL MANAGEMENT SYSTEMS

We invest in robust environmental management systems, conducting thorough environmental due diligence, regular assessments and proactive emergency response measures to control and minimise environmental impacts across our operations.

REDUCING CARBON EMISSIONS

We remain committed to reducing our carbon footprint by transitioning to renewable energy sources, optimising energy consumption and adopting cleaner processes, all aligned with our goal to combat climate change and contribute to a sustainable future.

All three sites of Navin Fluorine conferred with 8th Annual HSE Strategy Summit & Awards 2025 for 'Commitment to Environmental Excellence'

COMPLIANCE AND PERFORMANCE ASSURANCE

The Group adheres to stringent audit and compliance standards that exceed regulatory thresholds, ensuring the reliability and trustworthiness of our overall operations. Our adherence to key global certifications reflects our commitment to safety, quality and environmental responsibility.

32

Customer audits completed with major pharma innovations across the EU and US in FY 2024-25

Key Certifications

ISO 9001:2015 - Quality Management System

ISO 14001:2015 - Environment Management System

ISO 45001:2018 - Occupational Health and Safety Management System

ISO 50001:2018 - Energy Management System

Greentech PCWR Excellence - 2024 Award for Pollution Control, Waste Management & Recycling

WASTE MANAGEMENT POLICY

In FY 2024-25, we implemented a structured Waste Management framework across all Navin Fluorine sites to identify, manage and reduce waste. The policy prioritised waste prevention, minimisation, reuse, recycling and responsible disposal, ensuring regulatory compliance and transparent reporting to stakeholders. It covered various waste categories including solid, liquid, hazardous, non-hazardous, e-waste, biomedical, battery, plastic, construction and demolition waste.

THIRD-PARTY VALIDATION

Navin Fluorine’s commitment to safety and quality is validated by independent assessments from recognised bodies like the Indian Chemical Council and ISO certification bodies. Additionally, our manufacturing facilities showcase key certifications and accolades, including the Responsible Care Logo, highlighting our dedication to sustainable operations.

KEY FY 2024-25 ENVIRONMENTAL MEASURES

We undertook various environmentally friendly initiatives across our facilities in FY 2024-25.

SURAT

- Reduction of **1,66,352 SCM of natural gas** using waste heat from flue gas in the HF plant
- Steam condensate recovery** across multiple plants saved **21,759 KL of DM water** and **3,93,138 SCM of natural gas**
- Reduced **chiller compressor power consumption by 2,51,209 kWh** and optimised steam usage in the **BF₃ plant**
- Achieved **1,287 KL** DM water and effluent reduction in CDM and CAP processes
- Recovered **2,387 MT of CaF₂** from process sludge

DEWAS

- Increased solar electricity capacity from **1 MW to 2.2 MW** in September 2024, enhancing renewable electricity usage
- Improved water recycling by utilising **MEE condensate** for utility purposes
- Only **0.3%** of hazardous waste was sent to landfills
- Miyawaki concept** adopted for plantation based around the ETP area, where 2,700 tree saplings various species are planted in **6,200 sq. ft.** area

DAHEJ

- Condensate recovery** from CPP, MEE, Orchid, Nektar and ETP RO recovery resulted in 45.4% water recycling rate
- Installed **Variable Frequency Drive (VFD)**
- Conversion of existing extraction cum condensing turbine into back pressure turbine initiated**
- Power optimisation** by replacing existing cooling tower fans with energy-efficient fans
- Replaced** LPG cylinder with natural gas for cooking canteen food

PROGRESS ON ENVIRONMENTAL TARGETS

Adoption of Renewable Electricity

Dewas facility increased its renewable electricity share from **14.4% to 21.1%**

Plastic Waste Management

We have met with **100% compliance requirement for Plastic Waste Management** under EPR Framework

Tree Plantation

Planted **14,429 trees** across our facilities, that helped absorb **289 tCO₂e** annually

Impact

Dewas Plant is a **Zero liquid discharge facility**

20%	1.58 crores kWh units	2,51,209 kWh
Renewable electricity	Consumed renewable electricity across the operations	Reduction in electricity consumption of air compressor
81%	15,539 GJ	7,93,606 KL
Total waste recycled	Total energy conserved	Water recycled (60% of total water demand filled from recycled water)

Independent Practitioner's Reasonable Assurance Report on Identified Sustainability Information in BRSR from TUV SUD South Asia Pvt Ltd is appearing at page number 79.

Environmental, Social and Governance

Social

The 'S' of ESG highlights our commitment to social responsibility and building enduring relationships with key stakeholders, including employees, customers, suppliers, investors, regulators and local communities.

EMPLOYEES

As an employee-friendly company, we champion diversity and inclusion to cultivate a dynamic and engaged workforce that drives our broader goals. Through core investments in recruitment, retention and training, we strive to enhance workplace efficiency and effectiveness. For more employee-related information, refer to Page 60.

1,498

Total full-time employees as of March 31, 2025

Awarded 'Workplace Safety Excellence' at the Greentech Workplace Safety Summit & Awards 2024 for Dahej, Dewas and Surat Sites

Dahej facility recognised with Bronze Award and Surat with Gold Award under the Apex India Occupational Health and Safety Awards 2024 in the Chemical Sector

Navin Fluorine won 'Best Health & Wellbeing Program Award' at the 8th Annual HSE Strategy Summit & Awards 2025

Dewas and Surat Site were awarded with Merit Certification in International Safety Award 2024 by British Safety Council and Dahej Site got awarded with Pass Certification

CUSTOMERS AND VENDORS

Fostering robust industrial relations, the Group builds strong relationships with both customers and vendors, enabling success in a highly evolving business environment.

COMMUNITY

We build strong connections with our local communities through meaningful Corporate Social Responsibility ('CSR') initiatives that align with the United Nation's Sustainable Development Goals. Our efforts aim to enhance social responsibility and environmental sustainability, promoting prosperity, especially in areas surrounding our manufacturing sites and head office. For more CSR related information, refer Page 64.

KEY SOCIAL INITIATIVES FY 2024-25

Team Building and Appreciation

- Quarterly Townhall with Site President & Site Leadership
- Monthly Birthday Gift & Celebrations
- SAMPARK initiative for new joiners
- Rewards & Recognition for employees demonstrating excellence in safety & operational excellence
- Townhall/Long service award with Chairman
- Celebration of important occasions/festivals
- Team Building & Success Celebrations for highest production/achievements

Trainings

- Capability building technical learning interventions at shop floor
- Lean Six Sigma Trainings for Yellow Belt certifications
- Statistical Process Control Trainings
- Reliability Centered Maintenance Training Program
- Management Development Program for Future Leadership Batches

Health

- Conducted health talks on Health Hygiene and Life Style Disorders.
- Blood Donation, Bone Density Checkup & Eye Checkup Camps
- Expert Training on Healthy Lifestyles, Seasonal Diseases and Other Health Topics
- Awareness Sessions on diabetes and anti-obesity at workplace
- Promoting employee awareness of importance of a tobacco-free environment to foster a healthy workplace
- Executive Health checkup for all employees aged 45+ and those suffering from any lifestyle diseases
- Mental Health & Wellbeing Awareness Session conducted on World Mental Health Day
- AIDS Awareness Session conducted across multiple unit locations
- Training on Best Hygiene Practices for canteen staff

Community Engagement Under CER

- Local Community Stakeholder Management with village Sarpanch
- Safety Awareness conducted for communities/school kids
- Supported local community (Bhestan village) led 'Har Ghar Ek Ped' plantation initiatives
- Dumas Beach cleaning campaign
- Distribution of dustbins at nearby villages for waste segregation, collection and safe disposal

Safety

- Installed Local Exhaust Ventilation in DHF area to absolve escaped gases during DHF filling and HF sampling
- Installed Horizontal Lifeline at five locations of HF Plant
- Completed external Fire Hydrant Phase-1 capex to enhance capability for emergency preparedness
- Facilitated Universal Dipotherine Kit at control rooms to use as antidote during any untoward chemical contact
- Engaged Expert Agency for Roof Replacement and Maintenance work
- Standardised DHF Packaging from 1.8 Kg NW to 2.0 Kg NW to strengthen and avoid incidents
- Used Aluminium Sheet to replace Fragile Roof at HF Plant Spar Area to ensure environment suitability and prevent future incidents
- Launched 'Apki Suraksha' program at Dahej Site to educate and train employees on usage of sprinkler, spray systems, fire extinguishers, and SCBA donning and doffing

Social

Shaping a Future-Ready Workforce

Nurturing a culture of continuous growth and collaboration, we empower our talent pool to drive long-term success. Throughout the year, we introduced various dedicated employee engagement programmes, maximising employee potential, enhancing their overall well-being and making them future-ready.

EMERGING LEADERS PROGRAMME (ELP)

We have designed the Emerging Leaders Program (ELP), a cornerstone of our leadership development strategy, to identify and groom high-potential line managers (Bands 4 and 5) as future sectional and departmental heads.

ELP Programme Highlights

- Spanning three years, the programme unfolds in structured phases: Improvement, Strategy, and Transformation
- Each phase to integrate instructor-led workshops ('Lead Self', 'Lead Others', 'Lead Change'), Lean Six Sigma certifications (Green and Black Belt) and high-impact transformation projects aligned to business KPIs
- Participants co-create an Individual Development Plan (IDP) with the HR and their business heads, refined through 360-degree feedback assessments
- The programme is governed by a Development Council, including Site Heads, HR leaders and functional managers, ensuring continuous tracking, coaching and performance impact
- Inaugural Lead Self workshop for Batches I and II successfully conducted at the Surat site in March 2025. Batch III to be conducted for high-potential talent from Service functions in H2-FY26

27

Participants (Batch 1) from Production and Engineering (Maintenance)

27

Participants from Research, Technology and Quality

- Internal sessions on Strategy Management, KPI setting and Overall Equipment Effectiveness (OEE) were also conducted to further strengthen their business acumen
- To enhance conceptual understanding, Harvard Business Review (HBR) articles were assigned as pre-read materials

- Assessment of all sessions through formal evaluations are scheduled following the completion of Individual Development Plans (IDPs) in early FY 2025-26

Through ELP, Navin Fluorine aims to cultivate a strong internal pipeline of capable, confident leaders equipped to take on complex challenges and drive our continued growth and innovation.

NAVIN-UDEMY LEARNING UNIVERSE

To address the rapidly evolving skill landscape and ensure workforce readiness, we launched the Navin-Udemy Learning Universe – a digital-first, on-demand learning platform providing access to thousands of curated courses.

Programme Highlights

- Launched on January 14, 2025, Udemy Business has seen strong and steady adoption across locations and functions

80%

Enrolment rate

721

Licensed users

6,200

Hours of learning, averaging 9 hours per person

- The platform's extensive library - covering business skills (61%), personal development (29%), and technology (10%) - has enabled employees to upskill in critical areas such as communication, problem-solving, and emerging technologies

92%

Users reported better access to learning

90%

Users felt more motivated to learn

- Initiative has helped address long-standing gaps in behavioural and functional capability development, now a core part of our reskilling strategy
- Moving forward, we aim to embed Udemy Business into our performance and career progression framework, making learning a continuous and self-driven experience

VOICE OF PEOPLE (VOP)
SURVEY & EMPLOYEE
ENGAGEMENT

Employee feedback is central to our HR strategy with the Voice of People (VoP) survey played a pivotal role in surfacing insights that drive meaningful action. In FY25, the second edition of VoP (VoP-2) achieved an exceptional overall participation rate of 95.57%, reflecting deep employee engagement across BUs and locations.

95.57

Overall participation for VoP survey in FY25

We also achieved a marked improvement in overall engagement score, indicating a positive cultural shift, particularly in areas such as achievement orientation, sense of belonging and customer centricity.

75.9

Overall engagement score ↑ 3.3% YoY

Furthermore, it addressed ongoing concerns in areas such as Rewards & Recognition, Career Development and Communication. In response, we rolled out a 3-tier communication structure to

enable BU-level dialogues, launched a tiered Rewards & Recognition (R&R) programme customised to functional needs and expanded Financial Wellness offerings for employees. We also synchronised engagement activities with local unit calendars to ensure relevance and participation.

Looking ahead, VoP-3 aims to deepen our organisational pulse with even more granular analysis. By strengthening managerial empathy, fostering psychological safety and reinforcing a purpose-driven culture, we will ensure that every employee voice is not only heard, but converted into actionable, sustained change.

HR OPERATING MODEL &
STRUCTURAL REDESIGN

We rolled out a Lean Organisation initiative, anchored around span corrections, de-layering and job re-design to drive organisational agility and cost discipline.

Programme Highlights

- Each business unit was subjected to a detailed Job Evaluation and Banding exercise, helping define structural spans, grade norms and functional positioning
- This laid the foundation for role clarity, grade-CTC alignment and improved productivity benchmarks
- Redesigning helped eliminate overlaps and siloed responsibilities at middle management levels

In FY 2025-26, we aim to deepen this transition for faster decision-making, sharper accountability, and better succession planning across the enterprise, through

Full-scale
adoption of the
revised JDs

Tighter
integration
with the
Performance
Management
System

New KRA system
using a 3-level
cascading
structure

TALENT REVIEW FRAMEWORK
UNDER PMS

In FY 2024-25, we introduced a structured Talent Review Framework as a core component of our Performance Management System (PMS), marking a significant advancement in our efforts to build a future-ready workforce. It was chaired by the Managing Director, with active participation from the CHRO, Functional Heads and Departmental Heads, and informed inputs from direct managers. Conducted over a focussed week,

the framework evaluated Associate Directors and above employees to assess their leadership potential, succession readiness and alignment with future business needs.

77

Eligible participants assessed

This cross-functional, high-level engagement provided the leadership team with valuable insights into the talent pool, enabling better career pathing, strategic mobility

and succession planning. For other employees, a structured process was conducted, including self-assessments, L1 and L2 manager reviews and consolidated feedback discussions. It has also strengthened the performance culture by ensuring that talent decisions are made with a holistic, future-oriented view. Looking ahead, the framework will be further embedded into our HR processes to drive continuity, fairness, and leadership pipeline readiness.

INTEGRATED HRMS
IMPLEMENTATION

In FY 2024-25, we successfully implemented an integrated HRMS platform – ‘PeopleStrong’ across the organisation, marking a major milestone in our HR transformation journey. The rollout included multiple core modules such as HRIS, Leave & Attendance, Recruitment, Learning Management System (LMS), and Performance Management System

(PMS). This unified platform has streamlined employee lifecycle management, enhanced data accuracy and improved user experience through self-service workflows. By integrating all major HR functions into a single system, we have laid the foundation for improved compliance and greater agility in talent management.

Building on this success, we plan to implement the Succession Planning and Career Pathing modules in FY 2025-26, further strengthening our talent development ecosystem and enabling proactive leadership pipeline management.

Social

Investing in Community Well-Being

Padmanabh Mafatlal Group (PMG) is built on the foundational principle of “Creating Value, Sharing Value” – a philosophy that recognises that value creation is a shared responsibility. Guided by this belief, the Group seamlessly integrates business excellence with social responsibility, ensuring that its success extends beyond profits to positively impact the society. At PMG, altruism is not a by-product of business – it is a core objective, making the Group a beacon of a new, purpose-driven way of doing business. Thus, CSR has been deep-rooted in the Company’s DNA right from the beginning, even before it was a statutory requirement.

SHARING VALUE THROUGH CSR ACTIVITIES

Our CSR initiatives encompass health, education, sports, sustainable livelihood, skill development, animal care and other social causes. During FY 2024-25, the Company allocated ₹ 6.91 crores towards CSR, as against the required spend of ₹ 6.62 crores.

₹ 6.91 crores

Total CSR expenditure in FY 2024-25

Navin Fluorine is fortunate to engage with implementing partners such as Shri Sadguru Seva Sangh Trust, Blind People’s Association, Charutar Arogya Mandal’s Shree Krishna Hospital, Foundation for Promotion of Sports, Sir JJ Hospital, Shakti Foundation, Consumer Education and Research Centre, Prayas and Act-Eve Foundation, who are making meaningful contributions to society through various CSR interventions.

Furthering our community well-being efforts, we continued our mobile health van services in villages near Surat and Dewas and distributed meals to underprivileged people in the surrounding area of our Surat and Dewas factory. We also supported Shala Pravesotsav by providing basic stationery, notebooks and kits in Surat.

Although not statutorily required, the Company voluntarily conducted an impact assessment of its projects implemented through the Foundation for Promotion of Sports during FY 2022-23, exemplifying its commitment to transparent and responsible practices. The assessment was carried out by MMJC Consultancy LLP and the relevant executive summary of the same included in the Annual Report.

In addition, CSR spend from Navin Fluorine Advanced Sciences Limited (‘NFASL’), our wholly-owned subsidiary, was ₹ 89.47 lakhs, as against its mandatory spend of ₹ 82.40 lakhs. NFASL supported various activities through Shakti Foundation and Nanhi Kali (K.C. Mahindra Foundation). It also provided necessary amenities to Sadanand School in Amleshwar, school van facility for transportation of Vadadala village school children and distributed food around its Dahej factory.

Sulakshana Securities Limited (‘SSL’), another wholly-owned subsidiary, contributed ₹ 14.95 lakhs to Cancer Patients Aid Association, exceeding its mandatory spend of ₹ 10.35 lakhs for FY 2024-25.

FY 2024-25 CSR MEASURES

Shri Sadguru Seva Sangh Trust

Founded in the early 1950s, Shri Sadguru Seva Sangh Trust (‘SSSST’) is a registered Public Charitable Trust committed to serving others. Guided by the principles of Param Pujya Shri Ranchhoddasji Maharaj (‘Gurudev’), the Trust upholds the core values of ‘seva’ (selfless service) and righteousness. Under the leadership of our visionary founder, Late Shri Arvind N. Mafatlal, nominated as the Chairman of the Trust by Gurudev, it has attained sustained and diversified growth. SSSST operates various institutions such as Sadguru Netra Chikitsalaya and Jankikund Chikitsalaya at Chitrakoot, focussing on rural eye care and holistic healthcare. The Trust also runs other institutions dedicated to social and rural development activities in rural areas of Anandpur (District Vidisha, Madhya Pradesh). Two hospital units, namely, Shri Sadguru Sankalp Netra Chikitsalaya and Shri Sadguru Matritva Sadan have been added to the existing General Hospital of Shri Sadguru Sankalp Chikitsalaya to aid this initiative.

Blind People’s Association

Blind People’s Association (‘BPA’), a six-decade-old Ahmedabad-based organisation has established units and a satellite centre in Gujarat and one in Rajasthan. BPA focusses on individuals with disabilities, including blindness, hearing impairment, intellectual disabilities and mental illnesses. It offers a host of services including education, vocational training and distribution of assistive devices. With support from individual donors, philanthropists and Corporate CSR programmes, BPA has successfully served several individuals with disabilities in remote and underserved areas

Skill training programme for persons with disabilities by BPA

₹ 1.55 crores

Total Contribution to BPA in FY 2024-25

BPA CONTRIBUTION BREAK-UP (FY 2024-25)

Sr. No.	Project details	Amount (₹ in lakhs)
1.	Mental Illness Project	44.60
2.	Soft Skills Development & Empowerment of Women with Visual Impairment	7.50
3.	Early Childhood Services for Children and Youth with Multiple Disabilities	31.00
4.	Livelihood and Self-Employment	36.93
5.	Rehabilitation & Early Intervention Unit at Rajpipla	7.68
6.	Early Childhood Services Unit at Anandpur	7.68
7.	Skilling Unit at Surat, South Gujarat	9.71
8.	Distribution of self-employment kits and assistive devices to visually impaired people in South Gujarat	10.20
	Total	155.30

Project 1
Mental Illness Project

People with mental illness possess many abilities and skills but often do not get an opportunity to prove their potential due to social stigma and lack of awareness. Even after full recovery, they struggle to be accepted by mainstream society. Similarly, individuals with intellectual disabilities can also make meaningful contributions to society. Despite this, such individuals continue to be more marginalised even within disability groups.

The Mental Illness project, implemented in Thasra, Deesa, Surendranagar and Nakhatrana in Gujarat, focussed on teaching vocational skills, helping them master them and preparing them for formal / self-employment. Simple trades, relevant to earning opportunities in villages, including tailoring, paper plate making, agriculture and skills related to seasonal occupations were selected.

Individuals with mental disabilities were taught different trades and provided medicines for their behavioural adaptation and adjustment to day-to-day life. They now live with dignity and lead a self-reliant life as part of the mainstream economy, contributing to their family, community and in GDP at large.

Project 2
Soft Skills Development & Empowerment of Women with Visual Impairment

Blind women face a double disadvantage due to their gender and disability. Through this project, a special training centre was set up on the BPA campus to provide year-round training to blind and low vision women in BPA campus. The project aims to them independent and conduct themselves with dignity. Training provided covered essential aspects such as moving around, orientation about their environment, training in safety and looking after themselves, training in personal grooming, self-care, training in cooking, home making, looking after children, training in health, menstrual hygiene, training in personality development, public speaking, accounting and management of small businesses.

Project 3
Early Childhood Services for Children and Youth with Multiple Disabilities

The project provided children aged 0-10 years with services such as total assessment, development of Individual Education Plan, physiotherapy, speech therapy, occupational therapy, parents’ training, community stakeholder training, sensitisation of community members and preparedness for formal education.

Project 4
Livelihood and Self-Employment

The project empowered people with disabilities to earn a living, providing a launching grant and enabling them to become ‘Atmanirbhar’ and empowered.

Project 5
Rehabilitation & Early Intervention Unit at Rajpipla

This project provided children with disabilities services like total assessment, development of individual education plan, physiotherapy, speech therapy, occupational therapy, parents training, community stakeholders training and sensitisation of community members.

Project 6
Early Childhood Services Unit at Anandpur

Under this project, children with disabilities were provided with services like total assessment, development of individual education plan, physiotherapy, speech therapy, occupational therapy, parents training, training to stakeholders in the community and sensitisation of community members.

Project 7
Skilling Unit at Surat, South Gujarat

The project provided skill training on Retail, Hospitality, ITES and Soft skills to 60 people with disabilities of Surat, Navsari, Valsad, Narmada and Tapi District. It aimed to address unemployment and poverty by providing placement linked skill training to people with disabilities. Placement support was provided to the trainees at the end of the training programme, contributing to ‘Skill India Mission’ of the Government of India.

Project 8
Distribution of self-employment kits and assistive devices to visually impaired people in South Gujarat

The project enabled people with disabilities to earn a living. It provided launching grant and enabling people with disabilities to be ‘Atmanirbhar’ and be empowered.

Charutar Arogya Mandal

Charutar Arogya Mandal (‘CAM’) was founded in 1972 as a trust and society. CAM aims to provide comprehensive, personalised healthcare with commitment, compassion and affordability to all in need.

Today, CAM boasts a modern 1,000-bed NABH-accredited 'Shree Krishna Hospital', a Medical Council of India recognised medical college, post-graduate studies institute, nursing school and college, physiotherapy college, medical technology institute, cardiac centre and cancer centre, all housed within its 100-acre campus.

CAM contribution was utilised for the following purposes at Shree Krishna Hospital, Karamsad:

Sr. No.	Particulars	Amount (₹ in lakhs)
1.	Support for upgrading 2 conventional Operation Theatres to Modular Operation Theatres	100.00
2.	Procurement of Sonosite Portable Sonography Machine for Neonatal Department	12.00
	Total	112.00

Support for upgrading 2 conventional Operation Theatres to Modular Operation Theatres

The Operation Theatres in use, over 40 years old, were being used to treat thousands of patients on routine basis, across the region. These theatres are vastly used for conditions related to General Surgery, Gynaec, ENT, Ophthalmology, Orthopaedics, Poly Trauma, Cancer, Neurology, Spine, Vascular, Urology, Gastroenterology, Joints and for many other life-saving procedures. To improve hygienic condition and accommodate modern equipment, these operation theatres needed upgradation and modernisation, an observation also made by the accrediting agency (NABH).

The projected direct beneficiaries of this initiative would be around 4,300 per year and the indirect beneficiaries would be about 21,000 per year.

Procurement of Sonosite Portable Sonography Machine for Neonatal Department

The existing equipment, used over 12 years old and had reached the 'end of life' status and even faced scan quality issues. The new equipment procured is a new-age instrument with significant technological advancements.

The projected direct beneficiaries of this initiative would be around 850 per year and the indirect beneficiaries would be about 4,000 per year.

₹ 1.12 crores

Total Contribution to CAM in FY 2024-25

Foundation for Promotion of Sports

Olympic Gold Quest (‘OGQ’), is a not for profit organisation founded by India’s sporting legends – Geet Sethi and Prakash Padukone with a mission to help Indian athletes win Olympic and Paralympic medals. OGQ has identified 10 priority sports where India has a genuine chance of Olympic medals viz. Shooting, Archery, Boxing, Wrestling, Athletics, Badminton, Swimming, Table Tennis, Cycling and Weightlifting. OGQ currently supports over 400 athletes across ten Olympic and eight Paralympic sports with various aspects such as coaching, equipment, training and tournament exposure, sports science and a stipend.

The OGQ team ensures that the entire selection and monitoring process is conducted in a very stringent and transparent manner.

At the 2024 Paris Olympics, 4 out of the 6 medal winners for India were supported by OGQ, and 25 out of the 29 medal winders for India at the Paris Paralympics were supported by OGQ.

BOARD OF DIRECTORS

Mr. Vishad P. Mafatlal

Executive Chairman
(DIN: 00011350)

Mr. Mafatlal, a seasoned industrialist with over 28 years of textile and chemical industry expertise, serves as Executive Chairman and designated Chairman of the Company. He holds a Bachelor of Science degree in Economics from the University of Pennsylvania’s Wharton School.

Mr. Sunil S. Lalbhai

Non-Executive Non-Independent Director
(DIN: 00045590)

Mr. Lalbhai is an industry veteran with 35+ years of experience in chemicals and general management. He holds a Science degree, an M.S. in Chemistry from USA and an M.S. in Economic Planning & Policy from Boston University.

Mr. Atul K. Srivastava

Independent Director
(DIN: 00046776)

Mr. Srivastava, a seasoned professional with 48+ years of working experience across large companies, specialises in finance, accounting, taxation and commerce. He holds a Science degree and is a Fellow Chartered Accountant (B.Sc. (Hons), FCA).

Mr. Ashok U. Sinha

Independent Director
(DIN: 00070477)

Mr. Sinha, a seasoned leader, has accumulated a wealth of expertise during his 33-year tenure at Bharat Petroleum Corporation Ltd. He has served on the BPCL Board for 15 years, initially as Director of Finance for a decade from 1996, then as Chairman and Managing Director for 5 years from August 2005. His vast expertise encompasses finance, accounting, sales, marketing, commercial operations, manufacturing, quality assurance, supply chain management, mergers and acquisitions and business development. He has a BTech in Electrical Engineering from IIT Kanpur and holds a Postgraduate Diploma in Management from IIM Bangalore, with a specialisation in finance.

Mr. Sujal A. Shah

Independent Director
(DIN: 00058019)

Mr. Shah holds 32+ years of deep expertise across the domains of valuation, due diligence, corporate restructuring, audit and advisory. He is a Commerce graduate and a Member of the Institute of Chartered Accountants of India.

Ms. Apurva S. Purohit

Independent Director
(DIN: 00190097)

Ms. Purohit, a successful Indian business leader, has 32+ years of media and entertainment industry expertise, spread across a diverse portfolio of businesses in collaboration with private equity players and promoters, ranging from early-stage ventures to mature enterprises. Recognised multiple times as one of the most powerful women in business by India Today Group and Fortune India, she holds a Postgraduate Diploma in Management from IIM Bangalore.

Mr. Sudhir R. Deo

Non-Executive Non-Independent Director
(DIN: 01122338)

Mr. Deo, a Non-Executive, Non-Independent Director, brings 45+ years of experience with the Arvind Mafatlal Group (AMG) and retired as Managing Director of NOCIL Limited in July 2023. His domain expertise includes Manufacturing, Technology, Research, Strategy, Marketing and Supply Chain, among others. As an ESG and Sustainability expert, he strives to implement ESG principles to enhance business value. He holds an M. Tech. in Chemical Engineering from IIT Kanpur.

Mr. Abhijit J. Joshi

Independent Director
(DIN: 07115673)

Mr. Joshi, the Founding and Managing Partner of Veritas Legal, is recognised among Asia’s Top 15 Private Wealth and M&A Lawyers, with a legal career spanning 3 decades. Over the years, he has advised various business houses, promoter families, global conglomerates and large private equity houses across industry sectors on numerous complex deals and cases. Assurance statement on third-party verification of sustainability information

Unique identification no.: 3153115737

TÜV SÜD South Asia Pvt Ltd. (hereinafter TÜV SÜD) has been engaged by Navin Fluorine International Limited, Office No. 602, Natraj by Rustomjee, Near Western Express Highway, Sir Mathuradas Vasanji Road, Andheri (East), Mumbai 400069, India) (hereinafter "Company") for the period from 01 April 2024 to 31 March 2025.

The verification was carried out according to the steps and methods described below.

Scope of the verification

The third-party verification was conducted to obtain independent assurance about whether the Sustainability information is prepared in reference to BRSR standard/framework (hereinafter referred as "Reporting Criteria").

Reporting standard/framework

The disclosures have been prepared by Navin Fluorine International Limited, in reference to:

BRSR Core – Framework for assurance and ESG disclosures for value chain as per SEBI (Securities and Exchange Board of India) Circular No. SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated July12, 2023.

The following sustainability indicators' reporting are included in the scope of the assurance engagement during the reporting period Financial Year (FY 2024-2025) as listed below

Reasonable level of assurance of 'BRSR 9 Core Attributes'

Other than as described in the preceding paragraph, which sets out the scope of our engagement, we did not perform assurance procedures on the remaining information included in the BRSR reporting, and accordingly, we do not express a conclusion on this information.

It was not part of our engagement to review product- or service-related information, references to external information sources, expert opinions and future-related statements in the Report.

Responsibility of the Company

The legal representatives of the Company are responsible for the preparation of the BRSR report in accordance with the Reporting Criteria. This responsibility includes in particular the selection and use of appropriate methods for measurement, calculation, collection and compilation of information and the making of appropriate assumptions or, where appropriate, the making of appropriate estimates. Furthermore, the legal representatives are responsible for necessary internal controls to enable the preparation of a BRSR report that is free of material - intentional or unintentional - erroneous information.

Verification methodology and procedures performed

The verification engagement has been planned and performed in accordance with the verification methodology developed by the TÜV SÜD Group which is based on ISAE 3000 assurance engagement standard and ISO 17029.

Level of Assurance

Reasonable Level of assurance for the 9 core attributes of BRSR (Ref: Annexure I of SEBI circular)

The verification was based on a systematic and evidence-based assurance process limited as stated above. The selection of assurance procedures is subject to the auditor's own judgment.

- Inquiries of personnel who are responsible for the stakeholder engagement und materiality analysis to understand the reporting boundaries
- Evaluation of the design and implementation of the systems and processes for compiling, analysing, and aggregating sustainability information as well as for internal controls
- Inquiries of company's representatives responsible for collecting, preparing and consolidating sustainability information and performing internal controls
- Analytical procedures and inspection of sustainability information as reported at group level by all locations
- Assessment of local data collection and management procedures and control mechanisms through a sample survey at selected multiple sites as mentioned below:

Sl. No.	Company Name	Site Address
1	Navin Fluorine International Limited	Registered office: Office No. 602, Natraj by Rustomjee, Near Western Express Highway, Sir Mathuradas Vasanji Road, Andheri (East), Mumbai 400069, India
2		Plant 1: Navin Fluorine International Ltd Surat Navsari Road, Bhestan, Surat 395023, Gujarat, India.
3		Plant 2: Navin Fluorine Advanced Sciences Limited D-2/11/A, Dahej Industrial Area, GIDC Phase II, Village, Vadadla, Taluka- Vagra, District- Bharuch 392130, Gujarat, India.
4		Plant 3: Navin Fluorine International Limited New Industrial Area No.2, A.B. Road, Dewas 455001, Madhya Pradesh, India.

Conclusion

Reasonable level of Assurance- BRSR 9 Core Attributes

On the basis of the assessment procedures carried out & evidence we have collected during 21 April 2025 to 28 April 2025, the identified sustainability indicators of 9 Core Attributes (Listed in Annexure I of this statement) of BRSR for FY 2024-25 are prepared in all material respect in accordance with the reporting requirements outlined in BRSR Core.

Limitations

The assurance process was subject to the following limitations:

- The subject matter information covered by the engagement are described in the "scope of the engagement". Assurance of further information included in the BRSR reporting was not performed. Accordingly, TÜV SÜD do not express a conclusion on this information.
- The assurance scope excluded forward-looking statements, product- or service-related information, external information sources and expert opinions.

Use of this Statement

The Company must reproduce the TÜV SÜD statement and possible attachments like Assurance report in full and without omissions, changes, or additions.

This statement is by the scope of the engagement solely intended to inform the Company as to the results of the mandated assessment. TÜV SÜD has not considered the interest of any other party in the selected sustainability information, this assurance report or the conclusions TÜV SÜD has reached. Therefore, nothing in the engagement or this statement provides third parties with any rights or claims whatsoever.

Independence and competence of the verifier

TÜV SÜD South Asia Pvt Ltd. is an independent certification and testing organization and member of the international TÜV SÜD Group, with accreditations also in the areas of social responsibility and environmental protection. The assurance team was assembled based on the knowledge, experience and qualification of the auditors. TÜV SÜD South Asia Pvt Ltd. hereby declares that there is no conflict of interest with the Company.

Annexure to Notice

EXPLANATORY STATEMENT

The following explanatory statement sets out all material facts relating to the business mentioned under Item Nos. 4 to 6 of the accompanying Notice of AGM:

Item No. 4

Re-appointment of Mr. Ashok U. Sinha (DIN: 00070477) as an Independent Director of the Company:

The Members of the Company, at their 23rd Annual General Meeting held on July 26, 2021, appointed Mr. Ashok U. Sinha as an Independent Director for 5 (five) consecutive years from October 28, 2020. Accordingly, the first term of Mr. Sinha as an Independent Director will end on October 27, 2025. He is eligible for re-appointment for another term of 5 (five) consecutive years subject to approval of the Members by a Special Resolution.

Mr. Sinha has consented for his re-appointment and confirmed that he is eligible and does not suffer from any disqualifications for his re-appointment as a Director and Independent Director. He has not been debarred from holding the office of Director by virtue of any SEBI order or any other such Authority.

Further, as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), no listed entity shall appoint a person or continue the directorship of any person as a Non-Executive Director who has attained the age of 75 years unless a Special Resolution is passed to that effect. Mr. Sinha shall attain the age of 75 years during his proposed second term and continuance of his proposed re-appointment as an Independent Director requires consent of the Members by way of a Special Resolution. Mr. Sinha is active and keeps good health.

The performance evaluation of Mr. Sinha was conducted by the entire Board of Directors (excluding Mr. Sinha) on the basis of structured parameters. Based on the performance evaluation, the Nomination and Remuneration Committee and the Board of Directors of the Company, at their respective meetings held on May 09, 2025, has recommended the re-appointment of Mr. Sinha as an Independent Director for a second term of 5 (five) consecutive years. During his term of re-appointment, he shall not be liable to retire by rotation as provided under Section 152(6) of the Companies Act, 2013 ('the Act').

The Company has received declarations from Mr. Sinha confirming that he meets the criteria of independence as prescribed under Section 149 of the Act and as per SEBI Listing Regulations. In the opinion of the Board, he fulfils the conditions for re-appointment as an Independent Director

and he is independent of the Management. Brief profile of Mr. Sinha and other relevant details are given in the annexure which forms part of this Notice.

The Company has received notices from Members under Section 160 of the Act proposing his re-appointment as an Independent Director. A copy of the letter of re-appointment of Mr. Sinha dated May 09, 2025 which is subject to approval of Members, is available for inspection by the Members. Members seeking to inspect the same can send an email to investor.relations@nfil.in.

Considering the qualifications, knowledge and experience of Mr. Sinha, his continuance on the Board of the Company will be in the interest of the Company.

Accordingly, the Board of Directors recommends passing of the Special Resolution at Item No. 4 of the Notice.

None of the Directors, Key Managerial Personnel and / or their relatives, except Mr. Sinha, are in any way concerned or interested in the Resolution.

Item No. 5

Appointment of Parikh & Associates (ICSI Firm Registration Number: P1988MH009800), Practising Company Secretaries, as Secretarial Auditors of the Company:

Pursuant to the provisions of Section 204 of the Act, Regulation 24A of SEBI Listing Regulations read with SEBI Notification dated December 12, 2024 and based on the recommendations of the Audit Committee, the Board of Directors, at their meeting held on May 09, 2025, appointed Parikh & Associates (ICSI Firm Registration Number: P1988MH009800), a Peer Reviewed Firm of Company Secretaries in Practice, as Secretarial Auditors of the Company basis the following:

- a) **Credentials:** Parikh & Associates established in the year 1987, is a reputed firm of Practising Company Secretaries with a legacy of excellence spanning over three decades. Renowned for its commitment to quality and precision, the firm has been Peer Reviewed and Quality Reviewed by the Institute of Company Secretaries of India (ICSI), ensuring the highest standards in professional practices.
- b) **Consent and Eligibility:** Parikh & Associates has consented to their appointment and have confirmed that their appointment, if made, would be pursuant to Regulation 24A of SEBI Listing Regulations and that they are not disqualified to be appointed as the Secretarial Auditors

in terms of the provisions of SEBI Listing Regulations. Parikh & Associates holds a valid Peer Review Certificate issued by ICSI.

- c) Basis of recommendations: The recommendations are based on evaluation and consideration of various factors such as industry experience, competency of the audit team, efficiency and quality in conduct of audit, independent assessment and other relevant factors.
- d) Term of appointment: 5 (five) consecutive years from the financial year 2025-26 till financial year 2029-30.
- e) Proposed Fees: As may be fixed by the Board of Directors of the Company from time to time, plus taxes, apart from reimbursement of out-of-pocket expenses.

The fees for services in the nature of certifications and other professional work will be in addition to the secretarial audit fee as above and will be determined by the Board in consultation with the Secretarial Auditors.

Accordingly, the Board of Directors recommends passing of the Ordinary Resolution at Item No. 5 of the Notice.

None of the Directors, Key Managerial Personnel and/or their relatives, are in any way concerned or interested in the Resolution.

Item No. 6

Ratification of remuneration of B. Desai & Co. (Firm Registration No. 005431), Cost Auditors of the Company for Financial Year 2025-26:

The Company is required to appoint a Cost Auditor for conducting the Cost Audit of the cost records of Chemical Products manufactured by the Company pursuant to Section 148(2) and 148(3) of the Act read with The Companies (Cost Records and Audit) Rules, 2014.

Based on the receipt of consent letter and eligibility certificate and upon recommendations of the Audit Committee, the

Board of Directors of the Company has approved the appointment of B. Desai & Co. (Firm Registration No.: 005431), Cost Accountants, as the Cost Auditor of the Company for conducting the Cost Audit of the cost records of Chemical Products manufactured in the Financial Year from April 01, 2025 to March 31, 2026 on a remuneration of ₹5,50,000/- (INR Five Lakhs and Fifty Thousand only) and the reimbursement of out-of-pocket expenses incurred for the purpose of Cost Audit and applicable taxes, subject to ratification by such remuneration by the Members of the Company.

As per Section 148(3) of the Act, the remuneration of the Cost Auditor shall be ratified by the Members of the Company.

Accordingly, the Board of Directors recommends passing of the Ordinary Resolution at Item No. 6 of the Notice.

None of the Directors, Key Managerial Personnel of the Company and/or their relatives are in any way concerned or interested in this Resolution.

NOTES:

1. The Ministry of Corporate Affairs ('MCA') has, vide its circular dated September 19, 2024, allowed companies to convene Annual General Meeting ('AGM') through VC / OAVM till September 30, 2025 in accordance with relevant provisions of other applicable MCA Circulars (collectively referred as 'MCA Circulars'). Accordingly, in compliance with the provisions of the Companies Act, 2013 ('the Act'), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') and MCA Circulars, the AGM of the Company is being held through VC / OAVM, without the physical presence of the Members at a common venue. The deemed venue of the AGM shall be the Registered Office of the Company.
2. A Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. However, since the AGM is being held in accordance with the MCA Circulars through VC / OAVM, the facility for appointment of proxies by the Members will not be available.
3. As this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Hence, the Attendance Slip and Route Map for the venue of the Meeting are not annexed to this Notice.
4. Members attending the AGM through VC / OAVM shall be reckoned for quorum as per Section 103 of the Act.
5. All Members, including Institutional Investors, are encouraged to attend and vote at the AGM. An Institutional / Corporate Member is required to send a scanned document of the certified true copy of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to dmz@dmzaveri.com with a copy marked to evoting@nsdl.com or uploaded by clicking on 'Upload Board Resolution / Authority Letter' displayed under 'e-Voting' tab in their login.
6. In compliance with MCA Circulars and SEBI Circular, the Notice of the AGM along with the Annual Report for FY 2024-25 is being sent by electronic mode only to those Members whose e-mail addresses are registered with KFinTech/DPs, unless any Member has requested for a physical copy of the same. Members may note that the Notice and Annual Report will also be available on

the Company's website at www.nfil.in/investor/annu_reports.html, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on www.evoting.nsdl.com.

DOCUMENTS RELATING TO AGM:

7. Explanatory Statement setting out material facts concerning the business in respect of Item Nos. 4 to 6 mentioned in the above Notice is annexed hereto.
8. Brief profile of the Directors seeking re-appointment as per Regulation 36(3) of SEBI Listing Regulations and Secretarial Standard - 2 issued by the Institute of Company Secretaries of India and duly notified by the Central Government are annexed hereto.
9. Members seeking to inspect the Registers required to be maintained under the Act and all documents referred to in the Notice and Explanatory Statement can send an email to investor.relations@nfil.in.

DIVIDEND AND TAXATION THEREON:

10. The final dividend of ₹7/- per equity share as recommended by the Board of Directors for the Financial Year 2024-25, if declared by the Members of the Company at this AGM, will be paid on or after August 08, 2025.
11. Friday, July 04, 2025 is fixed as the Record Date for determining the eligibility of Members entitled for the payment of final dividend for the Financial Year 2024-25, if declared.
12. In order to enable the Company to directly credit the dividend amount in the bank accounts:
 - a. Members holding shares in demat account are requested to update their Bank Account details with their respective Depository Participants ('DPs').
 - b. Members holding shares in physical form are requested to submit a covering letter, duly signed relevant ISR forms available at the web-link at <https://www.nfil.in/investor/downloads.html> and <https://ris.kfintech.com/default.aspx> along with documents mentioned therein, to KFin Technologies Limited ('KFinTech'), Selenium Building, Tower B, Plot No. 31 & 32, Gachibowli, Financial District, Nanakramguda, Hyderabad 500032, India.

Members holding shares in physical form may note that if their bank account and other requisite details are not updated with KFinTech, their folios shall be dealt with in accordance with SEBI Circular

No. SEBI/HO/ MIRSD/MIRSD-PoD-1/P/CIR/2024/37 dated March 16, 2023, as amended from time to time, which is available on the Company's website at <https://www.nfil.in/investor/downloads.html>.

13. Pursuant to the Income-tax Act, 1961, as amended by the Finance Act, 2020, dividend income will be taxable in the hands of Members and the Company is required to deduct tax at source from dividend paid to Members at the prescribed rates. TDS certificates regarding dividends declared in the past can be downloaded from <https://ris.kfintech.com/clientservices/tds/>

UNCLAIMED DIVIDEND AND IEPF:

14. Members are requested to note that pursuant to Section 125(2)(c) of the Act, dividend remaining unclaimed / unpaid for a period of 7 years from the date it becomes due for payment shall be credited to the Investor Education and Protection Fund ('IEPF') set up by the Central Government. The Company has already transferred the unclaimed / unpaid dividend declared during the financial year 2017-2018 to the said fund. Members who have so far not claimed the dividends paid thereafter are requested to make claim with the Company / KFinTech immediately.
15. Pursuant to Section 124(6) of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended from time to time, all equity shares of the Company on which dividend has not been paid or claimed for 7 consecutive years or more shall be transferred by the Company to IEPF. The Company has written to the concerned Members intimating them particulars of their equity shares due for transfer. These details are also available on the Company's website at <https://www.nfil.in/investor/unpaid.html> Upon transfer, the Members will be able to claim these equity shares only from the IEPF Authority by making an online application in Web Form IEPF-5, the details of which are available on IEPF Authority's website www.iepf.gov.in.

SHARES RELATED INFORMATION:

16. Members who have not registered their e-mail addresses so far, are requested to register the same with KFinTech in case of physical holding and with the Depository through their DPs in respect of electronic holding.
17. As per SEBI Circular dated January 25, 2022, Letter of Confirmation (LOC) has to be issued to Members for various Investors Service Requests in case of physical holdings. The LOC will be valid for 120 days from the date of its issue, within which the Member shall make a request to his/her DP for dematerializing the underlying securities. In case the Member fails to submit the LOC

within the aforesaid period, the shares shall be transferred to the Suspense Escrow Demat Account of the Company. The methodology for claiming these shares back from the Suspense Escrow Demat Account shall be in accordance with SEBI guidelines dated December 30, 2022.

18. **Attention of the Members holding shares in physical form is drawn to SEBI circular No. SEBI/HO/MIRSD/ MIRSD-PoD-1/P/CIR/2024/37 dated March 16, 2023, as amended from time to time, which mandates furnishing self-attested copy of Permanent Account Number (PAN), postal address, mobile number, bank account details, specimen signature and nomination/ declaration to opt-out from nomination by submitting the specified forms to the Company/KFinTech. The said Circular is available on Company's website at www.nfil.in/investor/downloads.html along with relevant documents. The folios wherein any one of the cited document / details are not available shall be dealt with in the manner specified in the Circular.**
19. All Members holding shares in dematerialized form are requested to intimate all changes pertaining to their bank details/update, e-mail ID/mandates/nominations/ power of attorney/change of name/ change of address/ contact numbers etc. to their DPs with whom they are maintaining their demat accounts. Changes intimated to the DP will then be automatically reflected in the Company's records which will help the Company and KFinTech to provide efficient and better services. Members holding shares in physical form are requested to advise such changes to KFinTech.
20. Members holding shares in physical form are requested to consider dematerializing their holding as share transfers cannot be effected in physical form with effect from April 1, 2019 pursuant to SEBI norms. Further, other service requests like, (i) issue of duplicate securities certificate; (ii) claim from unclaimed suspense account; (iii) renewal/exchange of securities certificate; (iv) endorsement; (v) sub-division / splitting of securities certificate; (vi) consolidation of securities certificates/ folios; (vii) transmission and (viii) transposition, will also be processed in electronic form only as per SEBI circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022. Details with respect to the same are available on the website of the Company at www.nfil.in/investor/downloads.html
21. As per Section 72 of the Act, Members are entitled to make nomination in respect of shares held by them. Members who have not yet registered their nomination are requested to register the same by duly submitting Form No. SH-13. Members holding shares in physical form may submit the same to KFinTech. Members holding

shares in electronic form may submit the same to their respective DPs.

22. SEBI has mandated the submission of copy of Permanent Account Number (PAN) card by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the copy of PAN card to their DPs with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to KFinTech.

23. INSTRUCTIONS FOR E-VOTING AND JOINING THE AGM ARE AS FOLLOWS:

Pursuant to Section 108 of the Act read with the Companies (Management and Administration) Rules, 2014 and Regulation 44 of SEBI Listing Regulations, e-voting facility is being provided to the Members for all business to be transacted at the AGM. Members of the Company holding shares either in physical form or in dematerialised form as on Thursday, July 24, 2025 ('Cut-Off Date') are eligible to cast their votes. The voting rights of the Members shall be in proportion to their share in paid-up equity share capital as on the Cut-Off Date. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.

Members may cast their votes using an electronic voting system prior to AGM ('remote e-voting'). Members who have cast their votes by remote e-voting prior to the AGM may participate in the AGM but shall not be entitled to cast their votes again. The Company has appointed Mr. Dharmesh M. Zaveri, of D. M. Zaveri & Co, Practising Company Secretary, as the scrutinizer for conducting the e-voting process in a fair and transparent manner for the businesses to be transacted at the AGM.

Details of e-voting process are as under:

- i. The e-voting facility (remote e-voting and e-voting at the AGM) will be provided by NSDL.
- ii. The remote e-voting period commences on July 27, 2025 (9:00 a.m. IST) and ends on July 30, 2025 (5:00 p.m. IST). The remote e-voting module shall be disabled by NSDL for voting thereafter.
- iii. Voting has to be done for each item of the Notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.

- iv. A person who is not a Member as on the Cut-Off Date should treat this Notice of AGM for information purpose only.

- v. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the 'Forgot User Details/ Password?' or 'Physical User Reset Password?' option available on www.evoting.nsdl.com to reset the password.

- vi. An Institutional / Corporate Member is required to send a scanned document of the certified true copy of its Board or governing body Resolution/ Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through e-voting. The said Resolution/ Authorization shall be sent to the Scrutinizer by email through its registered email address to dmz@dmzaveri.com with a copy marked to evoting@nsdl.com or uploaded by clicking on 'Upload Board Resolution / Authority Letter' displayed under 'e-Voting' tab in their login.

- vii. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on + 91 22 48867000 or send a request to Mr. Sanjeev Yadav at evoting@nsdl.com.

- viii. As per the SEBI circular dated December 9, 2020 on e-voting facility provided by Listed Companies, individual shareholders holding securities in Demat mode are allowed to vote through their demat account maintained with Depositories and DPs. Shareholders are advised to update their mobile number and E-mail ID in their demat accounts in order to access e-voting facility.

- ix. The details of the process and manner for remote e-voting, attending AGM and e-voting at the AGM are explained below:

Step 1: Access to the NSDL e-voting system

Step 2: Cast your vote electronically on NSDL e-voting system (including procedure for attending AGM through VC/OAVM)

STEP 1: ACCESS TO NSDL E-VOTING SYSTEM:

You will have to enter your User ID (i.e. 'IN' followed by your fourteen digit demat account number held with NSDL), Password/OTP and a Verification Code as shown on the screen. 4. After successful authentication, you will be redirected to NSDL Depository website wherein you can see e-voting page. Click on company name or e-voting service provider i.e. NSDL and you will be redirected to e-voting website of NSDL for casting your vote during the remote e-voting period or joining virtual meeting and e-voting during the Meeting. C. Shareholders/Members can also download NSDL Mobile App 'NSDL Speed-e' facility by scanning the QR code mentioned below for seamless voting experience NSDL Mobile App is available on  App Store  Google Play  

Type of shareholders Login Method

Individual Shareholders holding securities in demat mode with CDSL

A. By CSDL Easi / Easiest facility:

If you are already registered, follow the below steps:

1. Either on a personal computer or on a mobile, open web browser and visit <https://web.cdslindia.com/myeasitoken/Home/Login> or www.cdslindia.com and click on New System Myeasi to login through your User ID and Password. Option will be made available to reach e-voting page without any further authentication.
2. After successful login through Easi/Easiest the user will be able to see the e-voting Menu. The Menu will have links of e-voting service provider i.e. NSDL. Click on NSDL to cast your vote.

If you are not registered for CSDL Easi / Easiest facility, follow the below steps:

1. Option to register is available at <https://web.cdslindia.com/myeasitoken/Registration/EasiestRegistration>
2. After registration, please follow steps as mentioned in above points 1 to 2 of A.

B. By visiting the e-voting website of CDSL:

1. Either on a personal computer or on a mobile, open web browser and visit e-voting page viz. <https://evoting.cdslindia.com/Evoting/EvotingLogin> and enter demat account number and PAN.
2. The system will authenticate the user by sending OTP on registered Mobile & E-mail ID as recorded in the demat account.
3. After successful authentication, user will be provided links for the respective e-voting service provider i.e. NSDL where the e-voting is in progress.

Individual Shareholders (holding securities in demat mode) login through their Depository Participants

Through Depository Participant's website:

1. You can also login using the login credentials of your demat account through your Depository Participant registered with NSDL/CDSL for e-voting facility.
2. Upon logging in, you will be able to see e-voting option. Click on e-voting option, you will be redirected to NSDL/CDSL Depository website after successful authentication, wherein you can see e-voting feature.
3. Click on company name or e-voting service provider i.e. NSDL and you will be redirected to e-voting website of NSDL for casting your vote during the remote e-voting period or joining virtual meeting & voting during the meeting.

Important note: Members who are unable to retrieve User ID/ Password are advised to use Forgot User ID and Forgot Password option available at above mentioned website.

Helpdesk for Individual Shareholders holding shares in demat mode for any technical issues related to login through Depository i.e. NSDL and CDSL:

Login type	Helpdesk details
Individual Shareholders holding securities in demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.com or call on + 91 22 48867000
Individual Shareholders holding securities in demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk.evoting@cdslindia.com or Toll Free No.: 1800-21-09911

1. Either on a personal computer or on a mobile, open web browser and visit the e-voting website of NSDL viz. <https://www.evoting.nsdl.com/>.
2. Once the home page of e-voting system appears on the screen, click on the icon 'Login' which is available under 'Shareholder/Member' section.
3. A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL e-Services i.e. IDeAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDeAS login. Once you log-in to NSDL e-Services after using your log-in credentials, click on e-voting and you can proceed to Step 2 i.e. cast your vote electronically.

B) Login Method for e-voting and joining virtual meeting for shareholders other than individual shareholders holding securities in demat mode and shareholders holding shares in physical mode

How to Log-in to NSDL e-Voting website?

4. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL	8 Character DP ID followed by 8 Digit Client ID For example, if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****
b) For Members who hold shares in demat account with CDSL	16 Digit Beneficiary ID For example, if your Beneficiary ID is 12***** then your user ID is 12*****
c) For Members holding shares in Physical Form	EVEN Number followed by Folio Number registered with the Company EVEN is 134207 and if folio number is 001*** then user ID is 134207001***

5. Password details for shareholders are given below:

- If you are already registered for e-voting, then you can use your existing password to login and cast your vote.
- If you are using NSDL e-voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you by NSDL. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- How to retrieve your 'initial password'?
 - If your e-mail ID is registered in your demat account or with the Company, your 'initial password' is communicated to you on your email ID. Trace the e-mail sent to you from NSDL from your mailbox. Open the e-mail and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - In case you have not registered your e-mail ID with the Company / Depository, please follow steps mentioned below in process for those shareholders whose email IDs are not registered.

6. If you are unable to retrieve or have not received the 'Initial password' or have forgotten your password:

- Click on 'Forgot User Details/Password?' (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
- Click on 'Physical User Reset Password?' (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
- If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.com mentioning your demat account number/folio number, your PAN, your name and your registered address, etc.
- Members can also use the OTP (One Time Password) based login for casting the votes on the e-voting system of NSDL.

7. After entering your password, tick on Agree to 'Terms and Conditions' by selecting on the check box.

8. Now, you will have to click on 'Login' button.

9. After you click on the 'Login' button, Home page of e-voting will open.

Step 2: Cast your vote electronically on NSDL e-voting system (including procedure for attending AGM through VC/OAVM):

How to cast your vote electronically on NSDL e-voting system?

- After successful login at Step 1, you will be able to see all the companies 'EVEN' in which you are holding shares and whose voting cycle and General Meeting is in active status.
- Select 'EVEN 134207' of the Company for which you wish to cast your vote during the remote e-voting period and casting your vote during the Meeting. For joining virtual meeting, you need to click on 'VC/OAVM' link placed under 'Join Meeting'.
- Now you are ready for e-voting as the voting page opens.
- Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on 'Submit' and also 'Confirm' when prompted.

5. Upon confirmation, the message 'Vote cast successfully' will be displayed and you can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
6. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

Process for those shareholders whose email IDs are not registered with the depositories for procuring user ID and password and registration of e-mail IDs for e-voting for the resolutions set out in this Notice:

1. In case shares are held in physical mode please provide Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self-attested scanned copy of PAN card), Aadhar (self-attested scanned copy of Aadhar Card) by e-mail to evoting@nsdl.com
2. In case shares are held in demat mode, please provide Demat account number (In case Depository is (i) NSDL - DP ID commences with 'IN' followed by 6 digits and Client ID comprises of 8 digits; (ii) CDSL - DP ID and Client ID comprise of 8 digits each) Name, client master or copy of consolidated account statement, PAN (self-attested scanned copy of PAN card), Aadhar (self-attested scanned copy of Aadhar Card) to evoting@nsdl.com If you are an individual shareholder holding shares in demat mode, you are requested to refer to the login method explained at step 1 (A) i.e. login method for e-voting and joining virtual meeting for Individual shareholders holding securities in demat mode.
3. Any person who becomes a Member of the Company after dispatch of the Notice of the Meeting and holding shares as on the Cut-Off Date, may obtain the User ID and Password by sending an e-mail to evoting@nsdl.com mentioning aforesaid details along with the requisite documents as mentioned above.
4. Members who need technical assistance may contact Mr. Sanjeev Yadav, Assistant Manager - NSDL, Email ID: evoting@nsdl.com; Tel. No.: + 91 22 48867000

For e-voting at AGM:

1. The procedure for e-voting at AGM is same as the instructions mentioned above for remote e-voting.
2. The details of the person who may be contacted for any grievances connected with the facility for e-voting at the AGM shall be the same person mentioned for remote e-voting.

For attending the AGM through VC/OAVM:

1. Members will be provided with a facility to attend the AGM through VC/OAVM through the NSDL e-voting system. Members may access the same by following the steps mentioned above for Access to NSDL e-Voting system. After successful login, you can see 'VC/OAVM link' placed under 'Join Meeting' menu against Company name. You are requested to click on VC/OAVM link placed under Join Meeting menu. The link for VC/OAVM will be available in Shareholder/Member login where the EVEN of Company will be displayed. Please note that the Members who do not have the User ID and Password for e-voting or have forgotten the User ID and Password may retrieve the same by following the remote e-voting instructions mentioned in this Notice to avoid last minute hassle.
2. Facility of joining the AGM through VC/OAVM shall open 30 minutes before the time scheduled for the AGM and shall be kept open throughout the proceedings of the AGM.
3. Upto 1,000 members will be able to join on a first-come-first-served basis to the AGM. Such restrictions on entry to the e-AGM will not apply in respect of large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc.
4. Members are encouraged to join the Meeting through Laptops with Google Chrome for better experience.
5. Members will be required to allow Camera, if any and use Internet with a good speed to avoid any disturbance during the meeting.
6. Participants connecting from Mobile Devices or Tablets or through Laptop, connecting via Mobile Hotspot may experience Audio/Video loss due to fluctuation in their respective network. It is therefore recommended to use stable Wi-Fi or LAN Connection to mitigate any kind of aforesaid glitches.

2. DIVIDEND

Interim Dividend

The Company had declared an Interim Dividend of ₹5/- per equity share (i.e. 250% of the face value), for the financial year 2024-25, which was paid in November 2024 from the profits of the Company.

Final Dividend

The Board of Directors has recommended a Final Dividend of ₹7/- per equity share (i.e. 350% of the face value) for the financial year 2024-25 out of the profits of the Company which shall be paid on or after August 08, 2025 if declared by the Members of the Company at the 27th Annual General Meeting ('AGM').

The paid Interim Dividend, and the recommended Final Dividend are in accordance with the provisions of

the Companies Act, 2013 ('the Act') and the Dividend Distribution Policy of the Company which is available on the Company's website at <https://www.nfil.in/investor/policies/ddp.pdf>

3. STATEMENT OF COMPANY'S AFFAIRS & YEAR IN RETROSPECT

The Company's focus on operational excellence, disciplined execution and financial prudence while deepening existing, and establishing new strategic partnerships has continued to serve well driving robust outcomes aligned to our key priorities. For the year ended March 31, 2025, the Company achieved a consolidated revenue from operations of ₹2,349.38 crores compared to ₹2,065.01 crores, an increase of 13.77% over the previous year. Consolidated earnings before interest, tax, depreciation and amortization (EBITDA), before

exceptional items, increased from ₹454.13 crores in the previous year to ₹577.45 crores during the year ended March 31, 2025. Consolidated Profit before Tax (PBT), before exceptional items, was ₹380.09 crores in the current year as compared to ₹283.41 crores in the previous year. The performance was underpinned by strong delivery of operating cash flow of ₹570.81 crores on a consolidated basis, aided in part by continued actions to tighten working capital.

The Consolidated Operating EBITDA, before other income and exceptional items, reached ₹ 533.72 crores, as compared to ₹398.28 crores during the previous year, an increase of 34.01%. Operating EBITDA Margin for the year was at 22.72% against 19.29% in the previous year. Despite challenging market conditions and volatile geo political environment, the Company recorded sustainable growth in operating EBITDA underpinned by improved capacity utilisation, improved realisations through optimising product mix, disciplined cost management, execution and stabilisation of new capacities. Our core priorities, aligned to driving shareholder value, remain on manufacturing excellence while pursuing strategic growth priorities underpinned by a robust project execution and a tight financial framework.

HPP (High Performance Products) and CDMO business verticals secured strong growth underpinned by addition of capacities, product mix/ realisations as also strategic partnerships. Specialty Chemicals business vertical saw a marginal decline of 6% on Y-o-Y basis from ₹848 crores in the previous year to ₹800 crores during the year reflecting a cautious global demand scenario amidst heightened competitive pressures. Nevertheless, we remain optimistic on medium- to long-term outlook of this sector and our belief that demand for agchem chemicals would witness growth given the underlying need to improve yields as also growing applications in biofuels space. Our strong customer relations and relentless pursuit on driving value for our customers, has yielded positive results reflecting higher capacity utilisation whilst supporting overall Company EBITDA levels. HPP and CDMO businesses saw 26% & 31% growth respectively over previous year.

During the year, HPP business vertical recorded sales of ₹1,206 crores compared to ₹955 crores in the previous year, contributing around 51% of the overall turnover. Revenue growth was underpinned by strong sales of our new R-32 capacity, stable orchid operations and improved pricing and mix. During the year, HPP business commenced operations of its new HFC asset. Refrigerant gases business witnessed strong demand coupled with improved pricing across products. Performance of the

inorganic fluorides division improved, driven by better pricing and improved capacity utilisation. Our AHF project, involving an investment of ₹450 crores, is on track, and we anticipate commissioning by Q2FY26. With new capacity envisioned following the execution of the HF Capex, the business aims to leverage its position by expanding into newer high margin products and harnessing new opportunities in the emerging sectors. HPP business remains focused on developing eco-friendly refrigerants, which are gaining popularity in the market. The business aims to continue investing responsibly in this space to ensure that it plays a leadership role by helping India and the world transition to eco-friendly refrigerants, ramping up capabilities further.

In the CDMO business, we are encouraged by the traction with our European CDMO partner and the deepening of our relationship. Additionally, our strategic focus on late-stage and commercial molecules continues to yield positive results with the business continuing to witness higher levels of customer inquiries than previously. The business contributed 15% of overall turnover for the year. Our Dewas site has earned Gold Medal in the Ecovadis assessment, recognizing our commitment to sustainability and responsible business practices. During the year, CDMO recorded sales of ₹ 343 crores compared to ₹ 262 crores in the previous year, contributing around 15% of the overall turnover.

Key raw material costs moved in a mixed trend through the year with prices of Fluorspar and sulphur increasing over a period of time. Boric Acid and bromine saw decline y-o-y. Chloroform was broadly flat y-o-y. On the energy cost front, average power cost & the natural gas prices were down by ~6% y-o-y. The Company's strategy on building a resilient supply chain continues in action with increasingly diverse sources for key imported raw materials and securing majority of other raw materials within close proximity to its sites. Further, during the year, the Company has focused on increasing the usage of green power and is proud to share that about 30% of Surat plant's power consumption was from green sources with plans in place to enhance this in coming years.

During the year, the Company successfully commissioned Fluoro Specialty plant at Dahej, with an investment of ₹540 crores. This project is a significant step forward for us. Similarly, the Company also successfully commissioned HFC (R-32) plant at Surat. Our AHF project, involving an investment of ₹450 crores is progressing well and expected to commission by Q2FY26. Our cGMP4 project is also advancing well. Phase 1, involving an outlay of ₹160 crores, is progressing as planned, and we aim to have it operational by the last quarter of CY2025.

These investments lay the foundation for the next phase of growth while enabling us to not only enhance our global market reach but also provide the building blocks for future growth. During the year, Indian rupee depreciated against all major global currencies. Our exports decreased from 65% to 56%. The exchange loss of ₹0.10 crores as seen in the financials is on account of timing difference of foreign exchange transactions and their realisation and / or restatement.

During the year, the Company continued to invest in enhancing capability through focussed actions in Technology and Development, Research and Development and Business Development functions. Improvement in operational efficiencies, new product development, working on novel chemistries and developing long-term partnerships continued to remain core ingredients of the Company's strategy. Throughout the year, cross functional teams continued to work on successful scaleup, improving productivity, quality and costs of various products to enable businesses gain competitive advantage in the market.

On a standalone basis, for the year ended March 31, 2025, the Company achieved total revenue from operations of ₹1,686.81 crores, Earnings before interest, tax, depreciation and amortization (EBITDA), before exceptional items of ₹394.37 crores and Profit before tax (PBT), before exceptional items, of ₹321.30 crores. The Company maintained 'CARE AA' rating, indicating high degree of safety with respect to timely servicing of financial obligations and very low credit risk, for borrowings with a tenure of more than one year. The rating for short-term facilities of tenure less than one year, remains at 'CARE A1+' indicating very strong degree of safety with respect to timely servicing of short-term financial obligations and lowest credit risk. During the year, the Company continued to enjoy 'Responsible Care' accreditation and published its first sustainability report. The Company is confident of continuing to lead the way in innovation, sustainability and excellence. Together, we will build a brighter, more sustainable future for generations to come. Further details are provided under various other heads of this Report and in the Management Discussion and Analysis Report annexed to this Report.

4. SUBSIDIARIES, ASSOCIATES AND JOINT VENTURE

The Company has 6 (six) subsidiaries as under:

(i) Sulakshana Securities Limited ('SSL'):

An entity created to settle dues of the term lenders of Mafatlal Industries Limited, remained a wholly – owned subsidiary of the Company. After settling

all the third-party dues, SSL was left with 1,455 Square Meters of commercial floor space at Mafatlal Centre, Nariman Point, Mumbai and a significant portion of this property has been leased out on contemporary terms.

(ii) Manchester Organics Limited ('MOL'):

The Company owns 100% of MOL, a specialized chemicals research company in Runcorn, U.K., holding 51% of the ordinary voting shares of MOL directly and the balance 49% through NFIL (UK) Limited, a 100% stepdown subsidiary created for the purpose. During the year, MOL reported a turnover of £1,760K and net profit of £60K. Improvement in profitability reflects continued actions on optimising cost and monetisation of inventory as also enhanced integration with the Company.

(iii) NFIL (UK) Limited:

It is a Wholly Owned Subsidiary of the Company incorporated in the UK to acquire the balance shareholding of 49% of MOL.

(iv) NFIL USA Inc.:

A step-down subsidiary, NFIL USA Inc. was formed as a Wholly Owned Subsidiary of NFIL (UK) Limited. The primary objective of formation of this Company was to increase the market penetration in the USA of the CDMO business and attracting appropriate talent as and when the business needs expansion.

(v) Navin Fluorine (Shanghai) Co. Limited:

It is a wholly owned foreign enterprise under Chinese Laws, and was incorporated with a view to establish a strategic presence closer to the source of key raw materials, whilst helping forge strategic relationships and enabling businesses to make informed decisions to secure procurement efficiencies and advantage.

(vi) Navin Fluorine Advanced Sciences Limited ('NFASL'):

NFASL was incorporated in February 2020. NFASL is a material subsidiary. NFASL commenced commercial operations during the financial year ended March 31, 2023. During the financial year ended March 31, 2025, it achieved total revenue from operations of ₹840.94 crores, Earnings before interest, tax, depreciation and amortization (EBITDA), before exceptional items of ₹187.30 crores and Profit before tax (PBT), before exceptional items, of ₹60.63 crores.

During the year, assets capitalised in NFASL amounting to ₹800.37 crores include the recently commissioned fluoro plant as well as assets supporting efficiency improvements. Further, in FY26, NFASL will incur mainly capital expenditure on HF manufacturing plant which is expected to commission by Q2FY26.

Capex undertaken in NFASL is funded through mix of debt and equity contribution. As on March 31, 2025, debt outstanding stood at ₹1,401.33 crores. The said loans are secured by way of first charge on NFASL's fixed assets, second charge on its current assets and corporate guarantees given by the Company.

Policy for determining material subsidiary is available at <https://www.nfil.in/investor/policies/NFIL-Policy%20for%20Determining%20Material%20Subsidiary-2025-Final.pdf>

The Company has 1 (one) joint venture

The Company is a joint venture partner with Gujarat Mineral Development Corporation Limited ('GMDCL') and Gujarat Fluorochemicals Limited, in Swarnim Gujarat Fluorspar Private Limited, formed for the purpose of beneficiation of fluorspar ores to be supplied by GMDCL from its mines.

No company has become or ceased to become subsidiary, associate or JV of the Company during the year.

Highlights of Financial Performance of Subsidiaries and Joint Venture

Pursuant to Section 129(3) of the Act, a separate statement containing salient features of the financial statements of each subsidiary and JV of the Company is annexed in the format of Form AOC-1 to the Financial Statements of the Company. The Financial Statements of all the aforesaid subsidiaries and Joint Venture have been considered in the Annual Audited Consolidated Financial Results of the Company.

The Annual Financial Statements of all subsidiary companies are placed on the Company's website at https://www.nfil.in/investor/annu_reports.html. Copies of the same will be made available to interested Members who may write to the Company Secretary in this regard.

5. CAPITAL STRUCTURE OF THE COMPANY

6. MANAGEMENT DISCUSSION AND ANALYSIS REPORT, AND CORPORATE GOVERNANCE REPORT

Pursuant to SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), the Management Discussion and Analysis Report, and Corporate Governance Report along with the Certificate received from Parikh & Associates, Practising Company Secretaries, confirming compliance with corporate governance requirements as per SEBI Listing Regulations are annexed as 'Annexure 1' and 'Annexure 2' respectively to this Report

7. BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT

The Company is committed to the highest environmental, social and governance standards. In accordance with SEBI Listing Regulations, the Business Responsibility and Sustainability Report describing the initiatives taken by the Company on this front, in the prescribed format is annexed as 'Annexure 3' to this Report.

8. CORPORATE SOCIAL RESPONSIBILITY

Padmanabh Mafatlal Group's logo itself depicts that the Company's primary focus is not limited to creating value, but also extends to sharing it. The Company considers

CSR as one of the important means of sharing value with the community in which it operates.

The Company's CSR Policy is reflective of its CSR philosophy and highlights the snapshot of activities undertaken by the Company. The scope of the Policy includes the areas covered under the Policy and activities eligible for CSR contribution. The other aspects covered by the Policy include guiding principles for: (i) selection of CSR activities and annual action plan, (ii) execution of CSR activities and (iii) monitoring CSR activities, along with voluntary impact assessment.

The Company's CSR policy is available on the website of the Company at https://www.nfil.in/investor/policies/NFIL_CSR_Policy_1.pdf

The Company's CSR initiatives extend across health, education, sports, sustainable livelihood, animal care and other social causes through its CSR expenditure of ₹6.91 crores for the financial year 2024-25 vis-à-vis mandatory spend of ₹6.62 crores pursuant to the provisions of Section 135 of the Act. In addition to this, CSR spend from Navin Fluorine Advanced Sciences Limited was ₹0.89 crores and from Sulakshana Securities Limited was ₹0.15 crores. The requisite details on CSR initiatives pursuant to Section 135 of the Act read with the Companies (Corporate Social Responsibility Policy) Rules, 2014 are annexed as 'Annexure 4' to this Report.

Though not statutorily required, the Company voluntarily conducted impact assessment of its project implemented through Foundation for Promotion of Sports during FY 2022-23, exemplifying the Company's commitment to transparent and responsible practices. The assessment was carried out by MMJC Consultancy LLP and executive summary on the same is annexed to Annexure 4.

The Company's approved Annual Action Plans on CSR are available on the Company's website at <https://www.nfil.in/csr/index.html>

9. ANNUAL RETURN

The Annual Return of the Company for the financial year 2024-25 is available on the website of the Company at https://www.nfil.in/investor/annu_reports.html.

10. UNCLAIMED DIVIDEND / INVESTOR EDUCATION AND PROTECTION FUND (IEPF)

As per Section 124 of the Act read with the Rules made thereunder, any dividend amount transferred to Unpaid Dividend Account which remains unclaimed or unpaid for 7 years is transferred to IEPF and shares in respect

of which dividend has not been paid or claimed for 7 consecutive years or more are transferred to IEPF.

The details of shares and dividends transferred to IEPF by the Company during the year are available at <https://www.nfil.in/investor/unpaid.html>. The Company intimates concerned Members and issues public notice in respect of shares to be transferred to IEPF in the newspaper, on timely basis.

11. LOANS, GUARANTEES, SECURITIES AND INVESTMENTS

The details of loans and guarantees given, securities provided and the investments made by the Company as on March 31, 2025 pursuant to Section 186 of the Act are provided in the Annual Audited Financial Statements.

12. RELATED PARTY TRANSACTIONS

All Related Party Transactions that were entered into during the financial year were in the ordinary course of the business and on arm's length basis. Pursuant to clause (h) of sub-section (3) of Section 134 of the Act and Rule 8(2) of the Companies (Accounts) Rules, 2014, the details of contracts / arrangements entered with related parties in prescribed Form AOC-2, is annexed as 'Annexure 5' to this Report.

The Company's Policy on materiality of related party transactions and on dealing with related party transactions is available on the Company's website at <https://www.nfil.in/investor/policies/NFIL-Policy%20on%20Materiality%20of%20Related%20Party%20Transactions%20and%20on%20dealing%20with%20RPT-Final-2025.pdf>.

13. BOARD MEETINGS

During the year, 8 (eight) Board Meetings were held. The details of the Board Meetings are mentioned in the Corporate Governance Report annexed to this Report.

14. DECLARATION BY INDEPENDENT DIRECTORS

All Independent Directors of the Company have submitted declarations confirming that:

- They are independent as per Section 149(6) of the Act and Regulation 16 of SEBI Listing Regulations;
- They have registered themselves with Independent Directors' Database of The Indian Institute of Corporate Affairs ('IICA') and have cleared the online proficiency test of IICA, as applicable;
- They are not aware of any circumstances or situations, which exist or may be reasonably anticipated, that

could impair or impact their ability to discharge their duties with an objective independent judgment and without any external influence; and

- d) They have complied with the Code of Conduct for Independent Directors as prescribed under Schedule IV to the Act, as applicable.

Accordingly, the Board of Directors of the Company is of the view that Independent Directors fulfil the criteria of independence and they are independent from the management of the Company.

15. DIRECTORS' RESPONSIBILITY STATEMENT

As required under the provisions of Section 134 of the Act, your Directors report that:

- (a) In the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;
- (b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profits of the Company for that period;
- (c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) The Directors have prepared the annual accounts on a going concern basis;
- (e) The Directors have laid down internal financial controls (as required by Explanation to Section 134(5)(e) of the Act) to be followed by the Company and such internal financial controls are adequate and are operating effectively; and
- (f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and such systems are adequate and operating effectively.

16. CHANGES IN DIRECTORS AND KEY MANAGERIAL PERSONNEL

Mr. Sunil S. Lalbhai's second term as Independent Director of the Company ended on June 24, 2024. The Board of Directors of the Company, at its Meeting held on May 07, 2024, appointed him as Additional Director and, Non-Executive Non-Independent Director with effect

from June 25, 2024, based on the recommendations of the Nomination and Remuneration Committee, subject to approval of the Members of the Company.

The Board of Directors of the Company, at its Meeting held on May 07, 2024, appointed Mr. Abhijit J. Joshi as an Additional Director and Independent Director of the Company for a tenure of 5 (five) consecutive years commencing from May 07, 2024 and ending on May 06, 2029, based on the recommendations of the Nomination and Remuneration Committee, subject to approval of the Members of the Company.

The Board of Directors of the Company, at its Meeting held on June 03, 2024, appointed Mr. Nitin G. Kulkarni as (a) Additional Director of the Company w.e.f. June 24, 2024, and (b) Managing Director and Key Managerial Personnel of the Company for a tenure of 5 (five) consecutive years commencing from June 24, 2024 to June 23, 2029, based on the recommendations of Nomination and Remuneration Committee, subject to approval of the Members of the Company.

Mr. Pradip N. Kapadia, Mr. Sudhir G. Mankad and Mr. Harish H. Engineer ceased to be Independent Directors of the Company upon completion of their second term of 5 (five) consecutive years on June 24, 2024. Ms. Radhika V. Haribhakti ceased to be an Independent Director of the Company upon completion of her second term of 5 (five) consecutive years on July 29, 2024.

At the 26th Annual General Meeting of the Company held on August 01, 2024, the following changes occurred in the Board of the Company:

- Mr. Mohan M. Nambiar, Non-Executive Non-Independent Director, retiring by rotation, though eligible, did not offer himself for re-appointment as Director as due to his age, he had chosen to gradually reduce his engagements.
- Mr. Nitin G. Kulkarni was appointed as Director of the Company and as the Managing Director of the Company for 5 (five) consecutive years commencing from June 24, 2024 and ending on June 23, 2029.
- Mr. Abhijit J. Joshi was appointed as an Independent Director of the Company, not liable to retire by rotation, for a term of 5 (five) consecutive years commencing from May 07, 2024 and ending on May 06, 2029.
- Mr. Sunil S. Lalbhai was appointed as Non-Executive Non-Independent Director of the Company, liable to retire by rotation.

The Company places on record its deep sense of appreciation for the invaluable services

rendered and guidance provided by Mr. Kapadia, Mr. Mankad, Mr. Engineer, Ms. Haribhakti and Mr. Nambiar during their tenure.

The Board recommends to the Members of the Company, the re-appointment of Mr. Vishad P. Mafatlal, Director of the Company, who retires by rotation at the forthcoming AGM and being eligible, has offered himself for re-appointment as a Director.

The Board of Directors of the Company at its Meeting held on May 09, 2025, re-appointed Mr. Ashok U. Sinha as an Independent Director of the Company for second term of 5 (five) consecutive years commencing from October 28, 2025 and ending on October 27, 2030 based on the recommendations of the Nomination and Remuneration Committee, subject to approval of the Members of the Company. The Board recommends to the Members of the Company, the re-appointment of Mr. Sinha as an Independent Director of the Company.

Brief profiles of Mr. Mafatlal and Mr. Sinha are provided in the Notice convening the 27th Annual General Meeting.

17. COMMITTEES OF THE BOARD

The Company has duly constituted the following statutory committees as per the provisions of the Act and SEBI Listing Regulations:

- Audit Committee
- Nomination and Remuneration Committee
- Stakeholders' Relationship Committee
- Risk Management Committee
- Corporate Social Responsibility Committee

The details of the composition, number of Meetings, terms of reference and other information of all the aforesaid committees are included in the Corporate Governance Report which forms part of this Report.

Audit Committee

The composition of the Audit Committee is as under:

Sr. No.	Names	Designation
1.	Mr. Sujal A. Shah	Chairman
2.	Mr. Sunil S. Lalbhai	Member
3.	Mr. Ashok U. Sinha	Member
4.	Mr. Atul K. Srivastava	Member

During the year, there were no instances when the recommendations of the Audit Committee were not accepted by the Board of Directors of the Company.

18. VIGIL MECHANISM / WHISTLE BLOWER POLICY

As per the requirements of the Act and SEBI Listing Regulations, the Company has a Whistle Blower Policy approved by the Board of Directors. The objectives of the policy are:

- a) To provide a Vigil Mechanism for Directors and employees of the Company and other persons dealing with the Company to report to the Audit Committee, their concerns relating to the Company, any instance of unethical behaviour, actual or suspected fraud or violation of the Company's Ethics Policy;
- b) To safeguard the confidentiality and interest of such employees / other persons dealing with the Company against victimization, who notice and report any unethical or improper practices; and
- c) To appropriately communicate the existence of such mechanism within the organization and to outsiders.

Whistle Blower Policy is available on the website of the Company at <https://www.nfil.in/investor/policies/Whistle%20Blower%20Policy.pdf>. The Company confirms that no personnel have been denied access to the Audit Committee pursuant to the whistle blower mechanism.

19. ANNUAL PERFORMANCE EVALUATION

Pursuant to the provisions of the Act and SEBI Listing Regulations, performance evaluation was carried out as under:

Board of Directors

In accordance with the criteria suggested by the Nomination and Remuneration Committee, the Board of Directors evaluated the performance of the Board, having regard to various criteria such as Board composition, Board processes and Board dynamics. The Independent Directors, at their separate Meeting, also evaluated the performance of the Board as a whole based on various criteria. The Board and the Independent Directors were of the unanimous view that performance of the Board of Directors as a whole was satisfactory.

Committees of the Board of Directors

The performance of the Audit Committee, the Corporate Social Responsibility Committee, the Nomination and Remuneration Committee, the Stakeholders' Relationship Committee and the Risk Management Committee was evaluated by the Board having regard to various criteria

such as committee composition, committee processes and committee dynamics. The Board was of the unanimous view that all the committees were performing their functions satisfactorily and according to the mandate prescribed by the Board under the regulatory requirements including the provisions of the Act read with the Rules made thereunder and SEBI Listing Regulations.

Individual Directors

(a) Independent Directors: In accordance with the criteria suggested by the Nomination and Remuneration Committee, the performance of each Independent Director was evaluated by the entire Board of Directors (excluding the Director being evaluated) on various parameters like qualification, experience, availability and attendance, integrity, commitment, governance, independence, communication, preparedness, participation and value addition. The Board appreciated the contribution made by all the Independent Directors in guiding the management and concluded that continuance of each Independent Director on the Board will be in the interest of the Company. The Board was also of the unanimous view that each Independent Director was a reputed professional and brought his/her rich experience to the deliberations of the Board.

(b) Non-Independent Directors: The performance of each of the Non-Independent Directors (including the Executive Chairman) was evaluated by the Independent Directors at their separate meeting. Further, their performance was also evaluated by the Board of Directors. Various criteria considered for the purpose of evaluation included qualification, experience, availability and attendance, integrity, commitment, governance, communication etc. The Independent Directors and the Board were of the unanimous view that all the Non-Independent Directors were providing good business and people leadership.

20. POLICY ON DIRECTORS' APPOINTMENT AND REMUNERATION

The Company has a policy on Appointment and Remuneration of Directors, Key Managerial Personnel and Other Employees as per Section 178(3) of the Act and Regulation 19 of SEBI Listing Regulations, which includes:

- Criteria for identification of persons for appointment as Directors and in senior management positions

- Criteria for determining qualifications, positive attributes, independence of a Director
- Board Diversity
- Remuneration to Non-Executive Directors, Key Managerial Personnel and Senior Management and remuneration to other employees

The Policy on Appointment and Remuneration of Directors, Key Managerial Personnel and Other Employees is available on the Company's website at <https://www.nfil.in/investor/policies/Policyardkmpe.pdf.pdf>.

21. INSURANCE

The properties, insurable assets of the Company such as Buildings, Plants and Machineries and inventories, among others, are adequately insured.

The Company has a Directors & Officer's Liability (D&O) Policy which covers the Directors and Officers for the liabilities, if any, arising out of their actions/decisions in the normal course of discharge of their duties for the Company.

22. EMPLOYEES' STOCK OPTION SCHEMES

The Company has two Employees' Stock Option Schemes viz. Employees' Stock Option Scheme 2007 and Employees' Stock Option Scheme 2017 ('ESOS 2017') which are in compliance with the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and there were no material changes therein. In this regard, a certificate from Parikh & Associates, the Secretarial Auditors of the Company, will be placed at the 27th Annual General Meeting for inspection by Members.

During the year, 50,000 Stock Options were granted to an eligible employee of the Company under ESOS 2017. The relevant details of the Employees' Stock Option Schemes as per SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 are specified in **'Annexure 6'** to this Report.

23. HUMAN RESOURCE

The total number of permanent employees of the Company as on March 31, 2025 was 988. The requisite details under Section 197(12) of the Act read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 form part of **'Annexure 7'** to this Report.

The requisite details relating to the remuneration of the specified employees under Rule 5(2) and 5(3) of

the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 form part of this Report. Further, this Report and Financial Statements are being sent to Members excluding the aforesaid annexure. In terms of Section 136 of the Act, the said annexure will be open for inspection by any Member. Interested Members may write to the Company Secretary.

24. PREVENTION OF WORKPLACE HARASSMENT

The Company has in place a gender neutral Anti-Sexual Harassment Policy which aims to provide an environment, which is free of discrimination, intimidation and abuse. The Company has complied with provisions relating to the constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. During the year, no complaints were received from employees in this regard.

25. INTERNAL FINANCIAL CONTROLS

The Company has in place adequate internal financial controls with reference to Financial Statements. It has laid down certain guidelines, policies, processes and strictures which are commensurate with the nature, size, complexity of operations and the business processes followed by the Company. These controls enable and ensure the systematic and efficient conduct of the Company's business, protection of assets, prevention and detection of frauds and errors and the accuracy and completeness of the accounting and financial records. The controls have been reviewed and found satisfactory on the following key control matrices:

- a. Entity level controls
- b. Financial controls
- c. Operational controls

The Company has a built-in review and control mechanism to ensure that such control systems are adequate and operating efficiently and these are persistently reviewed for effectiveness. The internal control system is maintained by qualified personnel and there is an internal audit review on a regular basis, to suggest adequacy and effectiveness of the system and to recommend improvements.

The Audit Committee of the Board of Directors approves the annual internal audit plan and periodically reviews the progress of audits as per approved audit plan along with critical internal audit findings presented by internal auditors and status of implementation of audit recommendations.

26. RISK MANAGEMENT POLICY

The Company has a structured risk management framework and policy that provides an all-inclusive approach to safeguard the organization from various risks, both operational and strategic, through adequate and timely actions. It is designed to anticipate, evaluate and mitigate risks that could materially impact the business objectives. The potential risks are inventorised and integrated with the management process such that they receive the necessary consideration during the decision making. Further details are provided in the Management Discussion and Analysis Report and Corporate Governance Report annexed to this Report.

27. ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

(₹ in crores)

Particulars	FY 2024-25	FY 2023-24
Total Foreign Exchange used	348.72	262.58
Total Foreign Exchange earned	631.74	646.06

The information on conservation of energy and technology absorption is disclosed in 'Annexure 8' to this Report pursuant to Section 134 of the Act read with the Companies (Accounts) Rules, 2014.

28. STATUTORY AUDITORS

At the 24th AGM held on July 27, 2022, the Members of the Company approved the re-appointment of Price Waterhouse Chartered Accountants LLP (Firm Registration No. 012754N/N500016) for a second term of 5 (five) consecutive years commencing from the conclusion of the 24th Annual General Meeting until the conclusion of 29th Annual General Meeting based on the recommendations of the Audit Committee and the Board.

29. STATUTORY AUDITOR'S REPORT

There is no qualification, reservation or adverse remark or disclaimer made by the Statutory Auditors in their report on the Standalone and Consolidated Financial Statements of the Company for the financial year ended March 31, 2025.

As required under Rule 11 of the Companies (Audit and Auditors) Rules, 2014, auditors' report has highlighted the fact that your Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and that

has been operating throughout the year for all relevant transactions, except when certain privileged access are used, the audit log at the application and database level does not capture the pre-modified values for the changes. Further, privileged access to the application and database continues to be restricted to a limited set of users who necessarily require the same for maintenance and administration.

Auditor's report also states that in respect of software used for processing payroll records, which is operated by a third-party software service provider, have the audit log feature enabled at application level and the same has been operating throughout the year. However, at the database level, the ISAE 3402 Type 2 report is not available and accordingly the auditors were unable to comment whether the audit trail feature at the database level was enabled and operated throughout the year. We would like to highlight that we are working with the payroll process service provider to ensure the availability of required reports and audit trails.

30. SECRETARIAL AUDITORS

The Board recommends to the Members of the Company, the appointment of Parikh & Associates, Practising Company Secretaries as Secretarial Auditors of the Company for a term of five consecutive years, from the financial year 2025-26 to financial year 2029-30 and remuneration to be paid to them.

31. SECRETARIAL AUDIT REPORT

Pursuant to Section 204(1) of the Act and Regulation 24A of SEBI Listing Regulations, the Secretarial Audit Report of the Company for the financial year ended March 31, 2025 issued by Parikh & Associates, Practising Company Secretaries, is annexed as '**Annexure 9**' to this Report. Further, the Secretarial Audit Report of Navin Fluorine Advanced Sciences Limited, a Material Wholly Owned Subsidiary, for the financial year ended March 31, 2025 issued by Parikh & Associates, Practising Company Secretaries, is annexed as '**Annexure 10**' to this Report. The aforesaid Reports do not contain any qualification, reservation or adverse remark or disclaimer.

32. COST RECORDS AND COST AUDITORS

Pursuant to Section 148 of the Act read with the Companies (Cost Records and Audit) Rules, 2014, maintenance of cost records is applicable to the Company and accordingly, such accounts and records are being maintained.

The Board of Directors, based on the recommendations of the Audit Committee, appointed B. Desai & Co., (Firm Registration No. 005431), Cost Accountants, as Cost Auditors to audit the cost accounts of the Company for the financial year 2024-25 on agreed remuneration of ₹5,50,000/-.

As required under the Act, necessary resolution seeking Members' ratification for the remuneration payable to B. Desai & Co. is placed at the 27th Annual General Meeting. The Cost Audit Report in respect of the financial year 2024-25 will be filed within the statutory timeline.

33. SECRETARIAL STANDARDS

The Company has complied with the Secretarial Standards on Meetings of the Board of Directors and General Meetings issued by the Institute of Company Secretaries of India and approved by the Central Government.

34. STATUTORY DISCLOSURES

- a) The Company has not accepted any deposit from the public pursuant to Section 73 of the Act and the Companies (Acceptance of Deposits) Rules, 2014;
- b) The Company has not issued equity shares with differential rights as to dividend, voting or otherwise;
- c) The Whole Time Director, Key Managerial Personnel and Managing Director of the Company have not received any remuneration or commission from any of the subsidiaries;
- d) No significant and material Orders have been passed by the regulators or courts or tribunals which impact the going concern status and the Company's operations in future;
- e) As there was no buyback of shares during the year, the Company has nothing to disclose with respect to buyback of shares;
- f) None of the Auditors of the Company have reported any fraud as specified under the second proviso of Section 143(12) of the Act;
- g) There were no revisions of financial statements and the Board's Report of the Company during the year under review;
- h) There were no material changes and commitments affecting the financial position of the Company that have occurred between the end of the financial year to which the financial statements relate and the date of this Report;

- i) There was no change in the nature of the Company's business;
- j) No application has been made under the Insolvency and Bankruptcy Code, 2016. Hence, the requirement to disclose the details of the application made or any proceeding pending under the said Code during the year along with their status as at the end of the financial year is not applicable;
- k) The requirement to disclose the details of the difference between the amount of the valuation done at the time of one-time settlement and the valuation done while taking a loan from the Banks or Financial Institutions along with the reasons thereof, is not applicable; and
- l) As permitted under the provisions of the Act, the Board does not propose to transfer any amount to general reserve.

35. APPRECIATION

The Board wishes to place on record its sincere appreciation for the dedicated services rendered by the

employees who have largely contributed to the efficient management of the Company. The Board also places on record its appreciation for the persistent support from the shareholders, customers, suppliers, dealers, distributors, Governments, bankers, lenders and other stakeholders.

By order of the Board of Directors
For **NAVIN FLUORINE INTERNATIONAL LIMITED**

Annexure 1

Management Discussion and Analysis Report

GLOBAL ECONOMIC OVERVIEW

The global economy was stable in 2024 despite ongoing uncertainties, with an estimated growth of 3.3%, according to the International Monetary Fund (IMF). Risks such as prolonged synchronised monetary policy tightening, ongoing regional conflicts and potential financial market volatility affecting sovereign debt markets continued to challenge global growth. Amidst this, major trade policy sanctions and their impact on trade, especially multiple tariffs imposed by the US since February 2025, have created a lot of uncertainty, challenging the global economy's resilience in the latter part of the fiscal year.

Food prices largely stabilised, yet service price inflation remained high in many regions worldwide, leading some central banks to delay their policy-easing plans. As the year progressed, inflation was seen to rise in some cases, including

advanced, emerging and developing markets, with many countries even exceeding their inflation targets.

Though global trade volume as a share of world GDP was stable at the start of the year, the ripple effect of rising geopolitical tensions and widening domestic imbalances impacted trade in the latter months. This has impacted consumers, businesses and investment sentiments in most economies, with them adopting a more cautious approach. Hirings have also reduced and layoffs increased in labour markets.

The USA's economy grew at 2.8% in 2024, due to an increase in real wages and non-residential investment. The UK's economy showcased 1.1% GDP growth in 2024, supported by lower interest rates, boosting demand for goods and services. The European Union regions witnessed a 1% growth rate, driven by improved exports.

Regional GDP Growth (%)

Performance of Major Economies

Outlook

The global economy is characterised by a cautious outlook, with modest growth projected due to several years of compounding headwinds. Additionally, rapid escalation of trade sanctions and policy uncertainty is expected to significantly impact global growth in 2025, which is projected to slow down to 2.8% in 2025 and then rise to 3% in 2026, according to the WEO April 2025 outlook. Also, structural challenges, such as an ageing population, weak investments and low productivity growth, will continue to limit medium-term growth prospects. Ongoing geopolitical crisis and increased borrowing costs will add to the uncertainty, particularly for low-income and vulnerable countries.

However, global headline inflation is expected to decline to 4.3% and 3.6% in 2025 and 2026, respectively, offering some relief to households and businesses.

In 2025, the growth in USA's economy is expected to decline to 1.8% owing to policy uncertainty, rising trade tensions, lower demand and reduced consumer spending, while Euro regions are expected to grow at a modest 0.8%. China's economy is expected to report GDP growth of 4%, impacted by prolonged trade uncertainty. In contrast, India is projected to grow at a relatively stable rate of 6.2% in 2025, driven by private consumption and favourable government policies. The magnitude of new tariffs over the medium term could vary across countries. While directly affected nations like USA and China could face setbacks, others could leverage this opportunity to their advantage to strengthen their trade networks and global value chains.

(Source: IMF World Economic Outlook, United Nations Press Release)

INDIAN ECONOMIC OVERVIEW

Amidst global challenges, the Indian economy maintained resilience and stability in FY 2024-25. India continued to be the world's fastest growing major economy in 2024 and is on track to become the third-largest global economy by 2027, behind USA and China.

As per the Second Advance Estimates of GDP 2024-25, India's real GDP is estimated to grow steadily at 6.5% in FY 2024-25. Though this growth is lower compared to the 8.2% growth in FY 2023-24, a sequential uptick in demand, private and government spending and robust growth across services and agricultural sectors have helped maintain the economic pace.

Despite challenges, manufacturing exports in premium segments like electronics and semiconductors remained strong, highlighting India's expanding role in global value chains. Furthermore, the manufacturing sector is projected to reach US\$ 1 trillion by 2025-26, bolstered by

increased investments and favourable policy reforms like the National Manufacturing Policy and Production Linked Incentive (PLI) scheme.

Rural consumption continued to be robust, with the growth in the agriculture and allied sectors anticipated at 3.8% growth in FY 2024-25, up from 1.4% in FY 2023-24. Supported by sustained expansion and increased digitalisation, strong growth is expected across the construction and financial sectors, real estate and professional services sectors in FY 2024-25, with growth rates of 8.6% and 7.3%, respectively. Private Final Consumption Expenditure (PFCE) at constant prices is also expected to grow at 7.3% in FY 2024-25, compared to 4.0% growth in FY 2023-24.

India's annual inflation declined to 3.34% in March 2025, the lowest since 2018-19, driven by a sustained decline in the price of food and beverages. Furthermore, the reduction in repo rate by 25 bps by the RBI is further expected to boost borrowing, spending and growth. The Indian economy retained a steady growth momentum in FY 2024-25, led by rural consumption, increased government expenditures, investments and strong services exports.

Outlook

As per the WEO, April 2025, India is anticipated to remain the fastest growing large economy in 2025 and 2026 despite global challenges, reinforcing India's growing dominance in the global ecosystem. HSBC Global Research report further projects India's economy to double from US\$ 3.4 trillion in 2022 to US\$ 7.5 trillion by 2032. With a focus on innovation and sustainable development, India's prospects for FY 2025-26 look strong, underpinned by robust macroeconomic fundamentals and increased private investments despite geopolitical challenges. Key sectors such as electronics, infrastructure, technology, healthcare and clean energy are driving growth. The government's push for infrastructure development through key reforms such as Make in India and Digital India is unlocking investment opportunities, particularly in Manufacturing, Information Technology and Renewable Energy. With multiple growth drivers in place to boost the nation's productivity and economic growth, India is solidifying its position as a global economic force.

Union Budget 2025-26 Key Measures

Aligned with the Viksit Bharat vision, the Union Budget 2025-26 integrates policy, infrastructure and capital to propel India's rise as a high value industrial production powerhouse. Focussed on boosting domestic manufacturing, innovation and India's competitive edge, the budget introduced several measures to strengthen the nation's agility, resilience and economic momentum. Key policies include:

- National Manufacturing Mission, a structured framework, was launched to strengthen India's role in a new industrial environment. The initiative aims to boost manufacturing competencies through streamlined processes, technology infusion for next-generation industries, empower MSMEs with increased credit access and build a future-ready workforce.
- The government has allocated ₹ 1,61,965 crores (US\$ 18.7 billion) to the Ministry of Chemicals and Fertilisers, significantly boosting chemical and agricultural sector developments.
- Production Linked Incentive (PLI) schemes worth ₹ 1,629 crores (US\$ 213.81 million) launched to promote bulk drug parks.
- Proposed PLI scheme for the chemical sector, strengthening domestic manufacturing and exports.
- The government is promoting domestic manufacturing of clean energy technologies, including motors and controllers, electrolyzers, wind turbines, and high-voltage transmission equipment, aligning with India's vision of reducing import dependency and boosting local production of green energy.

GLOBAL FLUOROchemicals MARKET

The global fluorochemicals market was valued at US\$ 25.3 billion in 2024 and is anticipated to reach a 4.08% CAGR between 2025-33, reaching US\$ 36.0 billion by 2033, backed by steady growth, advancements and increasing demand of fluorochemicals across various sectors, including semiconductors and electronics.

Fluorochemicals are chemical compounds containing fluorine, offering effective repellence against both aqueous and oil-based substances. They are essential in manufacturing high-performance materials like refrigerants, coatings and polymers and are widely used across electronics, petrochemical, agrochemical, construction, personal care, and pharmaceutical industries worldwide.

The global fluorochemicals market is segregated by type into fluorocarbons, fluoroelastomers, inorganics and others, with fluorocarbons holding the largest revenue market share of ~65%. By application, the market is divided into surfactants,

propellants, aluminium production, refrigerants, automobiles, agrochemicals, and others, with refrigerants currently leading the market.

Key global markets for fluorochemicals include North America, Europe, Asia Pacific, Latin America, and the Middle East and Africa. Asia Pacific region leads the global fluorochemicals market, with 44% of global market share, with India driving demand for fluorochemicals due to rapid industrialisation and infrastructural development.

Key Growth Drivers

Growth of global fluorochemicals is being fuelled by key levers including rising demand for refrigeration, increased usage in the electronics and semiconductor industries, technological enhancements and supportive government measures.

Fluorochemicals are critical for manufacturing processes involving refrigerants, aluminium production and specialised industrial applications which require resistance against harsh physical and chemical environments. The segment is set for rapid growth with advances in fluorochemical-based consumer goods and rising demand for refrigeration in cooling systems, particularly in the Food and Beverage (F&B) industry for convenient food storage.

Refrigerants enable efficient heat transfer by shifting between liquid and gas states. In 2024, the global demand for refrigerant gases market reached 4,100 KT (by volume) and was worth ~ US\$ 26 billion. The market is expected to reach ~ US\$ 35 billion by 2029. Asia accounted for the largest market share at 45%, with India representing ~ 3-4% of the share. This growth was largely driven by increasing demand for heating, ventilation, and air conditioning (HVAC) technology systems across sectors due to higher urbanisation, industrialisation expansion of global cold chain and changing climate conditions. Additionally, the growth of the pharmaceutical segment in developing countries such as India and Brazil is expected to drive the potential growth of the industry in the coming years.

Global Refrigerant Gas Market by Geography, 2024

By Volume (2024) - 4,100 KT

(Source: Frost & Sullivan)

The global refrigerant gas market is segmented into fluorocarbon and non-fluorocarbon type refrigerant gas (by type). In 2024, the demand for fluorocarbon-based refrigerant gases stood at 1,275 KT (by volume), valued at ~ US\$ 7.7 billion, while non-fluorocarbon refrigerant gases accounted for 2,825 KT (by volume), valued at ~US\$ 18 billion.

Increased investments in the construction industry alongside technological innovations and sustainability advancements in the sector, particularly in the Asia Pacific and Middle East regions, are also propelling the growth of the fluorochemicals segment.

Fluorochemicals are also essential for manufacturing advanced electronic devices. The increasing demand for plasma etching in semiconductors and light bulbs to improve their chemical and physical properties and greater usage in producing flat display panels and plastics have augmented the demand for fluorochemicals globally. The rising use of fluorochemicals in industrial coatings and surface treatments and advancements in chemical synthesis techniques have also fuelled innovation in the sector.

The rapid growth of the automotive and aerospace industries, which require durable and resistant proof materials, has further bolstered demand for fluorochemicals. The automotive fluoropolymers market has been experiencing significant growth, with fluoropolymers gaining prominence due to their unique properties, making them ideal for use across diverse automotive applications.

Furthermore, the growing emphasis on environmental sustainability and stringent regulatory norms is steering innovation towards safer and environmentally friendly solutions. This focus has enhanced the reliability of fluorochemicals in the automotive and electronic sectors, offering improved material durability and more energy efficiency.

The growth of the healthcare and pharmaceutical sectors has significantly increased the demand for fluorochemicals in drug synthesis and medical devices. With applications in anaesthetics, antidepressants, antifungals, antibiotics and antacids, among others, the demand for fluorochemicals is expected to rise. Additionally, increased investments in research and development focussed on next-generation fluorochemical solutions alongside key partnerships between industry players and research institutions are improving the segment's capabilities and competitive edge.

As global industries strive to reduce carbon footprints, the demand for eco-friendly and low-global-warming-potential (GWP) fluorochemicals is rising. Emerging sectors like electric vehicles (EVs), fuel cells and the coating of printed circuit

boards are increasingly using fluorochemicals such as lithium iron phosphate (LFP) and polyvinylidene fluoride (PVDF) across EV batteries, hydrogen fuel cells and semiconductors, respectively. The global sales of electric vehicles (EVs), estimated at 17 million in 2024 is expected to grow significantly with every other car sold in 2035 expected to be electric – this is further expected to increase the need for fluorochemicals.

Changing regulations, such as the Kigali Amendment to the Montreal Protocol, call for new product innovations and strategic collaborations to meet evolving environmental and consumer demands in the global fluorochemicals market. From 2025, the EPA's Technology Transitions Programme will implement sector specific restrictions on the use of climate-damaging hydrofluorocarbons (HFCs). Technological innovations, such as their application in waterproof clothing, also provide ample opportunity for advancements in fluorinated materials and market diversification alongside strategic growth.

INDIAN SPECIALTY CHEMICALS INDUSTRY

The global specialty chemicals sector reached US\$ 937 billion in 2024 and is anticipated to achieve ~ 5.6% growth over the next five years to reach US\$ 1,219 billion. The Indian specialty chemical segment has shown a steady growth trajectory in recent years and was valued at US\$ 89 billion in CY 2024.

Indian Specialty Chemicals Market by Industry and Applications, CY2024E, Value (US\$ 89 Billion)

Others include Sealants and Adhesives, Polymer Additives etc.

(Source: Frost & Sullivan)

FY 2024-25 was a challenging year for the global specialty chemicals segment, impacted by macroeconomic issues including destocking, a slowdown in demand, and subdued pricing trends. Despite such headwinds, India's specialty chemicals sector continued to be one of the fastest-growing segments globally. The specialty chemicals sector, accounting for ~40% of the domestic chemical market share, is expected to have a CAGR growth of 10-11% between 2024 and 2029, backed by robust drivers.

The sector's growth was driven by robust process engineering, cost-efficient manufacturing and a skilled workforce. With a focus on sustainability, technology and innovation, India's specialty segment strives to develop new, high-performance chemicals to meet evolving needs across industries. The shift to produce cleaner alternatives like fluorine, especially in pharmaceuticals, automobile and personal care segments, is driving further growth in the segment.

As global chemical companies increasingly adopt the "China+1" strategy to diversify their procurement sources, India is emerging as an attractive global manufacturing hub. Rising demand for specialty chemicals both locally and internationally, particularly from end-user industries like food processing, personal care, pharmaceuticals, and construction, is prompting India's specialty chemicals companies to expand their capacities. Additionally, favourable government initiatives such as 'Make in India' will further boost India's position as a preferred manufacturing hub for the chemical sector over the medium term. Furthermore, the ongoing trade war between the USA and China has also reduced China's exports to the USA, creating new export avenues for other Asian countries, with India emerging as a major sourcing destination.

Government Measures

The Indian government's support through initiatives like Make in India, Production-linked Incentive (PLI) schemes and Petroleum, Chemicals and Petrochemicals Investment Region (PCPIR) projects has enhanced the sector's competitiveness. The Bharuch PCPIR, with an investment of ₹ 1 lakh crores (~US\$ 12 billion) and Paradip PCPIR, securing ₹ 73,518 crores (US\$ 8.84 billion) worth of investments, are expected to generate around 32,000 and 40,000 jobs, respectively. Additionally, the approval of the PLI plan for the National Programme on Advanced Chemistry Cell Battery Storage will further boost the sector's growth by attracting investments, enhancing manufacturing and increasing exports. Streamlining of regulatory frameworks such as the National Chemical Policy and National Manufacturing Policy has simplified compliance, enhancing operational convenience while fostering a conducive business environment.

(Source: IBEF, Wright Research, BCC Research, Frost & Sullivan)

INDIAN FLUOROchemical INDUSTRY

The Indian fluorochemicals industry is anticipated to grow at a CAGR of 10.24% from 2024 to 2029, driven by ongoing industrial expansion, the 'Make in India' initiative, and rising demand across sectors such as electronics, healthcare, and manufacturing.

Fluorochemicals' high chemical resistance, high-temperature stability, and electrical insulation properties make them indispensable for use in various applications. Fluoropolymers held the largest domestic fluorochemicals market share in 2024, with growing demand across electronics, automotive, and healthcare. The Indian fluoropolymers market was valued at US\$ 425.12 million in 2024 and is projected to grow at a 7.46% CAGR between 2025 and 2033, reaching US\$ 799.28 million by 2033.

The Indian refrigerant gas segment recorded ~ 170 KT volume growth and was valued at ~US\$ 730 million in 2024. It is forecasted to grow at a CAGR of 9.5% by value, with a demand volume of ~270 KT during the forecast period 2024- 2029. Urbanisation, a rising middle class and expansion of the cold chain market are key factors that fuelled the refrigerant gas market's growth in India. Meanwhile, the government's plans to establish mega food parks, increased pharmaceutical demand and shift to adopting lower GWP refrigerant gases such as R-32 and R-290 are expected to accelerate this growth momentum.

Indian Refrigerant Gas Market, 2018, 2024, 2029F, KT

(Source: Frost & Sullivan)

Fluorocarbon usage in refrigeration continues to dominate the Indian market, accounting for 68% of demand in 2024. The market demand stood at 116 KT (by volume) and was valued at ~US\$ 495 million in 2024 and is projected to grow at a CAGR of 3.8% during 2024-29, reaching a demand volume of 140 KT.

Further, HCFC 22 dominated the fluorocarbon market share in India, with a demand volume of 78 KT, of which 65 KT was used for non-emissive production of fluoropolymers, among others. Meanwhile, the demand for HFC32 is also rising, making it among the top fluorocarbons used in India.

Furthermore, India's hot and humid climate has increased the demand for fridges and air conditioners (ACs) that use hydrofluorocarbons (HFCs). With around 12-12.5 million AC units expected to be sold in India in FY 2024-25, the demand for refrigerants is set to rise.

India Fluorocarbon Refrigerant Market by Product Type, 2024, KT

By Volume (2024) - 116 KT

Source: Frost & Sullivan

The increasing demand for fluorochemicals has led to strategic partnerships between foreign companies and domestic manufacturers to strengthen their presence in the Indian market while leveraging the latest technology and expertise. Rapid industrialisation in India and economic diversification across various industries, including chemicals, electronics, automotive and pharmaceuticals, are creating a favourable growth environment for the segment. The establishment of new domestic chemical manufacturing companies has also helped meet the increased demand for innovative and high performance fluorochemicals in India. Growing environmental concerns and focus on mitigating the adverse climate impact of refrigerants are enhancing the demand for low-GWP refrigerants in India.

India's booming construction industry, growing demand for Heating, Ventilation and Air Conditioning (HVAC) and proactive government policies encouraging foreign investment in key domestic sectors are expected to further boost the demand for fluorochemicals.

INDIAN INORGANIC FLUORIDE INDUSTRY

Volume - KT

(Source: Frost & Sullivan)

The Indian inorganic fluorides market is partially consolidated in nature, with nearly 80% market share held by prominent Indian chemical players. In 2024, the market was valued at 0.2 MMT in 2024 (by volume) and ~US\$ 0.3 billion by value. The market is expected to grow at 9.1% CAGR over the forecast period of 2024-2029 to reach 0.32 MMT in demand volume by 2029. Demand from agrochemical and pharmaceutical industries for fluorine-based compounds such as fluorocarbon and fluorospecialty compounds, largely led the growth of the inorganic fluorides market in India. The Asia Pacific region led the inorganic fluorides market share at 62% in 2024. The increased demand for inorganic fluorides in the region is primarily due to a rise in chemical production, expanding electronics and automotive sectors and increased use of fluorine chemicals in diverse applications, including metal extraction and metallurgical processes.

INDIAN FLUOROSPECIALTY INDUSTRY

Fluorospecialty market in India by end use 2024

Others include Sealants and Adhesives, Polymer Additives etc.

(Source: Frost & Sullivan)

In recent years, fluorine-based Intermediates have witnessed the highest growth and are forecasted to grow at ~12.1% till 2029. The ongoing geopolitical tensions and rising customer considerations for China+1 and Europe+1 strategic focus have aided the segment's growth worldwide, including in India. Another key driver for the sector's growth is India's increasing domestic manufacturing of active pharmaceutical ingredients (APIs) and other fluorine-based intermediates, which were previously imported from China. The segment's high growth potential is further bolstered by leading multinational companies setting up their formulation facilities in India. Favourable government initiatives also continue to play a key role. Initiatives such as the Scheme for Promotion of bulk drugs and the Production-Linked Incentives (PLI) scheme to boost API manufacturing are expected to accelerate growth in the pharmaceutical segment, further driving the domestic fluorospecialty segment.

(Source: Frost & Sullivan)

INDIAN CRAMS INDUSTRY

India CRAMS market – 2018, 2024 and 2029F, value (US\$ Mn)

(Source: Frost & Sullivan Research)

In recent years, the contract research and manufacturing services (CRAMS) market in India has witnessed robust growth backed by a diverse product mix of high-end research services, biologics and complex technology services, all competitively priced. India leads in FDA approved manufacturing sites outside the USA. It is also the leading player in bulk drug production, especially generics and biosimilars. In CY 2024, the CRAMS market in India stood at US\$ 16.5 billion and is anticipated to grow at 12.4% CAGR to reach US\$ 29.6 billion in CY 2029. India has emerged as a preferred destination for outsourcing research and manufacturing activities, driven by its low cost innovations, robust manufacturing capabilities, skilled manpower and cutting-edge R&D competencies. Additionally, the government's support for driving export growth and R&D with various tax benefits have also led to India's rise in the global CRAMS landscape.

ELECTRONICS INDUSTRY

The government's push for domestic electronics manufacturing through key initiatives like Digital India aims to boost manufacturing and exports across the electronics system design and manufacturing (ESDM) value chain. The National Policy on Electronics (NPE) 2019 targets a US\$ 400 billion turnover and a 32% growth rate by 2025 from domestic manufacturing, alongside creating over 10 million direct or indirect jobs. The electronic segment heavily depends on high-performance fluorochemicals for use in various applications, including the manufacture of wires, cable insulation and semiconductors. Fluoropolymers are also in high demand for their electrical insulation properties, high dielectric strength and resistance to extreme temperatures. India's growing electronics sector and favourable government policies have contributed significantly to increased demand for fluorochemicals, presenting India as an attractive manufacturing hub for global firms.

(Source: India Electronics, Market Brew, MarkNTel)

PHARMACEUTICAL INDUSTRY

Rapidly growing, the Indian pharmaceutical industry is estimated to reach 130 billion by 2030, indicating 10.7% CAGR growth in the forecast period of 2024-2030, with a focus on quality, innovation and affordability. This expansion has generated a huge demand for fluorination technologies, as fluorochemicals enhance the efficacy and bioavailability of drugs. India is amongst the largest producers of Active Pharmaceutical Ingredients (API) globally, accounting for 8% share of the Global API Industry, boosting the demand for fluorochemicals. India manufactures around 500+ types of APIs, contributing 57% of APIs on the WHO's prequalified list. Furthermore, the expanding Indian healthcare sector with new drug manufacturing facilities alongside rising chronic diseases has increased the demand for fluorinated pharmaceuticals to develop advanced medical devices, catalyse new diagnostic pathways and disease management.

(Source: IBEF, Market Brew, MarkNTel)

AGROCHEMICALS INDUSTRY

With a 9% CAGR, India's agrochemical industry is projected to reach US\$ 14.5 billion by 2028, with exports accounting for 51-55% of the market size, highlighting its global competitiveness. Robust R&D investments, capacity expansion, technological advancements and ongoing government initiatives will propel the growth. A strategic shift towards biofertilisers, biostimulants and organic alternatives is fuelling the demand for specialty chemicals. As the demand for sustainable and eco-friendly pesticide products increases, Indian agrochemical CDMO companies are diversifying, innovating and expanding capacities to reduce reliance on imports. Furthermore, the government's thrust on backward integration to reduce the dependency on Chinese imports has led Indian companies to invest in the production of off-patent molecules, increasing supply chain resilience and boosting fluorochemical demand.

(Source: Rubix Insights, Agro Pages, Bloomberg)

AUTOMOBILE INDUSTRY

The Indian automobile industry is the fourth-largest in the world by production. India's automobile sector is expanding significantly, recording an 11.6% YoY increase in sales in December 2024, reaching an all-time high of 2.5 crore units, positioning India as the third-largest global car market. Economic stability, positive consumer sentiment and favourable government measures have driven the growth. Refrigerants find wide usage in the automobile sector and the growing demand for Electric Vehicles is further expected to increase the demand for refrigerant gases. Further, with the growing focus on electric vehicles to reduce emissions, demand for fluorochemicals such as lubricants, sealants, and coatings has increased. Additionally, India is set to become the largest EV market by 2030, investing over US\$ 200 billion over the next 8-10 years, further driving growth in the fluorochemical segment.

OPPORTUNITIES AND THREATS

Opportunities	
Increased industrial activities	The Indian industrial sector is rapidly growing driven by factors such as evolving consumer preferences, increased investments across sectors, digitalisation, mergers and acquisitions and Industry 4.0 advancements alongside government initiatives such as Make in India and PLI schemes. This development is boosting demand for fluorochemicals across industry sectors, including chemicals, electronics, automotive, healthcare and pharmaceuticals. The industrialisation trend is also gaining momentum in emerging economies such as Asia-Pacific, Latin America and Africa, further driving export demand for specialty chemicals.
Competitive Edge	Growing infrastructure development, low-cost skilled labour, modern process engineering, increased R&D infrastructure, robust intellectual property protection and supportive government measures provide India with a competitive advantage over other emerging economies. These factors have fostered innovations and collaborations with key global players across end-user sectors, bolstering demand for fluorospecialty chemicals.
China+1 Strategy	To address manufacturing and supply chain challenges, global players are adopting the China+1 strategy to source from alternative destinations. India's strategic location, favourable demographics and cost advantages make it an attractive global manufacturing hub and supply chain partner, creating immense opportunities for diverse sectors, including fluorochemicals.
Pharma and Healthcare Innovation	The rise in chronic illnesses and technological advances has led to increased focus on the development of innovative and complex drug molecules in the pharmaceutical and healthcare sectors. This growing need for high performance solutions is driving the demand for advanced fluorination technologies.
Focus on Sustainability	Environmental concerns have increased demand for environmentally friendly alternatives, such as the transition to low-GWP refrigerants in India. This shift has also fuelled the growth of emerging sectors like renewable energy equipment and EVs. The need for fluorochemicals in these industries has increased in recent years.

Threats	
High production/development costs	Fluorochemicals utilise complex synthesis processes and specialised raw materials, increasing the cost of production. Manufacturing fluorochemicals could thus pose a challenge in the price sensitive Indian market. Developing low global warming alternatives also requires huge R&D investments, making them expensive, which could impact small industry players.
Shortage of raw materials and price volatility	The fluorochemical industry, including fluoropolymers, relies heavily on imported raw materials, increasing procurement costs. Additionally, ongoing geopolitical tensions and volatile markets have disrupted supply chains, leading to a shortage of raw materials. Industries such as pharmaceuticals, textiles and electronics, which widely consume solvents for manufacturing, are impacted due to such shortages. Volatility in oil prices also impacts raw material costs, impacting the production of fluorochemicals.
High Competition	The Indian fluorochemicals market is highly competitive. The industry is transitioning to modern manufacturing and advanced technology to improve production efficiency and product quality, making it difficult for small manufacturers to sustain costs and competition. Additionally, emerging low-cost manufacturing destinations like Vietnam and the resurgence of China's manufacturing post Covid could impact India's fluorochemical industry, especially in terms of cost efficiency and production scale.
Strict regulations	Stringent environmental frameworks and rising consumer awareness are driving transformation in the fluorochemical segment worldwide. High GWP substances like Hydrofluorocarbons (HFCs) and Perfluorocarbons (PFCs) are expected to be slowly phased out under the Montreal Protocol and the Kigali Amendment to the Montreal Protocol. As per the Kigali Amendment, India needs to reduce HFC emissions by 85% from its 2024-2026 levels by 2047. In this context, India is strategically working phasing out HFCs by adhering to best global practices and strengthening regulatory frameworks through collaboration with international partners such as Norway. This transition is expected to open significant opportunities for the refrigeration and air conditioning industries, prompting companies to focus heavily on R&D to develop innovative and sustainable alternatives. Additionally, concerns about the health risks and persistence of Per- and Polyfluoroalkyl Substances (PFAS) have led to increased regulatory scrutiny, creating both reputational and operational challenges for Indian manufacturers.
Ongoing Trade War	The escalating trade war between USA and China could pose significant challenges for the global fluorochemicals sector. Trade restrictions could lead to global supply chain disruptions, impacting raw materials prices and availability and increasing logistics costs, dampening overall trade activities. In April 2025, USA imposed a 10% baseline tariff on all imports, with additional country-specific reciprocal tariffs, including India at 26%. This sanction could raise the cost of exports to US, including for chemicals, potentially impacting short-term demand for specialty chemicals and intermediates.

COMPANY OVERVIEW

Navin Fluorine International Limited (“NFIL” or “the Company”), a flagship of the esteemed Padmanabh Mafatlal Group, is one of India’s largest and most respected manufacturers of specialty fluorochemicals. With over five decades of experience in fluorine chemistry and deep expertise in specialty fluorochemicals, the Company has become a preferred source and trusted partner for diverse fluorochemicals globally.

The Company is the first to manufacture refrigerant gases in India and is the first and only producer of hydrofluoroolefins (HFO) in India. It is also one of the largest manufacturers of BF₃ globally. Navin Fluorine operates one of India’s largest integrated fluorochemical complexes, with strategically located manufacturing facilities at Surat and Dahej in Gujarat, India Dewas in Madhya Pradesh, India and Manchester in UK. It operates a DSIR-approved research and development centre, Navin Research Innovation Centre (NRIC) in Surat and an R&D centre of Navin Molecular (CDMO division of NFIL) at Dewas.

Operates one of India’s largest integrated fluorochemical complexes

First Indian company to manufacture refrigerant gases in India

First and only producer of hydrofluoroolefins (HFO) in India

Leading provider of advanced CDMO services fluorination segment

One of the largest BF₃ manufacturers globally

Responsible Care certification

The Company operates three business verticals, namely, HPP, Specialty chemicals and CDMO, manufacturing over 70 products. These include refrigeration gases sold under the ‘MAFRON’ brand, inorganic fluorides, specialty fluorides and CDMO. The Company launched the brand ‘Navin Molecular’ for the CDMO business in FY 2023-24, extending its expertise and services beyond fluorination.

Navin Fluorine’s widespread presence encompasses both domestic and international markets. Key regions include North America, Europe, the Middle East and Asia Pacific, with exports accounting for 56% of total revenue generated in FY 2024-25.

The Company has secured long-term contracts for supplying intermediates in the pharmaceutical and agrochemical industries. The Company has also forged strategic multi year partnerships with key global players to capitalise on growing market opportunities and diversify revenue streams.

Prioritising sustainability and environmental stewardship, the Company has undertaken significant capital investments, including investments in multipurpose plants (MPPs) with a strategic focus on 3Ps – Product, Platform and Partnerships (long-term) to drive sustainable progress and deliver lasting value to all stakeholders.

Financial Performance

Revenue Mix

Business Verticals	FY 2024-25			FY 2023-24		
	Revenue (₹ crores)	Domestic	Export	Revenue (₹ crores)	Domestic	Export

Consolidated P&L Statement Analysis

Revenue

The Company's consolidated revenue for FY 2024-25 stood at ₹ 2,349 crores as against ₹ 2,065 crores in the preceding year, indicating a growth of 14%. However, the Company's Other income decreased by 22%, reducing from ₹ 56 crores last year to ₹ 44 crores in FY 2024-25.

Expenses

Total consolidated expenses of the Company increased by 10%, from ₹ 1,837 crores in FY 2023-24 to ₹ 2,013 crores in FY 2024-25. Raw material costs, accounting for a 44% share of the Company's revenues, increased by 11% from ₹ 935 crores in FY 2023-24 to ₹ 1,039 crores in FY 2024-25 due to the expansion of the Company's operational scale. Employee expenses, constituting 13% share of the Company's revenues, surged 4% from ₹ 286 crores in the previous year to ₹ 297 crores in FY 2024-25.

Balance Sheet Analysis

Sources of Funds

The consolidated capital employed by the Company increased by 9%, reaching ₹ 4,146 crores as of March 31, 2025, compared to ₹ 3,788 crores as of March 31, 2024, driven by the Company's strong performance. Consolidated return on capital employed, a measurement of returns derived from every rupee invested in the business was at 11%. The Company's consolidated net worth increased by 10%, climbing from ₹ 2,383 crores as of March 31, 2024, to ₹ 2,626 crores as of March 31, 2025.

Margins

Consolidated revenue increased by 14% in FY 2024-25. The EBITDA margin (before exceptional items) of the Company increased by 343 bps to 34.01% in FY 2024-25, while PBT (before exceptional items) increased by 330 bps mainly due to improved capacity utilisation, improved realisations through optimising product mix, disciplined cost management, execution and stabilisation of new capacities.

Key Ratios

Particulars	Consolidated		Standalone	
	FY 2024-25	FY 2023-24	FY 2024-25	FY 2023-24
EBITDA/Turnover (%) (before exceptional items)	24	21	23	21
Return on net worth (%)	11	11	10	11
Book value/share (₹)	530	481	504	464
Earnings per share (₹)	58.20	54.57	48.79	47.44
Debtors turnover (days)	90	91	96	82
Inventory turnover (days) [#]	50	66	37	55
Current ratio	1.74	1.81	2.95	3.68
Operating profit margin (%) [*]	14	11	16	12
Net Debt-Equity	0.37	0.37	Negative	Negative
Interest Coverage Ratio ^{\$}	5.88	4.80	101.72	49.44
Net profit margin (%)	12	13	14	16

Changes as compared to previous year are due to:

[#] Reduction in inventory days reflect disciplined sourcing

^{*} Improved capacity utilisation, improved realisations through optimising product mix, disciplined cost management, execution and stabilisation of new capacities.

^{\$} Improvement in operating performance

Application of Funds

The Company's consolidated fixed assets (gross) increased by 49% from ₹ 1,988 crores as on March 31, 2024 to ₹ 2,959 crores as on March 31, 2025.

Investments

Consolidated total investments (non-current and current) other than investments in subsidiaries and joint venture of the Company decreased from ₹ 494 crores as on March 31, 2024 to ₹ 479 crores as on March 31, 2025. Consolidated cash and cash equivalents increased from ₹ 28 crores as on March 31, 2024 to ₹ 41 crores as on March 31, 2025 aided mainly by affirmative actions on optimising working capital levels.

Working Capital Management

Consolidated inventories, including raw materials, work-inprogress and finished goods, among others, decreased by 13% from ₹ 372 crores as on March 31, 2024 to ₹ 322 crores as on March 31, 2025. In FY 2024-25, the inventory turnover cycle was 50 days, as against 66 days in FY 2023-24. Trade receivables increased by 13%, increasing from ₹ 513 crores as of March 31, 2024, to ₹ 582 crores as of March 31, 2025. The debtor turnover cycle was 90 days in FY 2024-25, compared to 91 days in the preceding year. The receivables and inventories management continue to be actively managed and are in line with the scope and scale of operations.

RISK MANAGEMENT

The Company maintains a robust Risk Management Framework, crucial for achieving its objectives and business sustainability. It ensures timely and effective identification, assessment and mitigation of key business risks. Well-defined processes are backed by robust governance, proper delegation of authority, and comprehensive management information systems enhancing the framework's effectiveness. Additionally, it has strengthened corporate sustainability, making risk management a core element of corporate philosophy and strategic execution.

Risk Management Committee, Roles and Responsibilities

The Board of Directors establishes the Company's governance principles, including overall risk tolerance. Key functional committees, including the Risk Management Committee, Audit Committee, Stakeholders' Relationship Committee, Nomination and Remuneration Committee and Corporate Social Responsibility Committee, comprising Board Members, report their findings to the Board. To maintain robust governance, the Company keeps its risk management team members well informed about the risk strategy and processes. This ensures absolute transparency and effective day-to-day risk management.

Implementation of Risk Management Cycle

The Company implements a comprehensive risk management process across the organisation to effectively manage risks. This includes risk identification, measurement, analysis and assessment, alongside risk reporting, mitigation and review, ensuring efficient monitoring of key risks.

Risk Identification: The Company uses key systems and indicators (quantitative elements) to identify risks. Internal reporting protocols are also used to enable executives to report risks promptly post identification.

Risk Measurement: The Company continually strengthens risk management tools to align with evolving business scenarios, measuring risk at both organisational and departmental levels based on the department's insights.

Analysis and Assessment: Optimising financial performance is a key objective of the Company's risk management strategy. The Company's financial performance demonstrates the effectiveness of its risk management framework.

Risk Reporting: The Company raises awareness by regularly evaluating and reporting the competency of its risk management strategy to the Risk Management Committee and Board. This enables the development and implementation of appropriate counter-risk strategies.

HUMAN RESOURCES

Human Resource Management continues to play a pivotal role in Navin Fluorine's growth and operational excellence. The Company's comprehensive HR policies are designed to promote equality, transparency and a culture of mutual respect. This approach fosters a safe, collaborative, and performance-driven workplace where employees can align their personal goals with the Company's broader strategic vision.

To ensure smooth integration of new talent, HR has implemented a structured induction programme that enables new hires to understand and embrace the organisation's culture and expectations. This programme also focusses on employee engagement and retention, providing the necessary knowledge and resources to enhance individual and team performance.

Regular employee engagement and connect meetings are conducted across all sites, led by site leaders and Site HR heads. These sessions serve as open platforms for sharing the Company's vision and future strategies, addressing employee concerns, planning initiatives, and encouraging constructive feedback. They play a critical role in reinforcing a culture of open dialogue and continuous improvement.

To support employee growth and capability building, HR organised several Capability Building programmes throughout the year. These included mandatory safety and quality training in compliance with cGMP standards, functional and technical skill enhancement training, Emerging Leaders' Program (ELP) for 3 batches of Line Managers and statutory training sessions including POSH (Prevention of Sexual Harassment at Workplace). To develop future leaders and support succession planning for key roles, HR stepped up Behavioural and Functional Training through the Navin-Udemy Learning Platform, with employees with access to over 25,000 Training Programmes.

As of March 31, 2025, Navin Fluorine and its subsidiaries employed a total of 1,498 employees, reflecting the strength of its human capital and the Company's continued focus on talent development.

Internal Control Systems

The Company follows comprehensive guidelines, procedures and processes, ensuring compliance with relevant governance, laws, and regulations. The Company's major business processes are efficiently integrated and operated through SAP. During the year, Navin Fluorine initiated upgrading to SAP Hanna architecture with enhanced end-to-end integration and higher levels of digitalisation.

The Company's dynamic internal control systems are aligned with its operational size and complexities. These controls ensure a reasonable assurance regarding the accuracy of financial reporting, compliance with applicable laws and statutory requirements, protection and efficient use of assets and resources, and adherence to policies and procedures. The systems are regularly tested for effectiveness by the statutory and internal auditors.

An independent firm is appointed to conduct internal audits across the organisation. The Company has established a robust

internal audit framework, covering all financial and operational control aspects across its businesses, locations and functions. Internal auditors assess the adequacy, integrity and reliability of control systems, recommending improvements to enhance effectiveness. Controls are evaluated and scored based on control indices. The internal audit team conducts exhaustive reviews, with identified process improvements regularly communicated to the management. Key internal audit findings and subsequent actions are periodically reported to the Audit Committee, which monitors the implementation of audit recommendations.

Corporate Governance Report

1. THE COMPANY'S PHILOSOPHY ON GOVERNANCE

The Company firmly believes that Corporate Governance is not just about regulatory compliances. It is designed to ensure that the Company operates with long-term sustainability by prioritizing ethical practices and in a manner that respects the interests of all the stakeholders.

The Company not only adheres to the prescribed Corporate Governance practices as per the Companies Act, 2013 ('the Act') and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') but also endeavors to inculcate

undeterred commitment to Corporate Governance principles and practices in its day-to-day functioning

This Report is prepared in accordance with the relevant provisions of the SEBI Listing Regulations and contains the details of Corporate Governance compliances by the Company, as well as the spirit of these practices.

2. THE BOARD OF DIRECTORS ('the Board')

a) Composition of the Board and its Meetings

The Company has a highly engaged Board steering the Company's strategic transformation. Each Director on the Board of the Company is a reputed professional and brings rich experience to the deliberations of the Board.

The highlights of the Board structure of the Company are as under:

Categorywise Composition of the Board

The composition of the Board is in conformity with the provisions of the Act and SEBI Listing Regulations, as amended from time to time. Relevant details are as under:

Name of the Directors	Director's Identification No.	Category	No. of Board Meetings attended	Whether attended last AGM held on August 01, 2024	No. of equity shares of ₹2/- each held as on March 31, 2025
Mr. Vishad P. Mafatlal	00011350	Promoter Executive Chairman	8	Yes	5,36,349
Mr. Sunil S. Lalbhai	00045590	Non-Executive Non-Independent*	8	Yes	5,000
Mr. Atul K. Srivastava	00046776	Non-Executive Independent	8	Yes	16,000
Mr. Ashok U. Sinha	00070477	Non-Executive Independent	8	Yes	Nil
Mr. Sujal A. Shah	00058019	Non-Executive Independent	8	Yes	Nil
Ms. Apurva S. Purohit	00190097	Non-Executive Independent	7^	Yes	838
Mr. Sudhir R. Deo	01122338	Non-Executive Non-Independent	8	Yes	Nil
Mr. Abhijit J. Joshi (w.e.f. May 07, 2024)	07115673	Non-Executive Independent	7^	Yes	Nil
Mr. Nitin G. Kulkarni (w.e.f. June 24, 2024)	03042587	Professional Executive Managing Director	6*^	Yes	Nil

* Mr. Sunil S. Lalbhai ceased to be Independent Director of the Company upon completion of his second term of 5 (five) consecutive years on June 24, 2024. He was appointed as Non-Executive Non-Independent Director of the Company with effect from June 25, 2024.

^ Ms. Apurva S. Purohit and Mr. Abhijit J. Joshi could not attend 1 (one) Board Meeting each due to pre-occupation.

*^ Mr. Nitin G. Kulkarni attended all 6 Board Meetings held since his appointment with effect from June 24, 2024.

Mr. Pradip N. Kapadia (DIN: 00078673), Mr. Sudhir G. Mankad (DIN: 00086077) and Mr. Harish H. Engineer (DIN: 01843009) ceased to be Independent Directors of the Company upon completion of their second term of 5 (five) consecutive years on June 24, 2024. Further, Ms. Radhika Haribhakti (DIN: 02409519) ceased to be an Independent Director of the Company upon completion of her second term of 5 (five) consecutive years on July 29, 2024. Mr. Mohan M. Nambiar, Non-Executive Non-Independent Director, retiring by rotation, though eligible, did not offer himself for re-appointment as a Director at the 26th Annual General Meeting as due to his age he had chosen to gradually reduce his engagements. The Company places on record its appreciation for the invaluable services rendered and guidance provided by Mr. Kapadia, Mr. Mankad, Mr. Engineer, Ms. Haribhakti and Mr. Nambiar during their tenure.

Brief profile of all Directors of the Company is available at <https://www.nfil.in/investor/bod.html>.

During the financial year 2024-25, 8 (eight) meetings of the Board of Directors were held on May 07, 2024, June 03, 2024, June 29, 2024, July 30, 2024, October 23, 2024, December 10, 2024, January 30, 2025 and March 18, 2025. The Company has thus complied with the provisions of the Act and SEBI Listing Regulations with respect to the maximum time gap of 120 days between any 2 consecutive meetings. All the relevant information such as production, sales, exports, financial results, capital expenditure proposals and statutory dues, compliance reports including quarterly Corporate Governance Report among others are placed before the Board for its approval/information.

The Company has not issued any convertible instruments and hence the Directors are not holding convertible instruments.

b) The Directorships (along with Memberships / Chairpersonships of various committees) of the Directors of the Company as on March 31, 2025 are as below:

Name of the Directors	Directorships held #	No. of Committee Memberships/ Chairpersonships \$		Names of other listed companies where he/she is a director	
		Member®	Chairperson	Name of the company	Category of Directorship
Mr. Vishad P. Mafatlal	6	-	-	-	-
Mr. Sunil S. Lalbhai	8	4	1	Amal Limited	Chairman, Non-Executive and Non-Independent
				Atul Limited	Chairman and Managing Director
				The Bombay Dyeing and Manufacturing Company Limited	Non-Executive-Independent
				Britannia Industries Limited	Non-Executive-Independent
Mr. Atul K. Srivastava	3	4	2	Mafatlal Industries Limited	Non-Executive-Independent
Mr. Ashok U. Sinha	5	5	3	J.K. Cement Limited	Non-Executive-Independent
				The Tata Power Co. Limited	Non-Executive-Independent
				Tata Communications Limited	Non-Executive-Independent
Mr. Sujal A. Shah	11	9	4	Mafatlal Industries Limited	Non-Executive-Independent
				Deepak Fertilisers & Petrochemicals Corporation Limited	Non-Executive-Independent
				NOCIL Limited	Non-Executive-Independent
				Atul Limited	Non-Executive-Independent
				The Bombay Dyeing and Manufacturing Company Limited	Non-Executive-Independent
Ms. Apurva S. Purohit	7	4	1	L&T Technology Services Limited	Non-Executive-Independent

*Payable in financial year 2025-26.

Mr. Nitin G. Kulkarni was granted 50,000 Stock Options on October 23, 2024 at an exercise price of ₹3,221/- per option. These options shall vest in 2 equal tranches on October 31, 2025 and October 31, 2026. They are exercisable immediately on vesting and will expire on completion of 10 years from the date of grant.

The remuneration to the Executive Directors includes Provident Fund, Superannuation Fund, perquisites, allowances etc. and is in accordance with the Company's Policy on Appointment and Remuneration of Directors, Key Managerial Personnel and other Employees.

In addition to payment of sitting fees for attending various meetings, Non-Executive Directors are paid commission in accordance with the prevalent practice in the industry

and commensurate with their skills, expertise, experience and time devoted to the Company and also taking into account profits of the Company.

Apart from the above remuneration, there is no other material pecuniary relationship or transactions by the Company with the Directors.

In accordance with the provisions of Section 178(3) of the Act, policy on Appointment and Remuneration of Directors, Key Managerial Personnel and other Employees as recommended by the Nomination and Remuneration Committee and approved by the Board, which includes performance criteria for payment of remuneration, is available at <https://www.nfil.in/investor/policies/Policyardkmpe.pdf.pdf>

e) Service Contract, Severance fees and Notice Period of Executive Directors

The tenure of Mr. Vishad P. Mafatlal is 5 (five) years from the date of his re-appointment and that of Mr. Nitin G. Kulkarni is 5 (five) years from the date of his appointment. Notice Period is 6 months as per re-appointment letter of Mr. Vishad P. Mafatlal and 3 months as per appointment letter of Mr. Nitin G. Kulkarni. Other service contracts and severance fees, among others – None.

f) Familiarization Programme for Independent Directors

The Company has a detailed familiarization programme for Independent Directors to familiarize them with the Company, their roles, rights, responsibilities and duties in the Company, nature of the industry in which the Company operates, business model of the Company, etc.

The details of such programmes are available at https://nfil.in/investor/bod/IDs_Familiarization_Programme_Yearwise.pdf

g) Independent Directors' Meeting

Regulation 25 of the SEBI Listing Regulations and Schedule IV to the Act, inter alia, prescribe that the Independent Directors of the Company shall hold at least one meeting in a year, without the attendance of Non-Independent Directors and members of the Management.

A meeting of Independent Directors was held on March 18, 2025 which was attended by all Independent Directors. Mr. Sujal A. Shah was unanimously elected as the Chairman of the meeting of the Independent Directors. At the meeting, the Independent Directors reviewed the performance of the Non-Independent Directors (including the Chairman) and the Board as a whole and assessed the quality, quantity and timelines of flow of information between the Company, management and the Board that is necessary for the Board to effectively and reasonably perform its duties. The Independent Directors also interacted with the representatives of the statutory auditors and internal auditors at this Meeting.

h) Performance Evaluation Criteria for Independent Directors

Each Independent Directors' performance was evaluated as required by Schedule IV of the Act having regard to the following criteria of evaluation viz.: (i) qualification, (ii) experience, (iii) availability and attendance, (iv) integrity, (v) commitment, (vi) governance, (vii) independence, (viii) communication, (ix) preparedness, (x) participation and (xi) value addition.

In the opinion of the Board, all Independent Directors fulfill the independence criteria as specified in Regulation

16 of SEBI Listing Regulations and Section 149(6) of the Act read with the rules made thereunder; and are independent of the management of the Company.

3. AUDIT COMMITTEE

As required under Section 177 of the Act and Regulation 18 read with Part C(A) of Schedule II of SEBI Listing Regulations, the Company has an Audit Committee comprising of:

Sr. No.	Name	Designation
1.	Mr. Sujal A. Shah	Chairman
2.	Mr. Sunil S. Lalbhai	Member
3.	Mr. Ashok U. Sinha	Member
4.	Mr. Atul K. Srivastava	Member

Mr. Sujal A. Shah was appointed as Member of the Audit Committee w.e.f. May 07, 2024 and Chairman of the Audit Committee w.e.f. June 25, 2024. Mr. Sunil S. Lalbhai ceased to be Chairman of the Audit Committee w.e.f. June 25, 2024, however, he continues to be the Member of the Audit Committee. Further, Mr. Mohan M. Nambiar ceased to be a Member of the Audit Committee w.e.f. June 25, 2024. Mr. Pradip N. Kapadia and Ms. Radhika V. Haribhakti ceased to be Members of the Audit Committee w.e.f. June 25, 2024 and July 30, 2024 respectively, pursuant to completion of their 2nd term of 5 (five) consecutive years as Independent Directors of the Company.

The Company Secretary of the Company, Mr. Niraj B. Mankad, acts as the Secretary of the Audit Committee.

During the financial year 2024-25, 5 (five) meetings of the Committee were held on May 07, 2024, July 30, 2024, October 23, 2024, January 30, 2025 and March 18, 2025 with attendance by all the Members of the Committee.

Executive Chairman, Managing Director, Chief Financial Officer, Statutory Auditors, Internal Auditors and Cost Auditors are usually invited and attend the meetings of the Audit Committee.

The terms of reference of the Audit Committee are as mentioned in the Act and the SEBI Listing Regulations which include:

- 1) oversight of the Company's financial reporting process and the disclosure of its financial information to ensure that the financial statements are correct, sufficient and credible;
- 2) recommendation for appointment, remuneration and terms of appointment of auditors of the Company;
- 3) approval of payment to statutory auditors for any other services rendered by the statutory auditors;

- 4) reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the Board for approval, with particular reference to:
 - a) matters required to be included in the Director's responsibility statement to be included in the Board's report in terms of clause (c) of sub-section (3) of Section 134 of the Act;
 - b) changes, if any, in accounting policies and practices and reasons for the same;
 - c) major accounting entries involving estimates based on the exercise of judgment by management;
 - d) significant adjustments made in the financial statements arising out of audit findings;
 - e) compliance with listing and other legal requirements relating to financial statements;
 - f) disclosure of any related party transactions;
 - g) modified opinion(s) in the draft audit report, if any.
- 5) reviewing, with the management, the quarterly financial statements before submission to the Board for approval;
- 6) reviewing, with the management, the statement of uses/ application of funds raised through an issue (public issue, rights issue, preferential issue, etc.), the statement of funds utilized for purposes other than those stated in the offer document / prospectus / notice and the report submitted by the monitoring agency monitoring the utilization of proceeds of a public issue or rights issue or preferential issue or qualified institutions placement, and making appropriate recommendations to the Board to take up steps in this matter;
- 7) reviewing and monitoring the auditor's independence and performance, and effectiveness of audit process;
- 8) approval or any subsequent modification of transactions of the Company with related parties;
- 9) scrutiny of inter-corporate loans and investments;
- 10) valuation of undertakings or assets of the Company, wherever it is necessary;
- 11) evaluation of internal financial controls and risk management systems;
- 12) reviewing, with the management, performance of statutory and internal auditors, adequacy of the internal control systems;
- 13) reviewing the adequacy of internal audit function, if any, including the structure of the internal audit department,

staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;

- 14) discussion with internal auditors of any significant findings and follow up thereon;
- 15) reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
- 16) discussion with statutory auditors before the audit commences, about the nature and scope of audit as well as post-audit discussion to ascertain any area of concern;
- 17) to look into the reasons for substantial defaults, if any, in the payment to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors;
- 18) to review the functioning of the whistle blower mechanism;
- 19) approval of appointment of chief financial officer after assessing the qualifications, experience and background, etc. of the candidate;
- 20) carrying out any other function as is mentioned in the terms of reference of the Audit Committee;
- 21) reviewing the utilization of loans and/or advances from/ investment by the holding company in the subsidiary exceeding ₹100 crore or 10% of the asset size of the subsidiary, whichever is lower;
- 22) consider and comment on rationale, cost-benefits and impact of schemes involving merger, demerger, amalgamation etc., on the listed entity and its shareholders.

4. NOMINATION AND REMUNERATION COMMITTEE

As required under Section 178(1) of the Act and Regulation 19 read with Part D(A) of Schedule II of SEBI Listing Regulations, the Company has a Nomination and Remuneration Committee comprising of:

Sr. No.	Name	Designation
1.	Ms. Apurva S. Purohit	Chairperson
2.	Mr. Sunil S. Lalbhai	Member
3.	Mr. Sujal A. Shah	Member

Mr. Sujal A. Shah was appointed as Member of the Nomination and Remuneration Committee w.e.f. May 07, 2024. Mr. Mohan M. Nambiar ceased to be a Member of the Committee w.e.f. June 25, 2024. Mr. Harish H. Engineer ceased to be a Member

of the Committee with effect from June 25, 2024 pursuant to completion of his 2nd term of 5 (five) consecutive years as Independent Director of the Company.

I. Share Transfer System

In terms of Regulation 40(1) of SEBI Listing Regulations as amended, securities can be transferred only in dematerialized form. Members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Transfers of equity shares in electronic form are effected through the depositories with no involvement of the Company.

Pursuant to SEBI Circular dated January 25, 2022, securities of the Company shall be issued in dematerialized form only while processing service requests in relation to issue of duplicate securities certificate, renewal / exchange of securities certificate, endorsement, sub-division / splitting of securities certificate, consolidation of securities certificates/folios, transmission and transposition. All the share related activities including redressal of shareholders'/investors' grievances are being handled by the Company's RTA.

Further, as required by the SEBI (Depositories and Participants) Regulations, 2018, quarterly audit of the Company's share capital is being carried out by Makarand M. Joshi and Co., Practicing Company Secretaries, with a view to reconcile the total share capital admitted with NSDL and CDSL and held in physical form, with the issued and listed capital. The Auditor's Certificate in regard to the same is submitted on quarterly basis to BSE and NSE and is also placed before the Board of Directors of the Company.

J. Distribution of Shareholding as on March 31, 2025

Slab	No. of shareholders	% of shareholders	No. of shares	% of total share capital
1 - 500	1,36,417	98.14	39,50,279	7.97

14. MEANS OF COMMUNICATION

The quarterly, half-yearly and yearly results are posted by the Company on its website. These are also submitted to BSE and NSE as per Regulation 33 of SEBI Listing Regulations.

Quarterly results normally published/proposed to be published in Newspapers	In Marathi – Maharashtra Times In English – The Economic Times
Details of Company Website where results are displayed	https://www.nfil.in/investor/inv_finan.html
Whether it displays official news release; and the presentations made to institutional investors or to the analysts	Yes

The presentations on performance of the Company are placed on the Company's website and submitted to Stock Exchanges for the benefit of the institutional investors, analysts and other shareholders after the financial results are communicated to the Stock Exchanges. The Company also conducts calls/meetings with investors after declaration of quarterly financial results to brief them on the performance of the Company and audio recording and transcript of such calls/meetings are uploaded on the Company's website and Stock Exchanges.

The Company also participates in various investor meetings/conferences wherein the management interacts with investors in one-on-one or group physical/virtual meetings. The details of such calls and participation in the investor conferences are intimated to the exchanges as well as updated on the website of the Company.

Material developments related to the Company that are potentially price-sensitive in nature or that could impact continuity of publicly available information regarding the Company are disclosed to stock exchanges as per the Company's Policy for Determination of Materiality of events or Information which is available at <https://www.nfil.in/investor/policies/NFIL%20-%20Policy%20>

[for%20determination%20of%20materiality%20of%20events%20or%20information%20-%202025.pdf](#).

The Company has a designated email id i.e. investor.relations@nfil.in for investor servicing, and the same is prominently displayed on the Company's website.

Reminders are sent to shareholders for registering their KYC details, claiming their unpaid/unclaimed dividend and preventing transfer of their shares to Investor Education and Protection Fund.

15. OTHER DISCLOSURES

- a) None of the transactions with any of the related parties were in conflict with the interest of the Company. All related party transactions entered into by the Company were approved by the Audit Committee and were in the ordinary course of business and at arm's length basis. The Audit Committee also granted prior omnibus approval for related party transactions in the ordinary course of business and on an arm's length basis that are repetitive in nature and also for unforeseen transactions, in line with the Policy on Dealing with and Materiality of Related Party Transactions and the applicable provisions of the Act read with the Rules issued thereunder and the SEBI Listing Regulations. The details of RPTs entered were reviewed by the Audit Committee on a quarterly basis.
- b) The details of the related party transactions are set out in the notes to annual audited financial statements forming part of this Annual Report.
- c) The Company's policy for determining Material Subsidiaries and policy on materiality of related party transactions and on dealing with related party transactions are available on the Company's website at: <https://www.nfil.in/investor/policies/NFIL-Policy%20for%20Determining%20Material%20Subsidiary-2025-Final.pdf> and <https://www.nfil.in/investor/policies/NFIL-Policy%20on%20Materiality%20of%20Related%20Party%20Transactions%20and%20on%20dealing%20with%20RPT-Final-2025.pdf> respectively.
- d) The Company has complied with the requirements of the Stock Exchanges, SEBI and statutory authorities on all matters related to the capital markets during the last three years. No penalty or strictures were imposed on the Company by these authorities on any matter related to capital markets.

- e) In accordance with the requirements of the Act and SEBI Listing Regulations, the Company has a Whistle Blower Policy approved by the Board of Directors and the objectives of the Policy are:
 - i. To provide a mechanism for employees and Directors of the Company and other persons dealing with the Company to report to the Audit Committee, any instances of unethical behavior, actual or suspected fraud or violation of the Company's Ethics Policy;
 - ii. To safeguard the confidentiality and interest of such Employees/Directors/other persons dealing with the Company against victimization, who notice and report any unethical or improper practices; and
 - iii. To appropriately communicate the existence of such mechanism, within the organization and to outsiders.

Whistle Blower Policy is available on the Company's website at <https://www.nfil.in/investor/policies/Whistle%20Blower%20Policy.pdf> The Company confirms that no personnel have been denied access to the Audit Committee pursuant to the whistle blower mechanism.

- f) The Company has complied with all the mandatory requirements of SEBI Listing Regulations, in respect of corporate governance. The following non-mandatory requirements as specified in Part E of Schedule II of SEBI Listing Regulations have been adopted by the Company:
 - i. The Internal Auditors report directly to the Audit Committee.
 - ii. The Auditors' Report does not contain any qualification.
- g) The Company does not deal in commodities and hence the disclosure pursuant to SEBI Circular dated November 15, 2018 is not required.
- h) There were no instances of raising of funds through preferential allotment or qualified institutions placement as specified under Regulation 32(7A) of the SEBI Listing Regulations though the resolution for fund raising has been approved by the Members of the Company at the 26th Annual General Meeting.

- i) The Company has obtained a certificate from Mitesh Dhabliwala & Associates, Practicing Company Secretaries, certifying that none of the Directors on the Board of the Company have been debarred or disqualified from being appointed or continuing as Directors of the Company by SEBI, MCA or any such statutory authority.
- j) In terms of SEBI Listing Regulations, the Board of Directors confirms that during the year, it has accepted all recommendations received from its mandatory committees.
- k) During the financial year 2024-25, the total fees paid by the Company and its subsidiaries, on a consolidated basis, to Price Waterhouse Chartered Accountants LLP, the Statutory Auditors, and all entities in the network firm/network entity of Price Waterhouse Chartered Accountants LLP was ₹ 0.99 Crores.
- l) Pursuant to Regulation 26(5) of SEBI Listing Regulations, the Senior Management Team has confirmed that during the financial year ended March 31, 2025, they have not undertaken any material, financial and commercial transactions where they have personal interest that may have a potential conflict with the interest of the Company at large.
- m) The Company has in place a gender neutral Anti-Sexual Harassment Policy which aims to create a healthy working environment that enables employees to work without fear of prejudice. An Internal Complaints Committee has been set up to redress complaints, if any, received regarding sexual harassment. During the year, no complaint of sexual harassment was received.
- n) There is nothing to disclose with respect to loans and advances in the nature of loans to firms/ companies in which Directors are interested. As on March 31, 2025, the Company has given Inter Corporate Deposits to Navin Fluorine Advanced Sciences Limited ('NFASL'), a wholly owned subsidiary, to the extent of ₹18 Crores.
- o) The Company has one material subsidiary, NFASL. NFASL was incorporated on February 06, 2020

in Mumbai. NFASL's plant is located at Dahej in Bharuch district of Gujarat.

At the 1st AGM of NFASL on June 03, 2021, Price Waterhouse Chartered Accountants LLP had been appointed as Statutory Auditors for a term of 5 (five) consecutive years commencing from the conclusion of 1st Annual General Meeting till the conclusion of 6th Annual General Meeting.

Further details of NFASL are mentioned under the head 'Subsidiaries, Associates and Joint Ventures' in the Board's Report.

- p) The Company believes that it must have a transparent framework for handling shareholder grievances. In continuation of the Company's endeavour to strengthen its investor relations and corporate governance practices, details on Investors' Grievance Redressal are available on the website of the Company at https://www.nfil.in/investor/inv_con.html.
 - q) The Company has complied with Corporate Governance requirements specified in Regulation 17 to 27 and clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 and Para C, D and E of Schedule V of SEBI Listing Regulations, during the year under review. The Compliance Certificate from Parikh & Associates, Practicing Company Secretaries, certifying compliance with the conditions of Corporate Governance is annexed to this Report.
- The Company submits quarterly Corporate Governance Report to the Stock Exchanges as per Regulation 27 of SEBI Listing Regulations. The same is also available on the Company's website at https://www.nfil.in/investor/inv_corp.html
- r) The Company has no unclaimed suspense account under Regulation 39 and Schedule VI of SEBI Listing Regulations and hence, there is nothing to disclose in this regard.
 - s) There is nothing to disclose with respect to agreements under clause 5A of part A of para A of Schedule III of SEBI Listing Regulations.

16. MANAGING DIRECTOR AND CFO CERTIFICATION

Practising Company Secretaries' Certificate on Corporate Governance

TO THE MEMBERS OF
NAVIN FLUORINE INTERNATIONAL LIMITED

We have examined the compliance of the conditions of Corporate Governance by Navin Fluorine International Limited ('the Company') for the year ended on March 31, 2025, as stipulated under Regulations 17 to 27, clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 and para C, D & E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time ("SEBI Listing Regulations").

The compliance of the conditions of Corporate Governance is the responsibility of the Company's management. Our examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the representations and explanations given to us, the disclosures made by the management in the Corporate Governance Report and to the stock exchanges and considering the relaxations granted by the Ministry of Corporate Affairs and, Securities and Exchange Board of India, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on March 31, 2025.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

26. Overview of the entity's material responsible business conduct issues:

Sr. No	Material issue identified	Indicate whether Risk or Opportunity	Rationale for identifying Risk/ Opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
1.	Energy	Risk	Inadequate energy management poses a significant risk for companies due to its potential to escalate energy consumption, elevate costs, and generate adverse environmental effects.	The Company's environmental commitment drives proactive measures. This includes prioritizing the use of natural gas as a fuel wherever feasible and transitioning to renewable energy sources gradually. This phased approach aims to mitigate environmental impacts effectively while aligning with sustainable practices. One more site has achieved ISO 50001: 2018 certification	Negative
2.	Carbon Emission & Climate Change	Risk	The Indian Government is committed to achieving NET ZERO emissions by 2070, leading to the introduction of policies to curb greenhouse gas emissions and promote renewable energy. Companies not prepared for emerging energy and emissions regulations face significant financial, reputational, and operational risks.	To mitigate these risks, the company has introduced hydrofluoroolefins (HFOs), which have zero ozone depleting potential compared to Ozone Depleting Substances (ODS). Additionally, the Company has implemented the following measures:- - Thermal oxidizers - Vent condensers on storage tanks to eliminate fugitive emissions. Furthermore, the Company has been strategically transitioning from ozone depleting to non-ozone-depleting products. The Company has also developed strategies for carbon emission reduction, water recycling, landfill management, and increased usage of renewable energy sources.	Negative

Sr. No	Material issue identified	Indicate whether Risk or Opportunity	Rationale for identifying Risk/ Opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
3.	Waste	Risk	Ensuring proper waste disposal from operations is crucial for safeguarding the environment, public health, and safety. Incorrect handling of chemical waste can lead to the release of harmful substances into the air, soil, and water, posing a threat to local ecosystems, wildlife, and nearby communities. Exposure to hazardous chemicals due to inadequate waste management practices can result in various health issues such as respiratory ailments, cancer, and reproductive disorders.	Each plant manages its waste through authorized and registered vendors, adhering to environmental regulations. This ensures responsible disposal practices, minimizing the risk of environmental pollution and associated health hazards. In order to have structured approach towards waste Management, Company has also developed Waste Management Policy in FY 24.	Negative
4.	Water	Risk	Chemical production is inherently water-intensive, making it susceptible to risks associated with water scarcity. Such scarcity can disrupt operations, supply chains, and inflate raw material costs, thereby impacting finances. Additionally, it can jeopardize the health and safety of employees and the local community, leading to potential legal and reputational risks.	Recognizing the critical importance of water conservation, the Company has implemented strategic measures. At one of its facilities, zero liquid discharge has been achieved, while at another, treated water discharged undergoes further treatment in a sewage treatment plant. The treated water is then recycled for utility processes, thereby reducing the Company's reliance on fresh water sources and mitigating the impacts of water scarcity. Company has also developed Water Management Policy in FY25 to bring additional focus on mitigating impact associated with water	Negative
5.	Biodiversity	Opportunity	Increasing biodiversity can enhance ecosystem resilience and support sustainable practices. Biodiverse ecosystems are more resilient to environmental changes, such as climate variability and extreme weather events.	-	Positive
6.	Employee Retention and Satisfaction	Opportunity	Employee retention is a pressing concern for organizations seeking to strengthen their workforce. High turnover rates can disrupt operations and hinder growth. Companies that prioritize employee retention and satisfaction often enjoy higher levels of engagement and commitment from their workforce.	Town hall briefing, goal setting, performance appraisal, exit interviews, wellness programs, emails, etc.	Positive
7.	Learning and Development	Opportunity	Embracing employee learning and development offers companies a chance to boost employee engagement, retention, job satisfaction, and performance, while also fostering organizational agility.	Internal and External training seminars, conferences, workshops, and specific learning module courses on a case-to-case basis. In FY25 a new initiative was undertaken and employees were provided with access to 25,000+ courses on Udemy Business for professional and personal growth.	Positive

Sr. No	Material issue identified	Indicate whether Risk or Opportunity	Rationale for identifying Risk/ Opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
8.	Sustainable Raw Material Sourcing	Risk	Reliance on unsustainable sourcing methods could lead to resource depletion, regulatory issues, or reputational damage. Unsustainable sourcing practices can result in the depletion of natural resources, leading to environmental degradation, habitat destruction, and loss of biodiversity.	Implement sustainable sourcing practices, diversify the supply chain, and invest in alternative materials.	Negative
9.	Sustainable Supply Chain Strategy	Risk	Supply chain disruptions can cause delays in production, increase the cost of raw materials, and affect customer satisfaction. Therefore, it is essential to develop robust supply chain risk management strategies to mitigate the impact of supply chain disruptions and ensure business continuity.	The Company has reviewed the sustainable supply chain code and has implemented the revised version in FY 23. The Company is planning to engage via an online portal along with a physical visit to strengthen sustainable sourcing.	Negative
10.	Local Community Development	Opportunity	Local communities are critical stakeholders for companies, as they can directly or indirectly impact a company's operations, reputation, and social license to operate. Companies that engage with local communities and understand their needs and expectations can benefit from stronger relationships, improved trust and credibility, and enhanced access to resources and markets.	Community visits, project engagements, partnership programs, seminars, and workshops.	Positive
11.	Diversity and Inclusion	Opportunity	Embracing diversity fosters innovation, enhances employee engagement, and improves corporate reputation. It leads to a wider range of perspectives and ideas, which can drive creativity and problem-solving. Additionally, inclusive workplaces tend to have higher employee satisfaction and retention rates, which contribute to overall productivity and competitiveness.	Implement diversity and inclusion initiatives, ensure equitable hiring and promotion practices, and provide diversity training and education.	Positive
12.	Occupational Health and Safety	Risk	Neglecting the health, safety, and welfare of employees can significantly hamper productivity, subsequently impacting business operations, customer satisfaction, and profitability.	The Company has an online portal to log incidents in detail which gets assigned to the authorized person to analyze as well as to put a control mechanism in place. It has an escalation mechanism as well to ensure compliance. The Company is extending the same portal to our other plants.	Negative
13.	Human Rights	Opportunity	Conducting human rights assessments presents an opportunity for companies to bolster their reputation, attract and retain customers and employees who prioritize ethical business conduct, and mitigate legal and reputational risks associated with human rights violations.	-	Positive

Sr. No	Material issue identified	Indicate whether Risk or Opportunity	Rationale for identifying Risk/ Opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
14.	Customer Health and Safety	Opportunity	Well-informed customers and partners can become advocates for the Company, promoting its products and services to others. When chemicals are misused or handled incorrectly, they can endanger human health and the environment. By providing education and training on safe product handling, companies can also reduce the risk of product recalls, liability claims, and potential legal action.	The Company has a mechanism in place to arrange awareness sessions on safe product handling.	Positive
15.	Sustainable Product Design and Innovation	Opportunity	Sustainable product design and innovation is an opportunity for companies to reduce their environmental impact, enhance their brand reputation, and attract more investors and customers.	ESG integration (Safety, compliance, ethics), ISO, collaboration, and digitization.	Positive
16.	Responsible Marketing	Opportunity	By promoting products in a transparent and ethical manner, a company can enhance its reputation & strengthen customer loyalty. Responsible marketing practices can also help companies comply with legal and regulatory requirements, avoid misleading or deceptive advertising, and prevent reputational damage or legal liabilities. Overall, responsible marketing can be an opportunity for companies to create long-term value for all stakeholders and achieve sustainable growth.	-	Positive
17.	Ethics & Governance	Risk	Failure to adhere to ethical standards and governance principles can erode company credibility and trust, leading to diminished customer loyalty and investor confidence.	The Company enforces a robust code of conduct emphasizing business ethics to uphold integrity and transparency in all operations.	Negative
18.	Compliances	Risk	Non-compliance with regulations can result in legal liabilities, financial penalties, and tarnished reputation, hindering market competitiveness and growth opportunities.	The Company implements a comprehensive compliance management system to ensure adherence to all regulatory requirements, proactively addressing compliance gaps and mitigating associated risks.	Negative
19.	Data Privacy	Risk	Cybersecurity risks are a significant concern for organizations, as they can have far-reaching impacts on business operations, reputation, and customer base. Cyberattacks can disrupt critical systems, compromise sensitive data, and cause reputational damage, leading to financial losses and loss of customer trust.	It covers handling and protection of the Company's information, assets, and targets that it is available all the time to respective stakeholders.	Negative

Note: We have retained last year's materiality assessment and will conduct new materiality assessment in FY 2025-26.

Environment 100% compliance to EPR requirements for Plastic Packaging Materials in 2025 20% use of renewable electricity in 2025 (target is 50% by 2030) - Engaged with 19% of key value chain partners in last 2 years (target is 100% key value chain partners by 2030) Social 3.8% diversity in the Company employees in 2025 (target is 10% by 2030) - The leadership team lacks gender diversity as of 2025 (target is 25% by 2030) 11.1% gender diversity in the Board of Directors (target is 25% by 2030) Governance 97.6% resolution of complaints in 2025 - Zero cases of corruption and bribery in 2025								

Governance, Leadership and Oversight

7 Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets, and achievements

Message from Managing Director's Desk

Dear Stakeholders,

Sustainability is an intrinsic part of our business philosophy, enabling us to create long-term value for our stakeholders. With a significant focus on climate change, resource consumption, waste management, circular economy, responsible supply chains, and community development, our planet- and people-friendly initiatives reiterate our commitment to shaping a sustainable future. In parallel, we place strong emphasis on governance to ensure transparency, accountability, and ethical conduct across our operations. To seamlessly integrate sustainability across the organisation, we align our strategy with the 17 United Nations Sustainable Development Goals (UN SDGs). In FY 2024-25, we further reinforced this commitment by becoming a signatory to the United Nations Global Compact (UNGC), embracing its 10 principles across Human Rights, Labour, Environment, and Anti-Corruption. During the year, we took deliberate steps to embed sustainability deeper into the fabric of our organization not as a compliance mandate, but as a core driver of responsible growth. The formation of the ESG Steering Committee marks a pivotal shift toward institutionalising sustainability as a cross-functional, leadership-owned agenda.

Navin Fluorine is at the forefront of addressing the environmental impact of fluorine-based compounds, particularly refrigerants, solvents, and foaming agents with high global warming potential (GWP) and ozone depletion potential (ODP). In response to rising global expectations for sustainable alternatives, we have accelerated the development of next-generation, low-impact refrigerants. This includes a strategic transition from legacy refrigerants to safer hydrocarbons. Through our collaboration with one of the world's leading conglomerates, we are advancing the use of Hydrofluoroolefins (HFOs) - a decisive step in reducing the carbon footprint. Our actions on the environmental front are aligned with our 2030 sustainability goals and our vision of building a business that thrives in harmony with the planet. We advanced our transition to cleaner energy by achieving 20% renewable electricity usage and are committed to further increasing this share in the coming years. We also intensified our focus on resource efficiency and circular economy principles reclaiming 84% of solvents used in manufacturing and maintaining 100% compliance with our Extended Producer Responsibility (EPR) obligations. Recognition such as the EcoVadis Gold Medal for our Dewas site placing us in the top 5% globally which validates the sincerity and strength of our environmental commitments. Equally, we recognise that sustainability must begin with people. We ensured 100% coverage of employees and workers under health and accident insurance, expanded our learning ecosystem to reach over 90% of the workforce, and completed performance development conversations with every employee. Through our "Voice of People" survey, we engaged 95.57% of our employees, with feedback showing a marked cultural shift, especially in areas such as achievement orientation and customer centricity. We acknowledge that building an inclusive workplace is a journey, not a milestone. While our current female representation remains modest, we are committed to significantly improving this by 2030. Our broader community development efforts spanning education, healthcare, and skilling reaffirm our belief that the success of our business must reflect in the progress of the communities we serve.

We also began extending the lens of sustainability across our value chain. During the year, we initiated ESG assessments with 19% of our key suppliers and are preparing to scale this further through digital engagement and performance monitoring in FY 2025-26. Strong governance remains the foundation of everything we do. We continued to uphold the highest standards of integrity with zero incidents of non-compliance or ethical breaches. Our robust policies on anti-bribery, anti-corruption, and grievance redressal ensured a transparent and accountable environment for all stakeholders. With a 97% grievance resolution rate and no material complaints pending, we are reinforcing our culture of fairness, trust, and proactive engagement. As we look forward, we remain steadfast in our belief that sustainability is not a separate goal. Through thoughtful leadership, stakeholder alignment, and continuous improvement, we are building not only a stronger Navin Fluorine but also contributing meaningfully to a more sustainable and equitable future.

Thank you for your continued trust and support as we work towards a more sustainable and inclusive future together.

8 Does the entity have a specified Committee of the Board/ Director responsible for decision making on sustainability related issues? (Yes / No). If yes, provide details.	The Board has approved the constitution of the ESG Steering Committee with effect from June 24, 2024. The Committee is responsible for overseeing and guiding the Company's sustainability and ESG related strategies and initiatives. The composition of Committee is as follows: - Mr. Nitin G. Kulkarni, Managing Director- Chairman of Committee - Mr. Sujal A. Shah, Independent Director- Member - Mr. Sudhir R. Deo, Non-Executive Non-Independent Director- Member - Chief Financial Officer- Member - President Legal and Company Secretary- Member - CEO- Specialty Chemicals Business- Member[#]
---	---

	- CEO- HPP Business- Member - CEO- CDMO Business- Member - VP- Corporate Head HSE & Sustainability- Member - Director- Environment & Sustainability- Member[#] This Committee develop sustainability strategies, monitor and evaluate the Company's ESG performance, and identify opportunities to enhance sustainability practices. # Currently Vacant								
9 Details of the highest authority responsible for implementation and oversight of the Business Responsibility policy (ies).	Mr. Nitin G. Kulkarni Designation: Managing Director DIN: 03042587 E-mail ID: info@nfil.in								

10. Details of Review of NGRBCs by the Company:

Subject for Review	Indicate whether review was undertaken by Director / Committee of the Board/ Any other Committee									Frequency (Annually/ Half yearly/ Quarterly/ Any other – please specify)								
	P1	P2	P3	P4	P5	P6	P7	P8	P9	P1	P2	P3	P4	P5	P6	P7	P8	P9
Performance against above policies and follow up action	Mr. Nitin G. Kulkarni (Managing Director) is responsible for the implementation of Business Responsibility policies and monitoring the Business Responsibility performance.									Q	Q	Q	Q	Q	Q	Q	Q	Q
Compliance with statutory requirements of relevance to the principles, and rectification of any non-compliances	The Managing Director alongside the Chief Financial Officer and Company Secretary, attest to the adherence to applicable laws within their respective domains on a monthly basis. These attestations are presented to the Board of the Company at least quarterly.									Ongoing basis								

11. Has the entity carried out independent assessment/ evaluation of the working of its policies by an external agency? (Yes/No). If yes, provide name of the agency

Yes, the Company has undergone independent assessment and evaluation of its policies by external agencies. The Responsible Care (RC) certification by the Indian Chemical Council for NFIL is valid till January 2027. Additionally, audits for ISO 9001:2015, ISO 14001:2015, and 45001:2018 were carried out by Bureau Veritas Certification Holding SAS-UK Branch, TUV Sud and SGS for our Dahej, Surat and Dewas respectively. This year, Our Surat facility was also certified for ISO 50001:2018 by TUV Sud. A third-party reasonable assurance for Core parameters is being conducted by TUV Sud for entire Entity.

Our Dewas facility has also been awarded a prestigious Gold Medal in the Ecovadis Business Sustainability Rating. We are among the top 5% of companies in our category worldwide in terms of Business Sustainability Rating.

'Together for Sustainability' (TfS) is an initiative founded by leading chemical companies to advance sustainability practices within their supply chains. Navin Fluorine is a member of TfS.

12. If answer to question (1) above is "No" i.e. not all Principles are covered by a policy, reasons to be stated:

Questions	P1	P2	P3	P4	P5	P6	P7	P8	P9
The entity does not consider the principles material to its business (Yes/No)									
The entity is not at a stage where it is in a position to formulate and implement the policies on specified principles (Yes/No)									
The entity does not have the financial or/ human and technical resources available for the task (Yes/No)									
It is planned to be done in the next financial year (Yes/No)									
All Principles are covered by policies									

SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

PRINCIPLE 1: Businesses should conduct and govern themselves with integrity, and in a manner that is Ethical, Transparent and Accountable.

ESSENTIAL INDICATORS

1. Percentage coverage by training and awareness program on any of the principles during the financial year:

Segment	Total number of training and awareness programmes held	Topics/principles covered under the training and its impact	%age of persons in respective category covered by the awareness programmes
Board of Directors	5	Throughout the year, the Board of Directors and Key Managerial Personnel of the Company, along with its committees, have dedicated significant time to engage with various updates pertinent to regulatory changes. The topics encompassed in these discussions include: - Corporate Governance - Sustainability - Companies Act - SEBI Listing Regulations - Environmental and Safety Compliance Matters	100%
Key Managerial Personnel	5		100%
Employees other than BODs and KMPs	58	The training covers behavioral, capability building, compliance, health, safety, and environment (HSE), Sustainability as well as professional and technical aspects.	91.15%
Workers	20		100%

2. Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format. (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and as disclosed on the entity's website):

a. Monetary

Type	NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Amount (In INR)	Brief of the case	Has an appeal been preferred? (Yes/No)
Penalty/ Fine	Nil	Nil	Nil	Nil	Nil
Settlement	Nil	Nil	Nil	Nil	Nil
Compounding fee	Nil	Nil	Nil	Nil	Nil

b. Non-Monetary

Type	NGRBC Principle	Name of the regulatory/ enforcement agencies/ judicial institutions	Brief of the case	Has an appeal been preferred? (Yes/No)
Imprisonment	Nil	Nil	Nil	Nil
Punishment	Nil	Nil	Nil	Nil

3. Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

Case Details	Name of the regulatory/ enforcement agencies/ judicial institutions
	Nil

4. Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web link to the policy.

Yes, Navin Fluorine has an Anti-Bribery and Anti-Corruption Policy. It applies to all employees, directors and third parties acting on the company's behalf. The policy governs all dealings, transactions, and expenses. According to this policy, designated persons must not offer or accept gifts, payments, or hospitality that could influence business decisions or provide an unfair advantage. Bribery of government officials or retaliation against whistleblowers is strictly prohibited. Any activity breaching this policy or anti-corruption laws is unacceptable.

5. Number of Directors/KMPs/employees/workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery/ corruption:

Category	FY 2024-25	FY 2023-24
Directors	Nil	Nil
KMPs		
Employees		
Workers		

6. Details of complaints with regard to conflict of interest:

Topic	FY 2024-25	FY 2023-24
Number of complaints received in relation to issues of Conflict of Interest of the Directors	Nil	Nil
Number of complaints received in relation to issues of Conflict of Interest of KMPs		

7. Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/ judicial institutions, on cases of corruption and conflicts of interest.

No cases of corruption and conflicts of interest have been reported in FY 2024-25, hence it is not applicable.

8. Number of days of accounts payables ((Accounts payable *365) / Cost of goods/services procured) in the following format:

	FY 2024-25	FY 2023-24
Number of days of accounts payables	121	136

9. Open-ness of business

Parameter	Metrics	FY 2024-25	FY 2023-24
Concentration of Purchases	a. Purchases from trading houses as % of total purchases	13.14%	8.94%
	b. Number of trading houses where purchases are made from	845	151
	c. Purchases from top 10 trading houses as % of total purchases from trading houses	44.35%	59.93%
Concentration of Sales	a. Sales to dealers/distributors as % of total sales	15.13%	15.18%
	b. Number of dealers/distributors to whom sales are made	221	189
	c. Sales to top 10 dealers/distributors as % of total sales to dealers/distributors	51.04%	62.53%
Share of RPTs (as respective %) in	a. Purchases (Purchases with related parties / Total Purchases)	Please refer to Note 45 on page 259 of this Annual Report for the financial year 2024-25.	Please refer to Note 45 on page 259 of this Annual Report for the financial year 2023-24.
	b. Sales (Sales to related parties / Total Sales)		
	c. Loans & advances (Loans & advances given to related parties / Total loans & advances)	7.68%	98.10%
	d. Investments (Investments in related parties / Total Investments made)	26.47%	0.00%

LEADERSHIP INDICATORS

1. Awareness programmes conducted for value chain partners on any of the principles during the financial year:

Total number of awareness programmes held	Topics/principles covered under the training	%age of value chain partners covered (by value of business done with such partners) under the awareness programmes
5	Navin Fluorine undertakes several initiatives aimed at fostering awareness among its value chain partners regarding the key tenets outlined in the 9 Principles of the National Guidelines for Responsible Business Conduct. The awareness programs conducted for value chain partners are principally organized into three categories: Safety, Ethics, and Business Responsibility: a) Safety: Navin Fluorine is committed to achieving 'Zero Harm' and aims to excel as an industry leader in Safety & Health performance. To this end, it has established comprehensive safety policies providing clear directives, implemented a robust safety governance framework, instituted effective management & reporting systems, conducted extensive training and communication campaigns, and established precise performance metrics to monitor Safety & Health performance. These measures encompass not only employees and workers but also extend to all value chain partners accessing our sites. Mandatory safety training is mandated for all individuals, including contract employees engaged with vendor partners, aligning with the training standards set for the company employees. This ensures a unified understanding of safety risks and principles among all personnel present on site. b) Ethics: Navin Fluorine regularly conducts awareness sessions for its vendor partners, focusing on the Company's Anti-bribery and Anti-corruption Policy, Code of Conduct, and Prevention of Sexual Harassment Policy. These sessions cover essential topics such as governance, ethics, health and safety, labour practices, and human rights. c) Supply Chain Responsibility: Navin Fluorine has introduced its Sustainable Supply Chain Policy Programme, addressing concerns related to ethical conduct, human rights, health & safety, and environmental sustainability, among other aspects. These policies are integrated into the vendor qualification process for relevant entities, and all vendors are obligated to comply with the principles outlined in these policies.	19%

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

Yes, in adherence to the Code of Conduct, it is mandated for Board Members to steer clear of circumstances that may pose a potential or real conflict between their personal interests and those of the Company. Moreover, Directors who hold vested interests in any business matter under discussion during Board or Committee Meetings recuse from voting on such matters https://www.nfil.in/investor/code_conduct.html.

PRINCIPLE 2: Businesses should provide goods and services in a manner that is sustainable and safe.

ESSENTIAL INDICATORS

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

Type	FY 2024-25	FY 2023-24	Details of improvement in social and environmental aspects
Research & Development (R&D)	0%	100%	Project initiatives encompass revamping of clarifiers in ETP, emission controls, condensate recovery, upgrade to natural gas system in canteen, replacement of cooling tower fan with energy efficient fan, power optimization, safety shower pumping system, installation of permanent life line for roof and safety improvement jobs.
Capital Expenditure (CAPEX)	2.54%	7.97%	

2. a. Does the entity have procedures in place for sustainable sourcing?

Navin Fluorine has a Sustainable Supply Chain Policy that mandates suppliers to comply with laws, ensure product integrity and fair competition, prohibit bribery and corruption, uphold labor and human rights standards, maintain health and safety protocols, promote environmental sustainability, avoid conflicts of interest, adhere to ethical business practices, conduct regular assessments, and promptly report violations.

Navin Fluorine has established a supplier assessment process that involves questionnaire submissions by suppliers, followed by evaluation and rating by Navin Fluorine. In last 2 years we have covered 19% of key suppliers (by value of business conducted with them), who have submitted their responses. We have engaged a consulting organization to help us take this assessment extended to remaining key suppliers.

b. If yes, what percentage of inputs were sourced sustainably?

All suppliers of Navin Fluorine are required to confirm their commitment to sustainability standards as part of the registration procedure. Presently, 19% of our inputs in India are obtained from suppliers who demonstrate alignment with our guiding principles by submitting declarations during registration.

3. Describe the processes in place to safely reclaim your products for reusing, recycling, and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Product	Process to safely reclaim the product
a. Plastics (including packaging)	Navin Fluorine does not reclaim any of its fluorochemical and specialty chemicals which are delivered to customers. Plastic Packaging Waste management falls under the Extended Producer Responsibility (EPR) obligations for Navin Fluorine, as per the Plastic Waste Management Rules of 2016. The Company has obtained EPR registration from the Central Pollution Control Board (CPCB) and meticulously aligned its waste collection plan with the EPR framework outlined in its submission to the CPCB.
b. E-Waste	This is not applicable as Navin Fluorine does not manufacture electrical and electronic items, thus there is no reclamation of electronic items. All e-waste generated in-house is handed over to certified vendors for recycling.
c. Hazardous Waste	The process for safely reclaiming our products for reuse, recycling, or disposing of hazardous waste is not applicable to Navin Fluorine. Our products are typically consumed by other industries, which incorporate them into the production of finished goods for end-users.
d. Other Waste	Not applicable

4. **Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

Yes, in accordance with the Plastic Waste Management Rules of 2016, it is obligated to manage Plastic Packaging Waste under the Extended Producer Responsibility (EPR) framework. The Company has obtained EPR registration from the Central Pollution Control Board (CPCB) and has ensured that its waste collection plan for Plastic Packaging Waste aligns with the EPR plan submitted to the CPCB. We have met with 100% compliance requirement for Plastic waste Management under EPR framework

LEADERSHIP INDICATORS

1. **Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?**

The Company has undertaken a Life Cycle Assessment (LCA) utilizing a Gate-to-Gate approach within its operational boundary during phase 1. Moving forward, the Company plans to transition to a product-level LCA approach in the subsequent phase.

2. **If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same**

Name of Product / Service	Description of the risk / concern	Action Taken
Mafron	"Mafron" is a brand name for refrigerant gases, primarily used in air conditioning and refrigeration systems. It poses environmental risks due to its dual impact on ozone depletion and global warming.	The Thermal Oxidation Unit, operating within the framework of Clean Development Technology (CDT), serves as a strategic asset aimed at mitigating the adverse impact of greenhouse gas emissions on the environment. The unit neutralizes the greenhouse effect from any fugitive emissions of Mafron.

3. **Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).**

Navin Fluorine incorporated 84% of recycled solvent into its manufacturing process, relative to the total production volume.

4. **Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:**

Particular	FY 2024-25			FY 2023-24		
	Re-Used	Recycled	Safely Disposed	Re-Used	Recycled	Safely Disposed
Plastics (including packaging)*	Nil	257.00	271.00	Nil	454.00	Nil
E-waste	Packaging and product reclamation of e-waste at the end of product lifecycle is not applicable to Navin Fluorine, as the Company is not involved in the manufacturing, recycling, or processing of electric and electronic equipment or waste.					
Hazardous waste	Packaging and product reclamation of hazardous waste and other waste at the end of product lifecycle is not applicable for Navin Fluorine as its products primarily consist of intermediate chemicals. These chemicals are utilized by other industries to manufacture finished products for end-user consumption.					
Other waste						

* This includes data related to plastic packaging waste. Reclamation of plastic products at the end of their lifecycle is not applicable to Navin Fluorine, as the Company is not engaged in the manufacturing of plastic products.

5. **Reclaimed products and their packaging materials (as percentage of products sold) for each product category.**

Indicate product category	Reclaimed products and their packaging materials as % of total products sold in respective category
Synthetic cryolite, fluorocarbon gases	The Company has obtained EPR registration from the Central Pollution Control Board (CPCB) and has ensured that its waste collection plan for Plastic Packaging Waste aligns with the EPR plan submitted to the CPCB. In addition, BF ₃ gas (100% packaging) and BF ₃ etherate (approx. 10% packaging) are reclaimed and reused.
Hydrofluoric acid and other fluorine chemicals	
Other Chemicals	

Navin Fluorine does not possess designated products for reclamation, as they primarily consist of intermediate chemicals. These chemicals are utilized by other industries to manufacture finished products for end-user consumption.

PRINCIPLE 3: Businesses should respect and promote the well-being of all employees, including those in their value chains

4 Others – Superannuation	57.00%	0.00%	Y	89.31%	0.00%	Y

3. **Accessibility of workplaces: Are the premises/offices of the entity accessible to differently abled employees and workers, as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.**

Navin Fluorine promotes the inclusion of differently abled employees and prioritizes their placement within office spaces. However, due to operational considerations, including the nature of work and the structure of multi-floor buildings, roles are assigned to offices that have been appropriately outfitted to accommodate their needs, while also considering associated safety considerations. https://www.nfil.in/investor/code_conduct.html

4. **Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.**

Navin Fluorine promotes equal opportunity for all employees, regardless of their caste, creed, gender, disability, or religion. The Company maintains a zero-tolerance policy against discrimination in terms of opportunities extended to employees across all levels and genders. Additionally, Navin Fluorine has implemented a comprehensive human rights policy to protect the rights of all employees, including those with disabilities.

5. **Return to work and Retention rates of permanent employees and workers that took parental leave.**

Gender	Permanent Employees		Permanent Workers	
	Return to work rate	Retention rate	Return to work rate	Retention rate
Male	100.00%	100.00%	-	-
Female	20.00%	100.00%	No permanent female workers employed	
Total	95.65%	100.00%	-	-

6. **Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.**

Category	Yes/No (If yes, give details of the mechanism in brief)
Permanent Workers	Yes, to handle grievances effectively, Navin Fluorine has established a strong Grievance Cell, Internal Complaints Committee under Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act, 2013, and Whistleblower Policy. These policies outline guidelines for adhering to human rights standards. In the event of any human rights-related incident, individuals can report it through the grievance cell, which is then addressed by the POSH committee. Furthermore, the Human Resources head at each location is responsible for addressing concerns and grievances raised by employees and workers. https://www.nfil.in/contact/grievance_redressal.html
Other than Permanent Workers	
Permanent Employees	
Other than Permanent Employees	

7. **Membership of employees and worker in association(s) or Unions recognized by the listed entity:**

Female	27	0	0	41	0	0
Total	1,353	150	11.09%	1,108	159	14.35%

10. Health and safety management system:

a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No) If yes, the coverage of such system?	Yes, the ISO 45001:2018 Occupational Health and Safety Management System has been comprehensively implemented throughout all factory premises, ensuring coverage for all employees, contract workers, and external parties engaged in activities at or visiting the Company's sites.
b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?	The processes employed to identify work-related hazards and assess risks on both routine and non-routine bases encompass a range of comprehensive methodologies. These include Hazard Identification and Risk Assessment (HIRA), Pre-Startup Safety Review (PSSR), Job Safety Analysis (JSA), Work Permit System, and Unsafe Act/Conditions Reporting system. Additionally, the Company utilizes various techniques such as What-if analysis, HAZOP (Hazard and Operability Study), Permit to Work (PTW) systems, and Checklist-based assessments. These integrated approaches ensure a thorough and systematic evaluation of potential hazards and risks across our operational activities, enabling proactive measures for hazard identification, control, and mitigation.
c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Yes/No)	Yes, the Company has established clear protocols for employees and workers to promptly report any work-related hazards they encounter. Additionally, employees and workers are empowered to remove themselves from situations they perceive as dangerous and posing a critical risk.
d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No)	Navin Fluorine ensures comprehensive healthcare coverage for all employees and workers through various schemes, including Medicaclaim, life-term insurance policies, and ESIC (Employees' State Insurance Corporation). Health promotion services and programs are personalized according to routine medical assessments. The Company emphasizes healthy dining choices in the canteen and offers recreational amenities including a gym with indoor sports like table tennis, as well as outdoor games like cricket and badminton. Additionally, Navin Fluorine's Occupational Health Center (OHC) is accessible to all workers for nonoccupational medical consultations, bolstering the overall healthcare support provided to employees and workers across the organization.

11. Details of safety related incidents, in the following format:

Safety Incident/Number	Category*	FY 2024-25	FY 2023-24
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	0	0
	Workers	0.15	0.46
Total recordable work-related injuries	Employees	0	0
	Workers	1	3
No. of fatalities	Employees	0	0
	Workers	0	1
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	1	1

*Including in the contract workforce

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Navin Fluorine has established a robust occupational health and safety management system aligned with ISO 45001:2018 standards. This system encompasses various key components including a comprehensive Health, Safety & Environment (HSE) Policy, clearly defined roles and responsibilities, active consultation and participation, regular training on health and safety topics, and the encouragement of workers and employees through Reward and Recognitions.

Furthermore, Navin Fluorine conducts thorough hazard identification and risk assessment studies for both routine and nonroutine activities, implementing control measures across the site. Personal protective equipment is provided to all workers and employees to ensure their safety. Safety culture is improved through robust plant design and automated systems that reduce manual handling of hazardous chemicals, workplace monitoring and incident investigations further support continuous safety improvements.

Navin Fluorine also adheres to various safety protocols such as Pre-Startup Safety Review (PSSR), Job Safety Analysis (JSA), Work Permit System, and Management of Change procedures. Additionally, regular health and safety audits are conducted to ensure compliance and continual improvement in safety standards across the organization.

13. Number of Complaints on the following made by employees and workers:

Topic	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Working Conditions	1	0	Resolved all complaints	2	0	Resolved all complaints
Health & Safety	15	0		12	0	

14. Assessments for the year:

Topic	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	100%
Working Conditions	100%

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks/concerns arising from assessments of health & safety practices and working conditions.

Some corrective actions have been taken, while others are underway. Below is a concise list of actions from FY 2024-25.

- The fragile roof at HF Plant has been replaced with durable metal sheet roof to prevent fall hazards.
- Horizontal lifelines have been installed at five critical locations to enhance worker safety at heights.
- Universal Chemical Diphoterine Kit has been provided on-site to improve emergency response to chemical exposure.

- Demolition of overhead storage tank is underway to eliminate structural safety risks.
- Local Exhaust Ventilation system has been installed at DHF filling and HF sampling areas to reduce fugitive emissions.
- Online oxygen analyzer with audio alarm and interlock to cutoff ozone / oxygen for reaction of highly flammable material.
- Fly catchers have been installed in canteen to improve hygiene.

All corrective actions undertaken in the previous financial year have now been fully integrated into our standard operating procedures at every facility where they are needed.

LEADERSHIP INDICATORS

1. Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N).

Yes, Navin Fluorine extends a compensatory package to all its employees including workers in the event of death. The Company offers a comprehensive term life insurance policy to ensure financial security for employees' families during unforeseen circumstances. Additionally, the Company's unique benevolent fund, supported by employee contributions matched by the Company, provides additional financial support. These initiatives supplement the statutory coverage of Employees Deposit Linked Insurance (EDLI).

2. Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.

Navin Fluorine has a robust mechanism to ensure the timely submission of all statutory dues to regulatory authorities. Additionally, the Company diligently monitors regulatory dues for our value chain partners on a monthly basis, collecting the necessary supporting evidence as required.

3. Provide the number of employees / workers having suffered high consequence work related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

	Total no. of affected employees/ workers		No. of employees/workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment	
	FY 2024-25	FY 2023-24	FY 2024-25	FY 2023-24
Employees	0	0	0	0
Workers	1	2	0	0

4. Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/ No)

No, Navin Fluorine does not provide any transition assistance to its employees and workers.

5. Details on assessment of value chain partners:

% of value chain partners (by value of business done with such partners) that were assessed	
Health and safety practices	19%*
Working Conditions	19%*

*We planned to extend the assessment to remaining key suppliers in FY 2025-26.

6. Provide details of any corrective actions taken or underway to address significant risks /concerns arising from assessments of health and safety practices and working conditions of value chain partners.

Following assessments of health and safety practices and working conditions within our value chain partners, no significant risks or concerns have been identified. Consequently, there are currently no active initiatives or measures in place to address such issues.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

ESSENTIAL INDICATORS

1. Describe the processes for identifying key stakeholder groups of the entity:

Navin Fluorine identifies any individual, entity, institution, or group that significantly impacts its operations as a core stakeholder. Embracing a stakeholder-centric ethos, Navin Fluorine integrates socially relevant and forward-looking strategies into its business activities. The Company actively interacts with a broad spectrum of stakeholders, including investors, customers, suppliers, and employees, utilizing scheduled events and diverse communication channels to foster meaningful engagement and collaboration.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group:

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other)	Frequency of engagement (Annually/ Half yearly/ Quarterly /others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Investors	No	Email, Telephone, Virtual meetings, In-person meetings, Newspaper, Website, Public disclosures, Annual reports, conference calls, Shareholder meetings	Continuous	- Transparency in business practices - Strong ESG practices - Dividends, profitability, and financial stability - Growth prospects
Customers	No	Email, Telephone, Social media, Website, In-person interactions, Surveys/feedback forms, Events/seminars	Continuous	- Satisfaction with product quality - Product innovation by Navin Fluorine
Suppliers	No	Email, Telephone, Vendor meetings, Conferences/trade shows, Purchase orders/invoices, Site visits	Continuous	- Robust grievance redressal mechanism - Effective delivery and payments
Regulatory	No	Email, Telephone, Regulatory filings, Regulatory portals, Meetings/hearings, Compliance reports, Industry conferences, Legal notices	Continuous	- Effective compliance management system - Robust health and safety system - Strong environmental performance
Community	Yes	Email, Telephone, Community meetings, Social media, Community events	Continuous	- Education support - Quality Healthcare - Water & Sanitation access
Employees and workers	No	Email, Telephone, Virtual meetings, In-person meetings, Website, Exit interviews, Arbitration/Union meetings, Workplace committees, Safety meetings, Training manuals, Wellness initiatives, Performance reviews, Engagement surveys, Intranet, Flat screens, Recognition programs, Suggestions/feedback boxes, Poster campaigns, House magazines, Confluence, Circulars, Quarterly publications, Newsletters.	Continuous	- Learning and Development initiatives - Employee health & well being

LEADERSHIP INDICATORS

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Navin Fluorine places a high priority on cultivating robust and meaningful relationships with a diverse array of stakeholders. The organization has implemented a comprehensive stakeholder engagement framework aimed at comprehensively grasping business dynamics, identifying critical risk areas and concerns, communicating strategies and performance, and fostering trust among all stakeholders. Additionally, the Company conducts surveys targeting both internal and external stakeholders, namely employees and customers.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Navin Fluorine's stakeholder engagement mechanism is designed to promote inclusivity, accountability, and responsibility. The Company actively collaborates with its stakeholders on various issues on an ongoing basis, enabling the identification of crucial business and ESG (Environmental, Social, and Governance) risk areas and the formulation of corresponding mitigation strategies. Navin Fluorine remains committed to integrating stakeholder requirements into its business operations, while also diligently addressing its performance and advancement on each material topic highlighted throughout the stakeholder engagement process.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

Navin Fluorine has implemented several initiatives to address the concerns of vulnerable and marginalized stakeholders. The Company engages with underprivileged segments of society, differently abled communities, and children from economically disadvantaged backgrounds. Navin Fluorine endeavors to address the specific concerns of each stakeholder group through targeted initiatives aimed at fostering their development and growth.

PRINCIPLE 5: Businesses should respect and promote human rights

ESSENTIAL INDICATORS

1. Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

Category	FY 2024-25			FY 2023-24		
	Total (A)	No. of employees / workers covered (B)	% (B / A)	Total (C)	No. of employees / workers covered (D)	% (D / C)

3. a. Details of remuneration/salary/wages, in the following format:

	Male		Female	
	Number	Median remuneration/ salary/ wages of respective category (₹ in lacs)	Number	Median remuneration/ salary/ wages of respective category (₹ in lacs)
Board of Directors (BoD)*	8	34.00	1	32.00
Key Managerial Personnel**	2	204.24	0	-
Employees other than BoD and KMP	1,270	9.31	50	13.61
Workers	1,326	3.14	27	2.45

*Excludes Directors of the Company

**The details pertain to the Board of Directors/KMPs of Navin Fluorine International Limited only.

b. Gross wages paid to females as % of total wages paid by the entity, in the following format:

	FY 2024-25	FY 2023-24
Gross wages paid to females as % of total wages	3.40%	3.96%

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, to effectively address human rights concerns, Navin Fluorine has implemented a comprehensive framework comprising a robust grievance cell, a POSH committee, Whistle Blower Policy and Human Right Policy. These policies delineates clear guidelines aimed at ensuring compliance with human rights standards. In the event of any human rights violation, individuals are encouraged to report such incidents through the grievance cell, which is then escalated for resolution by both the site head and the corporate office team. Moreover, the Human Resources head at each location is tasked with addressing and resolving any concerns or grievances raised by employees or workers.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

The Company firmly upholds the principle of safeguarding human rights, adhering to it with utmost diligence. This commitment is demonstrated through its Human Right Policy, which extends its protective measures to encompass all employees without exception.

6. Number of Complaints on the following made by employees and workers:

	FY 2024-25			FY 2023-24		
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks
Sexual Harassment	0	0	-	0	0	-
Discrimination at workplace	0	0	-	0	0	-
Child Labor	0	0	-	0	0	-
Forced Labor/Involuntary Labor	0	0	-	0	0	-
Wages	0	0	-	0	0	-
Other human rights related issues	0	0	-	0	0	-

7. Complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, in the following format:

	FY 2024-25	FY 2023-24
Total Complaints reported under Sexual Harassment on of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (POSH)	0	0
Complaints on POSH as a % of female employees / workers	0%	0%
Complaints on POSH upheld	0	0

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

Navin Fluorine is committed to upholding the highest standards of compliance with its Whistle Blower and Human Rights Policy across all business activities. Demonstrating profound respect for the human rights of each employee, the Company diligently addresses all concerns raised by stakeholders. In instances of observed discrimination or misconduct pertaining to the complainant, employees, and workers are encouraged to elevate their issues to the Human Resources department or the dedicated Internal Complaints Committee under Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act, 2013 established by the Company.

9. Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes, the Organization has a supplier code of conduct which we get signed with our value chain partners.

10. Assessments for the year:

	% Of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100%
Forced/involuntary labour	100%
Sexual harassment	100%
Discrimination at workplace	100%
Wages	100%
Others – please specify	Nil

11. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 10 above.

No corrective actions are currently underway as no significant risks were identified through the above assessments.

LEADERSHIP INDICATORS

- Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints**
No modifications or introductions to business processes were made as there were no reported grievances or complaints related to human rights.

- Details of the scope and coverage of any Human rights due-diligence conducted**
Navin Fluorine conducted internal assessments encompassing all employees and workers throughout our plants and offices, with a comprehensive focus on human rights. These assessments have been meticulously designed to address critical elements including child labor, forced labor, sexual harassment, workplace discrimination, and fair wage considerations.

- Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?**

Due to the inherent nature of the Company's operations and the associated risks involved, access to the visitors is restricted to office area, with designated provisions made available for their accessibility.

- Details on assessment of value chain partners:**

	% Of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100%
Forced/involuntary labour	100%
Sexual harassment	100%
Discrimination at workplace	100%
Wages	100%
Others	Nil

- Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.**

No significant risks or concerns have been identified from the assessments conducted regarding child labor, forced/involuntary labor, sexual harassment, discrimination at the workplace, and wages. As a result, there are no corrective actions currently underway to address such issues.

PRINCIPLE 6: Businesses should respect and make efforts to protect and restore the environment

ESSENTIAL INDICATORS

- Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:**

Parameter	FY 2024-25 energy consumption unit as GJ	FY 2023-24 energy consumption unit as GJ
From renewable sources		
Total electricity consumption (A)	57015.07	49984.84
Total fuel consumption (B)	0.00	0.00
Energy consumption through other sources (C)	0.00	0.00
Total energy consumed from renewable sources (A+B+C)	57015.07	49984.84
From non-renewable sources		
Total electricity consumption (D)	228759.88	162047.44
Total fuel consumption (E)	1497857.24	1434638.56
Energy consumption through other sources (F)	0.00	0.00
Total energy consumed from non-renewable sources (D+E+F)	1726617.13	1596685.96
Total energy consumed (A+B+C+D+E+F)	1783632.20	1646670.80

Parameter	FY 2024-25 energy consumption unit as GJ	FY 2023-24 energy consumption unit as GJ
Energy intensity per rupee of turnover (Total energy consumed / Revenue from operations)	7.59×10^{-5}	7.77×10^{-5}
Energy intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total energy consumed / Revenue from operations adjusted for PPP)	1.53×10^{-3}	1.78×10^{-3}
Energy intensity in terms of physical output	-	-
Energy intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Reasonable assurance of BRSR Core Indicators is being conducted by TUV SUD.

2. Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any.

No, the Company has not been identified as a designated consumer under the Performance Achieve and Trade (PAT) Scheme of the Government of India.

3. Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water	105541.00	86006.00
(ii) Groundwater	0.00	0.00
(iii) Third party water	1218294.64	1242686.38
(iv) Seawater / desalinated water	0.00	0.00
(v) Others	0.00	0.00
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	1323835.64	1328692.38
Total volume of water consumption (in kilolitres)	1051481.64	1087670.66
Water intensity per rupee of turnover (Water consumption / Revenue from operations)	4.48×10^{-5}	5.13×10^{-5}
Water intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total water consumption / Revenue from operations adjusted for PPP)	0.90×10^{-3}	1.17×10^{-3}
Water intensity in terms of physical output	-	-
Water intensity (optional) – the relevant metric may be selected by the entity	-	-

Note: Reasonable assurance of BRSR Core Indicators is being conducted by TUV SUD.

4. Provide the following details related to water discharged:

Parameter	FY 2024-25	FY 2023-24
Water discharge by destination and level of treatment (in kilolitres)		
(i) To Surface water	0	0
No treatment	0	0
With treatment – please specify level of treatment	0	0
(ii) To Groundwater	0	0
No treatment	0	0
With treatment – please specify level of treatment	0	0
(iii) To Seawater	0	0
No treatment	0	0
With treatment – primary, biological, and tertiary processes alongside a Multi-Effect Evaporator system	283243.00	308177.00

Parameter	FY 2024-25	FY 2023-24
(iv) Sent to third-parties	0	0
No treatment	0	0
With treatment – Primary treatment (post-primary treatment, sent to the common effluent treatment plant)	272354.00	250589.00
(v) Others	0	0
No treatment	0	0
With treatment – please specify level of treatment	0	0
Total water discharged (in kilolitres)	555597.00	558766.00

Note: Reasonable assurance of BRSR Core Indicators has been carried out by TUV SUD.

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Yes, the Company's wastewater treatment plant at the Dewas site operates on a Zero Liquid Discharge (ZLD) principle, incorporating an Effluent Treatment Plant, Reverse Osmosis, and Multi Effect Evaporator Plant. The treated effluent is utilized for various purposes, including within its utility systems such as the cooling tower. Similarly, at the Company's subsidiary location in Dahej, a wastewater treatment facility designed to address specific characteristics through primary, biological, and tertiary treatment methods has been implemented. To manage concentrated streams, a Multi Effect Evaporator is utilized, ensuring compliance with permissible limits before discharge to the industrial estate wastewater point. Meanwhile, in Surat, the manufacturing site treats wastewater through a three-stage process before discharging it to the common treatment plant. The treated water is then recycled onsite to support utility needs.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
NOx	MT	18.76	11.42
SOx	MT	15.87	11.37
Particulate matter (PM)	MT	9.65	9.67
Persistent organic pollutants (POP)	-	Nil	Nil
Volatile organic compounds (VOC)	-	Nil	Nil
Hazardous air pollutants (HAP)	-	Nil	Nil
Others – please specify	-	Nil	Nil

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity in following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 1 emissions* (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , If available)	Metric tonnes of CO ₂ equivalent	164451.34	171152.10
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , If available)	Metric tonnes of CO ₂ equivalent	46196.79	31959.36
Total Scope 1 and Scope 2 emission intensity per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations)	Metric tonnes of CO ₂ equivalent / ₹	8.97 × 10 ⁻⁶	9.58 × 10 ⁻⁶
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for Purchasing Power Parity (PPP) (Total Scope 1 and Scope 2 GHG emissions / Revenue from operations adjusted for PPP)	Metric tonnes of CO ₂ equivalent / ₹	1.81 × 10 ⁻⁴	2.19 × 10 ⁻⁴
Total Scope 1 and Scope 2 emission intensity in terms of physical output	-	-	-
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

*Ozone depleting substance refrigerant emissions are also considered in FY 2024-25.

Note: Reasonable assurance of BRSR Core Indicators is being conducted by TUV SUD.

8. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide detail

1. The Thermal Oxidation Unit, established in 2006, operates under the Clean Development Technology (CDT) framework, strategically aimed at reducing the environmental impact of greenhouse gas emissions. This asset plays a pivotal role in mitigating the adverse effects of emissions on the environment. It neutralizes the greenhouse effect caused by any fugitive emissions of Mafron.
2. A power purchase agreement (PPA) has been established for renewable energy sources such as solar and wind, aimed at significantly curbing its emissions. This initiative involves a contractual agreement between parties to procure electricity generated from sustainable sources, thereby reducing reliance on fossil fuels and mitigating environmental impact. As part of this ongoing commitment, Dewas site increased its solar electricity capacity from 1 MW to 2.2 MW in September 2024. Navin Fluorine is currently in the process of establishing the PPA, with the objective of achieving approximately 50% of its electricity from renewable sources.

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2024-25	FY 2023-24
Total Waste generated (in metric tonnes)		
Plastic waste (A) MT	92.75	253.38
E-waste (B) MT	0.262	11.22
Bio-medical waste (C) MT	0.043	0.073
Construction and demolition waste (D) MT	0.00	0.00
Battery waste (E) MT	0.48	1.69
Radioactive waste (F) MT	0.00	0.00
Other Hazardous waste (G) MT Such as Spent HCL acid, spent solvent, ETP sludge, MEE salt, semi solid waste, sodium hypo chlorates, inorganic salt, distillation residue, spent acetic acid, pre-processing waste, spent sulphuric acid, process sludge, chemical sludge from waste water treatment, MEE feed tanker, discarded containers, concentration of evaporation residue, process residue and waste, sulphur sludge, old and used drums and carboy, incinerated ash, spent HBr, used oil, plastic bags, insulation waste, spent catalyst, spent carbon, cotton waste, off specification and date expired products	78572.62	67062.98
Other Non-hazardous waste (H) MT Such as fly ash and bed ash, mild steel, stainless steel, plywood, cable waste and drums	5325.25	5924.18
Total Waste Generated (A + B + C + D + E + F + G + H) MT	83991.40	73253.52
Waste intensity per rupee of turnover (Total waste generated / Revenue from operations)	3.58×10^{-6}	3.46×10^{-6}
Waste intensity per rupee of turnover adjusted Purchasing for Power Parity (PPP) (Total Waste Generated / Revenue from operations adjusted for PPP)	7.22×10^{-5}	7.91×10^{-5}
Waste intensity in terms of physical output	-	-
Waste intensity (optional) – the relevant metric may be selected by the entity	-	-
For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)		
Category of Waste:		
i. Recycled	15199.90	12943.16
ii. Reused	52913.63	41280.71
iii. Other recovery operations	0.00	0.00
Total	68113.53	54223.87
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)		
Category of Waste:		
i. Incineration	4956.68	7828.64
ii. Landfilling	10731.78	11347.12
iii. Other disposal operations – Co-processing	0.00	0.00
Total	15688.46	19175.76

Note: Reasonable assurance of BRSR Core Indicators is being conducted by TUV SUD.

- 10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.**

The Company's waste management plan encompasses comprehensive strategies for waste minimization, segregation, and safe disposal. Navin Fluorine meticulously handles both hazardous and non-hazardous waste, ensuring that non-hazardous waste is disposed of through authorized recyclers, while hazardous waste is sent to authorized vendors for responsible recycling and disposal.

The Company's facility features an advanced Effluent Treatment Plant (ETP) with Zero Liquid Discharge (ZLD) capabilities, employing Reverse Osmosis (RO), Multiple Effect Evaporation (MEE), and Agitated Thin Film Dryer (ATFD) technologies.

- 11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones, etc.) where environmental approvals/clearances are required, please specify details in the following format:**

Navin Fluorine's operations and offices are not situated in or around ecologically sensitive areas. As a result, there is no requirement for environmental approvals or clearances in this regard.

- 12. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:**

No environmental impact assessments have been conducted for projects undertaken by Navin Fluorine in the current financial year in accordance with applicable law.

- 13. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India, such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act, and rules thereunder (Y/N). If not, provide details of all such noncompliances, in the following format:**

S. No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the non-compliance	Any fines / penalties / action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any
1	Nil	Nil	Nil	Nil

LEADERSHIP INDICATORS

- 1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):**

Navin Fluorine's operational sites are not situated in water-stressed regions. No water is withdrawn, consumed, or discharged from any such areas.

For each facility / plant located in areas of water stress, provide the following information:

- Name of the area : Not Applicable
- Nature of operations : Not Applicable
- Water withdrawal, consumption and discharge in the following format:

Parameter	FY 2024-25	FY 2023-24
Water withdrawal by source (in kilolitres)		
(i) Surface water	Nil	Nil
(ii) Groundwater	Nil	Nil
(iii) Third party water	Nil	Nil
(iv) Seawater / desalinated water	Nil	Nil
(v) Others	Nil	Nil
Total volume of water withdrawal (in kilolitres)	Nil	Nil
Total volume of water consumption (in kilolitres)	Nil	Nil
Water intensity per rupee of turnover (Water consumed / turnover)	Nil	Nil
Water intensity (optional) – the relevant metric may be selected by the entity	Nil	Nil
Water discharge by destination and level of treatment (in kilolitres)		
(i) Into Surface water	Nil	Nil
No treatment	Nil	Nil
With treatment – please specify level of treatment	Nil	Nil
(ii) Into Groundwater	Nil	Nil
No treatment	Nil	Nil
With treatment – please specify level of treatment	Nil	Nil
(iii) Into Seawater	Nil	Nil
No treatment	Nil	Nil
With treatment – please specify level of treatment	Nil	Nil
(iv) Sent to third-parties	Nil	Nil
No treatment	Nil	Nil
With treatment – please specify level of treatment	Nil	Nil
(v) Others	Nil	Nil
No treatment	Nil	Nil
With treatment – please specify level of treatment	Nil	Nil
Total water discharged (in kilolitres)	Nil	Nil

Note: Reasonable assurance of BRSR Core Indicators is being conducted by TUV SUD.

2. Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2024-25	FY 2023-24
Total Scope 3 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	614868.60 *	30223.72
Total Scope 3 emissions per rupee of turnover	Metric tonnes of CO ₂ equivalent /₹	2.62 × 10 ⁻⁵ *	1.43 × 10 ⁻⁶
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity	-	-	-

* Scope 3 emissions included upstream Categories 1 to 7 and Downstream Category 9. This year, spend based method was adopted for Categories 1 and 2. For Category 3, electricity losses and Well-to-Tank (WTT) emission factors and were included. The company has been progressively increasing the coverage of its Scope 3.

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

Not Applicable

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
1.	Process modification	Steam condensate recovery from Mafron, Argo 1.0, sulfuric acid (H_2SO_4) plant, and Multi-Purpose Plant (MPP), as well as condensate recovery from the process plant after checking conductivity and pH, aims to reduce demineralized (DM) water and natural gas (NG) consumption in the NG-fired boiler by ensuring clean condensate transfer to the boiler DM water tank.	The initiative led to a reduction of 393,138 cubic meters in natural gas consumption, a reduction of 741 metric tons (MT) in CO_2 emissions, and a reduction of 21,759 kiloliters (KL) in water consumption.
2.	Process modification	Condensate collection system was developed at Dewas site, in addition to existing recovery system to capture condensate from 11 low pressure traps and 4 hot water systems.	This improvement increased condensate recovery from 30% to 55%.
3.	Process modification	Implemented a process aimed at reducing steam is achieved by integrating liquid hydrofluoric acid (HF) into the Mix-II reaction at the Boron Trifluoride (BF_3) plant, thus eliminating the necessity for Hydrofluoric Acid (HF) vaporization.	The initiative resulted in a decrease of 838.5 metric tons (MT) in steam consumption.
4.	Process modification	At Dewas site, flue gases from boiler were utilized to increase feed water temperature using water pre-heater in 5 TPH boiler.	The initiative resulted improvement in Steam to fuel ratio from 12.20 to 12.45 (KG steam per SCM natural gas).
5.	Process modification	Implemented a process aimed at reducing chiller compressor power consumption through the integration of liquid Hydrofluoric Acid (HF) into the Mix-II reaction at the Boron Trifluoride (BF_3) plant	The initiative led to a decrease of 251209 kWh in electricity consumption and a reduction of 177 metric tons (MT) in CO_2 emissions.
6.	Process modification	To burn R23 in the Clean Development Mechanism, 22 kL of water per day is required. When R23 is not burned, the burner operates continuously to prevent damage to the refractory lining. In this case, to conserve resources and reduce water consumption, water recycling mechanism has been established.	The initiative resulted in a decrease of 820 kiloliters (KL) in water consumption.
7.	Implementation of Zero Liquid Discharge system	Installation of a full-fledged ETP/Zero Liquid Discharge (ZLD) facility equipped with reverse osmosis (RO), multiple Effect Evaporator (MEE), and agitated thin film dryer (ATFD) for Primary, Secondary, and Tertiary treatment of effluent. The entire effluent load inclusive of process and domestic streams are treated to finally yield good quality water which is recycled/reused back to the cooling tower/utility purpose.	Resource conservation - Treated effluent is utilized in utility thus reducing freshwater consumption.
8.	Co-processing / Pre-processing of Hazardous waste	Exploration and implementation of utilizing hazardous waste in the Cement industry as Co-processing/Pre-processing measures. A good example of resource conservation is by utilizing hazardous waste in a Cement kiln as fuel instead of disposing it at TSDF.	Resource conservation

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, Navin Fluorine has a thorough plan for business continuity and disaster management, covering natural and man-made emergencies. The focus is on reducing risks to human health, minimizing property damage, and protecting the environment. This plan also ensures effective communication between Navin Fluorine, government authorities, public forums, and the press to prevent any public disorder.

6. Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

Navin Fluorine efficiently dispatches chemicals from its designated site to the respective port via trailers, ensuring seamless transportation. Each trailer is accompanied by a water tanker as a precautionary measure to mitigate any potential mishaps. This strategic arrangement allows swift response and management in the event of an incident, underscoring Navin Fluorine's commitment to safety and operational excellence.

7. Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts.

A total of 19% of our value chain partners underwent assessments to evaluate their environmental impacts in last 2 years. In order to have assessment done for remaining key suppliers, Navin Fluorine has partnered with a consulting Organization.

PRINCIPLE 7: Businesses when engaging in influencing public and regulatory policy, should do so in a manner that is responsible and transparent

ESSENTIAL INDICATORS

1. a) **Number of affiliations with trade and industry chambers/ associations.**

Navin Fluorine is a member of six associations.

- b) **List the top 10 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/ affiliated to.**

S.no	Name of the trade and industry chambers/ associations	Reach of trade and industry chambers/ associations (State/National)
1	Indian Chemical Council	National
2	Federation of Indian Chambers of Commerce & Industry (FICCI)	National
3	Confederation of Indian Industry	National
4	Bombay Chamber of Commerce	National
5	British Safety Council	International
6	Center for Chemical Process Safety	International

2. **Provide details of corrective action taken or underway on any issues related to anti-competitive conduct by the entity, based on adverse orders from regulatory authorities**

There were no reported cases of anti-competitive behavior at Navin Fluorine during the present fiscal year.

LEADERSHIP INDICATORS

1. **Details of public policy positions advocated by the entity:**

The Company actively engages in diverse association programs, advocating for and contributing to inclusive development policies that benefit the Chemical Industry at large.

PRINCIPLE 8: Businesses should promote inclusive growth and equitable development.

ESSENTIAL INDICATORS

1. **Details of Social Impact Assessments (SIA) of projects undertaken by the entity based on applicable laws, in the current financial year.**

In adherence to the prevailing legal framework, particularly the Right to Fair Compensation and Transparency in Land Acquisition Act of 2013, and the Rehabilitation and Resettlement Act of 2013, it is imperative to note that Navin Fluorine is not subject to the stipulations outlined within these legislative mandates. Consequently, the necessity for Social Impact Assessments (SIA) does not apply to Navin Fluorine, as per the scope of its operations and legal obligations.

2. **Provide information on project(s) for which ongoing Rehabilitation and Resettlement (R&R) is being undertaken by your entity:**

For the current financial year, Navin Fluorine has not engaged in any land acquisition activities, nor have we been involved in any displacements. As a result, Rehabilitation and Resettlement (R&R) measures are not applicable to our operations during this period.

3. **Describe the mechanisms to receive and redress grievances of the community.**

Initiatives conducted within the realm of Corporate Social Responsibility (CSR) undergo meticulous tracking to assess achieved outcomes and community benefits. The Company voluntarily conducts impact assessment surveys of its implementing agencies for selected projects and, whenever feasible, implements internal tracking mechanisms, issues regular reports, and conducts follow-up field visits, as well as engages in telephonic and email communications. The community can report their grievance using the below web-based grievance reporting form:

https://www.nfil.in/contact/grievance_redressal.html

4. **Percentage of input material (inputs to total inputs by value) sourced from local or small-scale suppliers:**

	FY 2024-25	FY 2023- 24
Directly sourced from MSMEs/ Small producers	29.78%	34.18%
Sourced directly from within the district and neighboring districts	36.38%	28.49%

5. **Job creation in smaller towns – Disclose wages paid to persons employed (including employees or workers employed on a permanent or non-permanent / on contract basis) in the following locations, as % of total wage cost**

Location	FY 2024-25	FY 2023-24
Rural	0	0
Semi-urban	25.26%	24.55%
Urban	16.15%	15.62%
Metropolitan	58.59%	59.83%
Place categorized as per RBI classification system: Rural / Semi-Urban / Urban / Metropolitan		

LEADERSHIP INDICATORS

1. **Provide details of actions taken to mitigate any negative social impacts identified in the Social Impact Assessments (Reference: Question 1 of Essential Indicators above):**

Social Impact Assessments (SIA) are not applicable to Navin Fluorine, aligning with the scope of its legal obligations.

2. **Provide the following information on CSR projects undertaken by your entity in designated aspirational districts as identified by government bodies:**

No CSR projects have been undertaken in designated aspirational districts for the FY 2024-25.

3. (a) **Do you have a preferential procurement policy where you give preference to purchase from suppliers comprising marginalized /vulnerable groups? (Yes/No)**

Navin Fluorine has implemented a Sustainable Supply Chain Policy to uphold ethical and responsible procurement practices from all suppliers. The Company places emphasis on partnering with suppliers who adhere to environmental and social standards, aiming to mitigate adverse impacts within its supply chain <https://www.nfil.in/investor/policies/NFIL%20Sustainable%20Supply%20Chain%20Policy.pdf>.

- (b) **From which marginalized /vulnerable groups do you procure?**

Navin Fluorine prioritizes sourcing a majority of its raw materials from local and Micro, Small, and Medium Enterprises (MSME) suppliers.

- (c) **What percentage of total procurement (by value) does it constitute?**

29.78%

4. **Details of the benefits derived and shared from the intellectual properties owned or acquired by your entity (in the current financial year), based on traditional knowledge:**

Navin Fluorine does not hold proprietary intellectual properties. Instead, the Company engages in collaborative ventures with industries across various sectors. In these partnerships, Navin Fluorine produces intermediate chemicals based on the technical expertise provided by each industry, operating within the framework of individual agreements with its partners.

5. **Details of corrective actions taken or underway, based on any adverse order in intellectual property related disputes wherein usage of traditional knowledge is involved.**

For Navin Fluorine, there are no corrective actions taken or underway based on any adverse order in intellectual property related disputes involving the usage of traditional knowledge.

6. Details of beneficiaries of CSR Projects:

S. No	CSR Project	No. of persons benefitted from CSR Projects	% of beneficiaries from vulnerable and marginalized groups
Projects undertaken by Navin Fluorine International Limited			
1.	Shri Sadguru Seva Sangh Trust	179,564	90%
2.	Blind People's Association	6,040	40%
3.	Charutar Arogya Mandal	-	-
4.	Olympic Gold Quest	142	-
5.	Mobile Health Vans	73,642	100%
6.	Shakti Foundation Trust	360	80%
7.	Sir J. J. Hospital	-	-
8.	Consumer Education & Research Centre	100,000 [#]	20%
9.	Prayas Team Environment	2,000	-
10.	Food Distribution	300-400 ^{##}	100%
11.	Shala Praveshotsav (Stationery for School Children)	481	100%
12.	Miscellaneous- RO water system, Sanitary pad vending machine, Furniture set etc.	1,490	75%
Projects undertaken by Navin Fluorine Advanced Sciences Limited			
1.	Shakti Foundation Trust	480	80%
2.	K.C. Mahindra Education Trust (Project Nanhi Kali)	640	90%
3.	Transportation for School Children	22	80%
4.	School Amenities like Cupboard, Benches, Podium, Boards etc	150	80%
5.	Food Distribution	350-400 ^{##}	100%

[#] benefitted households^{##} benefitted every Saturday**PRINCIPLE 9: Businesses should engage with and provide value to their consumers in responsible manner.****ESSENTIAL INDICATORS****1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback**

The Company maintains a customer-centric approach, demonstrated through regular customer satisfaction surveys aimed at continual improvement. Routine surveys engage both external and internal stakeholders, with external customers providing feedback annually and internal customers surveyed quarterly. The ratings and inputs received are meticulously analyzed, prompting respective departments to take proactive measures to enhance their performance based on the feedback received.

2. Turnover of products and services as a percentage of turnover from all products/service that carry information about:

	As a percentage to total turnover
Environmental and Social parameters relevant to the product	100%
Safe and responsible usage	100%
Recycling and/or safe disposal	100%

3. Number of consumer complaints

	FY 2024-25			FY 2023-24		
	Received during the year	Pending resolution at the end of year	Remarks	Received during the year	Pending resolution at the end of year	Remarks
Data privacy	0	0	-	0	0	-
Advertising	0	0	-	0	0	-
Cyber-security	0	0	-	0	0	-
Delivery of essential services	0	0	-	2	0	-
Restrictive Trade Practices	0	0	-	0	0	-
Unfair Trade Practices	0	0	-	0	0	-
Others (product specification, product packaging)	39	1	-	16	0	-

4. Details of instances of product recalls on account of safety issues

	Number	Reason for recall
Voluntary recalls	0	Not applicable
Forced recalls	0	Not applicable

5. Does the entity have a framework/ policy on cyber security and risks related to data privacy? (Yes/No) If available, provide a web-link of the policy.

Yes, Navin Fluorine has established an IT/Cyber security policy designed to manage incidents pertaining to cybersecurity and data privacy effectively. This policy outlines fundamental standards to maintain a secure work environment, ensuring the protection of confidential and sensitive information concerning Navin Fluorine employees, customers, suppliers, and all stakeholders.

6. Provide details of any corrective actions taken or underway on issues relating to advertising and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty/action taken by regulatory authorities on safety of products/services.

In the current reporting period, the Company has not encountered any instances necessitating corrective actions pertaining to advertising and delivery of essential services, cyber security and data privacy of customers, re-occurrence of instances of product recalls, or penalties/actions taken by regulatory authorities on the safety of products/services.

7. Provide the following information relating to data breaches:

a. Number of instances of data breaches

No instances of data breaches were recorded during FY 2024-25

b. Percentage of data breaches involving personally identifiable information of customers

No instances of data breaches were recorded during FY 2024-25

c. Impact, if any, of the data breaches

No instances of data breaches were recorded during FY 2024-25

LEADERSHIP INDICATORS

1. **Channels / platforms where information on products and services of the entity can be accessed (provide web link, if available).**

Access to information on Navin Fluorine products is available through the following link: <https://www.nfil.in/>

2. **Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.**

Navin Fluorine provides a material safety data sheet with all of its products to inform and educate consumers about the safe and responsible usage of the products.

3. **Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.**

Navin Fluorine is able to predict and foresee any potential disruption to its essential services. The Company has mechanisms in place to notify consumers about any potential risk of disruption or any discontinuation of its services through emails, conference calls, and mobile device messages.

4. **Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/ Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)**

Navin Fluorine adheres to relevant laws and regulations in disclosing product information. Navin Fluorine displays product labels, Product Safety Data Sheets labels, hazard class labels, and Globally Harmonized System (GHS) labels on each consignment for safe handling of the product.

The Company conducts routine customer satisfaction surveys involving both external and internal stakeholders. External customers participate annually, while internal customers are surveyed quarterly. Feedback from these surveys informs departmental initiatives aimed at improving service quality and meeting Navin Fluorine's customer needs.

Annual Report on Corporate Social Responsibility ('CSR') Initiatives

1. Brief outline on CSR Policy of the Company

Navin Fluorine strongly believes in giving back to the society. The Company will continue to fulfil its role of a responsible corporate citizen by making positive changes through community development initiatives. The Company has framed a CSR Policy in compliance with the provisions of the Companies Act, 2013. The CSR Policy, inter alia, covers the concept (CSR philosophy, snapshot of activities undertaken by the group and applicability), scope (area/ localities to be covered and activities), guiding principles for selection of CSR activities and annual action plan, guiding principles for execution of CSR activities, guiding principles for monitoring CSR activities and Impact Assessment.

During the financial year ended March 31, 2025, the Company undertook the following CSR activities:

Mode of Implementation	Details of the Project	Amount contributed (₹ in crores)
Shri Sadguru Seva Sangh Trust	For upgradation and extension of Jankikund Chikitsalaya - General Hospital	2.00
Blind People's Association	For projects on (i) Mental Illness, (ii) Soft Skills & Empowerment of Women with Visual Impairment, (iii) Early Childhood Services for Children and Youth with Multiple Disabilities, (iv) Livelihood and Self-Employment, (v) Rehabilitation & Early Intervention Unit at Rajpipla, (vi) Early Childhood Services Unit at Anandpur (vii) Skilling Unit at Surat, South Gujarat, and (viii) Distribution of self-employment kits and assistive devices to visually impaired people in South Gujarat	1.55
Charutar Arogya Mandal	For upgrading 2 conventional Operation Theatres to Modular Operation Theatres and procuring Sonosite Portable Sonography Machine for the Neonatal Department	1.12
Foundation for Promotion of Sports	For support to junior athletes	1.08
Shakti Foundation	For promoting menstrual hygiene and sustainable livelihood generation	0.31
Sir J. J. Hospital	For procuring an Anaesthesia Work Station for the ENT department	0.30
Project directly implemented - Mobile Health Vans	For operating Mobile Health Vans to cater to villages around Dewas and Surat	0.30
Consumer Education and Research Centre	For consumer redressal and protection activities	0.10
Prayas	For animal welfare, bird rescue and rehabilitation	0.05
Project directly implemented - Shala Pravesotsav	For providing basic stationery to school students in Surat	0.04
Project directly implemented - Food distribution	For providing meals to underprivileged people in the surrounding area of Surat and Dewas factories	0.03
Act Eve Education and Social Welfare Society	For providing furniture, RO water system and sanitary pad vending machine in government schools	0.03
Total		6.91

2. Composition of CSR Committee

Sr. No.	Name of the Directors	Designation/Nature of Directorship	No. of Meetings of CSR Committee held during the year	No. of Meetings of CSR Committee attended during the year
1.	Mr. Ashok U. Sinha (Chairman)	Non-Executive Independent Director	2	2
2.	Mr. Vishad P. Mafatlal (Member)	Executive Chairman	2	2
4.	Mr. Sudhir R. Deo (Member)	Non-Executive Non- Independent Director	2	1*

*Mr. Sudhir R. Deo was appointed as a Member of the CSR Committee w.e.f. May 07, 2024 and thereafter 1 CSR Committee Meeting was held.

3. Provide the web-link(s) where Composition of CSR Committee, CSR Policy and CSR Projects approved by the Board are disclosed on the website of the Company:

b) CSR Policy

https://www.nfil.in/investor/policies/NFIL_CSR_Policy_1.pdf

c) CSR Projects

<https://www.nfil.in/csr/index.html>

4. Provide the executive summary along with web-link(s) of Impact Assessment of CSR Projects carried out in pursuance of sub-rule (3) of rule 8, if applicable -

Though not statutorily applicable, the Company has voluntarily done impact assessment of its project undertaken through Olympic Gold Quest, a program of Foundation for Promotion of Sports and Games, during the financial year 2022-23. The impact assessment was undertaken by MMJC Consultancy LLP. The executive summary of the same is annexed to this Report as Annexure 4(a).

5. (a) Average net profit of the Company as per sub-section (5) of section 135 - ₹330.85 crores

(b) Two percent of average net profit of the Company as per sub-section (5) of section 135 - ₹6.62 crores

(c) Surplus arising out of the CSR projects or programmes or activities of the previous financial years - Not Applicable

(d) Amount required to be set-off for the financial year, if any - Not Applicable

(e) Total CSR obligation for the financial year [(b)+(c)-(d)] - ₹6.62 crores

6. (a) Amount spent on CSR Projects (both Ongoing Project and other than Ongoing Project) - ₹6.91 crores

(b) Amount spent in Administrative Overheads - NIL

(c) Amount spent on Impact Assessment, if applicable - Not Applicable

(d) Total amount spent for the financial year [(a)+(b)+(c)] - ₹6.91 crores

(e) CSR amount spent or unspent for the Financial Year

Total Amount Spent for the Financial Year (₹ in crores)	Amount Unspent (₹ in crores)				
	Total Amount transferred to Unspent CSR Account as per subsection (6) of section 135		Amount transferred to any fund specified under Schedule VII as per second proviso to sub-section (5) of section 135		
	Amount	Date of transfer	Name of the fund	Amount	Date of transfer
6.91			Not Applicable		

(f) Excess amount for set off, if any

Sr. No.	Particulars	Amount (₹ in crores)
1.	2% of average net profit of the Company as per sub-section (5) of Section 135	6.62
2.	Total amount spent for the Financial Year	6.91
3.	Excess amount spent for the Financial Year [(2)-(1)]	0.29
4.	Surplus arising out of the CSR projects or programmes or activities of the previous Financial Years, if any	N.A.
5.	Amount available for set-off in succeeding Financial Years [(3)-(4)]	0.29

7. Details of Unspent Corporate Social Responsibility amount for the preceding 3 Financial Years:

Not Applicable

8. Whether any capital assets have been created or acquired through Corporate Social Responsibility amount spent in the Financial Year: No

If Yes, enter the number of Capital assets created / acquired - Not Applicable

Furnish the details relating to such asset(s) so created or acquired through Corporate Social Responsibility amount spent in the Financial Year:

No amount has been spent on creation or acquisition of capital assets.

9. Specify the reason(s), if the company has failed to spend 2% of the average net profit as per subsection (5) of Section 135: Not Applicable

Annexure 4(a)

Executive Summary of CSR Impact Assessment

Olympic Gold Quest, Program of Foundation for Promotion of Sports and Games:

Over the past five years, sports awareness in India has grown substantially, fuelled by Government initiatives like “Khelo India”, the emergence of non-cricket sports, and enhanced media coverage, including digital platforms. The achievements of Indian athletes on the global stage, coupled with the rising popularity of professional leagues such as the ISL and Pro Kabaddi League, have expanded the nation's sports enthusiasm. Furthermore, increased corporate sponsorship, strategic branding, and a heightened focus on fitness and wellness have made sports more accessible and engaging, driving greater participation and interest among the masses.

The recent rise in the participation and success of Indian athletes is attributed to a robust support system developed over the past few years. This ecosystem has been significantly enhanced by the proactive efforts of the Government of India, along with organizations like the SAI, the TOPS, NSF, and non-profits such as OGQ.

A major driver of this change is the expanded access to elite training facilities and sophisticated sports equipment and accessories. Archery and shooting are games that require precision in equipment and accessories. For example, the best quality bullet costs around ₹40 each, and approximately 300-400 bullets are fired daily during preparations and training by a single shooter. These bullets and rifles are all imported. Hence, the support for equipment and the availability of infrastructure to practice is fundamental, which is provided by OGQ.

Financial support has also seen a substantial boost, with increased funding for training, travel, accommodation, and high-quality facilities. Programs like TOPS focus on elite athletes with Olympic potential, partnering with OGQ and providing them with essential financial backing and resources for international competition.

Along with financial backing, the supporting systems also play a crucial role in maintaining the athlete's sustainability.

Athletes now benefit from regular consultations with physiotherapists for injury prevention and recovery, strength and conditioning experts who tailor programs to specific sports, and nutritionists who create personalized dietary plans to optimize performance and recovery.

NSF have become more effective in scouting and nurturing young talent, providing structured development pathways. Meanwhile, organizations like OGQ enhance these efforts with mentoring from former athletes, top-tier coaching, and advanced sports technology.

This comprehensive support network has not only elevated the performance of Indian athletes but also encouraged more youth to pursue sports professionally, leading to a marked increase in participation and a transformative shift in India's sporting landscape.

As part of its CSR strategy, the Company has forged a partnership with OGQ to enhance the development of sports in India and support promising athletes. Through this collaboration, OGQ provides essential resources such as funding, training facilities, equipment, and expert guidance, ensuring athletes have access to the best coaching, nutrition, injury management, and mental conditioning.

As part of this effort, the Company has funded ₹90 lakhs to OGQ for the promotion of sports and support for athletes, helping to elevate standards and foster a culture of participation, excellence, and inclusivity, ultimately positioning India as a rising force on the global sporting stage.

The initiative extends beyond mere financial assistance, fostering a holistic environment where athletes can thrive, overcome challenges, and maximize their potential. By backing OGQ's mission, the Company is committed to creating opportunities for young talent, bridging gaps in infrastructure, and helping Indian athletes achieve their dreams of winning on the global stage, ultimately contributing to a stronger sports culture in the country.

NFIL funded these 5 categories of sports in FY 22-23

Findings of the study:

- All respondents agreed that before joining OGQ, they struggled with funding, while 80% faced challenges related to travel, accommodation, and access to quality equipment.
- 94% of the respondents agreed that OGQ's support aligns with their personal goals, and 81% felt that OGQ's vision complements Government initiatives like Khelo India.
- More than 50% of the respondents rated the facilities—such as transportation, accommodation, food, training quality, drills, strategy, and match play—as very good. They also agreed that OGQ's support is unbiased and has helped improve family sustainability.
- More than 80% of the respondents reported noticeable improvements in their performance, better access to advanced techniques, and enhanced core stability.
- More than 80% of the respondents observed a positive impact in terms of increased confidence and motivation, as well as improved chances of winning a medal.
- All respondents agreed that the training and support provided by OGQ would boost their performance. To some extent, it can also be said that their sustainability level has improved with this support.
- Out of the total eight female respondents, the majority agreed that, because of OGQ's support, they gained financial independence and their chances of winning a medal increased. Furthermore, they also agreed that OGQ's support provided regular access to training and coaches, which boosted their confidence and motivation.
- The majority of respondents indicated that their motivation for joining OGQ was a strong need for support in nutrition, health, and psychological well-being, along with training facilities, high-quality coaching, and financial support.
- All respondents reported receiving exceptional guidance on dietary plans customized to their individual body requirements.
- The majority of respondents reported that physiotherapy sessions resulted in a reduction in pain and stiffness, and a quicker recovery from injuries.

Impact created:

From the perspective of Individual:

A well-structured sports ecosystem provides early skill development and competitive experience for youth, encourages women's participation and the creation of role models, and offers financial support and access to quality facilities for underprivileged athletes. This comprehensive approach ensures that all athletes, regardless of background, have the opportunity to excel, promoting a more inclusive, resilient, and equitable sports environment.

From the perspective of Family:

Seamless support from OGQ alleviates financial burdens on families, allowing them to focus on their athlete's training while also enhancing the overall support network. As families witness their children's successes, they are encouraged to see sports as a viable career, inspiring not only the athletes but also younger siblings, fostering motivation and aspiration for personal and athletic development.

From the perspective of Community:

Well-trained athletes inspire a positive perception of sports, motivating local youth to pursue athletic careers, while their victories foster community support and cooperation. OGQ's unbiased selection process encourages athletes to excel, engaging youth in structured activities that promote healthier lifestyles and reduce negative behaviors. Additionally, hosting sports events boosts local economies, fostering diversity and inclusivity by bringing together people from various backgrounds.

From the perspective of Nation:

A well-structured sports ecosystem improves athlete performance, leading to better rankings and more medals in global competitions, while fostering national pride by uniting citizens to celebrate achievements and support their teams. Investment in sports stimulates economic growth through job creation in coaching, management, and event organization. Additionally, promoting sports encourages active lifestyles, contributing to public health benefits and reducing healthcare costs. This cohesive ecosystem also drives social change by addressing gender equality, youth engagement, and inclusivity, fostering a more equitable society.

Out of 75 OGQ athletes funded by NFIL in FY 22-23, 5 athletes and 1 para-athlete qualified for the Paris Olympics 2024.

Details of Employees' Stock Option Schemes

Disclosures with respect to Employees' Stock Option Scheme 2007 ('ESOS - 2007') and Employees' Stock Option Scheme 2017 ('ESOS - 2017') of the Company pursuant to Regulation 14 of SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 as on March 31, 2025:

- A. Relevant disclosures in terms of the accounting standards prescribed by the Central Government in terms of Section 133 of the Companies Act, 2013 including the 'Guidance note on accounting for employee share-based payments' issued in that regard from time to time

Members may refer to the annual audited financial statements prepared as per Indian Accounting Standard for the financial year 2024-25.

- B. Diluted Earnings Per Share (EPS) on issue of shares pursuant to all the schemes covered under the regulations shall be disclosed in accordance with 'Indian Accounting Standard (Ind-AS) 33 Earnings Per Share' issued by Central Government or any other relevant accounting standards as issued from time to time

Diluted EPS for the financial year ended March 31, 2025 is ₹48.74 calculated in accordance with Ind-AS 33 (Earnings Per Share).

- C. Details related to ESOS - 2007 and ESOS - 2017

- 1) The description including general terms and conditions of each ESOS is summarised as under:

Sr. No.	Particulars	ESOS – 2007	ESOS - 2017
a	Date of shareholders' approval	July 20, 2007	June 29, 2017
b	Total number of options approved under ESOS	5,04,900 (face value of ₹10/- each) (equivalent to 25,24,500 of ₹2/- each after sub-division)	As may be determined by the Nomination and Remuneration Committee subject to maximum of 5% of issued and paid-up share capital of the Company from time to time
c	Vesting requirement	As may be determined by the Nomination and Remuneration Committee subject to minimum vesting period of 1 year from the date of grant of options	As may be determined by the Nomination and Remuneration Committee subject to minimum vesting period of 1 year from the date of grant of options and shall end over a maximum period of 5 years from the date of grant of the options
d	Exercise price or pricing formula	Market price of equity shares of the Company on the date prior to the date on which the Nomination and Remuneration Committee finalizes the specific number of options to be granted to the designated employees	As may be decided by the Nomination and Remuneration Committee and shall not be less than the face value per share
e	Maximum term of option granted	10 years from the date of grant	10 years from the date of grant
f	Source of shares (primary, secondary or combination)	Primary	Primary
g	Variation in terms of options	None	None

- 2) Method used to account for ESOS: Fair value
- 3) Where the company opts for expensing of the options using the intrinsic value of the options, the difference between the employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the fair value of the options shall be disclosed. The impact of this difference on profits and on EPS of the company shall also be disclosed:

The Company uses intrinsic value method of accounting for options vested till March 31, 2016. Post implementation of Ind-AS, that is, from April 01, 2016, the Company adopts fair value method of accounting for options not vested till March 31, 2016.

- 4) Option movement during the year:

Sr. No.	Particulars	ESOS - 2007	ESOS - 2017
a	Number of options outstanding at the beginning of year	1,825	2,88,210
b	Number of options granted during the year	--	50,000
c	Number of options forfeited / lapsed during the year	--	85,000
d	Number of options vested during the year	--	91,250
e	Number of options exercised during the year	125	16,600
f	Number of shares arising as a result of exercise of options	125	16,600
g	Money realized by exercise of options	69,300	12,78,000
h	Loan repaid by the Trust during the year from exercise price received	N.A.	N.A.
i	Number of options outstanding at the end of the year	1,700	2,36,610
j	Number of options exercisable at the end of the year	1,700	97,860

- 5) Weighted average exercise prices and weighted average fair values of options shall be disclosed separately for options whose exercise price either equals or exceeds or is less than the market price of the stock:
- Weighted average exercise price - ₹2,892.00
 - Weighted average fair value (Black Scholes Model) - ₹1,378.39
- 6) Employee wise details (name of employee, designation, number of options granted during the year, exercise price) of options granted to:
- Senior managerial as defined under Regulation 16(d) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015: Nil
 - Any other employee who receives a grant in any one year of option amounting to 5% or more of option granted during that year -

Name of Employee	Designation	Number of options granted during the year	Exercise Price
Mr. Nitin G. Kulkarni	Managing Director	50,000	₹3,221/-

- c) Identified employees who were granted option, during any one year, equal to or exceeding 1% of the issued capital (excluding outstanding warrants and conversions) of the Company at the time of grant - Nil
- 7) A description of the method and significant assumptions used during the year to estimate the fair values of options including the following information:

Please refer to Notes to the Annual Audited Standalone Financial Statements - Note 44

Annexure 7

Disclosure under Section 197(12) read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

- Ratio of remuneration of each Director to the median remuneration of the employees of the Company for the financial year ended March 31, 2025 and % increase in remuneration of each Director in the financial year:

Name of the Directors	Remuneration (₹ in crores)	Ratio	% Increase
Mr. Vishad P. Mafatlal	9.85	109.44	21.45
Mr. Sunil S. Lalbhai	0.34	3.78	17.24
Mr. Atul K. Srivastava	0.34	3.78	25.93
Mr. Ashok U. Sinha	0.33	3.67	26.92
Mr. Sujal A. Shah	0.34	3.78	30.77
Ms. Apurva S. Purohit	0.32	3.56	23.08
Mr. Sudhir R. Deo	0.32	3.56	33.33
Mr. Abhijit J. Joshi (w.e.f. May 07, 2024)	0.28	3.11	N.A.
Mr. Nitin G. Kulkarni (w.e.f. June 24, 2024)	6.83	75.89	N.A.
Mr. Mohan M. Nambiar (upto August 01, 2024)	0.11	1.22	(62.07)
Ms. Radhika V. Haribhakti (upto July 29, 2024)	0.11	1.22	(62.07)
Mr. Pradip N. Kapadia (upto June 24, 2024)	0.08	0.89	(72.41)
Mr. Sudhir G. Mankad (upto June 24, 2024)	0.08	0.89	(70.37)
Mr. Harish H. Engineer (upto June 24, 2024)	0.09	1.00	(67.86)

The % increase in remuneration of Mr. Niraj B. Mankad, President Legal and Company Secretary and Mr. Anish P. Ganatra, Chief Financial Officer is 7.5%.

- % increase in median remuneration of employees in the financial year: (0.40%)
- The number of permanent employees on the rolls of the Company as on March 31, 2025: 988
- Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

Average increase for non-managerial employees is 16.92% for a period of 3 years (5.64% p.a.); Non managerial employees also get increase in Dearness Allowance as per Consumer Price Index; Average increase in total remuneration is approx. 8.66% (including Key Managerial Personnel), while average increase for managerial personnel is approx. 8.82%, which was in line with market standards.

- It is affirmed that the remuneration is paid as per the Company's Policy on Appointment and Remuneration of Directors, Key Managerial Personnel and Other Employees.

Annexure 8

1. CONSERVATION OF ENERGY

A. Energy Conservation measures taken:

1. Incorporating auto cut-off device for cooling tower of Plant fan resulted in saving of electricity in winter.
2. Identified Warehouse FDV and Process water pump for installation of VFD which resulted in electricity saving.
3. Replacement of high-power consumption centrifugal cooling water pump with new technology energy efficient pump.
4. Replacement of CFL with LED lighting resulted in saving.
5. Replacement of high-power consuming old motors with new energy efficient IE3 motor resulted in saving.
6. Utilization of flue gases of boiler for increasing feed water temperature using water pre-heater in boiler resulted in improvement in steam.
7. Process optimization leads to a reduction of power and steam.
8. Hybrid power through third-party Power Purchase Agreement ('PPA') is implemented. The Company is planning on expanding the same.
9. Condensate recovery and recycling systems are implemented to reduce fuel and water consumption.
10. Optimization in raw water consumption at the site using the below activities:
 - a) Water balance was performed over the site to identify possible sources to reduce/optimize process and utility water consumption.
 - b) Flow meter installed at every plant's outlet.
 - c) Damaged pipelines were replaced with new ones.
 - d) Auto cut-off valve installed to overhead water tanks.
11. In an inorganic plant, a Process-to-process heat transfer opportunity is identified and implemented leading to Natural Gas ('NG') saving.
12. Replacement of water-cooled brine system compressors with air-cooled compressors to conserve water and power.
13. Replacement of cooling tower fans with highly efficient ones leads to a reduction in the power requirement.
14. Contract demand for grid power increased from 6,500 KVA to 8,500 KVA. This has led to a reduction in the use of gas captive power plants and reduced the energy per unit of power.
15. Improvement in NG consumption norms in the existing system by recycling the optimum quantity of the flue gases escaping from the stack back into the water pre-heater system.
16. Combined two different capacity air compressors to utilize as per load and changeover.
17. Proper hot and cold insulation on regular basis leading to reduction in power and steam.
18. Developed condensate collection system in addition to existing recovery system, to recover condensate from 11 Nos. low pressure traps and 4 Nos. hot water system, leading to saving in NG, electricity and water consumption. Also, reduction of effluent load as earlier condensate drained in effluent pit, which leads to further saving in electricity and chemical consumption.

B. Additional investment and proposal, if any, being implemented for the reduction in consumption of energy:

1. For cooling tower, new electronically commutated fan proposed to save significant energy consumption compared to existing consumption.
2. Variable frequency drive installation in existing AHU and FDV to reduce RPM as per air flow requirement, saving of cost.
3. Replacement of indirect chilling (for process condensation) by direct chilling.
4. Installation of back pressure turbine in steam generation area leading to in-house power generation.
5. Improvement in NG consumption norms by recovering heat from high-temperature flue gases escaping from the stack in the HAG system.
6. Capacity improvement in inorganic plants will lead to fuel reduction by the generation of steam from waste heat.
7. DM water preheating from process heat will lead to NG consumption reduction.
8. Following the approval of the hybrid power solution via a third-party PPA, the PPA application process is

underway to expand renewable electricity utilization from 1 MW to 2.2 MW.

9. Waste heat recovery opportunity identified and implemented in new MEE system for reducing steam and power requirement.

C. Impact of the measures at (A) and (B) above for the reduction of energy consumption and the consequent impact on the cost of production of goods:

1. The above points will lead to significant savings of power at the present rate of production from this year onwards.
2. The above points will lead to significant savings of natural gas at the present rate of production from this year onwards.
3. The above points will lead to significant savings of fresh water at the present rate of production from this year onwards.
4. The above points will lead to a reduction of CO₂ at the present rate of production from this year onwards.

2. RESEARCH & DEVELOPMENT

A. Specific areas in which R&D is carried out by the Company:

1. The Company has three state-of-the-art Research Centers located at Bhestan, Surat (Gujarat), Dewas (Madhya Pradesh) and Manchester Organics Limited (UK) to support the R&D activities across businesses.
2. The Surat Centre focusses on fluorinated agro / pharma intermediates, basic key raw materials, advanced intermediates and Active Ingredients contributing to organic, inorganic and specialty chemicals.
3. The R&D centers at Dewas and the UK, focus on advanced fluoro & non fluoro regulated starting materials (RSMs) and intermediates and their applications in the synthesis of pharmaceuticals at various clinical and commercial stages utilizing a wide spectrum of complex and specialized chemistry.
4. The research centers are predominantly focused on the following areas:
 - a) Collaborate with clients to manufacture specific products to help forge a long term partnership in the areas of fluorine chemistry and other niche chemistries of cyanation, high pressure catalytic reactions, cryogenic reactions, biocatalysis, flow chemistry, Ozonation etc.

- b) Deliver significant value to our customers by leveraging strong scientific skills, cost competitiveness and best practices in the areas of confidentiality and protection of intellectual property, technology transfer and support technology and manufacturing teams for successful manufacture of products.
- c) Design and develop novel economically viable, safe, environment friendly commercial manufacturing.
- d) Chemical processes employing new techniques to keep an edge in the market. Leverage expertise in various fluorination techniques, chemical transformations such as hydrogenation, acetylation, acylation, nitration, azidation, click chemistry, halogenations, halex, bromination, Sandmeyer bromination / hydroxylation, Ozonation, aromatic nucleophilic substitution, acid / base catalyzed hydrolysis, Decarboxylation, Balz-Schiemann reaction, biocatalysis, carboxylation, metal mediated reactions, Mitsunobu reactions, rearrangement etc. to develop safe, innovative, cost effective, scalable and robust processes aligned to market needs. To meet above mentioned chemistry, the Company's R&D is well equipped with analytical tools like GC, HPLC, GC-MS, LC-MS, 1H NMR, Karl-Fisher reagent, ICPMS, IR, Ion Chromatography (IC) etc.
- e) Support manufacturing and process design to ensure technology scale-up and transfer with minimum failures. Continuous process improvement and trouble shooting in the existing product line using new ideas to make their processes more efficient and cost effective.
- f) Work towards the long-term vision of the Company by identifying, developing and employing innovative technology platforms and processes for selected products.
- g) The activities mentioned so far can be broadly categorized into two types namely, application of technology developed in-house to the manufacture of selected products and development of technology and processes for the manufacture of specific products of interest to customers.

B. Benefits derived as a result of the above R&D:

1. Continuously supported the commercial manufacturing activities for process improvement, cost reduction and sustainability of key specialty products, resulting in enhanced process efficiencies.
2. Commercialised R32 based on technology developed in-house.

3. Developed and manufactured pharmaceutical intermediates using in-house technologies, to meet the needs of innovative global life science companies, thus enhancing the business opportunities and improving the prospects of future business development with global majors.
4. Enhanced customer partnerships and added new customers across different BUs to develop processes for manufacture of their products and improvement in the routes, using our expertise and skill sets.
5. Focused on customer approach resulting in strengthened relationships with customers through participation in the value chain for their future product pipeline and long-term opportunities for organization as a strategic vendor both in India and abroad.
6. Several new process development initiatives to build pipeline of products with applications in life sciences, crop sciences and material sciences.
7. R&D Center at Dewas established a flow chemistry technology for a hazardous chemical conversion for one of the innovator companies and demonstrated on pilot scale for safe and scalable process.
8. R&D Centre Dewas has established Ozonation chemistry with lab Ozonator and validated the process. Ozonation Technology has also been implemented at commercial scale.
9. Commitment towards sustainable green chemistry has led R&D Centre Dewas to develop a highly selective chiral chemistry using enzymatic Bio-catalysis. The Company intends to scale up the Technology at commercial scale.

C. Future plan of action:

R&D and Technology & Design continue to be key focus areas of the Company. With the new manufacturing facility at Dahej, R&D at Surat has been strengthened by investment in manpower, equipment and tools to handle newer technology platforms and more projects. The Company continues to focus on strengthening R&D and process scale-up facility for seamless and safer commercialization. The Company's CDMO business is expanding by creating additional pilot facility, new non-GMP kilo lab and analytical method validation lab at Dewas. It is also continuing efforts to leverage its capabilities with research based subsidiary company, Manchester Organics Limited, to widen its scope wherever necessary to manufacture value added niche chemical intermediates. In summary, across our various businesses, plans are underway to further expand our capabilities by increasing our laboratory space and enhancing the team of our experts. The role is not limited

to just developing new processes but also to support the technical services, production and manufacturing teams including trouble shooting for existing products.

D. Expenditure on R&D:

(₹ in crores)

Particulars	Financial Year 2024-25	Financial Year 2023-24
Capital Expenditure	4.82	80.10
Revenue Expenditure	49.87	44.94
Total	54.69	125.04

3. TECHNOLOGY ABSORPTION, ADAPTATION & INNOVATION

A. Efforts in brief made towards technology absorption, adaptation & innovation

To stay abreast with science and technology, the Company has ventured into new areas such as continuous flow reactions for high energy functional groups at lab scale. The same is an alternative to batch process, with an improved yield and lower cost. The T&D team provides modern tools, customer networks and advanced online literatures to all its scientists to look for global techniques, to introduce required atom to a desired position in a molecule.

B. Benefits derived as a result of above efforts:

The efforts made thus far will result in:

- a) Enhanced safety and sustainability
- b) Increase in throughput of products in-turn enhancing the business within the Company
- c) Enhanced visibility through partners in India and abroad

C. Information regarding technology imported during the last five years - NIL

Secretarial Audit Report of Navin Fluorine International Limited

FORM No. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

(Pursuant to Section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014)

To,
The Members,
Navin Fluorine International Limited

Office No. 602, Natraj by Rustomjee,
Near Western Express Highway,
Sir Mathuradas Vasanji Road,
Andheri East, Mumbai - 400069

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Navin Fluorine International Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company, and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment (Overseas Direct Investment and External Commercial Borrowings not applicable to the Company during the Audit Period);
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), as amended from time to time:
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not applicable to the Company during the audit period) and

- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not applicable to the Company during the audit period)
- (vi) As represented by the Company, followings laws are specifically applicable to the Company:
 - a. Ozone Depleting Substances (Regulations) Rules, 2000;
 - b. The Indian Boiler Act, 1923 (Amended 1960);
 - c. The Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996;
 - d. The Hazardous Wastes (Management and Handling) Rules, 1989;
 - e. The Manufacture, Storage and Import of Hazardous Chemical Rules, 1989;
 - f. Indian Explosive Act, 1884 read with applicable Rules made thereunder
 - g. The Petroleum Act, 1934 read with applicable Rules made thereunder.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to Board and, General Meetings.
- (ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited read with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time (SEBI Listing Regulations’).

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, standards, etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and meetings convened at a shorter notice for which necessary approvals obtained as per applicable provisions, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the Minutes, decisions at the Board Meetings were taken unanimously.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the Audit Period the following events occurred which had bearing on the Company’s affairs in pursuance of the above referred Laws, Rules, Regulations, Guidelines, Standards, etc:

- a. Allotted 16,725 equity shares of face value of ₹ 2/- each towards exercise of options vested under the Employees’ Stock Option Scheme, 2007 and Employees’ Stock Option Scheme, 2017 of the Company.
- b. Passed special resolution to raise funds for an aggregate amount not exceeding ₹750 crores (INR Seven Hundred and Fifty Crores only), at the 26th Annual General Meeting held on August 01, 2024.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Navin Fluorine Advanced Sciences Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company, and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, the explanations and clarifications given to us and the representations made by the management and considering the relaxations granted by the Ministry of Corporate Affairs, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;

- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; (Not Applicable to the Company during the Audit Period)
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; (Not Applicable to the Company during the Audit Period)
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act')
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011; (Not Applicable to the Company during the Audit Period)
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; (Not Applicable to the Company during the Audit Period)
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; (Not Applicable to the Company during the Audit Period)
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; (Not Applicable to the Company during the Audit Period)
 - (e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; (Not Applicable to the Company during the Audit Period)
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Act and dealing with client; (Not Applicable to the Company during the Audit Period)

- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not applicable to the Company during the audit period) and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not applicable to the Company during the audit period)
- (vi) As represented by the Company, followings laws are specifically applicable to the Company:
 - a. Ozone Depleting Substances (Regulations) Rules, 2000;
 - b. The Indian Boiler Act, 1923 (Amended 1960);
 - c. The Chemical Accidents (Emergency Planning, Preparedness and Response) Rules, 1996;
 - d. The Hazardous Wastes (Management and Handling) Rules, 1989;
 - e. The Manufacture, Storage and Import of Hazardous Chemical Rules, 1989;
 - f. Indian Explosive Act, 1884 read with applicable Rules made thereunder
 - g. The Petroleum Act, 1934 read with applicable Rules made thereunder.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to Board and, General Meetings.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments made thereunder to the extent applicable.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, standards, etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and for meetings convened at a shorter notice, necessary approvals were obtained as per applicable provisions, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the Minutes, decisions at the Board Meetings were taken unanimously.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the Audit Period, no events occurred which had bearing on the Company's affairs in pursuance of the above referred Laws, Rules, Regulations, Guidelines, Standards, etc.

Independent Auditor's Report

To
the Members of
Navin Fluorine International Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

1. We have audited the accompanying standalone financial statements of Navin Fluorine International Limited ("the Company"), which comprise the Standalone Balance Sheet as at March 31, 2025, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Assessment of Carrying Value of: a) Investment in Wholly Owned Subsidiaries i.e. NFIL (UK) Limited, UK and Manchester Organics Limited, UK; and b) Identified Property, Plant and Equipment (PP&E) relating to Dewas Unit. (Refer to Note 5A, 8, 53 and 57(h) in the standalone financial statements) The carrying value of the investment in above mentioned subsidiaries and the property, plant and equipment (PP&E) relating to the Company's manufacturing facility at Dewas as at March 31, 2025 is ₹ 93.90 crores and ₹ 214.28 crores respectively, which in aggregate represents approximately 10.39% of the total assets of the Company. The said investments and PP&E are carried at cost less depreciation and accumulated impairment losses, if any. The Company reviews their carrying values at every balance sheet date and performs impairment assessment in accordance with Ind AS 36 'Impairment of Assets', where there is any indication of impairment to the carrying value. As mentioned in the note 53, the Management considers these investments and the said PP&E as part of one cash generating unit (CGU) for the purpose of assessment of their recoverable value.	Our procedures included the following: • Understood the management process for assessment of carrying values of investments and PP&E and also evaluated the design and tested the operating effectiveness of the Company's internal controls surrounding such assessment. • Reviewed the Company's accounting policy in respect of impairment assessment of investments and PP&E. • Assessed whether the Company's determination of CGUs was consistent with our knowledge of the Company's operations. • Compared the previous year cash flow forecasts made by the management to actual results to assess the historical accuracy of forecasting. • To assess the reasonableness of the key assumptions used, in particular those relating to discount rates, cash flow forecasts and terminal growth rates applied: - Engaged with auditors' valuation experts to determine a range of acceptable discount rates and terminal growth rates, with reference to valuations of similar companies and other relevant external data.

Key audit matter	How our audit addressed the key audit matter
Management estimates recoverable value of the CGU based on discounted cash flows forecast, requiring judgements in respect certain key inputs like determining an appropriate discount rate, future cash flows and terminal growth rate - Changes in these assumptions could lead to an impairment to the carrying values of the investments and PP&E forming part of the CGU. We have considered this to be a key audit matter as the carrying value of these investments and PP&E is significant to the balance sheet and significant management judgement is involved in considering these investments and the said PP&E as part of one CGU and calculation of recoverable amount for the purpose of assessment of the appropriateness of the carrying amount.	- Performed sensitivity analysis on the forecasts by varying the key assumptions within a foreseeable range. - Tested the cash flow forecasts used and assessed whether those were consistent with our understanding of the business. • Checked the arithmetic accuracy of the computations included in the discounted cash flow projections. • Evaluated the adequacy and appropriateness of disclosures made in the standalone financial statements.

OTHER INFORMATION

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, Business responsibility and sustainability reporting format report on corporate governance and management discussion and analysis report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

- The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the

provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

- Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected

to influence the economic decisions of users taken on the basis of these standalone financial statements.

10. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

14. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

15. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
- (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement

of Cash Flows dealt with by this Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on April 01, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on April 01, 2025, from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 15(b) above on reporting under Section 143(3)(b) and paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
- (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 47 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in Note 56 to

the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- (b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the Note 56 to the standalone financial statements, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The dividend declared and paid by the Company during the year is in compliance with Section 123 of the Act.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software, except:

- a) In the case of the primary accounting software, the audit log does not capture the log for changes made by certain users with specific access at the application layer.
- b) Further, the log for capturing direct database changes for the said software was enabled only during the year. The log is enabled only for specific users and the log does not capture the value prior to modification.
- c) In respect of direct database changes for the software used for processing payroll records, which is operated by a third-party software service provider, the ISAE 3402 Type 2 report is not available with the software service provider and accordingly, we are unable to comment

whether the audit trail feature of the aforesaid software was enabled and operated throughout the year.

Further, the audit trail, to the extent maintained in the prior year, has been preserved by the company as per the statutory requirements for record retention.

- 16. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 15(g) of the Independent Auditor's Report of even date to the members of Navin Fluorine International Limited on the standalone financial statements as of and for the year ended March 31, 2025

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT

1. We have audited the internal financial controls with reference to standalone financial statements of Navin Fluorine International Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

6. A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditors' Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the members of Navin Fluorine International Limited on the standalone financial statements as of and for the year ended March 31, 2025

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

- i. (a) • The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.
- The Company is maintaining proper records showing full particulars of Intangible Assets.
- (b) The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 5A to the standalone financial statements, are held in the name of the Company.
- (d) The Company has chosen cost model for its Property, Plant and Equipment (including Right of Use assets) and Intangible Assets. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or Intangible Assets does not arise.
- (e) No proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the standalone financial statements does not arise.
- ii. (a) The physical verification of inventory excluding stocks with third parties has been conducted at reasonable intervals by the Management during the year and, in our opinion, the coverage and procedure of such verification by Management is appropriate. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory, and have been appropriately dealt with in the books of account.
- (b) During the year, the Company has been sanctioned working capital limits in excess of ₹ 5.00 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks, which are in agreement with the unaudited books of account.
- iii. (a) The Company has made investments in one company, granted unsecured loans to one company and 4 other parties, and stood guarantee to one company. The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such loans or advances and guarantees or security to subsidiaries, joint ventures and associates and to parties other than subsidiaries, joint ventures and associates are as per the table given below:

(₹ in crores)			
Particulars	Guarantees	Loans	Investment
Aggregate amount granted/ provided during the year			
- Subsidiaries	800.00	18.00	249.82
- Others	-	0.34	-
Balance outstanding as at balance sheet date in respect of the above case			
- Subsidiaries	800.00	18.00	249.82
- Others	-	0.01	-

(Also, refer Note 10 & 17 and Note 45 on Commitments to the standalone financial statements)

- (b) In respect of the aforesaid investment, guarantee and loans, the terms and conditions under which such loans were granted, investments were made and guarantees provided are not prejudicial to the Company's interest.
- (c) In respect of the loans, the schedule of repayment of principal and payment of interest has been stipulated, and the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest as applicable.
- (d) In respect of the loans, there is no amount which is overdue for more than ninety days.
- (e) There were no loans /advances in nature of loans which have fallen due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans/advances in nature of loan.
- (f) The loans granted during the year, including to related parties had stipulated the scheduled repayment of principal and payment of interest and the same were not repayable on demand.
- iv. In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.
- (b) The particulars of statutory dues referred to in sub-clause (a) as at March 31, 2025 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in crores)	Period to which the amount relate	Forum where dispute is pending
Central Excise Act	Excise Duty	0.90	1993-94 to 2005-06	High Court
Central Excise Act	Excise Duty	2.54	Aug 2015 to June 2017	Tribunal
Central Excise Act	Excise Duty	2.51	2013-16	Tribunal
Central Excise Act	Excise Duty	0.31	2013-14 to 2014-15	Tribunal
Goods and Service Tax Act, 2017	Goods and Service Tax	74.87	Oct 2018 to Dec 2020	Commissioner
Goods and Service Tax Act, 2017	Goods and Service Tax	0.27	2019-20	Commissioner Appeals
Income tax Act, 1961	Income tax Act	0.01	2018-19	Commissioner (Appeals)
Income tax Act, 1961	Income tax Act	0.03	2024-25	Appeal pending with CIT
Income tax Act, 1961	Tax deposited at source	0.17	2018-20	Appeal pending with CIT
MP Commercial Tax Act	Central Sales tax, Value Added Tax	0.12	1996-97 & 2006-07	Tribunal
MP Commercial Tax Act	Central Sales tax, Value Added Tax	0.01	1992-93 & 1993-94	Deputy Commissioner
The Gujrat Value Added Tax Act, 2003	Value Added Tax	0.04	2015-16	Joint Commissioner, Commercial Tax
UP VAT Act.	Value Added Tax	0.69	1998-99 and 2000-01	Commissioner Appeals

**net of amount paid under protest*

- viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) On the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not obtained any term loans. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been utilised for long-term purposes by the Company.
- (e) On an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- xiv. (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditor for the period under audit have been considered by us.
- xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi) (a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial / housing finance activities during the year.

Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.

- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) In our opinion, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CICs, which are part of the Group. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of

balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

- xx. (a) The Company has not undertaken any "other than ongoing projects" in pursuance of its Corporate Social Responsibility Policy. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable to the Company.
- (b) As at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

1. CORPORATE INFORMATION

Navin Fluorine International Limited ("the Company") is a public limited company, incorporated under the provisions of the Companies Act, 1956. Its registered office is located at Office No. 602, Natraj by Rustomjee, Near Western Express Highway, Sir Mathuradas Vasanji Road, Andheri (East), Mumbai 400069.

It's shares are listed on the Bombay and National stock exchanges. The Company belongs to the Padmanabh Mafatlal Group, with a legacy of business operations since 1967, having one of the largest integrated fluorochemicals complex in India. The Company primarily focuses on fluorine chemistry - producing refrigeration gases, inorganic fluorides, specialty organofluorines and offers Contract Research and Manufacturing Services. Its manufacturing facilities are located at Surat in Gujarat and Dewas in Madhya Pradesh.

2. MATERIAL ACCOUNTING POLICIES

a) Basis of Preparation

(i) Compliance with Indian Accounting Standards (Ind AS)

The financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

(ii) Historical Cost Convention

The financial statements have been prepared on the historical cost basis except for the following:

- certain financial assets and liabilities (including derivative instruments) and contingent consideration are measured at fair value.
- defined benefit plans – plan assets are measured at fair value.
- share-based payments are measured at fair value.

(iii) New and amended standards adopted by the Company

The Ministry of Corporate Affairs vide notification dated 9 September 2024 and 28 September 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/ notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1 April 2024:

- Insurance contracts - Ind AS 117; and
- Lease Liability in Sale and Leaseback – Amendments to Ind AS 116

These amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

b) Revenue recognition

(i) Sale of Goods

Revenue is generated primarily from sale of chemicals. Revenue is recognized at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer in accordance with the terms of customer contracts. In case of domestic customers, generally revenue recognition take place when goods are dispatched and in case of export customers when goods are shipped onboard based on bill of lading as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

(ii) Sale of Services

Revenue is recognized from rendering of services when the performance obligation is satisfied and the services are rendered in accordance with the terms of customer contracts. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

(iii) Contract liability

A contract liability is the obligation to transfer goods / render services to the customer for which the Company has received consideration from the customer. Contract liabilities are recognized as revenue when the Company performs under the contract.

The Company does not expect to have any contracts where the period between the transfer of the promised goods / rendering of promised services to the customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

(iv) Export Incentives

Export incentives are recognised for based on the eligibility and when there is no uncertainty in receiving the same.

c) Leases

(i) As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

See note 57(d) for the other accounting policies relevant to Leases.

d) Income taxes

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, wherever appropriate, on the basis of amounts expected to be paid to the tax authorities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements at the balance sheet date. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the Balance Sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in the Standalone Statement of Profit and Loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case, the tax is also recognized in Other Comprehensive Income or directly in equity, respectively.

e) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current liabilities in the balance sheet.

(ii) Other long-term employee benefit obligations

Leave Obligations

The Company has liabilities for earned leave that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. These obligations are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields on government bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Standalone Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

Defined benefit plan –

Gratuity Obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuary using the projected unit credit method.

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The present value of the defined benefit obligation is determined by discounting the estimated future cash flows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Due to complexities involved in the valuation and its long-term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Standalone Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in the retained earnings in the statement of changes in equity in the balance sheet.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Defined benefit plan –

Provident fund liability

The Company contributes towards, superannuation fund and provident fund which are defined contribution schemes. Liability in respect thereof is determined on the basis of contribution required to be made under the statutes / rules. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Provident Fund for certain employees is administered through a trust. The Provident Fund is administered by trustees of an independently constituted common trust recognized by the Income Tax authorities where other entities are also the participant. Periodic contributions to the Fund are charged to the Standalone Statement of Profit and Loss, and when services are rendered by the employees. The Company has an obligation to make good the shortfall, if any, between the return from the investment of the trust and notified interest rate by the Government.

f) Employee share-based payment arrangements

Eligible employees of the Company receives remuneration in the form of share based payments in consideration of the services rendered.

Under the equity settled share-based payment, the fair value on the grant date of the awards given to eligible employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer basis Black Scholes model. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this pricing model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Company issues fresh equity shares.

g) Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Property, plant and equipment which are not ready for the intended use on the date of the Balance Sheet are disclosed as "Capital work-in-progress".

Depreciation on property, plant and equipment has been provided on the straight-line method as per the estimated useful life. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the Contract Development and Manufacturing Organisation (CDMO) assets mentioned in table below, where useful life is different than those prescribed in Schedule II. The estimated useful life of the CDMO assets, mentioned in table below, has been assessed based on external technical evaluation which considered the nature of the assets, estimated usage of the assets, the operating condition of the assets, anticipated technological changes, manufacturer warranties, experience of the management and group companies, maintenance support, etc:

Assets	Useful Life
Plant and Machinery	5-30 years
Building	50 years

The assets' residual values and useful lives are reviewed, and adjusted, if appropriate, at the end of each reporting period.

See note 57(e) for the other accounting policies relevant to Property, Plant and Equipment.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

h) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its acquisition cost, including related transaction costs and where applicable, borrowing costs.

Investment properties are depreciated using straight line method over their useful lives specified in Schedule II to the Companies Act, 2013.

See note 57(g) for the other accounting policies relevant to Investment properties.

i) Inventories

Items of inventory are valued at cost or net realizable value, whichever is lower. Cost for raw materials, traded goods and stores and spares is determined on weighted average basis. Cost includes all charges in bringing the goods to their present location and condition. The cost of process stock and finished goods comprises of materials, direct labour, other direct costs and related production overheads and taxes as applicable. Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

j) Cash and Cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown within borrowings in the current liabilities in the balance sheet.

k) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognized initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

The Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

l) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. Trade and other payables are unsecured and presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortised cost using the effective interest method.

m) Provisions and contingencies

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expense.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. A Contingent asset is disclosed, where an inflow of economic benefits is probable.

n) Investment in subsidiaries and joint ventures

Investments in subsidiary companies and joint venture companies are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary companies and joint venture companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Standalone Statement of Profit and Loss.

o) Investment and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through Standalone Statement of Profit and Loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Standalone Statement of Profit and Loss or other comprehensive income.

(ii) Recognition and derecognition

Regular way purchases and sales of financial assets are recognized on trade-date, being the date on which the Company commits to purchase or sale the financial asset. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the group has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through the Standalone Statement of Profit and Loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through the Profit or Loss are expensed in the Statement of Standalone Profit and Loss.

(a) Debt Instruments:

Subsequent measurement of debt instruments depends on the Company business model for managing the assets and cash flows characteristic. There are three measurement categories into which the Company classifies its debt instruments.

- **Amortised Cost:** Assets that are held for the collection of contractual cash flow where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognized directly in the Standalone Statement of Profit and Loss and presented as separate line item in other expenses. Impairment losses are presented as separate line item in the Standalone Statement of Profit and Loss.
- **Fair value through other comprehensive Income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

and interest, are measured at fair value through other comprehensive income (FVOCI). The Company does not have debt instrument measured under this category.

- Fair Value through profit and loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured as fair value through profit and loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit and loss is recognized in the Standalone Statement of Profit and Loss. Interest income from these financial assets is included in other income. Debt instrument under this category comprises of investments in mutual funds that do not qualify for measurement at either at amortised cost or FVOCI.

(b) Equity instruments

The Company subsequently measures all equity investments other than investment in subsidiary companies and joint venture at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments are recognized in Standalone Statement of Profit and Loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognized in the Statement of Standalone Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iv) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 43 details how the Company determines whether there has been a significant increase in credit risk.

(v) Income recognition

• Interest income:

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost is calculated using the effective interest method is recognized in the Standalone Statement of Profit and Loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

• Dividend:

Dividends are recognized in the Standalone Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

p) Exceptional items

If the management believes that losses are material and is relevant to an understanding of the entity's financial performance, it discloses the same as an exceptional item.

3. CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

the basis of calculation for each affected line item in the financial statements. In addition, this note also explains where there have been actual adjustments this year as a result of changes to previous estimates.

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and current tax payable [Refer note:38]
- Estimated fair value of unlisted equity securities. [Refer note:43.2]
- Useful lives of property, plant and equipment and intangible assets. [Refer note:5A & 7]
- Estimation of Defined benefits plan [Refer note:42]
- Estimation of contingent liabilities [Refer note:47]
- Impairment of trade receivables [Refer note:43.5]
- Impairment assessment of CRAMS [Refer note: 53]

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

4. ROUNDING OF AMOUNTS

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Crores as per the requirement of Schedule III, unless otherwise stated.

Notes Forming Part of the Standalone Financial Statements

Between 2 and 3 years	10.07	12.21
Between 3 and 4 years	6.64	10.07
Between 4 and 5 years	4.00	6.64
Later than 5 years	3.04	7.04
Total	48.59	60.07

(iii) Fair Value

Particulars	As at March 31, 2025	As at March 31, 2024
Investment properties	187.09	167.55

The company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company considers information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.
- discounted cash flow projections based on reliable estimates of future cash flows.
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair values of investment properties have been determined by independent valuer. The valuation is based on market research, market trend and comparable values as considered appropriate. All resulting fair value estimates for investment properties are included in level 3.

Trade payables - related parties (refer note 45.2)	38.96	3.14
Total	269.31	233.72

The Company participates in a Supply chain financing arrangement (SCF) which is disclosed under trade payables / other financial liabilities enabling suppliers to take early payment by selling their receivables from the Company.

The Company has not derecognised the original liabilities to which the arrangement applies because neither a legal release was obtained nor the original liability and the payment terms are modified on entering into the arrangement. The Company therefore discloses such amounts within trade payables / other financial liabilities because the nature and function of the financial liability remains same.

Notes Forming Part of the Standalone Financial Statements

39. SEGMENT INFORMATION (contd.)

The company is domiciled in India. The amount of its revenue from customers broken down by location of the customers is shown in the table below.

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
India	1,037.49	772.92
USA	230.43	198.49
Others	418.89	449.42

Revenue from customers of the Company which is individually more than 10 percent of the Company's total revenue:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Customer A	191.78	143.49

40 EARNING PER SHARE

Earnings per share is calculated by dividing the profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year, as under:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Profit for the year attributable to equity shareholders - (₹ in crores) - A	241.93	235.17
Weighted average number of equity shares outstanding during the year - B	49,585,958	49,572,078
Effect of Dilution :		
Weighted average number of ESOP shares outstanding	52,242	70,239
Weighted average number of Equity shares adjusted for the effect of dilution - C	49,638,200	49,642,317
Basic earnings per share - ₹ (A / B)	48.79	47.44
Diluted earnings per share - ₹ (A / C)	48.74	47.37
Nominal value per share - ₹	2.00	2.00

41. LEASING ARRANGEMENT

The Company has taken office, residential premises and vehicles under operating lease or leave and license agreements. These are generally cancellable in nature and range between 11 months to 60 months. These leave and license agreements are generally renewable or cancellable at the option of the Company or the lessor. The lease payment recognised in the Standalone Statement of Profit and Loss is ₹ 0.12 crores (March 31, 2024: ₹ 0.11 crores). Refer note 5B for further information.

42. EMPLOYEE BENEFIT PLANS

42.1 Defined Contribution Plan

The Company has recognised the following amounts in the Standalone Statement of Profit and Loss for the year:

Particulars	As at March 31, 2025	As at March 31, 2024
Contribution to Provident Fund	5.74	5.81
Contribution to Family Pension Fund	1.43	1.51
Contribution to Superannuation Fund	1.53	1.73
Contribution to National Pension Scheme	1.45	1.04
Contribution to Employees' State Insurance Scheme	0.01	0.01
Contribution to Employees' Deposits Linked Insurance Scheme	0.08	0.09
Total	10.24	10.19

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

42.2 Defined Benefit Plans

(i) Gratuity (Funded)

The Company sponsors funded defined benefit gratuity plan for all eligible employees of the Company. The Company's defined benefit gratuity plan requires contributions to be made to a separately administered trust. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. Company makes provision for gratuity fund based on an actuarial valuation carried out at the end of the year using 'projected unit credit' method."

- a) The amount included in the balance sheet arising from the Company's obligation in respect of its defined benefit plan (gratuity) is as follows:

Balances of defined benefit plan

Particulars	As at March 31, 2025	As at March 31, 2024
Present value of funded defined benefit obligation	(36.81)	(36.70)
Fair value of plan assets	34.73	31.54
Net liability arising from gratuity	(2.08)	(5.16)

- (b) Expenses recognised for defined benefit plan and movement of plan assets and liabilities

Following is the amount recognised in Standalone Statement of Profit and Loss, other comprehensive income, movement in defined benefit liability (i.e. gratuity) and movement in plan assets:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
A. Components of expense recognised in the Standalone Statement of Profit and Loss		
Current service cost	3.74	3.42
Net interest expenses	0.37	0.13
Total (A)	4.11	3.55
B. Components of defined benefit costs recognised in other Comprehensive Income		
Remeasurement on the net defined benefit liability:		
- Return on plan assets (excluding amounts included in net interest expense)	0.01	(0.30)
- Actuarial gains and losses arising from changes in financial assumptions	0.92	0.20
- Actuarial gains and losses arising from experience adjustments	(2.96)	2.21
Total (B)	(2.03)	2.11
C. Movements in the present value of the defined benefit obligation		
Opening defined benefit obligation	36.70	32.03
Current service cost	3.74	3.42
Interest cost	2.60	2.30
- Actuarial gains and losses arising from changes in financial assumptions	0.92	0.20
- Actuarial gains and losses arising from experience adjustments	(2.96)	2.21
Benefits paid	(4.19)	(3.46)
Closing defined benefit obligation (C)	36.81	36.70
D. Movements in the fair value of the plan assets		
Opening fair value of plan assets	31.54	30.22
Interest income	2.23	2.17
Remeasurement gain/(loss):		
- Return on plan assets (excluding interest income)	(0.01)	0.30
Contributions by employer	5.16	2.31
Benefits paid	(4.19)	(3.46)
Closing fair value of plan assets (D)	34.73	31.54

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

42.2 Defined Benefit Plans (contd.)

(c) Principal assumptions

The principal assumptions used for the purposes of the actuarial valuations of gratuity liability were as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
1. Discount rate	6.59%	7.17%
2. Salary escalation	10%	10%
3. Mortality rate	Indian Assured Lives Mortality 2012 - 14 (Urban)	Indian Assured Lives Mortality 2012 - 14 (Urban)
4. Attrition rate	15%	15%

(d) The expected contribution to the plan for the next financial year is ₹ 4.57 crores (Previous Year: ₹ 4.81 crores)

(e) Category wise plan assets

The fair value of the plan assets at the end of the reporting period for each category are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Central Government of India	39.98%	38.76%
State Government Securities	0.00%	0.00%
Special Deposits Scheme	6.91%	8.03%
Debt Instruments/Corporate Bonds/Mutual Funds	53.10%	53.21%

(f) Sensitivity analysis:

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase and attrition rate. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. Following is the impact of changes in assumption in defined benefit obligation of gratuity:

Particulars	As at March 31, 2025	As at March 31, 2024
Impact of discount rate for 50 basis points increase	(0.79)	(0.74)
Impact of discount rate for 50 basis points decrease	0.83	0.78
Impact of salary escalation rate for 50 basis points increase	0.80	0.75
Impact of salary escalation rate for 50 basis points decrease	(0.77)	(0.72)
Impact of attrition rate for 50 basis points increase	(0.20)	(0.18)
Impact of attrition rate for 50 basis points decrease	0.21	0.18

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from previous year

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

42.2 Defined Benefit Plans (contd.)

- (g) The weighted average duration of the defined benefit obligation is 6 years (Previous year: 5 years). The expected maturity analysis of gratuity is as follows:

Particulars	Within 1 year	1-5 years	Above 5 years
As at March 31, 2025	6.16	18.75	27.65
As at March 31, 2024	7.61	19.16	26.31

(ii) Provident fund (funded)

In respect of certain employees, provident fund contributions are made to a separately administered trust. Such contribution to the provident fund for all employees, are charged to the Standalone Statement of Profit and Loss. In case of any liability arising due to shortfall between the return from its investments and the guaranteed specified interest rate, the same is provided for by the Company. The actuary has provided an actuarial valuation and the interest shortfall liability, if any, has been provided in the books of accounts after considering the assets available with the provident fund trust.

- (a) The amount included in the balance sheet arising from the Company's obligation in respect of its defined benefit plan (trust managed provident fund) is as follows:

Balances of defined benefit plan

Particulars	As at March 31, 2025	As at March 31, 2024
Present value of funded defined benefit obligation	(74.60)	(67.14)
Fair value of plan assets	75.88	68.01
Net Assets/(Liabilities)*	-	-

* Excess of fair value of plan assets over present value of funded defined benefit obligation has not been recognised.

- (b) Expenses recognised for defined benefit plan and movement of plan assets and liabilities

Following is the amount recognised in Standalone Statement of Profit and Loss, movement in defined benefit liability (i.e. provident fund) and movement in plan assets:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
A. Components of expense recognised in the Standalone Statement of Profit and Loss		
Current service cost	4.08	4.15
Interest income	(5.51)	(4.65)
Net interest expenses	5.51	4.65
Total (A)	4.08	4.15
B. Movements in the present value of the defined benefit obligation		
Opening defined benefit obligation	67.14	54.33
Opening balance adjustment	0.18	0.03
Current service cost	4.08	4.15
Interest cost	5.51	4.65
Employee Contribution	5.95	6.27
Liabilities assumed for employee transferred from other entity	1.20	3.18
Benefits paid	(9.45)	(5.47)
Closing defined benefit obligation (B)	74.60	67.14

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

42.2 Defined Benefit Plans (contd.)

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
C. Movements in the fair value of the plan assets		
Opening fair value of plan assets	68.01	55.76
Remeasurement gain/(loss):		
Return on plan assets, excluding interest income (not recognised)	0.59	(0.54)
Interest income	5.51	4.65
Contributions	10.03	10.42
Asset transferred in for employee transferred from other entity	1.20	3.18
Benefits paid	(9.45)	(5.46)
Closing fair value of plan assets (C)	75.88	68.01

(c) Category wise plan assets

The fair value of the plan assets at the end of the reporting period for each category, are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Central Government of India	11.76%	13.20%
State Government Securities	36.11%	33.33%
Special Deposits Scheme	15.23%	16.42%
Public Sector Units	31.94%	31.08%
Others	4.97%	5.97%

(iii) Risk exposure to defined benefit plans

The plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Indian government securities; if the return on plan asset is below this rate, it will create a plan deficit.

Interest risk: A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2025. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

42.3 Other Long term Employee Benefits:

The liability for Compensated absences as determined by Independent actuary as at the balance sheet date is ₹ 19.22 crores (March 31, 2024: ₹ 21.48 crores).

Notes Forming Part of the Standalone Financial Statements

43. FINANCIAL INSTRUMENTS AND RISK REVIEW

43.1 Capital Management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may return to shareholders the capital or issue new shares or take such appropriate action as may be needed. The Company considers total equity reported in the financial statements to be managed as part of capital.

43.2 Fair value measurements

(i) Categories of financial instruments

Particulars	As at March 31, 2025	As at March 31, 2024
Financial assets		
Measured at Amortised Cost		
– Cash and Bank Balances	6.96	6.43
– Investments	1.85	1.85
– Trade receivables	442.28	320.09
– Loans	18.28	234.44
– Other financial assets	25.01	30.81
Measured at fair value through profit and loss (FVTPL)		
– Equity instruments	5.65	6.10
– Investments in mutual funds / Other funds	468.60	451.91
– Investment in preference shares	249.82	-
– Derivative assets	0.31	0.12
Financial liabilities		
Measured at Amortised Cost		
– Borrowing	34.96	39.65
– Trade payable	269.31	233.72
– Lease liabilities	22.96	24.78
– Other financial liabilities	27.96	27.69
Measured at fair value through profit and loss (FVTPL)		
– Derivative liability	0.69	0.31

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the Ind AS. An explanation of each level follows underneath the table.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43.2 Fair value measurements (contd.)

Financial assets and liabilities measured at fair value - recurring fair value measurements	Level 1	Level 2	Level 3	Total
As at March 31, 2025				
Financial assets				
– Investments in equity instruments	1.92	-	3.73	5.65
– Investments in mutual funds / other funds	464.93	-	3.67	468.60
– Investments in preference shares	-	249.82	-	249.82
– Derivative assets	-	0.31	-	0.31
Financial liabilities				
– Derivative liability	-	0.69	-	0.69

Financial assets and liabilities measured at fair value - recurring fair value measurements	Level 1	Level 2	Level 3	Total
As at March 31, 2024				
– Investments in equity instruments	2.74	-	3.36	6.10
– Investments in mutual funds / other funds	447.22	-	4.69	451.91
– Investments in preference shares	-	-	-	-
– Derivative assets	-	0.12	-	0.12
Financial liabilities				
– Derivative liability	-	0.31	-	0.31

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded on the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on the observable market data, the instrument is included in Level 3.

(iii) Valuation technique used to determine fair value

- The fair value of the quoted investments is determined using quoted bid prices in an active market.
- The fair value of the unquoted investments is determined using the inputs other than quoted prices included in level 1 that are observable for assets and liabilities.
- Company has made investments in 'Ask Real Estate Special Situation Fund'. The Fund invests primarily in special purpose vehicles and holding companies of special purpose vehicles that undertake residential and mixed use real estate developments with a significant residential component. The Valuation methodology used shall depend on the type of property and market conditions and stage of development reached in the invested project. The suitability of a particular method of valuation is decided based on the below criteria:

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43.2 Fair value measurements (contd.)

- For undeveloped properties: Sales/Market Comparison Method benchmarked by Discounted Cash Flow Method
- For semi developed properties / properties under development: Weighted average of Discounted Cash Flow Method and Replacement Cost Method
- For completed properties, leased property or ready for sale properties: Capitalization of Rental Method or Market Comparison Method

(iv) Fair value of Financial assets and liabilities measured at amortised cost

The carrying amounts of cash and cash equivalents, trade receivables, receivables from related parties, trade payables and other financial liabilities are considered to be the same as their fair values due to their short-term nature. Fair value of security deposits approximates the carrying value.

43.3 Financial risk management objectives

The Company's activities exposes it to a variety of financial risks including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of financial risks on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

43.4 Market Risks

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and other price risk. The Company enters into derivative financial instruments to manage its exposure to foreign currency risk including forward foreign exchange contracts.

a. Foreign exchange risk

(i) Exposure to foreign exchange risk:

The Company has international operations and is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from future commercial transactions and recognised financial assets and liabilities denominated in a currency that is not the functional currency of the entity in the Company. The risk also includes highly probable foreign currency cash flows.

The Company has exposure arising out of export, import and other transactions other than functional risks. The Company hedges its foreign exchange risk using foreign exchange forward contracts. The same is within the guidelines laid down by Risk Management Policy of the Company.

(ii) Foreign exchange risk management:

To manage the foreign exchange risk arising from recognized assets and liabilities, Company use spot transactions, foreign exchange forward contracts, according to the Company's foreign exchange risk policy. Company's treasury is responsible for managing the net position in each foreign currency and for putting in place the appropriate hedging actions. The Company's foreign exchange risk management policy is to selectively hedge net transaction exposures in major foreign currencies.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43.4 Market Risks (contd.)

The carrying amounts of the Company's unhedged foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	As at March 31, 2025		As at March 31, 2024	
	₹ in crores	Foreign Currency In crores	₹ in crores	Foreign Currency In crores
Amount receivable				
USD	33.28	0.39	73.20	0.88
GBP	27.55	0.30	-	-
EURO	0.08	*	1.65	0.02
Amount payable				
USD	13.45	0.16	4.56	0.05
GBP	*	*	0.29	*

* Numbers are below rounding off

iii) Foreign exchange risk sensitivity:

3% is the sensitivity rate used when reporting foreign currency risk and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding unhedged foreign currency denominated monetary items and adjusts their translation at the period end for a 3% change in foreign currency rates. A positive number below indicates an increase in profit and negative number below indicates a decrease in profit. Following is the analyze of change in profit where the Indian Rupee strengthens and weakens by 3% against the relevant currency:

Foreign currency	For year ended March 31, 2025		For year ended March 31, 2024	
	3% strengthen	3% weakening	3% strengthen	3% weakening
USD	0.59	(0.59)	2.06	(2.06)
GBP	0.83	(0.83)	(0.01)	0.01
EURO	*	*	0.05	(0.05)

* Numbers are below rounding off

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43.4 Market Risks (contd.)

(iv) Forward foreign exchange contracts

The following table contain the details of forward foreign currency contracts outstanding at the end of the reporting period:

Currency	Exposure to buy / sell	As at the year end	
		₹ in crores	Foreign Currency in crores
US Dollars			
March 31, 2025	sell	49.16	0.58
March 31, 2024	sell	54.39	0.65
EURO			
March 31, 2025	sell	13.52	0.15
March 31, 2024	sell	8.99	0.10
US Dollars			
March 31, 2025	buy	69.68	0.82
March 31, 2024	buy	101.63	1.22

b. Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Company is mainly exposed to interest rate risk due to its variable interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings. The Company monitors fluctuations in interest rate continuously to minimise impact of interest rate risk.

Exposure to interest rate risk related to borrowings with floating rate of interest.

Particulars	As at March 31, 2025	As at March 31, 2024
Borrowings bearing floating rate of interest	34.96	39.65

Interest rate sensitivity:

A change of 50 bps in interest rates would have following Impact on profit before tax:

Particulars	As at March 31, 2025	As at March 31, 2024
50 bps increase - decrease in profits *	0.17	0.20
50 bps decrease - increase in profits *	(0.17)	(0.20)

* Sensitivity is calculated based on the assumption that amount outstanding as at reporting dates were utilised for the whole financial year.

c. Other price risks

The Company is mainly exposed to the price risk due to its investments in equity instruments. The price risk arises due to uncertainties about the future market values of these investments. Equity price risk is related to the change in market reference price of the investments in equity securities. In general, these securities are not held for trading purposes. These investments are subject to changes in the market price of securities.

In order to manage its price risk arising from investments in equity instruments, the Company maintains its portfolio in accordance with the framework set by the Investment policy. Any new investment or divestment must be approved by the Board of Directors, Chief Financial Officer and Management Committee.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43.4 Market Risks (contd.)

Price Risk Sensitivity Analysis:

As an estimation of the approximate impact of price risk, with respect to investments in equity instruments, the Company has calculated the impact as follows:

For equity instruments, a 10% increase in equity prices would have led to approximately an additional ₹ 0.19 crores gain in Standalone Statement of Profit and Loss (March 31, 2024: ₹ 0.27 crores). A 10% decrease in equity prices would have led to an equal but opposite effect.

43.5 Credit risk

(i) Exposures to credit risk

The Company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Company. The credit risk arises from its operating activities (i.e. primarily trade receivables), from its investing activities including deposits with banks and financial institutions and other financial instruments.

(ii) Credit risk management

a) Trade receivable

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 442.28 crores (March 31, 2024 : ₹ 320.09 crores).

Trade receivables are typically unsecured and are derived from revenue earned from customer. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account a continuing credit evaluation of the Company customers' financial condition; ageing of trade accounts receivable and the Company's historical loss experience.

Trade receivables are written off when there is no reasonable expectation of recovery. The allowance for lifetime expected credit loss on customer balances as at March 31, 2025 was ₹ 7.62 crores (March 31, 2024 ₹ 4.95 crores).

Loss allowance as at March 31, 2025 was determined as follows for trade receivables under the simplified approach

As at March 31, 2025	Not due	0-30 days past due	31-60 days past due	61-90 days past due	91-180 days past due	180-365 days past due	More than 365 days past due	Total
Gross carrying amount – trade receivables	405.15	24.28	11.23	1.20	0.36	2.75	4.93	449.90
Expected loss rate	(0.16%)	(1.19%)	(2.40%)	(9.13%)	(13.88%)	(50.58%)	(98.74%)	
Expected credit losses – trade receivables	(0.64)	(0.29)	(0.27)	(0.11)	(0.05)	(1.39)	(4.87)	(7.62)
Carrying amount of trade receivables (net of impairment)	404.51	23.99	10.96	1.09	0.31	1.36	0.06	442.28

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43.5 Credit risk (contd.)

Loss allowance as at March 31, 2024 was determined as follows for trade receivables under the simplified approach

As at March 31, 2024	Not due	0-30 days past due	31-60 days past due	61-90 days past due	91-180 days past due	180-365 days past due	More than 365 days past due	Total
Gross carrying amount – trade receivables	265.81	42.22	4.72	0.16	6.48	0.01	5.64	325.04
Expected loss rate	(0.02%)	(0.09%)	(0.28%)	(0.00%)	(2.95%)	(100%)	(82.71%)	
Expected credit losses – trade receivables	(0.04)	(0.04)	(0.01)	-	(0.19)	(0.01)	(4.66)	(4.95)
Carrying amount of trade receivables (net of impairment)	265.85	42.26	4.73	0.16	6.67	-	0.98	320.09

Movement in the credit loss allowance

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Balance at the beginning	4.95	4.14
Movement in expected credit loss allowance on trade receivable calculated at lifetime expected credit losses	2.67	0.81
Balance at the end	7.62	4.95

b) Cash and Cash Equivalents

Credit risk on cash and cash equivalents is limited as Company generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

c) Investment in Mutual Funds

Credit risk on investments in mutual fund is limited as Company invested in mutual funds issued by the financial institutions with high credit ratings assigned by credit rating agencies.

43.6 Liquidity risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses.

(i) Liquidity risk tables

The Company maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended March 31, 2025 and March 31, 2024. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis.

The Company regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in interest bearing term deposits and other highly marketable liquid investments with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43.6 Liquidity risk (contd.)

(ii) Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities	Carrying amount	Less than 1 year	More than 1 year	Total
As at March 31, 2025				
– Borrowings	34.96	34.96	-	34.96
– Trade payable	269.31	269.31	-	269.31
– Lease liabilities	22.96	9.97	26.10	36.07
– Other financial liabilities (other than derivative liabilities)	27.96	27.96	-	27.96
– Derivative liabilities	0.69	0.69	-	0.69
– Corporate financial guarantees	1,720.81	1,720.81	-	1,720.81
As at March 31, 2024				
– Borrowings	39.65	39.65	-	39.65
– Trade payable	233.72	233.72	-	233.72
– Lease liabilities	24.79	9.37	19.01	28.38
– Other financial liabilities (other than derivative liabilities)	27.69	27.69	-	27.69
– Derivative liabilities	0.31	0.31	-	0.31
– Corporate financial guarantees	1,815.73	365.73	1,450.00	1,815.73

44. SHARE BASED PAYMENTS

Details of the employee share based plan of the Company

Employee stock option scheme 2007 (“ESOS 2007”) - The Shareholders of the Company at their Annual General Meeting held on July 20, 2007 had approved the issue of Stock Options to eligible employees and directors, including the Managing Director(s) and the Whole Time Director(s) but excluding the promoters or persons belonging to the promoter group of the Company to the extent maximum of 5% of issued and paid up share capital of the Company from time to time. Each option is exercisable into one fully paid-up Equity Shares of ₹ 2.00 each of the Company. These options are to be issued in one or more tranches and on such terms and conditions (including exercise price, vesting period, exercise period etc.) as may be determined by the Nomination and Remuneration Committee (NRC) in accordance with the provisions of the ESOS 2007, SEBI Regulations and in compliance with other applicable laws and regulations. The stock options granted under ESOS 2007 shall be capable of being exercisable on vesting within 10 years from grant date.

Employee stock option scheme 2017 (“ESOS 2017”) - The Shareholders of the Company at their Annual General Meeting held on June 29, 2017 had approved the issue of Stock Options to eligible employees and directors, including the Managing Director(s) and the Whole Time Director(s) but excluding the promoters or persons belonging to the promoter group of the Company and its subsidiary companies to the extent maximum of 5% of issued and paid up share capital of the Company from time to time. Each option is exercisable into one fully paid-up Equity Shares of ₹ 2.00 each of the Company. These options are to be issued in one or more tranches and on such terms and conditions (including exercise price, vesting period, exercise period etc.) as may be determined by the Nomination and Remuneration Committee (NRC) in accordance with the provisions of the ESOS 2017, SEBI Regulations and in compliance with other applicable laws and regulations. The stock options granted under ESOS 2017 shall be capable of being exercisable on vesting within 10 years from grant date.

ESOS 2017	236,610	2,909.60	288,210	2,642.24

The weighted average share price at the date of exercise of options exercised during the year ended March 31, 2025 ₹ 3,379.00 (March 31, 2024 : ₹ 3,744.00).

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

44. SHARE BASED PAYMENTS (contd.)

(iii) Share options outstanding at the end of the year have the following expiry date and exercise prices:

Grant Date	Expiry Date	Exercise price (₹)	Share options March 31, 2025	Share options March 31, 2024
July 28, 2007	July 27, 2017	81.49	-	-
April 28, 2014	April 27, 2024	78.00	-	-
June 29, 2015	June 28, 2025	194.80	-	-
October 24, 2016	October 23, 2026	554.40	1,700	1,825
March 19, 2018	March 18, 2028	780.00	9,110	10,710
May 09, 2018	May 08, 2028	770.35	-	-
January 07, 2019	January 06, 2029	698.45	-	-
October 19, 2022	October 18, 2032	2.00	20,000	50,000
February 05, 2024	February 04, 2034	3,326.00	117,500	187,500
February 06, 2024	February 05, 2034	3,236.00	40,000	40,000
October 23, 2024	October 22, 2034	3,221.00	50,000	-

(iv) The weighted average fair value of the options granted on October 23, 2024 is ₹1,199.77, (February 05, 2024 and February 06, 2024 is ₹1,168.58 and ₹1,152.29 respectively). The fair value at grant date is independently determined using the Black-Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the option.

The model inputs for options granted during the year ended March 31, 2025 included:

Grant Date	October 23, 2024	
	Vest 1	Vest 2
Vesting date	October 31, 2025	October 31, 2026
Volatility	33.76%	34.49%
Risk-Free rate of return	6.63%	6.65%
Exercise Price	3221.00	3221.00
Expected Life (Time to Maturity)	4.00	4.50
Dividend yield	0.30%	0.30%

The model inputs for options granted during the year ended March 31, 2024 included:

Grant Date	February 05, 2024		February 06, 2024	
	Vest 1	Vest 2	Vest 1	Vest 2
Vesting date	February 28, 2025	February 28, 2026	February 28, 2025	February 28, 2026
Volatility	35.02%	36.53%	35.02%	36.53%
Risk-Free rate of return	6.96%	6.97%	6.93%	6.95%
Exercise Price	3,326.00	3,326.00	3,236.00	3,236.00
Expected Life (Time to Maturity)	3.50	4.00	3.50	4.00
Dividend yield	0.33%	0.33%	0.33%	0.33%

The expected life of the stock is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

(v) Expenses arising from employee share based payment transaction recognised in the Standalone Statement of Profit and Loss as part of employee benefit expense for the year ended March 31, 2025 is ₹ 11.51 crores (March 31, 2024: ₹ 1.47 crores). Also refer note 34.

Amount ₹ in crores unless otherwise stated

view of the continuing uncertain circumstances, the receipts and payments under the contracts, transferred to the Company pursuant to the sanctioned scheme of Mafatlal Industries Limited, continue to be carried forward and necessary adjustments would be made on the status of the project becoming clearer. (Refer note 12 and note 25)

50. EXCEPTIONAL ITEM:

Exceptional item for the year ended March 31, 2025 : Nil, (March 31, 2024 : ₹ 52.13 crores) comprises gain on account of sale of surplus unused colony land situated at Surat (Gujarat).

51. The Board of Directors has recommended final dividend of ₹ 7.00 per share on the face value of ₹ 2.00 each (350%), subject to approval by the Members at the forthcoming Annual General Meeting of the Company.

52. EARNINGS IN FOREIGN EXCHANGE

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Export of goods calculated on FOB basis	612.12	623.31
Sale of services	19.62	22.75

53. The Company had made a strategic investment in its wholly owned subsidiary Manchester Organics Limited (MOL), in the U.K. MOL has been an integral part of the overall Contract Research and Manufacturing Services (CRAMS) operations and strategy of the Company. Based on management assessment, the investments in MOL and identified property, plant and equipment located at Dewas Unit has been considered as one Cash Generating Unit (CGU).

The Company tests impairment on the aforesaid assets on an annual basis. The recoverable amount of the CGU is determined based on value-in-use calculations which require the use of assumptions. The Management has assessed the impairment of its CGU by reviewing the business forecasts and assumptions and believes that any reasonable possible change in the key assumptions would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash - generating unit.

B. Additional regulatory information required by Schedule III

i. Details of benami property held

No proceedings have been initiated on or are pending against the company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

56. ADDITIONAL INFORMATION (contd.)

ii Borrowing secured against current assets

The Company has borrowings from banks on the basis of security of current assets. The quarterly returns or statements of current assets filed by the company with banks are in agreement with the books of accounts.

iii Wilful defaulter

The Company has not been declared wilful defaulter by any bank or financial institution or any lender.

iv Relationship with struck off companies

The Company has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956.

v Compliance with number of layers of companies

The Company has complied with the number of layers prescribed under the Companies Act, 2013.

vi Compliance with approved scheme(s) of arrangements

The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

vii Utilisation of borrowed funds and share premium

The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or
- provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the company shall:

- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- provide any guarantee, security or the like on behalf of the ultimate beneficiaries

viii Undisclosed Income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

ix Details of crypto currency or virtual currency

The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.

x Valuation of PP&E, intangible asset and investment property

The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year.

xi Title deeds of immovable properties not held in name of the company

The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in notes 5A and 6 to the financial statements, are held in the name of the Company.

xii Registration of charges or satisfaction with Registrar of Companies

There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.

Notes Forming Part of the Standalone Financial Statements

Amount ₹ in crores unless otherwise stated

56. ADDITIONAL INFORMATION (contd.)

xiii Utilisation of borrowings availed from banks and financial institutions

The company has used the borrowings from banks and financial institutions for the purpose for which it was taken at the balance sheet date.

57 SUMMARY OF OTHER ACCOUNTING POLICES:

This note provides a list of other accounting policies adopted in the preparation of these standalone financial statements to the extent they have not already been disclosed in Note 2. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation:

a) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

b) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) which consists of Chairman and Managing Director. The CODM assess the financial performance and position of the Company and makes strategic decisions. See Note 39 for segment information presented.

c) Government Grants

Government grants are recognized at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in liabilities as deferred income and are credited to the Standalone Statement of Profit and Loss in a systematic basis over the expected life of the related assets and presented within other income.

Government grants relating to income are deferred and recognized in the Standalone Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

d) Leases

Company's material accounting policies about Leases as a lessee are explained in Note 2(c).

As a lessor

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognized as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature.

e) Property, Plant and Equipment

Company's material accounting policies about Property, Plant and Equipment are explained in Note 2(g).

All other repairs and maintenance expenses (Subsequent costs) of which it is not probable that future economic benefits associated with the item will flow to the Company are charged to the Standalone Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognized in the Standalone Statement of Profit and Loss.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

57 SUMMARY OF OTHER ACCOUNTING POLICES: (contd.)

f) Intangible assets

Computer Software are stated at cost, less accumulated amortization and impairments, if any.

They are amortised over a period of 3 years on straight-line basis.

The estimated amortisation method, useful life and residual value are reviewed at the end of each reporting period, with effect of any changes in the estimate being accounted for on a prospective basis.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Standalone Statement of Profit and Loss.

g) Investment Properties

Company's material accounting policies about Investment Properties are explained in Note 2(h).

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

h) Impairment of assets

The carrying amount of assets are reviewed at each Balance Sheet date to assess if there is any indication of impairment based on internal/external factors. For the purposes of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets, is considered as a cash generating unit. An impairment loss on such assessment will be recognised wherever the carrying amount of an asset/cash generating unit exceeds its recoverable amount. The recoverable amount of the assets/cash generating unit is fair value less costs of disposal or value in use, whichever is higher.

Investment in subsidiaries, property, plant and equipment, intangible assets and other assets are tested for impairment at least annually and when event occur or changes in circumstances indicate that the recoverable amount of the asset or cash generating units to which these pertain is less than its carrying value.

i) Foreign currency transactions

(i) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements of the Company are presented in Indian Rupees ('₹'), which is the functional and presentation currency of the Company.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in the Standalone Statement of Profit and Loss. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

j) Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Notes Forming Part of the Standalone Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

57 SUMMARY OF OTHER ACCOUNTING POLICES: (contd.)

k) Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

l) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

m) Earnings per share

i. Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii. Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

n) Research and development expenses

Revenue expenditure pertaining to research is charged to the Standalone Statement of Profit and Loss. Development costs of products are also charged to the Standalone Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis for creating, producing and making the asset ready for its intended use. Property, plant & equipments utilised for research and development are capitalised and depreciated in accordance with the policies stated for property, plant & equipment.

Independent Auditor's Report

To
the Members of
Navin Fluorine International Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

1. We have audited the accompanying consolidated financial statements of Navin Fluorine International Limited (hereinafter referred to as the "Holding Company") and its branch and subsidiaries (Holding Company and its branch and subsidiaries, including a step down subsidiary together referred to as "the Group") and joint venture (refer Note 1B to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at March 31, 2025, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and joint venture as at March 31, 2025, and consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated

changes in equity and its consolidated cash flows for the year then ended.

BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group and joint venture in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 14 and 15 of the Other Matters section below, other than the unaudited financial statements as certified by the management and referred to in sub-paragraph 16 of the Other Matters section below, is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Impairment assessment of carrying value of: a) Goodwill relating to acquisition of Manchester Organics Limited, U.K.; and b) Identified Property, Plant and Equipment (PP&E) relating to Dewas Unit (Refer to Note 2(h), 2(i), 5A and 7 in the consolidated financial statements) The carrying value of the goodwill in relation to the acquisitions of the aforesaid subsidiary and the property plant and equipment (PP&E) relating to the group's manufacturing facility at Dewas as at March 31, 2025 is ₹ 72.85 crores and ₹216.68 crores respectively, which in aggregate represents approximately 6.00% of the total assets of the Group.	Our procedures included the following: • Understood the management process for impairment assessment and also evaluated the design and tested the operating effectiveness of the group's internal controls surrounding such assessment. • Reviewed the Group's accounting policy in respect of impairment assessment of goodwill and PP&E. • Assessed whether the Group's determination of CGUs was consistent with our knowledge of the Group's operations. • Compared the previous year cash flow forecasts made by the management to actual results to assess the historical accuracy of forecasting.

Key audit matter	How our audit addressed the key audit matter
The Group carries the Goodwill at cost less any accumulated impairment losses, if any, and PP&E at cost less accumulated depreciation and impairment losses, if any. The Group reviews their carrying values at every balance sheet date and performs impairment assessment in accordance with Ind AS 36 'Impairment of Assets', where there is any indication of impairment to the carrying value. Management estimates the recoverable amount of the Cash Generating Unit (CGU) to which the Goodwill and PP&E belong, based on discounted cash flows, requiring judgements in respect of certain key inputs like determining an appropriate discount rate, future cash flows and terminal growth rate. We have considered this to be a key audit matter as the balances are significant to the consolidated balance sheet and significant management judgement is involved in considering the goodwill relating to acquisition and the said PP&E as part of one CGU and calculation of recoverable amount for the purpose of impairment testing	- To assess the reasonableness of the key assumptions used, in particular those relating to discount rates, cash flow forecasts and terminal growth rates applied: - Engaged auditors' valuation experts to determine a range of acceptable discount rates and terminal growth rates, with reference to valuations of similar companies and other relevant external data. - Performed sensitivity analysis on the forecasts by varying the key assumptions within a foreseeable range. - Tested the cash flow forecasts used and assessed whether those were consistent with our understanding of the business. - Checked the arithmetic accuracy of the computations included in the discounted cash flow projections. - Evaluated the adequacy and appropriateness of disclosures made in the consolidated financial statements.

OTHER INFORMATION

5. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, Business responsibility and sustainability reporting format, report on corporate governance and management discussion and analysis report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us (Refer paragraph 14 and 15 below), we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

6. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance

and consolidated cash flows, and changes in equity of the Group including joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

7. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its joint venture are responsible for assessing the ability of the Group and of its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
8. The respective Board of Directors of the companies included in the Group and of its joint venture are

responsible for overseeing the financial reporting process of the Group and of its joint venture.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

9. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
11. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

14. The financial statements of one subsidiary reflect total assets of ₹ 35.17 crores and net assets of ₹ 18.83 crores as at March 31, 2025, total revenue of ₹ 6.07 crores, total comprehensive income (comprising of profit and other comprehensive income) of ₹ 3.80 crores and net cash flows amounting to ₹ 0.61 crores for the year ended on that date, as considered in the consolidated financial statements. whose financial statements have not been audited by us. The financial statements of this subsidiary have been audited by other auditor whose reports have been furnished to us by the Holding Company's management and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of these subsidiary and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiary, is based on the reports of the other auditor and the procedures performed by us.
15. The financial statements of three subsidiaries and one step down subsidiary located outside India, included in the consolidated financial statements, which constitute total assets of ₹106.73 crores and net assets of ₹ 91.43 crores as at March 31, 2025, total revenue of ₹ 38.47 crores, total comprehensive income (comprising of profit and other comprehensive income) of ₹ 1.58 crores and net cash flows amounting to ₹ 0.37 crores for the year then ended, have been prepared in accordance with accounting principles generally accepted in their respective countries and have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries and step down subsidiary located outside India from the accounting principles generally accepted in their respective countries to the

accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries and step down subsidiary located outside India, including other information, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

16. The consolidated financial statements also include the Group's share of loss of ₹ 0.02 crores, in respect of one joint venture, whose financial statements have not been audited by us. The financial statements of this joint venture is unaudited and have been furnished to us by the management, and our opinion on the consolidated financial statements insofar as it relates to the amounts and disclosures included in respect of this joint venture and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid joint venture, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and reports of the other auditors and the financial statements certified by the management.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

17. As required by paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that there are no qualifications or adverse remarks included by the respective auditors in their CARO 2020 reports issued in respect of the standalone financial statements of the companies which are included in these Consolidated Financial Statements.

The statutory audit report of Swarnim Gujarat Fluorspar Private Limited, a joint venture of the Holding Company has not been issued until the date of this report. Accordingly, comments for the said joint venture have not been included under this clause.

18. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in paragraph 18(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on April 01, 2025, taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries, incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on April 01, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 18(b) above on reporting under Section 143(3)(b) and paragraph 18(h)(vi) below on reporting under Rule 11(g) of the Rules
 - (g) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group, – Refer Note 51 to the consolidated financial statements.
 - ii. The Group and its joint venture did not have any long-term contracts including derivative contracts as at March 31, 2025 for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries, incorporated in India during the year.
 - iv. (a) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, other than as disclosed in notes to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee,

security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, other than as disclosed in the notes to the financial statements, no funds have been received by the Company or any of such subsidiaries from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries joint ventures shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us and those performed by the auditors of the subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.

- v. The dividend declared and paid by the Holding Company, its subsidiaries and joint venture during the year is in compliance with Section 123 of the Act.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account

which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software, except:

- a) In the case of the primary accounting software, the audit log does not capture the log for changes made by certain users with specific access at the application layer.
- b) Further, the log for capturing direct database changes for the said software was enabled only during the year. The log is enabled only for specific users and the log does not capture the value prior to modification.
- c) In respect of direct database changes for the software used for processing payroll records, which is operated by a third-party software service provider, the ISAE 3402 Type 2 report is not available with the software service provider and accordingly, we are unable to comment whether the audit trail feature of the aforesaid software was enabled and operated throughout the year.

Further, the audit trail, to the extent maintained in the prior year, has been preserved by the company as per the statutory requirements for record retention.

19. The Group have paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor's Report

Referred to in paragraph 18(g) of the Independent Auditor's Report of even date to the members of Navin Fluorine International Limited on the consolidated financial statements as of and for the year ended March 31, 2025

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to financial statements of Navin Fluorine International Limited (hereinafter referred to as "the Holding Company") and its subsidiaries, its joint venture, which are companies incorporated in India, as of that date. Reporting under clause (i) of sub-section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is not applicable to the joint venture incorporated in India namely Swarnim Gujarat Fluorspar Private Limited, pursuant to MCA notification GSR 583(E) dated June 13, 2017.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The respective Board of Directors of the Holding Company, its subsidiaries, and joint venture, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system with reference to consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

6. A company's internal financial control with reference to financial statements is a process designed to provide

reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the

degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, the Holding Company and its subsidiaries, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

OTHER MATTER

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is company incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of this matter

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

1A. CORPORATE INFORMATION

Navin Fluorine International Limited ("the Company") is a public limited company, incorporated under the provisions of the Companies Act, 1956. Its registered office is located at Office No. 602, Natraj by Rustomjee, Near Western Express Highway, Sir Mathuradas Vasanji Road, Andheri (East), Mumbai 400069.

The Company and its subsidiary Companies are referred to as the Group here under. The Group primarily focuses on fluorine chemistry - producing refrigeration gases, inorganic fluorides, specialty organofluorines and offers Contract Research and Manufacturing Services.

1B. BASIS OF CONSOLIDATION

Name of the Company	Country of Incorporation	Proportion of Ownership	
		As at March 31, 2025	As at March 31, 2024
Subsidiaries:			
Sulakshana Securities Limited	India	100%	100%
Navin Fluorine Advanced Sciences Limited	India	100%	100%
NFIL (UK) Limited	UK	100%	100%
Manchester Organics Limited	UK	100%	100%
Navin Fluorine (Shanghai) Co. Limited	China	100%	100%
Step-down Subsidiary:			
NFIL USA, Inc.	USA	100%	100%
Joint Ventures (JV):			
Swarnim Gujarat Fluorspar Private Limited (JV)	India	49.48%	49.48%

2. MATERIAL ACCOUNTING POLICIES

This note provide a list of the material accounting policies adopted by the Group in the preparation of these Consolidated Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated. The Consolidated Financial Statements are for the group consisting of the Company, subsidiaries and step-down subsidiary companies.

a) Basis of Preparation

(i) Compliance with Indian Accounting Standards (Ind AS)

The Consolidated Financial Statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical Cost Convention

The financial statements have been prepared on the historical cost basis except for the following:

- certain financial assets and liabilities (including derivative instruments) and contingent consideration are measured at fair value.
- defined benefit plans – plan assets are measured at fair value.
- share-based payments are measured at fair value.

(iii) New and amended standards adopted by the Group

The Ministry of Corporate Affairs vide notification dated 9 September 2024 and 28 September 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/ notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1 April 2024:.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

- Insurance contracts - Ind AS 117; and
- Lease Liability in Sale and Leaseback – Amendments to Ind AS 116.

These amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

b) Principles of consolidation and equity accounting

(i) Subsidiary companies

Subsidiary companies are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary companies are fully consolidated from the date on which control is obtained by the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the Consolidated Financial Statements of the parent and its subsidiary companies line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting Policies of subsidiary companies have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary companies are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of changes in equity and Consolidated Balance Sheet respectively.

(ii) Joint arrangements

Under Ind AS 111 Joint arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The Group has interest only in Joint Ventures.

Interest in Joint Venture Company are accounted for using the equity method of accounting [see (iii) below], after initially being recognised at cost in the Consolidated Financial Statements.

(iii) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise share of the Group in post-acquisition profit and loss of the investee in profit and loss, and share of the Group in Other Comprehensive Income of the investee in Other Comprehensive Income. Dividends received or receivable from associate and joint venture Company are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associate company and joint venture Company are eliminated to the extent of the Group interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting Policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 58 (h).

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

(iv) Change in ownership interest

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interest in the subsidiary companies. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in the Consolidated Statement of Profit and Loss. This fair value becomes the initial carrying amount for the purpose of subsequent accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amount previously recognised in Other Comprehensive Income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in Other Comprehensive Income are reclassified to the Consolidated Statement of Profit and Loss.

If the ownership interest in a joint venture Company or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in Other Comprehensive Income are reclassified to the Consolidated Statement of Profit and Loss where appropriate.

c) Revenue recognition

(i) Sale of Goods

Revenue is generated primarily from sale of chemicals. Revenue is recognised at the point in time when the performance obligation is satisfied and control of the goods is transferred to the customer in accordance with the terms of customer contracts. In case of domestic customers, generally revenue recognition take place when goods are dispatched and in case of export customers when goods are shipped onboard based on bill of lading as per the terms of contract. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

(ii) Sale of Services

Revenue is recognized from rendering of services when the performance obligation is satisfied and the services are rendered in accordance with the terms of customer contracts. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

(iii) Contract liability

A contract liability is the obligation to transfer goods / render services to the customer for which the Group has received consideration from the customer. Contract liabilities are recognized as revenue when the Group performs under the contract.

The Group does not expect to have any contracts where the period between the transfer of the promised goods / rendering of promised services to the customer and payment by the customer exceed one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

(iv) Export Incentives

Export incentives are recognised for based on the eligibility and when there is no uncertainty in receiving the same.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

d) Leases

(i) As a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use assets are subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

See note 58(d) for the other accounting policies relevant to Leases.

e) Income taxes

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company and its subsidiaries operates and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions, where appropriate, on the basis of amounts expected to be paid to the tax authorities. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Consolidated Financial Statements at the balance sheet date. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the Balance Sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax liabilities are not recognised for temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Current and deferred tax is recognised in the Consolidated Statement of Profit and Loss, except to the extent that it relates to items recognised in Other Comprehensive Income or directly in equity. In this case, the tax is also recognised in Other Comprehensive Income or directly in equity, respectively.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

f) Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current liabilities in the balance sheet.

(ii) Other long-term employee benefit obligations

Leave Obligations

The liabilities for earned leave that are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields on government bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Consolidated Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Group operates the following post-employment schemes:

Defined benefit plan –

Gratuity Obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuary using the projected unit credit method.

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation, actuarial rates and life expectancy. The present value of the defined benefit obligation is determined by discounting the estimated future cash flows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. Due to complexities involved in the valuation and its long-term nature, defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting period.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in the retained earnings in the Consolidated Statement of Changes in Equity in the balance sheet.

Provident fund liability

The Group contributes towards family pension fund, superannuation fund and provident fund for certain employees which are defined contribution schemes. Liability in respect thereof is determined on the basis of contribution required to be made under the statutes / rules. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Provident Fund for certain employees is administered through a trust. The Provident Fund is administered by trustees of an independently constituted common trust recognized by the Income Tax authorities where other entities are also the participant. Periodic contributions to the Fund are charged to the Consolidated Statement of Profit and Loss and when services are rendered by the employees. The Group has an obligation to make good the shortfall, if any, between the return from the investment of the trust and notified interest rate by the Government.

g) Employee share-based payment arrangements

Eligible employees of the Group receive remuneration in the form of share based payments in consideration of the services rendered.

Under the equity settled share based payment, the fair value on the grant date of the awards given to eligible employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer basis Black Scholes model. Key assumptions made with respect to expected volatility includes share price, expected dividends and discount rate, under this pricing model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Group issues fresh equity shares.

h) Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Property, plant and equipment which are not ready for the intended use on the date of the Balance Sheet are disclosed as "Capital work-in-progress".

Depreciation on property, plant and equipment has been provided on the straight-line method as per the estimated useful life. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the Contract Development and Manufacturing Organisation (CDMO) assets mentioned in table below, where useful life is different than those prescribed in Schedule II. The estimated useful life of the CDMO assets, mentioned in table below, has been assessed based on external technical evaluation which considered the nature of the assets, estimated usage of the assets, the operating condition of the assets, anticipated technological changes, manufacturer warranties, experience of the management and group companies, maintenance support, etc:

Depreciation on property, plant and equipment has been provided on the straight-line method as per the estimated useful life. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 except in respect of the Contract Development and Manufacturing Organisation (CDMO) assets mentioned in table below, where useful life is different than those prescribed in Schedule II. The estimated useful life of the CDMO assets, mentioned in table below, has been assessed based on external technical evaluation which considered the nature of the assets, estimated usage of the assets, the operating condition of the assets, anticipated technological changes, manufacturer warranties, experience of the management and group companies, maintenance support, etc:

Assets	Useful Life
Plant and Machinery	5-30 years
Building	50 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate at the end of each reporting period.

See note 58(e) for the other accounting policies relevant to Property, Plant and Equipment

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

i) Intangible assets

Goodwill

Goodwill on acquisitions of subsidiary companies is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of Goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

See note 58(f) for the other accounting policies relevant to intangible assets.

J) Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is measured initially at its acquisition cost, including related transaction costs and where applicable, borrowing costs.

Investment properties are depreciated using straight line method over their useful lives specified in Schedule II to the Companies Act, 2013.

See note 58(g) for the other accounting policies relevant to Investment properties.

k) Inventories

Items of inventory are valued at cost or net realizable value, whichever is lower. Cost for raw materials, traded goods and stores and spares is determined on weighted average basis. Cost includes all charges in bringing the goods to their present location and condition. The cost of process stock and finished goods comprises of materials, direct labour, other direct costs and related production overheads and taxes as applicable. Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

l) Cash and Cash equivalents

For the purpose of presentation in the Consolidated Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

m) Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The group holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

The Company applies the simplified approach required by Ind AS 109, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

n) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. Trade and other payables are unsecured and presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

o) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

p) Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

q) Provisions and contingencies

Provisions are recognised when the group has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. A Contingent asset is disclosed, where an inflow of economic benefits is probable.

r) Investment in associate and joint ventures

Investments in associate and joint venture companies are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in associate and joint venture companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Consolidated Statement of Profit and Loss.

s) Investment and other financial assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the Consolidated Statement of Profit and Loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Consolidated Statement of Profit and Loss or other comprehensive income.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

(ii) Recognition and derecognition

Regular way purchases and sales of financial assets are recognized on trade-date, being the date on which the Company commits to purchase or sale the financial asset. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the group has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through the Statement of Consolidated Profit and Loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through the Profit or Loss are expensed in the Statement of Consolidated Profit and Loss.

I. Debt Instruments:

Subsequent measurement of debt instruments depends on the Group business model for managing the assets and cash flows characteristic. There are three measurement categories into which the group classifies its debt instruments.

- **Amortised Cost:** Assets that are held for the collection of contractual cash flow where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognized directly in the Statement of Consolidated Profit and Loss and presented as separate line item in other expenses. Impairment losses are presented as separate line item in the Statement of Consolidated Profit and Loss.
- **Fair value through other comprehensive Income (FVOCI):** Assets that are held for the collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI).
- **Fair Value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured as fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in the Consolidated Statement of Profit and Loss. Interest income from these financial assets is included in other income. Debt instrument under this category comprises of investments in mutual funds that do not qualify for measurement at either at amortised cost or FVOCI.

II. Equity instruments

The Group subsequently measures all equity investments other than investment in subsidiary companies and joint venture at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments are recognized in Statement of Consolidated Profit and Loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognized in the Statement of Consolidated Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iv) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 43 details how the Group determines whether there has been a significant increase in credit risk 47.5.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

(v) Income recognition

• Interest income:

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost is calculated using the effective interest method is recognized in the Statement of Consolidated Profit and Loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

• Dividend:

Dividends are recognised in the Consolidated Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

t) Exceptional items

If the management believes that losses are material and is relevant to an understanding of the entity's financial performance, it discloses the same as an exceptional item.

3. CRITICAL ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements. In addition, this note also explains where there have been actual adjustments this year as a result of changes to previous estimates.

The areas involving critical estimates or judgements are:

- (a) Estimation of current tax expense and current tax payable [Refer note:42]
- (b) Estimated fair value of unlisted equity securities. [Refer note:47.2]
- (c) Useful lives of property, plant and equipment and intangible assets. [Refer note:5A & 7]
- (d) Estimation of Defined benefits plan [Refer note:46]
- (e) Estimation of contingent liabilities [Refer note:51]
- (f) Impairment of trade receivables [Refer note:47.5]

4. ROUNDING OF AMOUNTS

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Crores as per the requirement of Schedule III, unless otherwise stated.

(iii) Fair Value

Particulars	As at March 31, 2025	As at March 31, 2024
Investment properties	249.67	227.00

The Group obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company considers information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- discounted cash flow projections based on reliable estimates of future cash flows

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

6. INVESTMENT PROPERTIES (contd.)

- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair values of investment properties have been determined by independent valuer. The valuation is based on market research, market trend and comparable values as considered appropriate. All resulting fair value estimates for investment properties are included in level 3.

Net carrying amount as at March 31, 2025	2.41	87.76

Significant estimate - impairment of Goodwill

For the purpose of impairment testing, Goodwill is allocated to a cash generating unit, representing the lowest level within the Group at which Goodwill is monitored for internal Management purposes and which is not higher than the operating segment of the Group. The Goodwill of ₹ 14.91 Crores pertains to the acquisition of Sulakshana Securities Limited and recoverable amount has been determined using fair value less cost of disposal. Goodwill of ₹ 72.85 Crores pertains to the acquisition of Manchester Organics Limited and recoverable amount has been determined based on its value in use.

Under value in use calculation, management with the help of external valuer uses cash flow projections based on financial budgets approved by the management covering a five-year period, and a discount rate of 14.25% per annum respectively. The cash flows beyond that five-year period have been extrapolated using a terminal growth rate of 3% per annum. The management believes that any reasonably possible change in the key assumptions on which recoverable amount is based would not cause the aggregate carrying amount to exceed the aggregate recoverable amount of the cash-generating unit. Accordingly, there was no impairment recorded for the period March 31, 2025.

Description of reserves

Capital Reserve no. 1 - Capital reserve no. 1 was created for excess of assets over liabilities and reserves taken over pursuant to the scheme of demerger of chemical business of Mafatlal Industries Limited.

Capital Reserve no. 2 - Capital reserve no. 2 was created for compensation received pursuant to the Montreal Protocol for phasing out production of ozone depleting substances.

Capital Redemption Reserve - Capital redemption reserve was created out of the general reserve during the buy back of equity shares and it is a non-distributable reserves.

Foreign currency translation reserve - Exchange differences arising on translation of the foreign operations are recognised in Other Comprehensive Income and accumulated in a separate reserve within equity. The cumulative amount is reclassified to profit or loss when the net investment is disposed-off.

30. TRADE PAYABLES

Particulars	As at March 31, 2025	As at March 31, 2024
Trade payables		
Total outstanding dues of micro enterprises and small enterprises	44.68	44.13
Total outstanding dues other than above	281.54	258.37
Trade payables - Related parties (refer note 49.2)	0.74	-
Total	326.96	302.50

The Group participates in a supply chain financing arrangement (SCF) which is disclosed under trade payables / other financial liabilities enabling suppliers to take early payment by selling their receivables from the Company. The Company has not derecognised the original liabilities to which the arrangement applies because neither a legal release was obtained nor the original liability and the payment terms are modified on entering into the arrangement. The Company therefore discloses such amounts within trade payables / other financial liabilities because the nature and function of the financial liability remains same.

Ageing of trade payables:

Amount ₹ in crores unless otherwise stated

42. INCOME TAXES

Income tax expenses recognised

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
In respect of the current year		
- Current tax recognised in Consolidated Statement of Profit and Loss	80.71	61.79
- Excess provision of tax for earlier years	(0.27)	(26.09)
- Deferred tax	11.05	29.33
	91.49	65.03
In respect of the current year		
- Current tax recognised in other comprehensive income	0.45	(0.31)
	0.45	(0.31)
Total income tax expense recognised in the current year	91.94	64.72

The income tax expense for the year can be reconciled to the accounting profit as follows:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Profit before tax	380.09	335.54
Income tax expense	92.48	81.11
Effect of:		
Income exempt from tax	-	-
Adjustments for current tax of prior period	-	(26.09)
Expenses that are not deductible in determining taxable profit	2.40	2.82
Tax concessions reversed / (availed)	(0.41)	(0.33)
Tax on income at rates different from statutory income tax rate	-	(4.21)
Income taxable at different tax rate	-	-
Tax rate difference on indexation items	(0.47)	(0.43)
Ind AS Adjustments	(2.98)	(2.26)
Adjustments pertaining to prior years	(0.01)	12.49
Deductible temporary differences on account of indexation benefits	(0.69)	1.91
Others	1.17	0.02
Income tax expense recognised in Consolidated Statement of Profit and loss	91.49	65.03

43. SEGMENT INFORMATION

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Group. Chairman and Managing Director of the Group are the chief operating decision makers. The Group operates only in one Business Segment i.e. 'Chemical Business' which constitutes a single reporting segment.

- (i) The Group has two geographical segments based upon location of its customers - within and outside India:

Particulars	As at and for the year ended			As at and for the year ended		
	March 31, 2025			March 31, 2024		
	Within India	Outside India	Total	Within India	Outside India	Total
Revenues *	1,005.01	1,344.37	2,349.38	720.50	1,344.51	2,065.01
Carrying cost of non current assets@	3,202.34	8.51	3,210.85	2,779.65	11.78	2,791.43
Addition to non current assets #	531.58	0.03	531.61	761.67	0.07	761.74

* Timing of revenue recognition is at a point in time.

@ Excluding financial assets.

Other than financial assets and deferred tax

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

43. SEGMENT INFORMATION (contd.)

- (i) The company is domiciled in India. The amount of its revenue from customers broken down by location of the customers is shown in the table below.

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
India	1,005.01	720.50
USA	666.73	597.49
Others	677.64	747.02

- (ii) Revenue from customers of the Group which is individually more than 10 percent of the Group's total revenue:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Customer A	498.54	431.07
Customer B	-	227.30

44 EARNING PER SHARE

Earnings per share is calculated by dividing the profit attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year, as under:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Profit for the year attributable to equity shareholders - (₹ in Crores) - A	288.58	270.50
Weighted average number of equity shares outstanding during the year - B	49,585,958	49,572,078
Effect of Dilution :		
Weighted average number of ESOP shares outstanding	52,242	70,239
Weighted average number of Equity shares adjusted for the effect of dilution - C	49,638,200	49,642,317
Basic earnings per share - ₹ (A/B)	58.20	54.57
Diluted earnings per share - ₹ (A/C)	58.14	54.49
Nominal value per share - ₹	2.00	2.00

45. LEASING ARRANGEMENT

The Group has taken office, residential premises and vehicles under operating lease or leave and license agreements. These are generally cancellable in nature and range between 11 months to 60 months. These leave and license agreements are generally renewable or cancelable at the option of the Group or the lessor. The lease payment recognised in the Consolidated Statement of Profit and Loss is ₹ 1.36 Crores (March 31, 2024: ₹ 1.26 Crores). From April 01, 2019 the Group has recognised right of use assets for these leases, except short term leases. Refer note 5B for further information.

46. EMPLOYEE BENEFIT PLANS

46.1 Defined Contribution Plan

The Group has recognised the following amounts in the Consolidated Statement of Profit and Loss for the year:

Particulars	As at March 31, 2025	As at March 31, 2024
Contribution to Provident Fund	6.87	6.83
Contribution to Family Pension Fund	2.01	2.07
Contribution to NPS	1.93	1.61
Contribution to Superannuation Fund	1.45	1.73
Contribution to Employees' State Insurance Scheme	0.01	0.01
Contribution to Employees' Deposits Linked Insurance Scheme	0.13	0.12
Total	12.40	12.37

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

46. EMPLOYEE BENEFIT PLANS (contd.)

46.2 Defined Benefit Plans

(i) Gratuity (Funded)

The Group sponsors funded defined benefit gratuity plan for all eligible employees of the Group except for certain employees. The Group's defined benefit gratuity plan requires contributions to be made to a separately administered trust. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. Group makes provision for gratuity fund based on an actuarial valuation carried out at the end of the year using 'projected unit credit' method.

- a) The amount included in the balance sheet arising from the Group's obligation in respect of its defined benefit plan (gratuity) is as follows:

Balances of defined benefit plan

Particulars	As at March 31, 2025	As at March 31, 2024
Present value of funded defined benefit obligation	(39.65)	(38.33)
Fair value of plan assets	34.73	31.54
Net (liability)/asset arising from gratuity	(4.92)	(6.79)

- (b) Expenses recognised for defined benefit plan and movement of plan assets and liabilities:

Following is the amount recognised in Consolidated Statement of Profit and Loss, other comprehensive income, movement in defined benefit liability (i.e. gratuity) and movement in plan assets:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
A. Components of expense recognised in the Consolidated Statement of Profit and Loss		
Current service cost	4.64	4.70
Net interest expenses	0.49	0.24
Total (A)	5.13	4.94
B. Components of defined benefit costs recognised in other Comprehensive Income		
Remeasurement on the net defined benefit liability:		
- Return on plan assets (excluding amounts included in net interest expense)	0.01	(0.30)
- Actuarial gains and losses arising from changes in demographic assumptions	-	(1.34)
- Actuarial gains and losses arising from changes in financial assumptions	1.04	0.24
- Actuarial gains and losses arising from experience adjustments	(2.88)	2.24
Total (B)	(1.83)	0.84
C. Movements in the present value of the defined benefit obligation		
Opening defined benefit obligation	38.33	33.54
Current service cost	4.64	4.70
Interest cost	2.72	2.41
Remeasurement (gains)/losses:		
- Actuarial gains and losses arising from changes in demographic assumptions	-	(1.34)
- Actuarial gains and losses arising from changes in financial assumptions	1.04	0.24
- Actuarial gains and losses arising from experience adjustments	(2.89)	2.25
Benefits paid	(4.19)	(3.46)
Closing defined benefit obligation (C)	39.65	38.33

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

46. EMPLOYEE BENEFIT PLANS (contd.)

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
D. Movements in the fair value of the plan assets		
Opening fair value of plan assets	31.54	30.22
Interest income	2.23	2.17
Remeasurement gain/(loss):		
- Return on plan assets (excluding interest income)	(0.01)	0.30
Contributions by employer	5.16	2.31
Benefits paid	(4.19)	(3.46)
Closing fair value of plan assets (D)	34.73	31.54

(c) Principal assumptions

The principal assumptions used for the purposes of the actuarial valuations of gratuity liability were as follows.

Particulars	As at March 31, 2025	As at March 31, 2024
1. Discount rate	6.59% - 7.17%	7.17%
2. Salary escalation	10%	10%
3. Mortality rate	Indian Assured Lives Mortality 2012 - 14 (Urban)	Indian Assured Lives Mortality 2012 - 14 (Urban)
4. Attrition rate	15%	15%

(d) The expected contribution to the plan for the next financial year is ₹ 4.57 Crores (Previous Year: ₹ 4.81 Crores)

(e) Category wise plan assets

The fair value of the plan assets at the end of the reporting period for each category, are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Central Government of India	39.98%	38.76%
State Government Securities	0.00%	0.00%
Special Deposits Scheme	6.91%	8.03%
Debt Instruments/Corp Bonds	53.10%	53.21%

(f) The weighted average duration of the defined benefit obligation is 7 years (March 31, 2024: 7 years). The expected maturity analysis of gratuity is as follows:

Particulars	Within 1 year	1-5 years	Above 5 years
As at March 31, 2025	6.22	19.83	31.57
As at March 31, 2024	7.61	19.72	28.88

(g) Sensitivity analysis:

Significant actuarial assumptions for the determination of the defined obligation are discount rate and expected salary increase and attrition rate. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while all other assumptions constant. Following is the impact of changes in assumption in defined benefit obligation of gratuity:

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

46. EMPLOYEE BENEFIT PLANS (contd.)

Increase/ (decrease) in assumptions	As at March 31, 2025	As at March 31, 2024
Impact of discount rate for 50 basis points increase	(0.89)	(0.80)
Impact of discount rate for 50 basis points decrease	0.94	0.84
Impact of salary escalation rate for 50 basis points increase	0.90	0.81
Impact of salary escalation rate for 50 basis points decrease	(0.87)	(6.68)
Impact of attrition rate for 50 basis points increase	(0.25)	(0.21)
Impact of attrition rate for 50 basis points decrease	0.26	0.21

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from previous year.

(ii) Provident fund (funded)

In respect of certain employees, provident fund contributions are made to a separately administered trust. Such contribution to the provident fund for all employees, are charged to the Consolidated Statement of Profit and Loss. In case of any liability arising due to shortfall between the return from its investments and the guaranteed specified interest rate, the same is provided for by the Group. The actuary has provided an actuarial valuation and the interest shortfall liability, if any, has been provided in the books of accounts after considering the assets available with the provident fund trust.

(a) The amount included in the balance sheet arising from the Group's obligation in respect of its defined benefit plan (trust managed provident fund) is as follows:

Balances of defined benefit plan

Particulars	As at March 31, 2025	As at March 31, 2024
Present value of funded defined benefit obligation	(74.60)	(67.14)
Fair value of plan assets	75.88	68.01
Net Assets/(Liabilities)*	-	-

* Excess of fair value of plan assets over present value of funded defined benefit obligation has not been recognised.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

46. EMPLOYEE BENEFIT PLANS (contd.)

(b) Expenses recognised for defined benefit plan and movement of plan assets and liabilities

Following is the amount recognised in Consolidated Statement of Profit and Loss, movement in defined benefit liability (i.e. provident fund) and movement in plan assets:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
A. Components of expense recognised in the Consolidated Statement of Profit and Loss		
Current service cost	4.08	4.15
Expected Return on plan assets	(5.51)	(4.65)
Net interest expenses	5.51	4.65
Total (A)	4.08	4.15
B. Movements in the present value of the defined benefit obligation		
Opening defined benefit obligation	67.14	54.33
Opening balance adjustment	0.18	0.03
Current service cost	4.08	4.15
Interest cost	5.51	4.65
Employee Contribution	5.95	6.27
Liabilities assumed for employee transferred from other entity	1.20	3.18
Benefits paid	(9.45)	(5.47)
Balance not recognized in Income statement	-	-
Closing defined benefit obligation (B)	74.61	67.14
C. Movements in the fair value of the plan assets		
Opening fair value of plan assets	68.01	55.76
Remeasurement gain/(loss):	0.59	(0.54)
Expected Return on plan assets	5.51	4.65
Contributions	10.03	10.42
Asset transferred in for employee transferred from other entity	1.20	3.18
Benefits paid	(9.45)	(5.47)
Closing fair value of plan assets (C)	75.89	68.01

(c) Category wise plan assets

The fair value of the plan assets at the end of the reporting period for each category, are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Central Government of India	11.76%	13.20%
State Government Securities	36.11%	33.33%
Special Deposits Scheme	15.23%	16.42%
Public Sector Units	31.94%	31.08%
Others	4.97%	5.97%

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

46. EMPLOYEE BENEFIT PLANS (contd.)

(iii) Risk exposure to defined benefit plans

The plans typically expose the Group to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Indian government securities; if the return on plan asset is below this rate, it will create a plan deficit.

Interest risk: A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's debt investments.

Longevity risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2025. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

46.3 Other Long term Employee Benefits:

The liability for Compensated absences as determined by Independent actuary as at the balance sheet date is ₹ 21.96 Crores (March 31, 2024: ₹ 23.82 Crores).

47. FINANCIAL INSTRUMENTS AND RISK REVIEW

47.1 Capital Management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may return to shareholders the capital or issue new shares or take such appropriate action as may be needed. The Group considers total equity reported in the financial statements to be managed as part of capital.

The Group has Net Debt (Net debt includes, interest bearing loans and borrowings less cash and cash equivalents) as mentioned below:

Particulars	As at March 31, 2025	As at March 31, 2024
Net Debt	974.91	875.79
Total equity	2,626.23	2,382.67
Net debt to equity ratio	37.12%	36.76%

The net debt to equity ratio for the current year reduced by 0.38% to 37.14% as a result of term loan taken from banks.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

Loan covenants

The below financial covenants shall be tested by bank on annual basis starting from F.Y. 2024-25 onwards, based on audited financial statements of the Group:

- Debt service Coverage ratio (Group):** not below 1.30 times
- Current ratio (Group):** not below 1.30 times
- Fixed Asset Coverage Ratio (NFASL):** Not below 1.50 times
- Total Net Debt / EBITDA (Group):** Not to exceed 3 times

47.2 Fair value measurements

(i) Categories of financial instruments

Particulars	As at March 31, 2025	As at March 31, 2024
Financial assets		
Measured at Amortised Cost		
– Cash and Bank Balances	40.52	27.54
– Investments	1.85	1.85
– Trade receivables	582.42	512.51
– Loans	0.27	0.86
– Other financial assets	39.34	41.42
Measured at fair value through profit and loss (FVTPL)		
(a) mandatorily measured		
– Equity instruments	5.65	6.10
– Investments in mutual funds / Other funds	471.70	486.13
– Derivative assets	1.84	0.14
Financial liabilities		
Measured at Amortised Cost		
– Borrowing	1,440.73	1,339.94
– Lease liabilities	25.66	28.52
– Trade payable	326.96	302.50
– Other financial liabilities	98.04	83.31
Measured at fair value through profit and loss (FVTPL)		
– Derivative liability	1.11	0.61

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

(ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the Indian Accounting Standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value - recurring fair value measurements	Level 1	Level 2	Level 3	Total
As at March 31, 2025				
Financial assets				
– Investments in equity instruments	1.92	-	3.73	5.65
– Investments in mutual funds / Other funds	468.03	3.67	-	471.70
– Derivative assets	-	1.84	-	1.84
Financial liabilities				
– Derivative liability	-	1.11	-	1.11

Financial assets and liabilities measured at fair value - recurring fair value measurements	Level 1	Level 2	Level 3	Total
As at March 31, 2024				
– Investments in equity instruments	2.74	-	3.36	6.10
– Investments in mutual funds / Other funds	481.44	4.69	-	486.13
– Derivative assets	-	0.14	-	0.14
Financial liabilities				
– Derivative liability	-	0.61	-	0.61

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded on the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on the observable market data, the instrument is included in Level 3.

(iii) Valuation technique used to determine fair value

1. The fair value of the unquoted investments is determined using quoted bid prices in an active market.
2. The fair value of the unquoted investments is determined using the inputs other than quoted prices included in level 1 that are observable for assets and liabilities.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

3. Group has made investments in 'Ask Real Estate Special Situation Fund'. The Fund invests primarily in special purpose vehicles and companies of special purpose vehicles that undertake residential and mixed use real estate developments with a significant residential component. The Valuation methodology used shall depend on the type of property and market conditions and stage of development reached in the invested project. The suitability of a particular method of valuation is decided based on the below criteria:
 - For undeveloped properties: Sales/Market Comparison Method benchmarked by Discounted Cash Flow Method
 - For semi developed properties / properties under development: Weighted average of Discounted Cash Flow Method and Replacement Cost Method
 - For completed properties, leased property or ready for sale properties: Capitalization of Rental Method or Market Comparison Method

(iv) Fair value of Financial assets and liabilities measured at amortised cost

The carrying amounts of cash and cash equivalents, trade receivables, receivables from related parties and trade payables are considered to be the same as their fair values due to their short-term nature. Fair value of security deposits approximates the carrying value.

47.3 Financial risk management objectives

The Group's activities exposes it to a variety of financial risks including market risk, credit risk and liquidity risk. The Group's primary risk management focus is to minimize potential adverse effects of financial risks on its financial performance. The Group's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

47.4 Market Risks

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and other price risk. The Group enters into derivative financial instruments to manage its exposure to foreign currency risk including forward foreign exchange contracts.

a. Foreign exchange risk

(i) Exposure to foreign exchange risk:

The Group has international operations and is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from future commercial transactions and recognised financial assets and liabilities denominated in a currency that is not the functional currency of the entity in the Group. The risk also includes highly probable foreign currency cash flows.

The Group has exposure arising out of export, import and other transactions other than functional risks. The Group hedges its foreign exchange risk using foreign exchange forward contracts. The same is within the guidelines laid down by Risk Management Policy of the Group.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

(ii) Foreign exchange risk management:

To manage the foreign exchange risk arising from recognized assets and liabilities, Group use spot transactions, foreign exchange forward contracts, according to the Group's foreign exchange risk policy. Group's treasury is responsible for managing the net position in each foreign currency and for putting in place the appropriate hedging actions. The Group's foreign exchange risk management policy is to selectively hedge net transaction exposures in major foreign currencies.

The carrying amounts of the Group's unhedged foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	As at March 31, 2025		As at March 31, 2024	
	₹ in crores	Foreign Currency In crores	₹ in crores	Foreign Currency In crores
Amount receivable				
USD	241.97	2.83	196.19	2.35
GBP	27.55	0.30	-	*
EURO	0.08	*	-	-
Amount payable				
USD	36.66	0.43	8.94	0.10
GBP	-	-	0.29	-

* Numbers are below rounding off

iii) Foreign exchange risk sensitivity:

3% is the sensitivity rate used when reporting foreign currency risk and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding unhedged foreign currency denominated monetary items and adjusts their translation at the period end for a 3% change in foreign currency rates. A positive number below indicates an increase in profit and negative number below indicates a decrease in profit. Following is the analyze of change in profit where the Indian Rupee strengthens and weakens by 3% against the relevant currency:

Foreign currency	For year ended March 31, 2025		For year ended March 31, 2024	
USD	6.16	(6.16)	5.62	(5.62)
GBP	0.83	(0.83)	(0.01)	0.01
EURO	0.00	(0.00)	-	-

* Numbers are below rounding off

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

(iv) Forward foreign exchange contracts

The following table contains the details of forward foreign currency contracts outstanding at the end of the reporting period:

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

Currency	Exposure to buy / sell	As at the year end

b. Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The group is mainly exposed to interest rate risk due to its variable interest rate borrowings. The interest rate risk arises due to uncertainties about the future market interest rate of these borrowings. The group monitors fluctuations in interest rate continuously to minimise impact of interest rate risk.

(i) Exposure to interest rate risk related to borrowings with floating rate of interest.

Particulars	As at March 31, 2025	As at March 31, 2024
Borrowings bearing floating rate of interest	1,440.73	1,339.94

(ii) Interest rate sensitivity:

A change of 50 bps in interest rates would have following Impact on profit before tax:

Particulars	As at March 31, 2025	As at March 31, 2024
50 bp increase- decrease in profits *	7.20	6.70
50 bp decrease- Increase in profits *	(7.20)	(6.70)

* Sensitivity is calculated based on the assumption that amount outstanding as at reporting dates were utilised for the whole financial year.

c. Other price risks

The Group is mainly exposed to the price risk due to its investments in equity instruments. The price risk arises due to uncertainties about the future market values of these investments. Equity price risk is related to the change in market reference price of the investments in equity securities. In general, these securities are not held for trading purposes. These investments are subject to changes in the market price of securities.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

In order to manage its price risk arising from investments in equity instruments, the Group maintains its portfolio in accordance with the framework set by the Investment policy. Any new investment or divestment must be approved by the Board of Directors, Chief Financial Officer and Management Committee.

Price Risk Sensitivity Analysis:

As an estimation of the approximate impact of price risk, with respect to investments in equity instruments, the Group has calculated the impact as follows:

For equity instruments, a 10% increase in equity prices would have led to approximately an additional ₹ 0.19 Crores gain in statement of profit and loss (March 31, 2024: ₹ 0.27 Crores). A 10% decrease in equity prices would have led to an equal but opposite effect.

47.5 Credit risk

(i) Exposures to credit risk

The Group is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the Group. The credit risk arises from its operating activities (i.e. primarily trade receivables), from its investing activities including deposits with banks and financial institutions and other financial instruments.

(ii) Credit risk management

1) Trade receivable

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables amounting to ₹ 582.42 Crores (March 31, 2024 - ₹ 512.51 Crores).

Trade receivables are typically unsecured and are derived from revenue earned from customer. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

The Group uses a provision matrix to compute the expected credit loss allowance for trade receivables. The provision matrix takes into account a continuing credit evaluation of the group customers' financial condition; ageing of trade accounts receivable and the Group's historical loss experience.

Trade receivables are written off when there is no reasonable expectation of recovery. The allowance for lifetime expected credit loss on customer balances as at March 31, 2025 was- ₹ 8.68 crores (March 31, 2024 - ₹ 5.03 crores).

Loss allowance as at March 31, 2025 was determined as follows for trade receivables under the simplified approach

As at March 31, 2025	Not Due	0-30 Days Past Due	31-60 days past due	61-90 days past due	91-180 days past due	180-365 days past due	More than 365 days past due	Total
Gross carrying amount – trade receivables	541.72	27.55	11.36	1.21	0.55	2.74	5.97	591.10
Expected loss rate	(0.12%)	(1.05%)	(2.38%)	(9.09%)	(9.09%)	(50.73%)	(99.33%)	-
Expected credit losses – trade receivables	(0.64)	(0.29)	(0.27)	(0.11)	(0.05)	(1.39)	(5.93)	(8.68)
Carrying amount of trade receivables (net of impairment)	541.08	27.26	11.09	1.10	0.50	1.35	0.04	582.42

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

Loss allowance as at March 31, 2024 was determined as follows for trade receivables under the simplified approach

As at March 31, 2024	Not Due	0-30 Days Past Due	31-60 days past due	61-90 days past due	91-180 days past due	180-365 days past due	More than 365 days past due	Total
Gross carrying amount – trade receivables	453.24	43.23	4.86	0.36	6.36	0.71	8.78	517.54
Expected loss rate	(0.01%)	(0.09%)	(0.21%)	(0.00%)	(2.99%)	(1.41%)	(53.99%)	-
Expected credit losses – trade receivables	(0.04)	(0.04)	(0.01)	-	(0.19)	(0.01)	(4.74)	(5.03)
Carrying amount of trade receivables (net of impairment)	453.20	43.19	4.85	0.36	6.17	0.70	4.04	512.51

Movement in the credit loss allowance

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024
Balance at the beginning	5.03	4.22
Movement in expected credit loss allowance on trade receivable calculated at lifetime expected credit losses	3.65	0.81
Balance at the end	8.68	5.03

2) Cash and Cash Equivalents

Credit risk on cash and cash equivalents is limited as group generally invest in deposits with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

3) Investment in Mutual Funds

Credit risk on investments in mutual fund is limited as group invested in mutual funds issued by the financial institutions with high credit ratings assigned by credit rating agencies.

47.6 Liquidity risk

Liquidity risk is the risk that the Group will face in meeting its obligations associated with its financial liabilities. The Group's approach to managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses.

(i) Liquidity risk tables

The Group maintained a cautious liquidity strategy, with a positive cash balance throughout the year ended March 31, 2025 and March 31, 2024. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis.

The Group regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in interest bearing term deposits and other highly marketable liquid investments with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

47. FINANCIAL INSTRUMENTS AND RISK REVIEW (contd.)

(ii) Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Particulars	Carrying amount	Less than 1 year	More than 1 year	Total
As at March 31, 2025				
– Borrowing	1,440.73	387.29	1,053.44	1,440.73

Amount ₹ in crores unless otherwise stated

48. SHARE BASED PAYMENTS (contd.)

(iii) Share options outstanding at the end of the year have the following expiry date and exercise prices:

Grant Date	Expiry Date	Exercise price (₹)	Share options March 31, 2025	Share options March 31, 2024
July 28, 2007	July 27, 2017	81.49	-	-
April 28, 2014	April 27, 2024	78.00	-	-
June 29, 2015	June 28, 2025	194.80	-	-
October 24, 2016	October 23, 2026	554.40	1,700	1,825
March 19, 2018	March 18, 2028	780.00	9,110	10,710
May 09, 2018	May 08, 2028	770.35	-	-
January 07, 2019	January 06, 2029	698.45	-	-
October 19, 2022	October 18, 2032	2.00	20,000	50,000
February 05, 2024	February 04, 2034	3,326.00	117,500	187,500
February 06, 2024	February 05, 2034	3,236.00	40,000	40,000
October 23, 2024	October 22, 2034	3,221.00	50,000	-

(iv) The weighted average fair value of the options granted on October 23, 2024 is ₹1,199.77, (February 05, 2024 and February 06, 2024 is ₹1,168.58 and ₹1,152.29 respectively). The fair value at grant date is independently determined using the Black-Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the option.

The model inputs for options granted during the year ended March 31, 2025 included:

Grant Date	October 23, 2024	
	Vest 1	Vest 2
Vesting date	October 31, 2025	October 31, 2026
Volatility	33.76%	34.49%
Risk-Free rate of return	6.63%	6.65%
Exercise Price	3221.00	3221.00
Expected Life (Time to Maturity)	4.00	4.50
Dividend yield	0.30%	0.30%

The model inputs for options granted during the year ended March 31, 2024 included:

Grant Date	February 05, 2024		February 06, 2024	
	Vest 1	Vest 2	Vest 1	Vest 2
Vesting date	February 28, 2025	February 28, 2026	February 28, 2025	February 28, 2026
Volatility	35.02%	36.53%	35.02%	36.53%
Risk-Free rate of return	6.96%	6.97%	6.93%	6.95%
Exercise Price	3,326.00	3,326.00	3,236.00	3,236.00
Expected Life (Time to Maturity)	3.50	4.00	3.50	4.00
Dividend yield	0.33%	0.33%	0.33%	0.33%

The expected life of the stock is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

(v) Expenses arising from employee share based payment transaction recognised in the Statement of Profit and Loss as part of employee benefit expense for the year ended March 31, 2025 is ₹ 11.51 crores (March 31, 2024: ₹ 1.47 crores). Also refer note 34.

53. Mafatlal Industries Limited was executing a project in Iraq when hostilities broke out between Iraq and Kuwait in 1990-91, resulting in suspension of project work. In view of the post war sanctions imposed by the United Nations and the Government of India, suspended operations could not be resumed. The customer's bankers have asked for extension of bank guarantees for advance payment and performance and the State Bank of India (SBI), in turn, had claimed that the funds deposited with them in respect of the aforesaid project are subject to lien which was subsequently released on alternate arrangements. In view of the continuing uncertain circumstances, the receipts and payments under the contracts, transferred to the Group pursuant to the sanctioned scheme of Mafatlal Industries Limited, continue to be carried forward and necessary adjustments would be made on the status of the project becoming clearer. (Refer note 13 and note 28)

54. Before transfer of assets to Sulakshana Securities Limited (SSL) by Mafatlal Industries Limited (MIL) pursuant to its sanctioned scheme of rehabilitation, MIL had initiated steps for revision in rent/recovery of expenses and filed legal proceedings for eviction of some of its tenants/ (now) ex-tenants who were occupying at that time some of the premises in its building at Nariman Point, Mumbai. Pending resolution of those legal cases, rent of ₹ Nil, previous year, ₹ Nil, (aggregate to date, ₹ 0.66 crores, as at March 31, 2024, ₹ 0.66 crores) and recovery of expenses, of ₹ Nil, previous year, ₹ Nil (aggregate to date, ₹ 0.42 crores, as at March 31, 2024 ₹ 0.42 crores), have not been accounted, on legal advice. The ex-tenants have filed Civil Revision Application and secured a stay from the Hon'ble Bombay High Court in April 2013 against the Order of the appeal bench of Hon'ble Small Causes Court awarding an increased amount to SSL. During the year 2014-15, pursuant to the directions of the Hon'ble Bombay High Court and the Undertakings provided by SSL, SSL received ₹ 6.56 crores deposited by the ex- tenants, which is subject to final disposal of the matter. SSL is liable to refund the amount if the final decision goes against it. Pending final decision on the matter, the aforesaid amount has been kept in Term deposit account and the interest thereon is not considered as an Income.

54 A. Exceptional Item include:

Exceptional item for the year ended March 31, 2025 : Nil (March 31, 2024 : ₹ 52.13 crore) comprises gain on account of sale of surplus unused colony land situated at Surat (Gujarat).

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

55. INTERESTS IN OTHER ENTITIES

a. Subsidiaries

Details of the Group's subsidiaries at the end of the reporting period are as follows:

Name of the Subsidiary	Principal activity	Place of incorporation and operation	Proportion of ownership interest and voting power held by the Group	
			As at March 31, 2025	As at March 31, 2024
Sulakshana Securities Limited - SSL	Lease rental of investment property	India	100%	100%
Navin Fluorine Advanced Sciences Limited - NFASL	Chemical Business	India	100%	100%
Manchester Organics Limited - MOL	Chemical Business	U.K	100%	100%
Navin Fluorine (Shanghai) Co. Ltd	Chemical Business	China	100%	100%
NFIL (UK) Limited	Chemical Business	U.K	100%	100%
NFIL (USA) Inc - Step down subsidiary	Chemical Business	USA	100%	100%

b. Interest in Joint Venture

Aggregate information of Joint Ventures that are not individually material:

Particulars	As at March 31, 2025	As at March 31, 2024
The Group's share of loss from operations	(0.02)	(0.01)
The Group's share of other comprehensive income	-	-
The Group's share of loss in total comprehensive loss	(0.02)	(0.01)

Particulars	As at March 31, 2025	As at March 31, 2024
Aggregate carrying amount of the Group's interests in the Joint Ventures	0.72	0.74

There is no change in the group's ownership interest in Joint Ventures. There are no significant restrictions on the ability of Joint Ventures to transfer funds to the Group in the form of cash dividends, or to repay loans or advances made by the Group.

c. Additional disclosures required by Schedule III

56. The Board of Directors has recommended final dividend of ₹ 7/- per share on the face value of ₹ 2.00 each (350%), subject to approval by the Members at the forthcoming Annual General Meeting of the Company.

57. ADDITIONAL REGULATORY INFORMATION REQUIRED BY SCHEDULE III

i. Details of benami property held

No proceedings have been initiated on or are pending against the Group for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

ii Borrowing secured against current assets

The Group has borrowings from banks on the basis of security of current assets. The quarterly returns or statements of current assets filed by the Company with banks are in agreement with the books of accounts.

iii Wilful defaulter

None of the entities in the Group have been declared wilful defaulter by any bank or financial institution or government or any government authority.

iv Relationship with struck off companies

The Group has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956

v Compliance with number of layers of companies

The Group has complied with the number of layers prescribed under the Companies Act, 2013.

vi Compliance with approved scheme(s) of arrangements

The Group has not entered into any scheme of arrangement which has an accounting impact on current or previous financial year.

vii Utilisation of borrowed funds and share premium

The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

- a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (Ultimate Beneficiaries) or
- b. provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries

The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Group shall:

- a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- b. provide any guarantee, security or the like on behalf of the ultimate beneficiaries"

viii Undisclosed Income

There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

ix Details of crypto currency or virtual currency

The Group has not traded or invested in crypto currency or virtual currency during the current or previous year.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

57. ADDITIONAL REGULATORY INFORMATION REQUIRED BY SCHEDULE III (contd.)

x Valuation of PP&E, intangible asset and investment property

The Group has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year

xi Title deeds of immovable properties not held in name of the company

The title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in notes 5A and 6 to the financial statements, are held in the name of the Group.

xii Registration of charges or satisfaction with Registrar of Companies

There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.

58. SUMMARY OF OTHER ACCOUNTING POLICIES:

This note provides a list of other accounting policies adopted in the preparation of these Consolidated financial statements to the extent they have not already been disclosed in Note 2. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of Preparation:

a) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Division II of Schedule III to the Act. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

b) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) which consists of Chairman and Managing Director. The CODM assess the financial performance and position of the Company and makes strategic decisions. See Note 43 for segment information presented.

c) Government Grants

Government grants are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to the purchase of property, plant and equipment are included in liabilities as deferred income and are credited to the Consolidated Statement of Profit and Loss in a systematic basis over the expected life of the related assets and presented within other income.

Government grants relating to income are deferred and recognised in the Consolidated Statement of profit and loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

d) Leases

Group's material accounting policies about Leases as a lessee are explained in Note 2(d).

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

As a lessor

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

e) Property, Plant and Equipment

Company's material accounting policies about Property, Plant and Equipment are explained in Note 2(h).

All other repairs and maintenance expenses (Subsequent costs) of which it is not probable that future economic benefits associated with the item will flow to the group are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognised in the Statement of Profit and Loss.

f) Intangible assets

Company's material accounting policies about intangible assets are explained in Note 2(i).

Computer software

Computer Software are stated at cost, less accumulated amortization and impairments, if any.

They are amortised over a period of 3 years on straight-line basis.

The estimated amortisation method, useful life and residual value are reviewed at the end of each reporting period, with effect of any changes in the estimate being accounted for on a prospective basis.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Consolidated Statement of Profit and Loss.

g) Investment Properties

Company's material accounting policies about Investment Properties are explained in Note 2(j).

Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

h) Impairment of assets

The carrying amount of assets are reviewed at each Balance Sheet date to assess if there is any indication of impairment based on internal/external factors. For the purposes of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets, is considered as a cash generating unit. An impairment loss on such assessment will be recognised wherever the carrying amount of an asset/cash generating unit exceeds its recoverable amount. The recoverable amount of the assets/cash generating unit is fair value less costs of disposal or value in use, whichever is higher.

i) Foreign currency transactions

(i) Functional and presentation currency

Items included in the financial statements of each entities of the Group are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The Consolidated Financial Statements are presented in Indian Rupees ('₹'), which is the functional and presentation currency of the Company.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Consolidated Statement of Profit and Loss. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Consolidated Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Consolidated Statement of Profit and Loss on a net basis within other gains / (losses).

(iii) Group Companies

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- A. assets and liabilities are translated at the closing rate at the date of that Balance Sheet.
- B. income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transaction).
- C. all resulting exchange differences are recognised in Other Comprehensive Income.

When a foreign operation is sold, the associated exchange differences are reclassified to the Consolidated Statement of Profit and Loss, as part of the gains / (loss) on sale. Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

j) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the group
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

Notes Forming Part of the Consolidated Financial Statements

as at and for the year ended March 31, 2025

Amount ₹ in crores unless otherwise stated

k) Research and development expenses

Revenue expenditure pertaining to research is charged to the Consolidated Statement of Profit and Loss. Development costs of products are also charged to the Consolidated Statement of Profit and Loss unless a product's technical feasibility has been established, in which case such expenditure is capitalised. The amount capitalised comprises expenditure that can be directly attributed or allocated on a reasonable and consistent basis for creating, producing and making the asset ready for its intended use. Property, plant & equipment utilised for research and development are capitalised and depreciated in accordance with the policies stated for property, plant & equipment.
